Personal.

Dr. John S. Matheson, chemical assistant at Mimico Asylum, has been appointed by the Manitoba Government medical superintendent of the Asylum for Insane at Brandon.

To-day Sergt. Reburn completes his 20th year as a member of the Toronto Police Force. During his score of years of service he has never been given a bad mark.

The employed of Messrs. J. & J. Lugsdin last evening presented Mr. John Lugsdin with a magnificent silver set on the eve of his marriage. The presentation was made at the residence of the recipient in Gloucester-street by Mr. N. Kilroy on behalf of the employed. Mr. Lugsdin, who was taken completely by surprise, made a happy response.

Northrop & Lyman's Vegetable Discovery has worked wonders for dyspeptics, and we don't think there is a case of dyspepsia to be found that it will not cure if the directions are followed. Mr. C. E. Williams, Druggist, Wingham, says: "The Vegetable Discovery is selling well, and I know of one bad case of dyspepsia that it has completely cured."

St. Leon Water floods the arteries, absorbs the poison and carries off all impurities from the system. 36

Dyspepsia causes Dizziness, Headache, Constipation, Variable Appetite, Rising and Souring of Food, Palpitation of the Heart, Distress after Eating. Burdock Blood Bitters are guaranteed to cure Dyspepsia if faithfully used according to directions.

Parmelee's Pills possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In fact, so great is the power of this medicine to cleanse and purify that diseases of almost every name and nature are driven from the body. Mr. D. Carswell, Carswell P.O., Ont., writes: "I have tried Parmelee's Pills and find them an excellent medicine and one that will sell well."

DEAR SIRS,—I have been using Burdock Blood Bitters for boils and skin diseases and I find it very good as a cure. As a dyspepsia cure I have also found it unequalled. MRS. SARAH HAMILTON, Montreal, Que.

GAS PLANT CANNOT BE TAXED.

The Municipal Committee Decide That It Shall Be Exempt.

There was an unusually large attendance at the Municipal Committee yesterday morning when Mr. O'Connor's bill to exempt from taxation the machinery, pipes, wires, poles, plant, etc. of companies engaged in the production of gas, or electricity or water distribution and providing that the companies shall be assessed on an amount equal to the total amount of the dividends paid to shareholders and that shareholders shall be exempt from taxation in respect of their individual shares was being considered.

Mr. J. K. Kerr, Q.C., appeared for the Gas and Electric Light companies and Mr. Z. Lash for the Bell Telephone. The former said the bill was to make declaratory the law which, until the recent decision of Judge McDougall taxing the mains of the Toronto Gas Company, had never been questioned. It was against the public interest to have the plant of public companies taxed. He urged that 90 per cent. of such concerns were either unremunerative or paid very small dividends. It had been attempted to tax the rails of the Toronto Street Railway Company, but if this could not be maintained still less had they a right to tax the mains underground.

Mr. Lash, Q.C., on behalf of the Bell Telephone Company, argued on similar lines.

City Solicitor Caswell supported Judge McDougall's decision, which he quoted on the principle that all property ought to be taxed.

City Solicitor Mackelcan of Hamilton thought the companies had privileges enough in being allowed to tear up the streets without escaping taxation.

Mr. Wood of Hastings favored the bill on the ground of expediency, and several other members expressed themselves in favor of the bill.

Mr. Balfour said they had to consider the question not in the interests of the companies but of the people. It was the large city companies that were seeking this legislation, not the smaller corporations in the country towns, who paid their taxes without protest. He objected to the principle of taxing dividends instead of the net income, as it was very difficult to get at dividends.

Mr. Waters said that the railways were not assessed on their tracks. The bill was simply to define the law.

Mr. Taylor of Lindsay and Mr. McPherson of Stratford spoke for the smaller companies, stating that they favored the bill.

Ald. McCully of St. Thomas said that it was desirable that the law should be construed so that the municipalities would know where they stood.

A vote was taken on the principle of the bill, which was carried by 45 for to 5 against. Dr. Ryerson voted "yes" and Mr. Tait "no."

The first clause was amended so as to limit the exemptions to "pipes, conduits, wires, poles and other fixtures and appliances under or over any public road or square."

A long discussion took place over the clause providing that the companies should be assessed on the dividends, several members contending that the assessment ought to be on net income. The consideration of the clause was postponed.

AN EX-REEVE'S STORY.

A Sufferer for Seventeen Years—Treatment in Toronto General Hospital Failed to Help Him—Now Restored to Health and Activity.

