FROM THE SUNDAY WORLD

UNIVERSITY SENATE.

The "Mackenzie" and "Fulton" Behests—Election of Substitute Examiners—New Elective System of Senate Members.

The Senate of the University of Toronto met last Friday evening.

Messrs. A. T. Wood, E. B. Osler, Robert Jaffray and S. H. Blake transmitted to the Senate a statement that they were willing to transfer at once the $16,425 subscribed to the Mackenzie Memorial Fund on condition that the University agree to invest the fund and preserve it intact, the interest to be devoted forever to scholarships or fellowships in political science, to be established under reguiations from time to time made by the Senate, and to be known as the "Alexander Mackenzie Scholarship," or the "Alexander Mackenzie Fellowship," as the case may be.

The Senate gratefully accepted the amount on the terms of the trust.

This resolution in reference to the Fulton legacy was moved by President Loudon, seconded by Dr. Hoskin: That the Senate gratefully accepts from the Toronto General Trusts Company the sum of $3000 bequeathed by the late Alexander Thomas Fulton for the purpose of founding a scholarship in this University.

A memorial was received from Drs. M. H. Aikens, J. H. Richardson, J. Ferguson, W. W. Ogden, J. E. Graham, H. H. Wright, O. R. Avison, W. P. Caven, W. B. Thistle, H. Wilberforce Aikens asking that they be paid for past duties as examiners in the faculty of medicine. The memorial was referred to a committee.

Substitute Examiners.

The following substitute examiners were appointed: In philosophy, F. Tracy, B.A., and Rev. Father Walsh; in Orientals, W. D. Kerswill, B.A. The following additional presiding examiners were named in arts and aw: Messrs. Fairclough, Jeffrey, McLennan Chant and Langford.

The report of the special committee on the fellowship system was presented by the president and was received. I recommend the abolition of the present system and the establishment in its place of a higher grade of teachers, who shall be called instructors or assistant demonstrators, according as their duties include practical laboratory work or not; that the appointments shall, subject to their being confirmed at the end of one year's service, be during pleasure, and that the initial salary shall be $700, to be increased by annual increments of $100 until it reaches $1000; and, further, that the initial salary of a lecturer be increased from $800 to $1000, and that the recommendations as to salary and tenure of office of instructor be extended to the present assistant demonstrators. The report was ordered to be printed and distributed to the members of the Senate.

The New Geological Building.

The report of the committee appointed to consider the accommodation for the Department of Geology and Mineralogy, which was received a year ago, was then taken up. It recommends the erection of a new building, the three sites being: On the south side of Hoskin-avenue, which will be far from the other departments, on the west side of the grounds opposite the residence, which would require a large part of the beautiful grounds, or the present residence. To take this latter site $24,000 would be required, the museum being in the refectory, and besides a new residence for 100 students on the south side of Hoskin-avenue, would cost $55,000. The report will be printed for further consideration.

Changes in the Elective System.

The report dealing with the method of electing members of the Senate was then taken up. It recommends that a longer time be given for receiving ballots, and also that the registrar initial all voting papers. A division on this latter recommendation, on motion of Mr. Houston, seconded by Dr. McFarlane, was taken as follows:

For the recommendation: President Loudon, Mr. Wood, Mr. Ballard, Prof. Galbraith, Mr. Seath, Dr. Ellis, Mr. Spotton, Dr. Cameron, Principal Sheraton, Dr. Graham, Mr. Hoyles, Chancellor Burwash, Hon. S. H. Blake, Prof. Hutton, Dr. Pike, Mr. Walker, Mr. King, Principal Caven, Prof. Dale, Mr. Mortimer Clark, Mr. Marsh, Prof. Baker, Prof. McCurdy, Justice Maclennan, Mr. Moss, Father Teefy, Dr. Hoskin, Mr. Henderson.—28.

Against: Prof. VanderSmissen, Dr. Maclaren, Mr. Houston, Dr. Aikins, Dr. McFarlane.—5.

Prof. Baker, seconded by Father Teefy, moved that in the fourth year mathematics the names of text books be struck out of the calendar.

