## FED IN A DEATH

Another lightweight contest that sulted in the death of one of the xers was staged in San Francisco April 29, 1910, when Owen Moran, e English boxer, knocked out Tom cCarty in the sixteenth round, inicting mortal injuries.

Jimmy Barry, the Chicago lad who s once bantamweight champion, resed to fight again after he had lled a boxer named Oroot in Engnd.

Leslie Pierce defeated William Vern, "the Haverstraw Brickmaker," Philadelphia some twenty years o, inflicting injuries that caused rnon's death the next day.

Jack Root, once an aspirant to the avyweight title, caused the death Tom Lansing, and retired from the g for a time, but afterward remed his fighting career.

In San Francisco, back in 1906, rry Tenney was fatally injured in contest with Frankie Neil.

Some thirteen years ago Jimmy awley was pounded into unconscisness by Frank McConnell, and ver recovered his senses. A few ars before that, in a bout at Columbs, O., George Stout received the al knockout from "Omaha Kid" rdner. Another victim of the ze ring was Ginger Williams, who s killed in a fight with Kid Kenth.

In 1910 Frank Cole, a colored pugil, was killed in a battle with Stan Rogers in Philadelphia. Brockn was the scene of another fatal ut that year, when Max Landy succmbed after a bout with Joe O'Brien. G. B. Denlea, a Brooklyn boxer, s fatally injured in a fight at attanooga in 1911. Dewey Hewitt, boy amateur, was killed in a bout Mt. Carmel, Ill., in 1911, and on ril 18 of that year William Luke, Waterbury, Conn., died following boxing bout. In the following July Montana fighter named Murzer was led in Utica, N. Y.

The 1912 list included Pelli, a ench boxer, killed in Paris in a ttle with Evornden, an Englishn; Joe Ketchell, who died after a ut with Billy Waters at Wauken, Ill., and Tony Ross, killed accintally in a bout with Ed Smith in ooklyn. The latter case was the ly instance of a fatal termination a boxing bout in New York since e passing of the Frawley law.

**Address to Graduates.**

The address to the graduates of the Academy was delivered by Rev. S. S. Poole, B.A., pastor of the Baptist church at Middleton, N.S.. Mr. Poole who graduated from Acadia in 1900, has the reputation of being a forceful and pleasing speaker, and in his address on this occasion he more fully established that reputation.

The subject of the address was, "Things that Make a Difference." The speaker emphasized the importance of four things suggested by the subject, viz: Character, Thought, Faith and Work.

Men succeed not because of advantage of birth, wealth, or social position but because they are willing to pay the price in hard work. Young men should shun cowardice, shun love of ease, shun a low content and poor ideals. Treat life as a noble adventure. Have a big ambition supported by honest work, and make your greatest difficulties inspire and spur you on to the noblest endeavor.

Mr. Poole may have the assurance that he will be heard with pleasure when he next apepars before a Wolfville audience. His words were both appropriate and timely for the occasion.

## THE VALEDICTORY BY MISS LULU S. ZWICKER

The valedictory of Miss Lulu S. Zwicker, Bear River, N. S., was as follows:

Mr. President, Classmates, Friends:

For four years we have looked forward with a feeling of pleasure to the closing exercises of 1913. We feel a joy now because we have gained our reward; the goal is reached. Tomorrow we go out to come back no more as students of Acadia. This thought fills us with sadness. Next October, when the students reassemble on "the Hill" we shall not be among them, but the thoughts of past joys and successes, twined with hopes of richer blessings yet to come, will cluster round our remembrance of our Alma Mater.

We realize that this is one of the memorable days of our lives. Our past and future seem to blend. We look, now back to the years of work and play, then ahead into the unknown years before us. Today we are students; even so shall we be tomorrow; for we are going out into the larger, broader university of the world where each day will present its problems to be solved, even as they have come to us here.

Our course is finished! Behind are the struggles and the victories. Before is a future unread and unreadable. Tomorrow we pass out to this future. As we go we would say a word of farewell.

Gentlemen of the Board of Governors:

As the years have passed you have ever had your hands on the governing wheel of these institutions. Your thoughts have ever been for the welfare of Acadia. Through your efforts her standard has been raised, her facilities improved, until now she stands in the first rank. To you we owe our sincere gratitude for the opportunities we have had here. Those who have preceded us have not fared so well, those who come after us will fare better. May your highest ambitions for our Alma Mater be realized. Whatever you do for her advancement, may it be successful. To you, we say, Farewell!