There are few men better known in Victoria County than Mr. Richard Fitzgerald, who was one of the first settlers of the Township of Carden. He was elected to the honorable position of reeve of that township for twelve successive years, and filled the position with so much acceptance to the people that he was pressed to continue in office for a longer time, but was compelled to decline the honor owing to ill-health. To a representative of The Lindsay Post Mr. Fitzgerald told the story of his long suffering and subsequent release.

A little over 17 years ago he found that he had contracted rheumatism of a muscular form, and each succeeding day found him in a worse condition. He applied to the local doctors in his neighborhood, but received no relief, and was then induced by them to apply for admission to the General Hospital at Toronto for treatment, and was in that institution for several months, until he became disheartened at the want of success attending his treatment and returned home, as was thought, to die. By this time the muscles of his body had become so contracted that he could not straighten his limbs, and when able to get around at all it was only with the aid of a stout pair of crutches. When he attempted to raise to his feet his legs would crack at the knees like sticks of wood, caused, as the doctors told him, by the fluid in the joints being completely dried up. Finally, after suffering as much bodily pain as would have killed an ordinary man, and at a time when he had not set his foot on the ground for a year, he was induced to give Dr. Williams' Pink Pills a trial, and had not taken them long before he began to notice a decided improvement in his condition. Continuing their use he found he could get around much better than he had been able to do for many years, and after a still further use of Pink Pills he was entirely relieved from all rheumatic pains, and is now a wonder to himself and all who knew him. Mr. Fitzgerald is now 70 years of age, and is enjoying better health than he has had since he was first affected.

Rheumatism is usually one of the most obstinate as well as the most painful of troubles, but it readily succumbs to a course of treatment with Dr. Williams' Pink Pills, admitted on all sides to be the greatest blood builder and nerve tonic yet discovered. If you cannot obtain Dr. Williams' Pink Pills from your dealer they will be sent by mail on receipt of 50 cents a box, or 6 boxes for $2.50, by addressing the Dr. Williams Medicine Co., Brockville, Ont., or Schenectady, N.Y.

Student's Mixture Tobacco

fills the utmost requirements of the most fastidious taste because of its mild flavor, blend and subtle fragrance. Satisfy yourself by getting it.

It is a fact that St. Leon Mineral Water is retailed by over 400 dealers in Toronto. This is a pretty good proof of its extensive consumption. 36

No More Gray Hair.

You will find combined as a toilet article every desirable quality in Luby's Parisian Hair Renewer. With many it has become a household requisite. Premature gray hair soon assumes its natural color and beauty. Luby's is a balsamic preparation, in every sense beneficial to the scalp and hair. It imparts a beautiful gloss and color to the hair and mustache. 50c bottle. 6

Do not buy the mineral waters that have only the dealer's recommendation. St. Leon is endorsed by every prominent physician in the country. 36

So rapidly does lung irritation spread and deepen that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a cough, there is always danger in delay. Get a bottle of Bickle's Anti-Consumptive Syrup and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing consumption and all lung diseases.

Important—Caution.

We learn that some parties have taken orders for our Gold Medal trees and plants for delivery in the city and suburbs and are having them filled at foreign nurseries—an old-fashioned swindle. To prevent these frauds our patrons are cautioned to see that their purchases are accompanied by an invoice on our own billheads, enclosed in a white envelope, both having an imprint of electro of Gold Medal. George Leslie & Son, Toronto Nurseries.

Street Car Accident.—Mr. Thomas Sabin says: "My eleven-year-old boy had his foot badly injured by being run over by a car on the street railway. We at once commenced bathing the foot with Dr. Thomas' Eclectric Oil, when the discoloration and swelling was removed, and in nine days he could use his foot. We always keep a bottle in the house ready for any emergency."

A GREAT SHOW OF DOGS.

Toronto Kennel Club Does Itself Proud—Large and Fashionable Attendance—All the Awards.

Kennel shows are becoming quite the correct thing in Toronto, judging from the large and fashionable gathering that was at the Granite Rink all day yesterday. It was the Toronto Kennel Club's fourth annual exhibition, and 300 dogs were comfortably housed in their well-appointed kennels by 10 o'clock in the morning. The general display of canines was good, and especially so in spaniels and fox terriers.

The competition was exceptionally keen among fox terriers, and Judge Bell was somewhat perplexed at times before giving out the cards. There was a good show of collies, and the St. Bernards made a splendid collection.

Thanks to the splendid work of the Managing Committee and their assistants, the arrangements were perfect, and the spectators thoroughly enjoyed the exhibition in the large and perfectly ventilated rink. The rings were well served and thus the judges got through their work most expeditiously.

Many new and fashionable toilets were displayed by the ladies yesterday, and it is safe to say that this fine day will induce another large assembly of the dear creatures to visit the show, which will be open from 8 a.m. to 10.30 p.m. All the awards have been made, with the exception of a few specials and Mr. Bell will judge for these at 2.30 p.m. to-day.

