It is sold in bottles, with directions for use, price 2s. 6d. for each Bottle, at Wm. McMASTER'S Cabinet Warehouse, No. 156, Notre Dame Street.

GREAT ENGLISH REMEDY!!!—THE MOST VALUABLE SPRING AND SUMMER MEDICINE IN THE WORLD!

HALSEY'S FOREST WINE!
Patronized by the Nobility and Medical Faculty of England, and esteemed the most extraordinary Medicine of the Age.

MEDICINES containing Molasses or Liquorice, like the boasted Sarsaparillas, require many large bottles to produce the slightest change in health. The *Forest Wine* is altogether a different article. It contains no Syrups to give it a consistency, but acquires the excellent flavor and powerful medicinal qualities from the vegetable principles which it is composed. The *Forest Wine* combines the virtues of the

WILD CHERRY, DANDELION, YELLOW DOCK, and SARSAPARILLA

With other valuable Plants whose properties are still more powerful.

Its high concentration renders it one of the most efficient Medicines now in use. Less than a single bottle restores the lingering Patient from weakness, debility, and sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The *Forest Wine* is recommended, in the strongest terms, for all complaints of the

STOMACH, LIVER, KIDNEYS, NERVOUS DISORDERS, BILIOUS AFFECTIONS, DROPSY, DYSPEPSIA, LOSS OF APPETITE, JAUNDICE, FEMALE COMPLAINTS, SCROFULA, AND ALL DISORDERS ARISING FROM BAD BLOOD AND IMPURE HABIT OF THE SYSTEM.

SAVED FROM DEATH!!!

Testimony of MR. NATHAN MATHEWS, *a highly respectable and wealthy citizen of Newark, N. J.*

DR. G. W. HALSEY:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them, I laid at the point of death, with Dropsy, Piles, and Asthma. My Physicians had given me over as past cure, and my family had lost all hope of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first bottle of the Wine, and box of Pills, I experienced great relief; my body and limbs, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of my medicines for about a month, the Piles and Asthma were completely cured. The Dropsy, with which my life was placed in such great danger, was also nearly gone. I have continued the use of your Medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age.

I ascribe my recovery entirely to the use of your excellent Medicines. Several of my neighbors have also used them with similar success in obstinate complaints, and I can cheerfully recommend them to the public.

Yours, respectfully, N. MATHEWS.

Newark, Dec. 19, 1847.

GREAT CURE OF LIVER COMPLAINT OF TEN YEARS STANDING!

NEW YORK, Jan. 9, 1848.

DR. HALSEY—DEAR SIR;—Having taken your Forest Wine and Pills to remove a disease of the Liver, from which I have suffered severely for upwards of ten years; and, having adhered strictly to the directions which accompany the Medicines, I have recovered my health, to which I am adding flesh every day, from the use of the Wine and Pills. I had recourse to the best medical treatment, but continued to grow worse to an alarming degree. Some of my friends spoke deeply in praise of my case, and tried to persuade me from making use of any active used remedies; and, I doubt not, but what there are hundreds who are deluded from taking your excellent Medicines, in consequence of the deception and inefficiency of many advertised remedies put forth by unprincipled men, in flaming advertisements. But, what a pity it is that the deception used by such should be the means of disuading many laboring under disease, from making trial and being cured by your excellent remedies. Humanly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased fifteen pounds in weight, having taken one box of the Pills and two bottles of the Wine. Would to God that every poor sufferer would avail himself of the same remedies!

Yours, &c., JAMES WILSON.

Dr. David Marvin, celebrated Physician of New York, declared publicly, that one bottle of Halsey's Forest Wine contained more virtues than fifty of the large bottles of Sarsaparilla. Messrs. S. S. Lathrop & Co., the largest and most respectable Druggists in Syracuse, in a letter, says:—"From what they have heard and seen of Halsey's Forest Wine, it is an excellent and good medicine, and will, undoubtedly, become the leading Medicine of the day." Dr. Mott, of New York, also subscribes to the virtues of Halsey's Forest Wine, by recommending it to many of his Patients.

☞ Seven hundred Certificates from Physicians, Clergymen, and individuals of known respectability, have been given, testifying to the great cures made by "*Dr. Halsey's Forest Wine and Pills.*" Among them is the cure of Mr. John Syms, of 529 Pearl Street, New York, cured of Affection of the Liver and bad Cough, after having been given over by his Physicians, who pronounced his case seated Consumption. A child of Mr. William Bowers, Broadway, New York, who had been dreadfully afflicted with Scrotula, of four years standing, cured in less than six weeks time. Mary J. Brown, daughter of the Rev. James R. Brown, of Disease of the Heart and Incipient Consumption. Others of Jaundice, others of Piles, others of General Debility, others of Gravel, Female Complaints, &c., &c.

