Sch Onoro, King, from Liverpool, NS, for Antigua, May 30, lat 41 N, lon 56 W.

NOTICE TO MARINERS.

NEW YORK, June 4—The inspector of the Third Lighthouse district gives notice of the establishment June 3, 1902, of an experimental new type gas buoy—spar shaped—painted red, with "B 2" in black on the side, and showing a fixed red light—temporarily replacing Gedney Cut electric lighted red buoy, E 2—in 22 feet mean low water, on the following approximate magnetic bearings: North Hook Beacon, W¾S; Romer Shoal Beacon, W by W¾W; Centennial tower, N¾W. This buoy will be discontinued and the electric lighted buoy be re-established without further notice.

WASHINGTON, DC, June 4—Notice is given by the Lighthouse Board that on May 20, 1902, a 1,000 pound bell, to be struck by machinery during thick or foggy weather a single blow every 15 seconds, was established at the station, near Duxbury Pier, on the northerly side of the main channel in the harbors of Plymouth, Kingston and Duxbury, Mass, and on the easterly side of the entrance to Cowyard anchorage and Duxbury Bay.

BOSTON, Mass, June 3—Notice is given by the Lighthouse Board that on May 26, 1902, an iron spar buoy, to be known as Race Buoy, painted white, with a black iron cage on top, to be used by the Eastern Yacht Club as a turning buoy during the racing season, was temporarily established in 40 fathoms of water on the following approximate bearings (magnetic): Halfway Rock Beacon, NW½N; off Eastern Point whistling buoy, N by E¼E; Northeast Graves whistling buoy, W¾S.

Notice is also given that on account of dredging operations in main ship channel, Boston Harbor, Mass, the iron spar buoy known as Dredged Channel Buoy No C 2, has again been moved, and is now in 21 feet of water on the following approximate (magnetic) bearings: Bird Island Spindle, NE¾N; Long Island Head Light Station, SE by E¼E; Bunker Hill Monument, NW by N¼N. As soon as dredging operations will permit the buoy will be returned to its station.

PORTLAND, Me, June 6—Muscongus Bay, Maine: Notice is given of the establishment of the following buoys:

South Point Ledge bell buoy, black, established June 3, 1902, in 133 feet at mean low water, 400 yds SE by S from ledge. Bearings of prominent objects: Half tide Ledge Spindle, W by N; NW and New Harbor Dry Ledges, SW¾S.

Ballast Rock Buoy, unnumbered, a black spar, established May 28, 1902, in 27 feet at mean low water, off north end McGee Island, 50 feet N by E¼E of rock. Bearings of prominent objects, NE end McGee Island, SE¾S; Franklin Island Lighthouse, WSW¼W.

Fogler Ledge buoy, unnumbered, a red spar, established May 29, 1902, in 27 feet at mean low water, W by S of ledge. Bearings of prominent objects: NE end (right tangent) Horse Island, NNE¼E; SW end Gay Island, SSE¾E.

Gay Island Ledge buoy, unnumbered, a black spar, established May 20, 1902, in 33 feet at mean low water, 350 feet S by W of ledge. Bearings of prominent objects: Right tangent Gay Island, NE by E½E; SW end Gay Island, N½W.

COAL STRIKE.

Operators Say They Can Hold Out Indefinitely.

John Mitchell Retorts, "We Can Hold Out Some Time Ourselves"—Gathering Information for President Roosevelt—No Sign of a Compromise.

NEW YORK, June 9.— President John Mitchell of the United Mine Workers, arrived here late this afternoon, he having been sent for by Commissioner Carroll D. Wright, who is here investigating the anthracite coal miners' strike. Mr. Mitchell remained in conference with Mr. Wright for two hours. When he left Mr. Mitchell said:

"I have but little to say further than that I have talked with Commissioner Wright and have explained to him the situation from the miners' standpoint and have told him of the causes which led up to the strike."

"Was there any suggestion of a settlement made during the interview ?" President Mitchell was asked.

"No. I understood that Commissioner Wright was simply seeking information for an official report under the law."