On motion of the President, seconded by Dr. Ellis, the following committee was appointed to consider legislation proposed at the present session of the Assembly, and to report at an adjourned meeting of the Senate to be held next Friday evening: The Vice-Chancellor, Rev. Dr. Caven, Chancellor Burwash, Rev. Dr. Sheraton, Father Teefy, Prof. Galbraith, Mr. Blake, Mr. King, Mr. Wood and the mover.

An Expert Swindler.

Many kind-hearted people will remember two Asiatics who did the city last fall purporting to be collecting from the downtrodden Hebrews in their far-off country. They called on the ministers here, soliciting subscriptions, and took a good deal of money out of town. They traversed through other parts of Canada and met with fair success. The last issue of The Detective, one of the official police papers, says of one of their tribe: "It takes a pretty shrewd Asiatic to come over here and in three years swindle the American public out of £100,000, but that is what Phineas Hanucah, a full-blooded Persian, is charged with doing. He has been collecting money from charitable Hebrews ostensibly for the benefit of the downtrodden members of that race in Persia. Phineas traveled throughout the east, securing cash and indorsements from nearly every prominent man he struck. His subscription books prove that collecting $200 a day was easy in New York, Baltimore and other eastern cities. He had collected about $100 in Chicago, when he was exposed, and is now under arrest."

East York License Commissioners.

A special session of the East York License Commissioners was held Saturday morning at the Clyde Hotel. Commissioners Morgan and Flynn, Secretary Barkey and Inspector Eckhardt were present.

A deputation from East Toronto village and vicinity, composed of Rev. J. Longford, J. L. McCullough, Robert Fountain, Thomas Dudley, F. S. Spence, E. Einson, T. J. Ormerod, William Smith and Robert Wallace, was received. The object of the visit of the deputation was to urge that a shop license in the village of East Toronto be refused R. H. Hunter.

In support of their contention the members of the deputation urged the illegality of issuing a license which had not been applied for before the date advertised on which all applications were to be filled.

The fact that there are four hotels in the Kingston-road and five in the Danforth-road was another subject on which the deputation held forth. The members expressed themselves as most anxious to have the numbers decreased and the commissioners promised to give both the requests their consideration before the licenses were issued.

Another meeting will be held in the Clyde Hotel on April 28, when the licences for the county will be issued.

Hard and soft corns cannot withstand Holloway's Corn Cure; it is effectual every time. Get a bottle at once and be happy.

THE PALETTE CLUB.

Some Clever Work Seen at Matthew's Yesterday.

The Palette Club held a small exhibition in Matthew's warerooms yesterday, which was visited by a great many art loving Torontonians. Among the pictures were many good pieces. The most delicious bit of color in the room and one that was of exhilarating and uncloying sweetness was "Carnations" by Mrs. Reid, a combination of delicate tones of pink and green, the technique of the sketch was equally fine. Mr. Bell-Smith's exhibit was the finest in the room. His picture of "London" is in color, composition and execution one of the finest pictures seen here in a long time. The gray tones of the London atmosphere have been adapted to the color in the figures of the composition in a most charming way; and the air is genuine enough to breath. The drawing and modeling are magnificent. Similar qualities are notable in a large picture, "Morning on the Thames," though for the taste of some this composition, is too large. Mr. Bell-Smith's pictures show the sincerest form of artistic effort. The best of Mr. O'Brien's water colors is "Niagara," a work of fine and inspiriting qualities. His flower pictures seem to lack crispness and enthusiasm.

Mr. G. A. Reid's "Adagio" is a large picture of three pretty girls, one of whom is playing a spinet, the general handling is good and the idea is pleasing, but the color is keyed so high that the air in the picture is too rare for an ordinary mortal to breathe. The handling of the light is full of "mannerisms."

Mr. Wyly Grier's "La Caune d'ivoire" is artistic in composition but its color is keyed far too high and the brush work is pasty. Miss Tully's heads have sincerity and strength that is rare and beautiful. Mr. Manly's watercolors make a most excellent collection. His cloud effects are handled sympathetically. Some of the smaller works of Mr. Reid and the sketches of Messrs. Jacobi, Challener, Carl Ahrens and Ernest Thompson are in many instances brilliant.

NO ELECTRIC CARS OVER THE DON.

The Grand Trunk Railway Co. Say They Must Stop.