President Cutten and Gentlemen of the Faculty:

As we leave you today we desire to thank you for the care and interest you have shown in our welfare. Through your guidance we have been brought into contact with the best and noblest thoughts of all ages. By your example you have shown us that the truest life is realized by following the highest ideals. You have been ever ready to help us; ready to rejoice in our successes; to give us the benefit of your experience and knowledge. Today we begin to understand how much we shall miss these things when we have gone from Acadia. We are going out stronger both morally and intellectually, and with a keener ambition to do something worth while in the world. You have engendered in us feelings of respect and gratefulness for your kindness and wisdom, all so freely given. In the future, thoughts of our Alma Mater will always bring thoughts of you and what you have done for us. Therefore in gratitude and friendship we say, Farewell!

Friends of Wolfville:

As the classes come and go, each always finds a warm welcome among you. You have shown us only kindness since we came to Acadia. We are grateful for your kindness and the cordiality with which you have welcomed us back each year. For all you have done to make our stay in Wolfville a pleasant one, we, the class of 1913, thank you, while we bid you a kindly Farewell!

Fellow Students:

With keen regret we say farewell to you today, regret that we must leave you and Acadia. We have spent many happy hours with you. The associations of our on "the Hill" will long remain in our memories.

We have tried to be true to Acadia. We have tried to uphold her glorious standard. May you be true to her always. As students we are heirs of the great past; it is right that we should be the benefactors of the future. We leave you to fill our places, to take up our tasks. May you be successful where we have fallen short.

Keep before you high ideals! Although we do not reach our ideals, they show us our deficiency and spur us on to higher and better things. Let us strive earnestly to overcome our failings that we may conquer. Look to that character of which man can make but a poor imitation, shown in the life of the One who was spiritualiy the Great Example. Look to that character in which no blemish has been found in the criticism of nineteen hundred years. There you shall see the realization of your highest hopes and aspirations. In this encouragement we say Farewell!

"God bless you my fellow-students!
May he give
Softly the treasure of the years
Into thy bosom; make thee live
The life that knows and sees and hears
The brightest, fairest of the earth—
The certainties of hope and time."

Dear Classmates:

Must we, too, say farewell! For four years we have been purposing to stand where we are today. Now that we are here, we feel inclined to draw back, even while duty bids us go forward to give to the waiting world what we have gained. Let us always have a goal in view. Toward this let us work steadily in the belief that the secret of our success lies in using the opportunities that come to us; in seeking high and noble ends; and in doing our duty in the sphere of life to which it shall please God to call us.

Remember: Each of us is tried alone; alone we are sifted by the world. Our individual lives are what count. Each must ever be exerting some power for good or for evil, just as a flower bestows its fragrance on the air. May we ever use our power wisely.

Classmates: Our paths will not always be easy as we go forth; there will be difficulties for each of us. Let us be thankful for them. They will test our capabilities and strengthen us to persevere. If we fail to rise again, we shall have the honor and the crown.

We know of those who are always looking to the past as the golden age. Others look into the future for the fulfillment of all their dreams. Yet others find their golden age in the present, with no thought of past or future. May we be among those who, as they realize the worth of past failures and successes, with hope for the future years, work resolutely at the duties of today. Let us go out now with gladness in our hearts that we live now and can serve in the present.

"No stream from its source
Flows seaward, how lonely soever its course
But what some land it has gladden'd,
No star ever rose
And set without influence somewhere,
Who knows
What earth needs from earth's lowest creature?
No life
Can be pure in its purpose and strong in its strife
And all life not be purer and stronger thereby.
The spirits of just men made perfect on high,
The army of martyrs who stand by the throne,
And gaze on the face that makes glorious their own
Know this, serenely, at last.
Hush! the sevenfold heavens to the voice of the spirit,
Echo: He that overcometh shall all things inherit."

Classmates, Farewell!

The following St. John people are here to attend the closing exercises: Mr. and Mrs. R. G. Haley, Miss G. Haley, Mr. and Mrs. W. C. Cross, Mr. and Mrs. Dykeman, Miss L. Dykeman, Mr. Parsons, Mr. and Mrs. Porter, Mr. and Mrs. Ganter, Mr. and Mrs. J. H. VanWart, Mr. and Mrs. H. Marr, Mr. Jack Marr, Mr. and Mrs. A. B. Gilmour, Miss Margaret Gilmour, Mr. D. C. Clarke, Miss Clarke.

