inhalation of that substance. They give it as their opinion that "the inhalation of sulphuric ether is safe, while the inhalation of chloroform, either alone or mixed, is always attended with danger." As the jury was made up of prominent physicians and apothecaries, their opinion should have great weight.

Columbus, Ohio, is agitated over a question of color to the extent that the war cloud has quite departed from its sky. A colored gentleman and lady purchased tickets to the parquette of its Athenæum, on presentation of which the doorkeeper refused them admission, offering to return the money. The ticket had the usual notice that it was a simple personal license, revokable at the pleasure of the manager, but that didn't satisfy the purchaser. It is immaterial that he sought out the doorkeeper next day and knocked him down, and was fined $14 in consequence; but it is to the point that he also is to bring suit against the theatre management.

**Germany and Spain at Loggerheads—A Bishop Defies the German Emperor—The Virginius Question in Havana.**

LONDON, Dec. 3.

SERIOUS TROUBLE

between Germany and Spain is threatened on account of the seizure of German vessels at the Phillipine Islands.

ARCHBISHOP LEDOCHOWSKI

refuses to comply with the demand of the German Government for his resignation.

OCEAN COLLISIONS.

Admiral Javres has proposed to the French Assembly the establishment of an International tribunal for the purpose of investigating collisions between vessels on the high seas.

NEW YORK, Dec. 4.

THE VIRGINIUS.

Assurances are received from the Spanish Government that the authorities in Cuba will make no opposition to the terms of settlement of the Virginius affair.

There are rumors, not credited though, of further complications with Spain.

The excitement among the citizens of Havana is subsiding, and tranquility returning. The newspaper discussion of the situation is more moderate and reasonable in tone. The people are advised to await events calmly. The crisis is generally considered past.

### A Family Missing.

A woman and two children, formerly from up the river, but of late living in Boston, were visiting some friends in Carleton. On the 19th inst., in company with two children, a boy and girl, aged four and five respectively, left the house to make a call. She has not been seen since, except by Mr. Morrow of Fairville, at whose place she called and had a glass of ale and her supper. The woman had been sick for some time, and it is thought her mind may be affected in some measure. Sergt. Rider, of the police force, was yesterday afternoon engaged making inquiries, and has not got any further information than that gained from Mr. Morrow. She stated to him that she had missed the train, so the probability is that she has taken another train to Boston. No information has, however, been heard from her there, and her husband, who arrived in St. John since she left, knows nothing of her whereabouts. Some words dropped by her seem to point to intended suicide, but there is nothing to warrant this conclusion as yet.

*Steamer Linda* is ready to leave for Yarmouth on the first favorable opportunity, which will probably be to-morrow morning. This is the last trip for the season.

### SUFFERING AMONG THE POOR IN PATERSON, N. J.

**Incendiary Words and Acts.**

NEW YORK, Dec. 2.

A large number of workingmen who received tickets for work on the Paterson streets last Friday, were not set to work yesterday, because the Street Committee had not been able to provide tools for them. The workingmen believed that there were other reasons, and became anxious for a disturbance. A crowd of several hundred men marched through the streets, and between 6 and 7 o'clock threats were so frequent against William Crossman, who has charge of the city hose house, that it was deemed advisable to send a squad of policemen to protect him, the men alleging that he had plenty of tools, but would not give them out.

The crowd increased as it marched, and from time to time short speeches of an inflammatory nature were made from wagons and barrels. They went to the Falls, and about 150 men stood around in the cold. Then they tore down fences and the rustic stairways to make a fire. After hearing several speeches 400 men formed in line, four abreast, and walked to the Grand street cut, where 40 men employed by the city were at work. They tried to induce them to quit and join the procession, but they refused. The line was again formed and the men marched to the City Hall, and finding no one there to answer their questions, proceeded to the Mayor's office, where Mayor Townsend delivered a short address, explaining the delay in providing work for them. A number of the men cried out that they did not want more delay, they wanted work. After a great deal of loud talk the men dispersed.

The suffering among the poor continues, and the charitable are heavily taxed. Messrs. Hamil & Booth have determined to reopen their silk mills, and employ all their old hands. The Citizens' Relief Committee have adopted the Philadelphia plan and divided the city into districts, and much work has been done by committees, several subscriptions of $100 each having been received.