The Mayor received a letter yesterday from Secretary Grace of the Street Railway Co., stating that the company had been forced to cease crossing the Grand Trunk tracks at the Don, and asking that the city place the matter in such a light before the Railway Committee at Ottawa as to regain the privilege for the company. A copy of a letter from Collingwood Schrieber of the Railway Committee was enclosed, in which the Street Railway Co. was threatened for cause refusing to comply with the statute. The whole trouble arises out of a complaint from Mr. John Bell, solicitor for the Grand Trunk. Pending the result of the finding of the Railway Committee, horse cars have been substituted for the electric cars over the Don.

MICHAEL O'CONNOR'S DEATH.

The Brother of the Famous Oarsman Follows Him to the Grave.

Mr. Michael O'Connor, who for the last 8 years has kept the O'Connor House, corner of King and Princess-streets, died suddenly at his residence, at 11.40 Friday night.

The deceased was only 46 years of age and was subject to rheumatism, which latterly developed into paralysis of the heart. It is just a little over two years since the deceased's brother, John O'Connor died of brain fever, and a short time ago another brother, William, the champion oarsman, died of typhoid fever, the three dying within three years.

The funeral will take place at 9.30 Monday morning from St. Paul's Church to St. Michael's Cemetery.

Osgoode Hall Notes.

The motion to quash the bylaw of the County of York, which allows the Metropolitan Electric Railway Company to construct and operate the line over and upon certain lands in various municipalities of the county came up for argument before Mr. Justice Meredith on Saturday when judgment was reserved. The question in dispute is whether the county or the municipalities should have passed the by-law.

H. A. Nelson & Sons are suing the city of Toronto for damages to their hoist caused by impure water and for damages for breach of contract to supply pure water.

J. Wilkie Collins of Queen-street west, merchant, is suing the city for $2081 damages to his goods and premises owing to floods caused by alleged defective sewers.

Severe colds are easily cured by the use of Bickle's Anti-Consumptive Syrup, a medicine of extraordinary penetrating and healing properties. It is acknowledged by those who have used it as being the best medicine sold for coughs, colds, inflammation of the lungs and all affections of the throat and chest. Its agreeableness to the taste makes it a favorite with ladies and children.

The City of Brief.

The Grens will hold an assembly in the Pavilion on May 26.

John Clark of Lavin's-lane is under arrest for assaulting his wife last night while on a drunken spree.

William Scott, 31 Duchess-street, for aggravated assault on a boy named John Britton of Argyle-street, was sent down for 20 days.

The funeral of the late David Preston, Mechanical Superintendent of the Canadian Pacific Railway, Saturday, was largely attended by his railway friends.

On the occasion of his marriage Richard McIntyre, city messenger, was presented with a purse containing $100 by the Mayor, alderman and city officials Saturday.

Mrs. Dodge, president of the United States Needlework Guild, will be present at a meeting to be held in the Y.M.C.A., McGill and Yonge-streets, on Monday next at 3 p.m.

The snow fall of Saturday was the heaviest on record at so late a date in April. The storm was the tail end of the blizzard which swept the Atlantic coast from the Gulf of Mexico.

The old storeroom in the Public school office building is being fitted up for an office for Inspector Chapman, who has never had an office by himself. A large storeroom is being built upstairs.

Next Friday night the distribution of night school prizes will take place in Victoria hall. The trustees will be present and will do the awarding. There are 108 prizes to be distributed.

Thomas Fairles, farmer, Whitchurch, who died this month, was worth $13,954.45. Of this $12,000 is the value put upon 200 acres of land. It is all willed to the four children, Robert, Hannah, Elizabeth and Helen, the first three being the executors and executrices of the will.

James Hambly was charged with the larceny of a stonemason's hammer, the property of James Cuthbertson, 24 Bellwoods-avenue. Prosecutor missed his hammer at Mimico last May, and claims that he found Hambly working with it Friday at Parkdale. A remand till Monday was granted.

Jennie Pearce, 30 Walton-street, was charged with the theft of a diamond ring, the property of Minnie Sharbett, 30 Edward-street. The accused told the magistrate that some time ago she lent a ring to prosecutrix, and this not having been returned she took this one from Sharbett's room. Another ring and money laying there she never touched. Jennie had hitherto borne a good character, and was remanded for sentence till called for.

