CANADA IS THE ELDORADO

Continued From Page 1.

with a mature information of things material in the States entitles them to serious consideration.

Canada Good Enough.

Dr. McGill is the best type of the enterprising Canadian who a quarter of a century ago saw the possibilities superior in Chicago and took advantage of them. He is a millionaire. He is enthusiastic over his adopted country, yet he is alert to the changing conditions. Here is the way he views the subject. "No Canadian boy can hope to find to-day in the States any more opportunities for amassing a fortune or obtaining public preferment than exist here in Canada. Canada is the hub of the universe now, as the States was a quarter of a century ago, when so many Canadians sought fortune there. Conditions are reversed. The Canadian Northwest is to-day the new country—the Eldorado toward which the constant stream of humanity is tending from all parts of the world. Every day the States is losing good red blood and treasure to that section. Young men of fortune and young men with nothing to offer but muscle and brains are alike attracted there by the splendid prospects. All are on an equal footing there. The country is young, and the pioneer of to-day must be the wealthy and influential citizen of the next ten years. The system of government is sufficiently akin to enable them to be assimilated instantly. The peoples are alike, and their customs are similar. Just as we felt no difference when we went from Toronto to the States thirty and forty years ago, neither do the American boys who are now drifting back along the path we traveled recognize a difference. There is none. The Northwest must be provided with its lawyers, doctors, merchants, builders and law makers from the element now going in there. The alert men are the ones who forge to the front. Of course, youth has the advantage as is always true in a new country.

"Canada, therefore, in my estimation, is gaining to-day what she lost then. The States is giving back another generation at a time when the Dominion can use it to the best advantage. I predict for Western Canada a new civilization composed largely of these American boys, many the sons of former Canadians, and they will become at once as good Canadians as we Canadians became American citizens thirty years ago. This is inevitable. They repeat in our land the lesson we learned in theirs."

Times Have Changed.

Judge John Fraser of St. Louis, one of the best known legal lights of the Missouri bar, who left Toronto thirty-one years ago, adds his voice to this question, thus: "A quarter of a century ago, when I settled in St. Louis, I had young Canadians applying to me almost daily for advice. They had just come into the country—many of them from Toronto, and came to me naturally. We Canucks worked together then, and we succeeded. Now it is different. Just as my advice was sought then by boys from Canada, now my advice is requested by young men bound for Canada. In the past year I have had hundreds of personal requests for information on this subject from good American families bound toward Canada's Eldorado. Knowing I was a native of the Dominion, they asked me for my best advice. I never hesitated to tell them what the country offered. Indirectly, I have known of many such cases. Why, the big railroads centring in St. Louis actually held a meeting and established a passenger bureau to combat this movement to the Canadian Northwest. They used every possible means to stem it and turn in toward the southwest, but to no avail. The conditions are certainly good for Canadian prosperity. Where the stream of youth turns so turns the universe. That is what makes Canada the hub to-day, and the youth come this way because natural conditions present these advantages. I candidly believe the States to-day are losing thousands of the most desirable young men to Canada. The situation is so favorable to fortune and advance that I do not attempt to deceive those who apply to me. Just as I left Canada for the States, because of these similar conditions to-day, if twenty-five, I would leave the States for the Canadian Northwest—the new land where the western sun's golden rays hold out the promise of the gold treasure to be found concealed at the rainbow's glittering end, as the story books used to tell us."

Kew Beach.

Victor Smith, son of the well-known broker, Mr. Nell Smith, met with a painful accident Thursday while playing lawn tennis. A wire ran thru his heel, inflicting a painful wound. Dr. Wagner extracted the wire. The boy is doing as well as can be expected under the circumstances.

THEY DISAGREE.

Asthma and Clarke's Kola Compound are incompatible, they can't agree. The compound attacks the cause of the asthma, as antidiphtheritic serum does diphtheria. It kills it and drives it out of the system and enables it to resist further attacks. Keep up the treatment as long as benefit is received, to make sure it is entirely driven out; $2.00 a bottle, or 3 for $5.00 postpaid. The Griffiths & Macpherson Co., Limited, Toronto.

MAY CALL MR. SYCAMORE

James-Street Baptist Church Wants a Pastor and Will Pay $2000 a Year.

