Fifth race, selling, 6 furlongs—Turtle Dove, 7 to 10, 1; Bill Arnett, 4 to 1, 2; Rollins, 3 to 1, 3. Time 1.15¾.

Varsity Hockey Club.

The annual meeting of the University Hockey Club was held yesterday afternoon. There was a large and enthusiastic meeting. It was decided to play at the Mutual street Rink and to enter three teams in the O. H. A. and the junior team in the Toronto Junior Hockey League. A letter was read from McGill about forming an inter-collegiate league. It was decided to stay in the O. H. A., and, if the inter-collegiate league is formed, to get into it also, if possible. The election of officers resulted as follows: Honorary president, Prof R Ramsay Wright, B Sc; honorary vice-president, Dr Smale, Ph D; president, R S Waldie; manager, H Gooderham; secretary-treasurer, F H Scott, B A; committee, A E Snell and R Y Parry; delegates to the O H A, E P Brown and H Gooderham.

Whitby Hockey Club.

The Whitby Hockey Club held their annual meeting last night and after the usual business was gone through the following officers were elected: Honorary president, A H Allan; president, E D Warren; vice-president, W G Walter; second vice-president, P Matheson; manager, A G Henderson; secretary, W J K Richardson; treasurer, Frank Bryon; captain, George Barnes; captain junior team, Eddie Nicholson; delegate to O H A, E D Warren. The meeting was a large one and the prospects for the club's season are bright.

Victoria Hockey Club.

The only business transacted at the meeting held last evening of the Victoria Club hockey supporters was to decide that unless players of sufficient merit can be secured to give reasonable assurance of a first-class senior team, the club will not be represented at all in the O. H. A. this winter. It seems that several men from the east, who are well-known puck chasers, contemplate locating in Toronto at an early date, and until something definite is heard from them it was thought best by those present last night to defer the regular organization of the club, and election of officers. It is likely that a meeting for that purpose will take place later in the week.

Skating at Prospect Park.

Every arrangement has been made for the accommodation of skaters this winter in Prospect Park's large covered rink. Major Beverley will again have the ice in the best possible condition. On Tuesday, Thursday and Saturday nights and Saturday afternoons music will be furnished by members of the Grenadiers' Band. The rink has already been flooded, and, with a little run of cold weather, the skaters will be able to start their winter's amusement on the ice.

OTTAWA COLLEGE OR THE TIGER.

Who Will Win Final Game on Thursday? – Opinions on the Result.

While local followers of Rugby football almost to a man are hopeful of the Tigers bringing back the Canadian championship from the East, they are fearful of the result. The manner of the Ottawa College victory over McGill on Saturday was very impressive and the Capital students held themselves well in reserve throughout the contest. Their defence game in the second half resolved itself into an attack and towards the close McGill's goal was the more in danger. The Montreal Gazette said said that it looked towards the end as if Ottawa College was easing up a trifle and not letting themselves out to their full extent; that they could have played a harder game had it been necessary, and that there is quite a little being kept in reserve for the Dominion championship match on Thanksgiving Day, when a great deal will depend on the style of tactics adopted. The surprising part of the struggle on Saturday was that Ottawa College did not do more scoring in the first half, when there was all the advantage of a very stiff wind and such an excellent punter as Gleeson behind the line. Hamilton's Tigers will have to be a very strong combination to snatch victory from the present champions, for College seems able to change tactics at will, and play equally well at all styles of game. Then, too, they have a captain who is a great general and whose head does just as much work as his feet, and that's saying a great deal."

Secretary Barker of Hamilton saw the game. In Ottawa he thought the College was stronger than the Tigers and when he got home it was even chances.

Secretary Charles Barker has returned from Ottawa. * * * Mr. Barker thinks Hamilton and Ottawa Ottawa College will put up a grand game on Thursday at Montreal. He is not indulging in any predictions as to the winner, but considers the chances about even. Ottawa College's quarter, Smith, is a very accurate passer and gets the ball out cleverly. He seldom tries to break through the scrimmage.—Hamilton Times.

The Hamilton Tigers were represented at the game. * * * In conversation after the game Mr. Barker gave it as his opinion that College was a stronger team than Hamilton. "If," said he, "their scrimmage is allowed to put the ball in—or rather, not put it in—as they did against McGill, they'll beat us, because I think the secret of their strength is the way they use scrimmage the ball." Mr. Barker also said that he thought the average weight of the Tigers was greater than that of College, that the Hamilton wings were faster and that the back divisions were about equal. He believes the game on Thursday will be closely contested.—Ottawa Citizen.