Saturday, Dickson & Townsend, auctioneers, sold 21 feet of lot 11, McDonnell-avenue, upon which there is erected an eleven-roomed solid brick dwelling, to Mr. R. Denton for $2830. The north-east corner of lot 148 Bedford-road was sold to Mr. J. J. Kittrick for $1300. Oliver, Coate & Co. sold 272 Gerrard-street to A. J. R. Smith, of Beatty, Hamilton & Smith, for $2500.

THE CITY ASKED FOR $53,000.

What the Various Collegiate Institutes Will Require During 1893.

The Collegiate Institute Board met on Saturday afternoon, Mr. R. L. Patterson in the chair. The principal matter under discussion was the estimates for the current year. Jarvis-street will need $21,047, of which nearly $16,000 is for teachers' salaries; Jameson-avenue wants $19,955, and $15,000 of this is for salaries, the balance being expected to cover all remaining expenses and in addition wipe out a deficit of $2155 brought forward from 1892.

Harbord-street Institute commenced the year $9491 behind; $16,400 is required for salaries, and the total aggregates $29,856.

The Government grant is $1400 to each school, the pupils are expected to contribute $14,600, and the city will be asked for $53,423 which will include $1365 for general expenses.

The Finance Committee want a quarterly audit and strove to get the Board to agree to it. The recommendation was thrown out at the instance of Trustee Hastings, who, in substitution therefor, got a motion through to request the City Council to direct the city auditors to make a quarterly report, which they have hitherto not done.

The members seemed to be ready for Mr. Hastings for it was carried without discussion and the Board adjourned.

The Assizes.

Saturday afternoon at the York Assizes Justice Falconbridge refused to allow the case of Reuben H. Morrison to go to the jury, but instructed that body to return a verdict of not guilty.

The defendant was charged with the larceny of some dredging machinery from a derrick belonging to John Conlin, The case was traversed from the last assizes.

A true bill against Susan Armstrong for perjury was brought in by the grand jury.

Rifle League Matches.

The regulations for the Canadian Military Rifle League have been issued by the Secretary, Major Delamere. There are four matches in the series; Snider rifles will be used; all ammunition will be issued free. The prospects are that a larger number of entries will be made this year than any former year.

SOMETHING UNUSUAL, as a medicine, is Dr. Pierce's Golden Medical Discovery. And, because of that, there's something unusual in the way of selling it. Where every other medicine of its kind only promises, this is guaranteed. It never fails to benefit or cure, you have your money back.

It's the only guaranteed remedy for every disease caused by a disordered liver or impure blood. Dyspepsia, Biliousness, the most stubborn Skin, Scalp and Scrofulous affections, even Consumption (or Lung-scrofula) in its earliest stages, all are cured by it.

It purifies and enriches the blood, rouses every organ into healthful action, and restores strength and vigor. In building up both flesh and strength of pale, puny, Scrofulous children, or to invigorate and brace up the system after "Grippe," pneumonia, fevers, and other prostrating acute diseases, nothing can equal the "Discovery."

You pay only for the good you get.

ANOTHER HEAVY DECLINE.

JULY WHEAT SELLS OFF WITHIN A FRACTION OF 9C. PER BUSHEL.

A Fair Demand For Local Securities—New York Stocks Decline—The Local Grain Market At a Standstill—Provisions Close Lower—Further Rumors of Gold Shipments—Cotton Very Weak.

C.P.R. is steady at 86 1-8 in London, 88 1-4 bid in Montreal and 88 1-2 bid in Toronto.

Consols are quoted at 98 15-16 for money and account.

It is rumored that another commission house with private wire equipment to Chicago and New York will be opened in Toronto soon.

Hog receipts at Chicago continue heavy. Estimated receipts for Monday are 20,000, and for the week 100,000. Prices are 20c lower at $6.90 to $7.15 for heavy shippers.

Cotton shows continued weakness. Saturday May sold down and closed at bottom prices for the day—7.81c. June closed at 7.87c and July at 7.94c.

On Friday a local operator in wheat closed out at a small profit a round lot of 100,000 bushels held in a western market. When Saturday's decline came he felt quite happy at having "got from under."