As to West Virginia he said: "Although our reports were incomplete when I left Wilkesbarre this morning, they showed that about 18,000 miners are out. All the mines will be closed there in a little while."

"The operators says that they can hold out indefinitely ?" was suggested.

"We can hold out some time ourselves."

Commissioner Wright said tonight: "President Mitchell has given me all information I wanted and it will be presented to President Roosevelt. I can say that I am now in possession of the facts on the miners' side of the issue and tomorrow I will see the operators."

HUNTINGTON, W. Va., June 9.— Quiet reigns tonight in all coalfields in the southern portion of the state. The indications are that fewer miners will be at work tomorrow than today.

Officials of the United Mine Workers are hopeful that the operators will meet them in conference at Bramwell June 11. The operators say they will not be present.

Probably 25,000 miners were idle in West Virginia today.

WILKESBARRE, Pa., June 9.—President Mitchell received a number of telegrams from the West Virginia strike region today. One of them was from Fairmont, which informed the national leader that 4,000 men struck in that vicinity. He said if this proposition was kept up through all other localities the strike would be almost complete. The other telegrams received, he said, were also favorable.

SCRANTON, Pa., June 9.—Emphatic denial is made by the operators' local representatives of the story that the companies will this week pool their available forces and open up a colliery or two. Vice-President Loomis, who is at the head of the Delaware, Lackawanna and Western coal department, said today that the companies would not open up a colliery now if they could, because the time was not ripe. Others made similar assertions. All agree that there is little use in starting up a colliery until there is a sign of wavering in the ranks of the strikers.

George Lightall, international president of the stationary engineers, came here today to work with the strikers in trying to call off the engineers still at work.

The police are making a determined effort to break up the practice of hanging effigies. Thomas Mahon and Michael McNamara of West Scranton, who were arrested for being in a crowd which hung an engineer in effigy and pelted the house with stones, were fined $30 each in the police court.

TAMAQUA, Pa., June 9.—At a meeting of delegates from all the local branches of the United Mine Workers in the Panther Creek Valley, it was decided to use every peaceable means to induce all the men still working at the various collieries to join the ranks of the strikers.

Hundreds of strikers were stationed throughout the valley today, and about 50 foreigners who had been operating the pumps were persuaded to desert their positions.

The pumps at No. 6 colliery of the Lehigh Coal and Navigation Co. were operated today after a week's idleness.

KILLED THREE GUARDS.

Daring Escape of Two Convicts From Oregon Penitentiary.

SALEM, Oregon, June 9.—Two prisoners, Harry Tracy, sentenced to 20 years, and David Merrill, a 13 year man, serving sentence for assault and robbery, committed in Multnomah county, escaped from the penitentiary this morning after killing three guards, Frank Ferrell, shop guard; S. R. Jones and Ben Tiffany, fence men.

The prisoners had just marched into the foundry for work at 7 o'clock, when Tracy appeared suddenly with a rifle and shot Guard Ferrell, killing him almost instantly. Ingram, a life prisoner, attempted to take the rifle from Tracy, when Merrill shot Ingram through the leg. Other prisoners, forced at the point of a pistol, permitted the two men to climb a ladder to the wall. Getting outside they shot Guard Jones at a distance of 150 yards. Guard Tiffany, after being wounded, jumped off the fence and followed the men, shooting at them until they killed him. They then escaped to the woods.

The prisoners are armed with two rifles and two revolvers. The arms are believed to have been thrown over the stockade on Sunday night by friends among excursionists who came from Portland.

Ingram the wounded prisoner, was sentenced from Lynn county for killing his brother in 1891.

SALEM, Ore., June 9.—A large force of men is searching for the fugitives, who are known to be in the timber and a battle is expected before they can be secured. The three guards killed had families. Great excitement prevails and scores of men are leaving for the woods, armed and determined to run the murderers down. A farmer has reported that he saw the fugitives in the woods four miles west of the city.

What is

CASTORIA

Castoria is for Infants and Children. Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other Narcotic substance.