TEAMSTER MAY DIE FROM BLOW

Dr. Freeman of Burlington and Dr. Kappele Appointed City Hospital Surgeons.

Hamilton, July 3.—(Special.)—The James-street Baptists will extend a call to Rev. J. C. Sycamore, Brockville, a son-in-law of Hon. John Dryden. The church has been without a pastor for some months now. A special committee was appointed to select one. They have agreed upon the Brockville minister, and it is likely the congregation will endorse the committee's choice next Sunday morning. The salary is about $2000 a year.

May Be Murder.

Richard Sneath, a Burlington teamster, is in a very critical condition. It is alleged that Herman Forsyth, a youth 17 or 18 years of age, who is employed at Glover's basket factory, in that village, stole up behind him and struck him two blows on the head with a heavy hammer. County Constable Henderson is doing his best to locate the boy. The day before, the teamster had given him a cuff and parted him in a fight with another boy.

Hospital Surgeons.

Dr. C. W. Freeman, Burlington, and Dr. D. P. Kappele have been appointed house surgeons at the City Hospital.

Stock Lards Roller is on the direct route to Deering and Hamilton S. and I. Co., by the new Ferrie-street bridge. 61

George and Catharine Wellwood, a couple of inveterate drunks, were sent to the Central Prison this morning for six months by the police Magistrate.

Now They Agree.

Mrs. Fillman, who is better known by her stage name of Miss Dorothy Hunting, and her husband, Peter, have arrived at an agreement about their boy Johnnie. It took two lawyers a whole day to hit upon a plan agreeable to both. This evening about 5 o'clock the husband agreed to the wife's proposition. She will pay for the boy's keep at Peter's mother's home, and Peter will not be allowed to live with him unless he pays a sum named in the bond for his board. Both parents will be allowed to see the youngster as often as they wish. Johnny will be educated in the Public Schools.

Lancet Not Desirable.

The Public Library Board at its meeting this evening decided that the medical journal called The Lancet, was not a desirable publication to be on the desks of the institution where every body could see it. The members said it was a technical journal and that some of the cuts were meant only for the eyes of doctors.

Miss McNair, one of the assistants, wanted leave of absence for six months. The board thought it too long, and if she leaves Miss Jessie Campbell will be engaged to take her place on the understanding that Miss McNair is to get the first vacancy.

The Mulhollands were at their old tricks again to-night. Pete was arrested by P. C. Barrett on the charge of beating his sister, Agnes, and a summons has been issued for Sam for breaking the windows in Agnes' happy home.

Officers Elected.

The Trades and Labor Council elected these officers to-night: Wm. Barry, president; C. Jones, vice-president; James Smith, secretary; T. Monogue, financial secretary; Norman Thompson, treasurer; Wm. Russell, sergeant-at-arms.

Drink Radnor Water and Daniel Crawford's Scotch. To be had in principal hotels and stores. 246

Jesse Linger, issuer of marriage licenses, 238 James-street North, Hamilton. 6

TRINITY FEDERATION.

Some of the Supporters of the University Want to Kick.

The following item was handed into The World yesterday: At an informal meeting of graduates and friends of Trinity University, held yesterday, the following protest was agreed upon: "We, graduates and friends of the University, understanding that the interview published on July 1, and headed, "Trinity Agrees to Federate," is a correct outline of the proposed federation with the Provincial University, hereby enter our earnest protest against the scheme, as manifestly destructive not only of Trinity's dignity as a University, but also of her possible continuance as an arts college, and so a distinct breach of faith with the founders and with contributors, living and dead, to its funds."

Graduates of the various faculties and friends of Trinity desiring to join in the protest will please write to the Rev. T. W. Patterson, Synod office, Toronto, not later than the 8th inst., authorizing him to append their names thereto.

Speaking to The World last night, Rev. Mr. Patterson stated that the framers of the resolution did not intend to take the initiative in an anti-federation movement, but that, as the general feeling among the graduates in the Anglican Church, and even in the University corporation, seemed to be opposed to the scheme, it was thought best to publish the resolution as a feeler for the general opinion.