The wheat situation was sized up last December by a Toledo man in three words, "Too much wheat." Since then the market has dropped 10c or more.

Saturday's New York's sugar quotations were: Sugar firm, standard "A" 4 15-16c to 5⅛c, confectioners' "A" —c to —c, cut loaf and crushed 5¼c to 5 11-16c, powdered 5 3-16c to 5⅛c, granulated 4 15-16c to 5⅛c.

MANNING ARCADE.

TIPS FROM WALL-STREET.

Munro, Miller & Co. wire as follows to-day:

NEW YORK, April 15.—The gold engagement for to-day, $1,250,000, was disappointing to the bears, who predicted a much larger amount, and this was one of the factors contributing to the strength noticeable late in the day.

It is reported that when a sufficient amount of the Richmond Terminal securities have been deposited to warrant Drexel, Morgan & Co. in proceeding with the reorganization of the system the court will be asked to make Samuel Spencer a co-receiver, with President Oakman, which will facilitate all the business of reorganization by giving Mr. Spencer exact official and legal status as the representative of the reorganizers.

John J. Dixon & Co. received the following despatch over their private wire from H. Allen & Co. to-day:

NEW YORK, April 15.—The weekly bank statement was generally construed by the street as unexpectedly favorable, and on this account quotations were hustled upwards a trifle, as soon as the statement figures were made public. It was a short-lived buoyancy, however, for of a sudden the street realized that the gold shipment engagements were not included in the statement and that, therefore, the statement meant nothing as to the current situation. Then quotations ran off easily. The street has a lot of new bull pools in operation, but every one of them has made a loss on the stocks accumulated during the past fortnight, and unless something of great consequence appears over night to bring about a change in conditions there is likely to be wholesale liquidation next week. Exchange rates are stiffer, and next week gold shipments will undoubtedly be larger than those this week. There are vague intimations, too, from important quarters of labor troubles and difficulties involving some of the biggest western railroads. One of the unfortunate features of the situation is that the stock market is honeycombed with stock orders. Nervous stocks like T.C.I., Manhattan and others have these stop orders very close to current quotations, and on any dip downward a good deal of long stock will be brought out.

Grain and Produce.

Wheat—Weak cables and lower prices in American markets caused a very weak feeling here. On Saturday only a small amount of business is usually done, but to-day trade is at a standstill. Holders are asking prices and buyers will not look at. The difference is about 3 cents. Buyers for export talk 65c for red and white west, while holders are asking 68c. Spring is quoted at 62c west, and goose at 60c. Manitobas are dull and easier.

Rye—Nominal at 54c outside.

Peas—Fairly steady. Buyers are willing to pay 57c outside.

Oats—Easier. White, west, is offering at 30c, with 29c bid.

Barley—Quiet and unchanged. No. 1 44c, No. 2 40c and No. 3 extra 37c.

Buckwheat—Odd cars selling at 50c.

Millfeed—In lighter demand at $14.50 to $15 on track for bran, and $15.50 to $16 for shorts.

Flour—Dull and rather easier. Quoted to-day at $3.05 to $3.10 for straight roller, Toronto freights.

MONEY TO LEND
On Mortgage Security.
THE TORONTO SAVINGS & LOAN COMPANY have a large amount of money to lend on first mortgage security. Only applications on first-class improved property will be entertained, but these will be deal with promptly and on liberal terms. No valuation fee for city properties.
136 A. E. AMES, Manager.

GOSSIP FROM CHICAGO.

R. Cochran received the following from Kennett, Hopkins & Co.:

CHICAGO, April 15.—Wheat has been so dull for some days that the longs were getting tired and easily shaken out by the determined bears, who raided market vigorously to-day. The clique being on the bear side also they are short a great deal of July and are probably working the market down with a view to getting some cheap wheat. Corn and oats do little or nothing, the pit being neglected and traders going over to wheat. Provisions sold off on lower hog market. The big holders are disposed to supply all demands of sharp rallies.

FOR SALE OR TO LET.
Large, modern, solid brick house, 15 rooms, finished in hardwood, situated on a beautiful corner lot on Walmer-road. The lot has a frontage of 82 feet by depth of 200 feet.