£100 REWARD.

WHEREAS some malicious person or persons have circulated a REPORT that SEVERAL HUNDRED CHESTS OF DAMAGED TEAS, had in their possession, and from the effects of salt water; whereas no such Teas, to my knowledge, have been purchased by me. I hereby offer a *REWARD of £100* to any person who will bring to conviction the author or authors of such a slander, as such report is false, malicious, unprincipled, and intended to injure my reputation.

It is well known that I and I alone have been the exclusive sole of the Old Cooper mixture of Teas in Lower Province, and, by my untiring exertions, has been placed in the proud position which it now holds, notwithstanding the immense amount of malicious opposition I had to encounter. It is also well known that I have never interfered with others; that I have never exposed the known fact of the utter impossibility of keeping Teas in a proper condition, where turpentine, codfish, oil, soap, molasses, snuffs, snuff, tobacco, &c., &c., are kept; but when my good name is so grossly and wantonly assailed, as in this case, I cannot overlook it, and have only to say, that should this calumnious slander be persisted in, the Public may have a list of the names of the purchasers of the Damaged Teas, above referred to, which is now in my possession, as I again repeat, so to shall sport with my hard-earned reputation with impunity.

Latest from Toronto.

The following opinion of the beneficial effects of the Plantagenet Water, is from the last number of the *British American Medical and Physical Journal*, edited by Dr. Hall. The Doctor recommends the employment of this water to the special attention of the Profession, both in Canada and the United States. Nothing further is required to ensure their general use by all classes of our citizens:—

Remedial means, or matters professing to be such, and depending for their employment upon the extensiveness of the circulation of laudatory advertisements, and the amount of money consequently paid by their proprietors for these, have at no time, since we undertook the management of a Journal intended solely for the advancement of medical science, found favor in our eyes. *We shall stay.* We have always adhered to the old maxim, "Ne sutor ultra crepidam." We have always thought, and are daily more convinced of the truthfulness and correctness of our opinion, that the works which are intended to practitioners be medical art, inasmuch as all men—aye, and all women—are unable to make themselves masters of the science of medicine; and it must be admitted, without a navel, that without a foundation there can be no superstructure. Not that we would dare to question the qualifications of all to become, perhaps, even scientific practitioners of the Healing Art—far from it; but seeing that different gifts have been assigned to different individuals, from the foundation of our world, and that one class is necessarily dependent upon another for its comfort and support—the rich and poor, the educated and illiterate, the professor of science and the simple mechanic—we hold, that the public should be directed, under God, in the minister to and preservation of health, by men who have been, and continue to give, the best energies of their mind to this particular study. It is under impressions of this kind that we direct the attention of our professional brethren to the advertisement of Mr. Lavergne on the cover. We have, as common with our medical friends in this city, taken occasion, from time to time, to prescribe the Plantagenet Water, derived from a spring on that gentleman's property, in the Ottawa District. Commendatory certificates from medical men, perfectly well known to us, have been published, recommending the use of the water, which we, in the special exercise of the profession both in Canada and the United States, Mr. Hunter analysis, as to its constituents, furnishes at once the key of its applicability and usefulness. We are informed that the proprietor has made arrangements for supplying, during the forthcoming season, the Plantagenet Water throughout the Province and the United States by the establishment of necessary depots and the appointment of proper agents.

These waters are to be had only from the Agent, A. MANN, at the Depot 4, *Place d'Armes*, also from Dr. Picault; Mr. Mercier, Quebec Hotel; Mr. Berlan, St. Paul Street; and at the principal Hotels in the City.

"DEATH'S DOOR."

How frequently do we hear this expression, which is meant to convey to the mind the last stage of sickness that a patient can be reduced to, and live. Mrs. Hoffman, a member of the Trinity Church, was, as she expresses herself, brought down to "Death's door," by Rheumatism and Nervous Headache, when, like an angel of mercy, *Radway's Ready Relief* relieved her of her severe pains, and restored her to her friends in perfect health.