"These men," said Mr. Patterson, "take the stand that, as the University was originally founded by an Anglican bishop, with funds collected from the church, and as it has since been supported largely by the subscriptions of the church and of graduates, these bodies should be consulted when such a radical change is proposed. Amalgamation would undoubtedly mean the obliteration of Trinity, and that the endowment fund, which has been collected among graduates and others to keep Trinity in an independent condition, will be handed over to the Provincial University." Mr. Patterson did not know whether or not the large contributions from H. M. Pellatt, W. R. Brock and others were conditional on Trinity's federation with Toronto University. He concluded by saying that at any rate there were large numbers expressing dissatisfaction with the movement, and that if they wanted to do anything definite, the resolution would afford them an opportunity.

North Toronto.

At the regular meeting of the town School Board on Thursday night it was decided to kalsomine the schools, and to procure a number of new desks for the Eglinton schools.

Councillor E. Armstrong is away on a trip thru the west of the province.

Councillor J. M. Anderson presided over a meeting of the Works Committee of the Council, held on Thursday night. The Engineer's statement for the month of June showed nearly two million gallons of water pumped for the month at a cost of 44¼c per thousand gallons. Rev. H. C. Ross wrote, stating that he had no objection to the town removing some old trees fronting his property on Kingston-avenue. The estimates for the year taken up, and a request for an appropriation of $2320 was forwarded to the Council.

Mayor Fisher and Councillor E. D. Brown formed a minority meeting of the Finance Committee last night. Police Magistrate Ellis submitted a statement of the past half year of cases tried by him. No fines were included, and the Mayor requested that further details be procured. The estimates for the year were presented by the Treasurer, comprising a total of $15,600, and were forwarded to Council without change. The amount calls for a rate of 17½ mills, a reduction of ½ a mill from that of last year. The amount is made up as follows: County, 14 mills; town, 5½ mills; water works construction, 1.50 mills; town's share of water mains, .33 mills; light works construction, .75 mills; public school, 6.33 mills.

The Conservative appeals against the voters' list this year have nearly 100 names.

LOAL BREVITIES

Our celebrated Lehigh Valley Coal reduced to $6.50 a ton. Pea coal $5.50 P. Burns & Co., Tel. Main 131.

"Spiritualism—Good and Bad," will be the subject of a discourse by Rev. James L. Gordon, pastor of the Bond-street Congregational Church on Sunday evening at 7 o'clock. At the morning service Mr. Gordon will preach on "Grand Old Hymns and What They Teach."

YORK COUNTY AND SUBURBS

"Every Prospect Pleases," is the Crop Report for York County.

ABUNDANT HARVEST IS INDICATED

What is Going on at the Junction, East Toronto and Other County Places.

Toronto Junction, July 3.—Assessment Commissioner Fleming took a run out to the Junction Stock Yards this morning and found them splendidly laid out and well equipped. A. Levack, a large importer, had a shipment of Chicago cattle in the yards to-day, which are being fed in transit.

Mrs. Annie Todd, better known as Annie Thompson, was sent to jail for 20 days for being disorderly at Humber Bay. Frank Martin, arrested as a vagrant, was sent to the Central for four months.

In the Gun Club shoot yesterday, these scores at 25 birds were made: C. Burgess 20, J. Stevens 20, T. Thompson 18, J. McLaughlin 18, D. J. Taylor 18.

M. Beatty, milk dealer, was run into by an automobile whilst driving on High Park-avenue. He escaped injury, but his rig was broken.

Mrs. Charles McGibbon of Penetanguishene, Mrs. and Miss Gillespie, and Mr. and Mrs. Sinclair of Cannington, are the guests of Police Magistrate Ellis.

Mrs. L. Cook and her daughter, Mrs. F. M. Fraser, of Hylinda, have gone to England.

J. W. Hurd of Sunderland purposes building a number of mechanics' houses in York Township, near the Canada Foundry works.

Woodbridge.

The Congregational Church at Pine Grove, which was burned down, has been rebuilt, and will be formally opened in about two weeks.

H. Kaiser and John Bennett, will spend two weeks in Michigan.

Harry Brown was knocked over the eyes by a horse. Dan McKenzie received a gash in the elbow from a bone, which required several stitches, and William Baxter cut the tip off one of his fingers.

Weston.

The crops in West York never looked better; 1903 is likely to be a record year, especially in wheat, which promises to be a very heavy crop.