Sparrow was off the Ottawa College fifteen on Saturday, and he is one of the best players of the club. Sparrow goes to McGill, and did not care to play against his fellow students.

The good old Britannia Club has Phoenix like risen out of the ashes and through hard practice and determination have won the intermediate and junior championships this season. They won because their players were enthusiastic and turned out regularly, and being in good condition outplayed their older and heavier opponents. It was just the enthusiasm that enabled them to win the championships in their paling days. Their intermediate team are practising hard, preparing for their match against Varsity II., the Ontario champions.—Montreal Gazette.

A match has been arranged between the Junior Hamilton Tigers and the Bishop Ridley College fifteen, to be played at St. Catharines on Thanksgiving Day.

The Hamilton Football Club has arranged with the Grand Trunk for a $3 rate to Montreal for the Thanksgiving Day game with Ottawa College for the Canadian championship, good going Wednesday and returning up to Saturday.

Yesterday afternoon the Varsity Rugby Club met and discussed the prospects of its Inter Collegiate Rugby Union, and A. Mackenzie and Manager John Inkster were appointed delegates to represent the club at the meeting in Kingston on Nov. 24. The idea of the new league was endorsed.

Osgoode Hall Rugby Football Club meet at 10 o'clock this morning in the Law School, Osgoode Hall, to discuss the inter-college league question. Delegates will be sent to Kingston to-morrow.

About the Bicycle

Mr. Marshall won nthe first prize and Mr. Towns the booby prie at the Ramblers' progressive pedro party last night.

The Ramblers will play the Young Liberals a pedro match on Friday night at the Ramblers' rooms.

The Ramblers will meet at the club rooms Thanksgiving morning to have a group photo taken in front of the club house. In the afternoon the married men will race the single men over the steeplechase course at the Woodbine.

A Chicago man has invented a chainless bicycle that is neither a cog nor a bevel gear. The principle which he has applied is that of the spiral screw, and by changing the pitch of the screw the gear can be increased or diminished to almost any desired amount. In the application of the principle he claims that, with the energy equivalent to that expended on an ordinary gear of 70 he can secure a speed of 120 gear. By increasing the size of the sprocket the gear can be made still greater.

The road officers of the Tourists are giving the club members a time to-night in the club. It is also expected that a few members of other clubs will be present. A good program has been arranged, including some good singers, instrumentalists and comedians, and also two good boxing bouts. Refreshments will also be served.

Anxious for a Coasting Contest.

Sporting Editor World: I will reply to Mr. Munson's letter of last week by stating that I am anxious to coast him another race, and do not care to bandy words. I herewith place this medal (value $15) in your hands, and suggest that he do likewise, the winner of the race to take both medals. I will allow Mr. Munson 25 yards' start in a half-mile, over the old course, same wheels to be used as in last race, and to ride at natural weights, officials to be mutually agreed upon. I will suggest next Monday for the contest, and hope Mr. Munson will at least consent to coast me not later than Saturday week, if he has any coasting aspirations left.

A. Elliott.

New Rules for Yachtsmen of the Lakes.

The annual meeting of the Yacht Racing Union of the Great Lakes was held at Detroit on Saturday. This is composed of yacht racing associations of Lakes Erie, Ontario and Michigan. The Lake Erie delegates were Commodore F. B. Hower of Buffalo, S. H. Jones of Detroit and E. W. Radder of Cleveland. E. H. Ambrose of Hamilton, Ont., and J. E. Burrows of Rochester were the delegates from the Lake Ontario Association, while Commodore E. C. Berryman represented the Lake Michigan Association.

The meeting was devoted to the consideration of the racing rules. Several amendments were proposed, but only two were adopted. The first of these will hereafter prevent racing yachts in the 27-foot class from carrying more than five in all. The other amendment permits the entire removal of galley fittings in a race. The effort to have the heavy restriction on an keels removed was unsuccessful.

The exhaustive report of W. P. Stevens on the proper construction of racing yachts so as to combine staunchness with speed was adopted. It is the first ever prepared under the auspices of a yacht racing association. This example will probably be followed by the salt water associations.

Commodore Hower was chosen chairman of the association and Mr. Burrows of Rochester secretary and treasurer. The Lake Ontario Yacht Racing Association will hold its annual meeting at Hamilton on Saturday, Dec. 4.

George Orr in New York.

From The New York Journal.