The very instant Radway's Ready Relief is applied, its beneficial effects are experienced, it soothes, heals, cleanses and purifies; a mainstay always in pain, reduces inflammations and swellings, relieves the most severe Neuralgic pains, gives ease to Burns, Scalds, Sores, Eruptions, cured Rheumatism, Lumbago, Gout, Paralysis, Sprains, Strains, Spasms, Stiff Neck, Weakness in the Side and Back, Sores of all kinds, Gulls, Bruises, Chafes, Sore Throat, Influenza, Hoarseness, Coughs, Colds, &c.

TOOTH ACHE CURED IN ONE SECOND

This torturing affection can be cured in an instant, for the moment the Relief touches the nerve, the pain is mitigated. So with Tic Doloreux and Hemicranian, Neuralgia and Sick Headache—lathe the parts where the pain is most severe, and in a few minutes you will be entirely relieved. Taken internally it will arrest the most violent Spasms and Cramps, stop vomiting or too much purging; in all cases it will give strength for weakness, ease for pain, health for sickness. No Ready Relief is genuine unless signed by RADWAY & Co., 162, Fulton Street.

MOFFAT'S
Life Pills and Phœnix Bitters.

These Medicines have now been before the public for a period of FIFTEEN YEARS, and during that time have maintained a high character in almost every part of the globe for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

IN MANY THOUSANDS

of certificated instances, they have even rescued sufferers from the very verge of an untimely grave, after all the deceptive nostrums of the day had utterly failed; and to many thousands they have permanently secured that uniform enjoyment of health, without which life itself is but a mortal blessing. So great, indeed, has their efficacy invariably and infallibly proved, that it has appeared scarcely less than miraculous to those who were acquainted with the beautifully philosophical principles upon which they are compounded, and upon which they consequently act. It was to their manifest and sensible action in purifying the springs and channels of life, and enduing them with renewed tone and vigor, that they were indebted for their name.

Unlike the host of pernicious quackeries which boast of vegetable ingredients, the LIFE MEDICINES are purely and solely vegetable; and contain neither Mercury, nor Antimony, nor Arsenic, nor any other mineral, in any form whatever. They are entirely composed of extracts from rare and powerful plants, the virtues of which, though long known to several Indian tribes, and recently to some eminent pharmaceutical chemists, are altogether unknown to the ignorant pretenders to medical science; and were never before administered in so happily efficacious a combination.

The first operation is to loosen from the coats of the stomach and bowels the various impurities and crudities constantly settling round them; and to remove the hardened feces which collect in the convolutions of the small intestines. Other medicines only partially cleanse these, and leave such collected masses behind to produce habitual Costiveness, with all its train of evils, or sudden Diarrhœa with its imminent dangers. This fact is well known to all regular anatomists who examine the human bowels after death; and hence the prejudice of these well informed men against the quack medicines of the age. The second effect of the VEGETABLE LIFE MEDICINES is to cleanse the kidneys and the bladder; and, by this means, the liver and lungs. The healthful action of which entirely depends upon the regularity of the urinary organs. The blood, which takes its red color from the agency of the liver and lungs, before it passes into the heart, being thus purified by them, and nourished by food coming from a clean stomach, courses freely through the veins, renews every part of the system, and triumphantly mounts the banner of health in the blooming cheek.

The following are among the distressing variety of human diseases in which the VEGETABLE LIFE MEDICINES are well known to be infallible:

DYSPEPSIA, by thoroughly cleansing the first and second stomachs, and creating a flow of pure healthy bile, instead of the stale and acrid kind; FLATULENCY, *Loss of Appetite, Heartburn, Headache, Restlessness, Ill-temper, Anxiety, Languor, and Melancholy,* which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Costiveness, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels costive within two days.

Diarrhœa and Cholera, by removing the sharp acrid fluids by which these complaints are occasioned, and by promoting the lubricative secretion of the mucous membrane.

Fevers of all kinds, by restoring the blood to a regular circulation, through the process of perspiration in most cases, and the thorough solution of all intestinal obstruction in others.

The Life Medicines have been known to cure RHEUMATISM permanently in three weeks, and GOUT in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsies of all kinds, by freeing and strengthening the kidneys and bladder: they operate most delightfully on these important organs, and hence have ever been found a certain remedy for the worst cases of GRAVEL.

Also Worms, by dislodging from the turnings of the bowels the slimy matter to which these creatures adhere.

Asthma and Consumption, by relieving the air-vessels of the lungs from the mucous which even slight colds will occasion, and which, if not removed, becomes hardened, and produces these dreadful diseases.

Scurvy, Ulcers, and Inveterate Sores, by the perfect purity which these LIFE MEDICINES