Dr. Cruickshank of Windsor is visiting the parental home.

The Presbyterian garden party netted over $100. The choir of College-street Presbyterian Church, under the leadership of Mr. Green, furnished the program afterward, with selections from Victoria Industrial School band.

Thornhill.

The garden party of the Presbyterians on Wednesday was exceedingly successful. Last year the congregation made some $130 and the returns this year are expected to be larger.

Rev. George McKinley has arrived in the village and will take the service at the Methodist Church on Sunday evening.

Mrs. Crawford of Tillsonburg is visiting with her sister, Mrs. Joseph Cox.

The football match between Lion and the local team on Wednesday is claimed by both, and the holders of the prize money are anxious to have the game played over to let them out of an unpleasant position.

The East York Women's Institute will meet on Tuesday next at No. 1 School house, Markham. Miss Maddock and Miss Gray will deliver papers pertinent to farm economics.

East Toronto.

East Toronto, July 3.—The Rev. Thomas Ratcliffe, pastor of East Toronto Baptist Church, will preach on "Efficient Prayer" at the morning service and in the evening his subject will be, "Lost Opportunities."

Robert and Miss Norma Walker left today to spend a month at Shelburne, visiting relatives and friends.

Mrs. McLennan, a former resident here, but now of Battleboro, Vt., is visiting friends in town.

Owing to the elevation of the upper portion of the town, overlooking, as it does Toronto Bay and the Island, the residents, both old and young, had a good time viewing the pyrotechnical display at the Island last night.

No. 17 Company, Boys' Brigade, of Bathurst-street Methodist Church, are encamped south of the Kingston-road, near Blantyre Park.

A. H. Gibbard, B.A., principal of the Collegiate Institute at Niagara Falls South, and former editor of The Whitby Chronicle, is visiting the Rev. T. H. Rogers, B.A.

A. J. Russell Snow's yacht, the "Synora," that was disabled during the Dominion Day races, is in good shape again and will take part in the sailing race tomorrow.

Three rinks of the Balmy Beach Bowling Club will play at the Royal Canadian Yacht Club's tournament next week, when the Walker Trophy, presented by Hiram Walker & Sons, will be played for. Geo. J. Foy will also present a case of wine for competition.

Norway.

Some of the residents complain of the neglect of the trustees in not having the flag hoisted on the Public School house, and that this is not the first offense of the kind.

St. John's Church Sunday School hold their picnic to Niagara-on-the-Lake on Wednesday, Aug. 5.

The funeral of the late Wm. Dunn of the Plains, who was killed by a runaway accident Thursday, will take place to St. John's Cemetery to-day.

Charlie Bates, son of Ira Bates, who has been ill for some time with pneumonia, is convalescent.

The Rev. W. L. Baynes-Reed is making extensive improvements to his property lying between his residence and the Kingston-road. The low land is being filled up and when the work is completed, the lawn will be one of the best tennis grounds hereabouts.

There were 15 interments in St. John's Cemetery during June.

The Bishop of Toronto will hold a confirmation on Wednesday evening next in St. John's Church.

Mrs. Dunn, widow of the late Wm. Dunn, who was killed in the runaway accident, is seriously ill in Grace Hospital.

There have been times when the wild beasts have been more merciful than human beings, and spared the woman cast to them in the arena. It is astonishing how little sympathy women have for women. In the home the mistress sees the maid with the signs of suffering she recognizes so well, but she does not lighten the sick girl's load by a touch of her finger. In the store the forewoman sees the pallor and exhaustion which mark womanly weakness, but allows nothing for them. It is work or quit.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, by curing the womanly diseases which undermine the health and sap the strength. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration, and cures female weakness.

"When I first commenced using Dr. Pierce's medicines," writes Mrs. George A. Strong, of Ganseevoort, Saratoga Co., N. Y. "I was suffering from female weakness, a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, then I began taking your medicine. After taking the first bottle I began to feel better. I took four bottles of Dr. Pierce's Favorite Prescription, two of 'Golden Medical Discovery,' one vial of the 'Pleasant Pellets,' also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new person. I can't thank you enough for your kind advice and the good your medicine has done me."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women.

Dr. Pierce's Pleasant Pellets are the most desirable laxative for delicate women.