George H. Orr, President of the Canadian Wheelmen's Association, arrived in the city yesterday and will remain here for several days, during which he will have a conference with Isaac B. Potter, President of the League of American Wheelmen. The object of Mr. Orr's visit is two-fold, the principal idea being to se if, through the L. A. W., an arrangement can be made with the United States customs authorities whereby Canadian riders will be permitted to bring their wheels into this country and remain for a greater period than two days, as is now permitted, without the payment of duty on their machines.

There is in effect an agreement which allows L. A. W. members to cross the border into Canada without the payment of duty on their bicycles, the C. W. A. being responsible, but in turn being indemnified by the L. A. W. It is also probable that the two presidents will discuss the racing situation on the Pacific coast. While the C. W. A. would never permit Sunday racing in its own domain, the presence of the California riders now under suspension is necessary for the success of the meets in British Columbia, which, in cycling, is isolated from every other section except the Pacific coast.

If a despatch which came from San Francisco yesterday is correct in all particulars, the trouble on the coast is over, which would be satisfactory all around. It was stated that the seceders from the League were now ready to return to the fold, though claiming victory to have been on their side.

Sporting Miscellany.

According to the latest exchanges Sheffield United has practically won the championship of the English Association Football League, followed by Aston Villa and Bolton Wanderers.

The Don Rowing Club has made great preparations for the annual club assembly, in Victoria Hall, Thanksgiving Eve (to-morrow), and a pleasant time is anticipated.

A Thanksgiving Day shoot, under the auspices of the Stanley Gun Club, will be held at the Woodbine Grounds on Thursday. The matches will be at pigeons, sparrows and bluerocks for turkeys and other prizes. Shoot starts at 10 a.m. All shooters are invited.

The hounds will meet to-day at O'Halloran's Hotel, Deer Park, at 3 p.m.

A meeting of the Toronto Railway Football Club is called for Thursday, Nov. 25, at 3 p.m., in the club rooms, corner of Frederick and Front-streets.

A meeting will be held at Port Huron, Mich., Thursday, to organize an international baseball league. Representatives will be present from Hamilton, London, Guelph, St. Thomas, Port Huron, Saginaw and Bay City, which cities will likely comprise the league. William Stroud will represent Hamilton. It is understood that George Sleeman is interested in the Guelph Club and will see that it has the necessary backing.

Delmont scored the first victory in his race on cycle skates with the Canadian champion Davidson, Sunday, at Tattersalls, Chicago. He won out in an exciting finish by two yards in the fast time of 3.02. Delmont and Davidson will meet again at three-quarters of a mile. There were 6000 people present.

Late last Saturday night in St. Louis young Griffo, the Australian boxer, was arrested and locked up on a charge of vagrancy. He was placed in a cell with a number of regulars. Griffo was naturally indignant, and declared: "I am a native of India and a subject of the English Government, and when I get out this police department will have the whole British Government down on it." Griffo is penniless and his manager has left the city.

The Late Col. Macdonald.

Col. George Frederick Macdonald, late of 1st Battalion, 16th Bedfordshire Regiment, died at his late residence, 500 Parliament-street, on Saturday. He was a son of the late General George Macdonald, who was also colonel of the above regiment. Deceased was born in 1822. In 1840 he joined the service. He was appointed captain in 1854, major in 1868, lieutenant-colonel in 1877 and colonel in 1879.

He came out to Canada with his regiment in December, 1861, and was appointed aide-de-camp to Sir Charles Napier, who was stationed in Toronto. Deceased was subsequently appointed brigade-major of the Toronto garrison, and later staff officer of pensioners. He was an honorary member of the Army and Navy Veterans' Society. No doubt a large gathering of the members will be present at the funeral, which takes place to-morrow afternoon to St. James' Cemetery. There are between 30 and 40 members of the colonel's former regiment now resident in Toronto.

Young Liberal Club.

An election was held last evening at the Young Liberal club rooms to fill the vacancy of vice-president, caused by the retirement of President J. E. Walsh and the election of Vice-President R. G. Gibson to the chief office. There was a good attendance and much interest was taken in the contest. Mr. J. G. Saunden finally winning over his opponent, W. O'Connor, by about 30 votes. At the close addresses were delivered by George H. Bertram, the Liberal candidate in Centre Toronto, Ald. Rutter, President R. J. Gibson, S. E. Bruce and L. V. McBrady. During the evening D'Alessandro's Orchestra discoursed sweet music.

The Carban Studio having so many appointments ahead, no more sittings can be made for Wednesday, the 24th. Open on Thanksgiving Day from 9 a.m. to 3 p.m. J. F. Bryce, manager.

Preliminary Notice.

PICTURE SALE
