Liberal Cabinet Has Been Selected

New Parliament Expects To Meet First Time About July 8.

London, Wednesday, June 25.—According to Sydney dispatches today, the personnel of the new Liberal Ministry in Australia is as follows:

Prime Minister and Minister of Home Affairs—Joseph Hume Cook.

Treasurer—Sir J. Forrest.

Attorney-General—W. B. Irvine.

Minister of Defence—Y. D. Millen.

Minister of External Affairs—P. M. Glynn.

Minister of Trade and Customs—L. E. Groom.

Postmaster-General—A. Winne.

Vice-President of Executive Council—J. H. McColl.

W. H. Kelly and J. S. Clemens will be honorary ministers.

Parliament will probably meet about July 8, as supply has only been granted to the end of June. After a money vote it will adjourn for some weeks.

Western Crops Are In Splendid Shape

Rains Have Greatly Relieved the Drought in Many Districts.

Winnipeg, June 24.—The Canadian northern crop report for this week indicates that, although moisture was badly needed during the last two or three weeks, the crops have not as a general rule suffered very severely, and Sunday's rain put them in splendid shape again.

In many of the districts farmers declare that crops never looked better, and optimism seems to be general among farmers regarding the future crop. Along the main line of the Canadian Northern Railway west the crops are in excellent condition, many farmers having wheat eight to ten inches high.

The most favorable reports came in from the district along the Carman, Hartney, Emerson, Oak Point, Brandon and Regina subdivisions, and the crops in those localities will make great progress since the recent heavy rains. Altogether, there is hardly a district which reports unfavorably regarding the crop.

Amend Insurance Act Urges Lloyd George

London, June 24. —Mr. Lloyd George has introduced in the House of Commons a bill to amend the insurance act which Liberal members have acknowledged is probably only the first of a long series of amending measures.

The London Daily Mail complains that all the chancellor does is to tinker with a few minor defects. The amendments will do little or nothing to allay the ever-growing discontent, and will not remove the friendly societies' difficulties which have arisen from an unexpected amount of malingering. The cost of the changes to the country Lloyd George estimates at £207,000 yearly, but these figures will deceive nobody. His original guess at the national expenditure on insurance in its first complete year was £14,100,000 actual.

Toronto Teachers Coming to St. Marys

Collegiate Board Replaces Those Recently Taken by Queen City.

[Special to The Advertiser.]

St. Marys, June 25. — The Collegiate Institute board at their meeting Monday evening appointed Mr. G. F. Collie, of Toronto, mathematical master, at a salary of $1,400 per annum; and also Miss Jennie Baker, of Toronto, as commercial specialist and art teacher at a salary of $1,200 per annum.

As the town council claimed an error in the last resolution, and application to them, re gymnasium bylaw, the board again passed a carefull-prepared statutory resolution and application to the town council to prepare a bylaw to be submitted to the ratepayers to issue $8,000 of debentures for the purpose of building a gymnasium in connection with the Collegiate Institute.

The cluster of six tungsten 125-watt lamps that is erected near the top of the flagpole on top of the water tower is 160 feet high. The tower itself being on the highest ground in town, the lights can be plainly seen eight or nine miles from town, and the brilliancy illuminates a large area, not only of the G. T. R. station grounds, railway bridge, but many of the streets. It is reported that the lamps may be placed up ten feet higher to further extend the lighted area.

French President At Brilliant Ball

Says Peace Is the Goal Toward Which France Is Working.

London, June 2.—The banquet given by King George to President Poincare at Buckingham Palace last night, was on the grandest scale imaginable. There were 130 guests.

The King in offering a toast to the French president referred in an appreciative manner to the warmth of the relations between England and France, and the harmonious co-operations of the two countries since the settlement of their differences in 1904.

President Poincare's reply was along similar lines and emphasized the efforts of France and England in recent months to preserve the peace. He said France, like England, had the happiness of working for peace with the perpetual co-operation of all the chancelleries and will continue to work with the same goodwill so that harmony may not be disturbed in the future."

Ingersoll Stores To Close Thursday

Merchants Reach Satisfactory Agreement for Early Closing for the Summer.

[Special to The Advertiser.]

Ingersoll, June 25.—An agreement has been arrived at by a number of the merchants to close their stores every Thursday afternoon during July and August, with the exception of weeks in which there will be a legal holiday.

The half-holiday question is an old one here, and has been adopted with varying degrees of success. The agitation, while not pronounced, was commenced early in the season, and many of the merchants readily indorsed it. It is altogether probable that some arrangements will be made to provide amusement for those getting he half-holidays.

The local corps of the Salvation Army is now in charge of Captain and Mrs. Nichols, who have succeeded Captain and Mrs. Riches, who were transferred to London.

An attractive program has been prepared for the Dominion Day celebration. The motor cycle race is looked upon as a splendid feature in the list of sports. There will be a big parade in the afternoon of automobiles and bicyclists, and the Pipe Band will likely furnish the music.

The local battalion of Boy Scouts is giving attention this week to details in connection with the annual camp, which will be held at Lakeside, beginning next week. The boys are on the anxious seat, and there will be much hustling from now up to the day of their departure.

MURDERED LITTLE GIRL.

Vonda, Sask., June 24. — Julia Yanzik, a Hungarian, aged 10, was murdered near Bonno Madone, Sunday, while digging seneca root with a girl companion aged 14. Coroner McKay and the R. N. W. M. P. are now investigating the tragedy.

FATALLY CRUSHED.

[Special to The Advertiser.]

Goderich, June 14.—Russell Oke, a young brakeman on the C. P. R., was fatally crushed between two cars at Inwood today. His home is in Goderich.

TROUBLED WITH KIDNEYS COULD NOT SWEEP FLOOR.

It is hard for a woman to look after her household duties when she is suffering from a weak and aching back, for no woman can be strong and well when the kidneys are out of order.

The weak, lame and aching back comes from sick kidneys and should be attended to at once so as to avoid years of suffering from the kidney trouble which is sure to follow if the back is neglected.

On the first sign of a pain in the back Doan's Kidney Pills should be taken. They go right to the seat of the trouble.

Mrs. Joseph Throop, Upper Point De Butte, N.B., writes:—"I cannot speak too well of Doan's Kidney Pills. For two years I was so tired, life was a burden and I got up more tired than when I went to bed, and my back was so lame I could hardly straighten up. I took different kinds of medicine, but none of them did me any good until a friend advised me to try Doan's Kidney Pills. I did so and to-day I don't know what it is to be tired and my lame back is all gone. I can recommend them to any person suffering with lame back and that terrible tired feeling."

Price, 50 cents a box, 3 for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

When ordering direct specify "Doan's."

KILLED BY BLOOD POISONING.

Used an old razor for paring his corns. Foolish, because a 25c. bottle of Putnam's Corn Extractor will cure all the corns in a family for a year. Safe, because purely vegetable. Use only Putnam's Extractor, 25c, at all dealers.

Detective Working On Shooting Case

Provincial Man Will Thoroughly Investigate Mrs. Colbeck's Death.

[Special to The Advertiser.]

Collingwood, June 24.—A provincial detective arrived here today, and is working on the Calbeck mystery. So far there have been no new developments tending to clarify the story of the woman being shot by her four-year-old son.

The inquest will be resumed on Friday, and four witnesses are expected to be called: Dr. Arthur, who performed the post-mortem; little James Calbeck, the alleged slayer; Mrs. Bishop and Constable Johnston, who recorded the statements of the two Calbecks, husband and father-in-law of the dead woman.