## NO SKIRTS IN 2013; KISSES THEN UNKNOWN

*Mrs. Christian Hemmick.*

Skirts will be discarded by the time the year 2013 rolls around, and both sexes will parade in Oriental trousers; kissing at that time will have gone the way of the skirts, and sentimental couples bent on matrimony will be compelled to approach the altar armed with personal health certificates.

These predictions were made recently in a drama written by Mrs. Christian Hemmick, a suffragist, well known in Washington society, which, it has been announced, is to be produced here this month for the benefit of the suffragist cause, in connection with a morality play, also written by Mrs. Hemmick.

## Was Troubled With His Heart.

### HAD TO GIVE UP WORK.

When the heart begins to beat irregularly, palpitates and throbs, skips beats, and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people are kept in a state of morbid fear of death, become weak, worn and miserable, and are unable to attend to either social or business duties, through this unnatural action of the heart.

To all such sufferers Milburn's Heart and Nerve Pills will give prompt and permanent relief.

Mr. Alfred Male, Eloida, Ont., writes:—"I was troubled with my heart for two or three years. I thought sometimes that I would die. I went to the doctor, and he said he could not do anything for me. I had to give up work. My wife persuaded me to try Milburn's Heart and Nerve Pills. The first box relieved me, so I kept on until I had taken seven boxes, and they cured me. I would not be without them on any account, as they are worth their weight in gold. I advise my friends and neighbours who are troubled with heart or nerve trouble to try them."

Milburn's Heart and Nerve Pills are 50 cents a box, 3 boxes for $1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto Ont.

To the Zam-Buk Co.

Dear Sirs,—I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable.

(Signed)
RODNEY M. LLOYD,
Admiral.

**How Zam-Buk Cures Burns.**

Stoker Kingsnorth, of H.M. First Class Cruiser "Cochrane," says: "One day I fell with my arm on an exhaust steam pipe, which fairly frizzled the skin. At once the ship's surgeon dressed my arm, but from the first, the burns took the wrong way, owing to a lot of coal dust and dirt from the pipe having got embedded in the flesh and setting up blood-poison.

"For weeks I remained under treatment, but the ordinary ointments proved no good for my arm. Indeed, I got worse, and I became alarmed at the spreading of the poison. I therefore obtained a supply of Zam-Buk and almost as soon as this was applied I got ease. From the very first application, healing commenced; and a few boxes of Zam-Buk healed my wound completely."

Zam-Buk is just as good for piles, blood-poison, festering sores, pimples, eruptions, cuts, bruises, and all skin injuries and diseases. 50c. box all druggists and stores, or post free for price from Zam-Buk Co., Toronto. Try Zam-Buk Soap, 25c. tablet.

HUDSON BAY RAILWAY.

Notice to Steam Tug Owners.

SEALED TENDERS addressed to the undersigned and endorsed "Tender for towing Dredge to Port Nelson" will be received at this office until 16 o'clock on Thursday, the 19th June, 1913, for the towing and safe delivery of a steel suction dredge from Montreal to Port Nelson for the Hudson Bay Railway.

The Dredge which is of steel construction throughout is now being built for the Department of Railways and Canals by the Polson Iron Works Company and is to be delivered at the Port of Montreal on or about the 1st August next and is of the following dimensions, viz: 180 feet long, 42 feet beam, with a loaded draught of between 7 and 8 feet.

The Contractor will be required to bear all expenses connected with the towing, "with the exception of insurance on dredge," and must provide capable navigating officers for both towing vessel and dredge, the latter having no propelling power of her own, and must also be prepared to enter into contract to take the dredge in tow at Montreal not later than August the 1st proximo, and to proceed forthwith to destination.

An accepted bank cheque for the sum of $1,000.00 made payable to the order of the Minister of Railways and Canals, must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work, at the rates stated in the offer submitted.

The check thus sent in will be returned to the respective contractors whose tenders are not accepted.

The cheque of the successful tenderer will be held as security, or part security, for the due fulfillment of the contract to be entered into.

The lowest or any tender not necessarily accepted.

By order,

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at the office of any Local Agent of Dominion Lands (not sub-agent) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required in every case, except when residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3 per acre. Duties—Six months residence in each of six years from date of homestead entry (including the time required to earn homestead patent) and 50 acres extra cultivation. The area of cultivation is subject to reduction in case of rough, scrubby or stony land after report by Homestead Inspector on application for patent.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price, $3 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth $300.