The different breeds were well judged as follows: St. Bernards, J. S. Williams, Toronto; Mastiffs, Great Danes, Newfoundlands, Grey Hounds, Fox Hounds, Irish Setters, Spaniels, Collies, Bull Dogs, Beagles, all terriers except Fox Terriers, Pugs, Toy Spaniels and miscellaneous class, George Bell, Toronto; Pointers and Setters, English and Gordon, C. A. Stone, Toronto; Fox Terriers, Smooth and Wire Haired, Richard Gibson, Deleware.

TENDERERS AND TRUSTEES.

A Lively Session of the School Supply Committee.

Trustees Baird, Hambly, Whiteside, Burns and Chairman Clarke were present at the meeting of the School Board Supply Committee yesterday afternoon.

The contract for ink wells goes to the Hamilton company at the prices of last year. The contracts for oil and turpentine were divided between Sanderson Pearcy & Co. and Stewart & Wood, the tenders of these firms being equal as well as lowest.

The tenders for supplies were divided between the firms of Gage & Co., Copp, Clarke & Co. and Selby & Co., while the Map and School Supply Company will furnish the required amount of brushes. This matter was not disposed of without a goodly amount of lively discussion, the nature of which led Trustee Hambly to express the opinion that some of the members of the committee were not more anxious to get to heaven than they were that their own favored firms should get the best slice of the cake.

Trustee Burns: You don't mean, do you, that any member of the board is advocating the cause of any one firm?

Mr. Hambly: That is exactly what I mean.

Mr. Burns: I would not know Mr. Copp if I met him.

Mr. Hambly: No, you may not, but you know the young man who loaded you up.

Inspector Hughes (to Mr. Burns): You know Mr. Thomson called on you in reference to these tenders.

Mr. Burns: He did not call on me and I will ask him to write me a letter to that effect.

Inspector Hughes: If that gentleman did not call on you, another interested party did. There was more than one moving among the trustees.

And Trustee Burns said no more.

The Property Committee afterwards met and awarded Mr. G. B. Meadon the contract of placing wire screens on the windows of Louisa-street school. The price was 12 cents per foot.

The Wilkinson Truss.

Standard Surgical authorities all agree that a properly constructed truss, perfectly adapted, is the only safe and proper method of treating and controlling a reducible hernia or rupture.

Prof. Ashurst states what a truss should be in the following language:

"The pad should be firm, slightly convex upon the surface (except in particular cases), of an oval or elongated triangular shape, and sufficiently large to compress not only the aperture through which the hernia escapes, but the whole canal through which it has passed to reach the surface."

Read description of the Wilkinson Truss, note the endless positions it can be adjusted to fill, and you will be convinced that this Truss is superior to everything yet invented for the treatment of hernia.

Hundreds afflicted with hernia from 10 to 50 years, and all this time under torture of the various instruments and devices in use for the last hundred years to control rupture, can and do testify of their relief from every manner of hernia trouble and torture by the use of the Wilkinson Truss. GUINANE BROS

SATURDAY
BARGAIN DAY

To-day we introduce our bargain day. We choose Saturday for reasons that seem good to us. First, it is, and has always been, the shopping day for the general public, and it is the general public we want to serve; then on Saturdays we remain open until 10 o'clock so everyone will have an opportunity of profiting by it.

As a rule the majority of bargains consist of remnants, odd sizes and old stock, but ours shall be in special lines of stock consisting of full sizes and the latest styles of goods; in other words, a bargain day for all. Though our building is not quite completed, we have nevertheless all necessary room to handle our large trade in every department without subjecting our customers to any inconvenience.

To-day we fill 20 bargain tables with the latest styles of boots and shoes, regularly assorted in ½ sizes and widths; some from our own factories, others from the best manufacturers in Canada and the United States. Moreover, we will to-day deduct from all other goods in stock 10 per cent. off our regular prices, which are 20 per cent. lower than any other retail shoe store can buy them for. So that, whether you purchase from the bargain tables or from our general stock, you are certain to get the benefit of our bargain day.

We want our many customers and the general public, whether they intend to purchase or not, to come in and examine our prices. We have the largest shoe house in Canada, we carry the largest stock, do the largest trade and are determined to have the largest bargain day. We quote a few, and only a few, of the prices, as we do not wish to completely demoralize the shoe trade of the city; but we can whisper to you, "Come in," and we are satisfied the most sceptical will see from the sacrifices we are making that Guinane Brothers' bargain day will be shortly known over the length and breadth of our fair Dominion.