### An Explanation Wanted.

Mr. Dorion is at least candid. While his leader endeavored to convince the people of Lambton that the policy of the old Government was destructive to the best interests of the country, and that that of the new would be eminently in its interests. Mr. Dorion starts out with his exposition of the Ministerial policy, in the following words:—"In the main the general policy of the new Government is the same as that of the old." But the policy of the old was, as to every feature of it, opposed violently by the Opposition, and both Mr. Dorion and Mr. Mackenzie tell us that the policy in office of the gentlemen now occupying the Treasury Benches, is to be that which marked their course in opposition. We ask, how are we to reconcile all this? The Grit policy has been determined, unwavering and unexceptional opposition to that of the old Government; the Grit policy is to be the same in office that it was in opposition; and yet the policy of the new Government is to be, in the main, the same as that of the old! One becomes bewildered in the attempt to solve these Ministerial conundrums, and there is, therefore, nothing for it but to give it up. Will somebody explain?—*Montreal Gazette.*

Littell's Living Age,

A weekly magazine of sixty-four pages, *The Living Age* gives more than THREE AND A QUARTER THOUSAND double-column octavo pages of reading matter yearly, forming four large volumes. It presents in an inexpensive form, considering its great amount of matter, with freshness, owing to its weekly issue, and with a satisfactory completeness attempted by no other publication, the best Essays, Reviews, Criticisms, Tales, Poetry, Scientific, Biographical, Historical, and Political Information, from the entire body of Foreign Periodical Literature.

A NEW SERIES

Was begun Jan. 1, 1873, with entirely new Tales, already embracing Serial and Short Stories by distinguished English, French, German, and Russian authors; viz., Lord Lytton (Bulwer), Erckmann-Chatrian, Ivan Turguenieff, Miss Thackeray, Mrs. Oliphant, Fritz Reuter, Mrs. Parr (author of "Dorothy Fox"), Julia Kavanagh, &c.

During the coming year, as heretofore, the choicest serial and short stories by the Leading Foreign Authors will be given, together with an amount unapproached by any other periodical in the world, of the best literary and scientific matter of the day, from the pens of the above-named and other foremost Essayists, Scientists, Critics, Discoverers, and Editors, representing every department of knowledge and progress.

The importance of the LIVING AGE to every American reader, as the only complete as well as fresh compilation of a generally inaccessible but indispensable current literature,—indispensable because it embraces the productions of THE ABLEST LIVING WRITERS in all branches of Literature, Science, Art, and Politics,—is sufficiently indicated by the following

OPINIONS.

"Reproduces the best thoughts of the best minds of the civilized world, upon all topics of living interests."—Philadelphia Inquirer.

"In no other single publication can there be found so much of sterling literary excellence."—N. Y. Evening Post.

"The best of all our eclectic publications."—The Nation, New York.

"And the cheapest. A monthly that comes every week."—The Advance, Chicago.

"The ablest essays, the most entertaining stories, the finest poetry of the English language, are here gathered together."—Illinois State Journal.

"With it alone a reader may fairly keep up with all that is important in the literature, history, politics, and science of the day."—The Methodist, New York.

"In view of all the competitors in the field, I should certainly choose 'The Living Age.'"—Rev. Henry Ward Beecher.

"The best periodical in America."—Rev Dr. Cuyler.

"Has no equal in any country."—Phila. Press.

"Indispensable to every one who desires a thorough compendium of all that is admirable and noteworthy in the literary world."—Boston Post.

THE SUN.

Weekly, Semi-Weekly, and Daily.

THE WEEKLY SUN is too widely known to require any extended recommendation; but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more, are briefly as follows:

It is a first-rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first-rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first-rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first-rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country, and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to set up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only $1.00 a year. No discounts from this rate.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. $4.00 a year. A discount of 20 per cent. to clubs of 10 or over.

THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 130,000. All the news for 2 cents. Subscription price 50 cents a month, or $6.00 a year. To clubs of 10 or over, a discount of 20 per. cent.

But the reading-matter of the *Bazar* is uniformly of great excellence. The paper has acquired a wide popularity for the fireside enjoyment it affords.
