John L. Sullivan was master of ceremonies at a recent reception of the Crib club in Boston. Evening dress was the rule among the guests. The leading event was to be six rounds with soft gloves, under the Marquis of Queensbury's rules, between Bill Kilduff of Boston and Tim sullivan of Cambridge. In the second round Sullivan caught a terrible left-hander under the chin, and fell back over a chair. In the third round a right hander on the head knocked him senseless, and after sitting five minutes for him to recover, his seconds threw up the sponge.

One of Lady Florence Dixie's ancestors was the last Duke of Queensbury, so well known in the sporting world as "Old Q," who was a debauchee of the old school. What that is Burns explains:

Follies and crimes have stained the name,
Bub Queensbury, thine the virgin claim,
From aught that's good exempt.

This hero of the virgin claim died in 1810, at his house in Piccadilly, his couch strewn with scented moss from ballet girls. The Duke of Buccleugh got his title of Duke through th female line, and the male had to content himself with that of Marquis of Queensbury.

The Toronto contingent of the English lacrosse team are in hard practice in preparation for the trip. The gentleman who is to play goal put in his first half hour yesterday since 1875. A wicked spectator was inclined to be a little jocular at his expense, but really the gentleman handled his stick with almost all he grace and ease that he handles his pen. But when, after racing for the first time in eight years, he was asked to run a quarter of a mile in less than fifty seconds, it was a little too much. It was piling Pelion on Ossa, as the classical gentleman of a contemporary would say. Determined, however, to make naught of every difficulty, he essayed the laborious task, accomplished 3 0 yards in time that Myers and George would never think of doing the distance in, and, for the first time in his life, quit. But not a whit dismayed, as soon as he could recover breath he vowed he would never leave his posts, in other words, that he would play in every game.

"That Knocks Me Out."

DETROIT, April 23.—The young man Wm. Collins, injured while playing baseball at Big Rapids, has since died. He had made a second base, and was trying to steal a third, when the ball, thrown by a young man, struck him on the back of the neck. He appeared indifferent, and carelessly remarked "That knocks me out," and retired. Two or three minutes later he threw up his hands, reeled and fell. A physician was called, and the sufferer was conveyed to the Mercy hospital, where he lingered in a semi-conscious condition till he died.

Proposed Hard-Glove Fight Near Cornwall.

From the Cornwall Freeholder, April 20.

Messrs. J. W. Banfield and Henry Adams, two well known sports of Cornwall, met on the road the other day and, after exchanging some words which were anything but complimentary, decided to fight with hard gloves on Wednesday morning next. The fight will take place on Nigger Hill—near the creek, and the Marquis of Queensbury's rules will govern the contest. Mr John Purcell has been selected as stakeholder, and Mr. William Chisholm will second Banfield and John Hegin will act as second for Adams. The fight is for $1000 and the championship, and the ring will be pitched at 5 a.m.

The Dolphin Swimming Club.

The annual meeting of the Dolphin swimming club was held last evening in Mr. J. L. Rawbone's studio, Shaftesbury hall. There were only some twelve members present. J. B. Boddy was appointed chairman pro tem. Mr. M. F. Smith said that there was a deficit of $30 and paid $10 towards making it up, and at the same time hinted his intention to resign his position as secretary treasurer of the club on account of the difficulties that existed between him and Captain Andrews. From the appearance of the members and their looks of cold determination, it was easy to learn that their meeting together was not to be an amicable one, but one in which personalities would be largely indulged in. Letters of resignation were received from W. D. Andrews, managing director of the club, J. L. Rawbone; club captain, H. Robinson. Mr M. F. Smith then said that this was the time for the members of the club to decide whether Capt. Andrews or himself was laboring under a wrong impression during the late discussion, and accordingly read a packet of letters which appeared in the Globe and Mail on the question, also some editorials on the same affair, which, taken together, amount simply to nothing, all on the controversy, is of no interest to sporting men, but merely a personal struggle between Capt. Andrews and M. F. Smith, as to who is the best swimmer. The reading of this budget of bosh took so much time that the meeting had to adjourn until Wednesday without transacting any business.

Mrs. O'Hearn, River street, Toronto, uses Dr. Thomas' Eclectric Oil for her cows for cracked and sore teats; she thinks there is nothing like it. Holloway's Corn Cure destroys all kinds of corns and warts, root and branch.

To drop over the banged hair a fringe of delicate young carrots is just the thing to do.

Thomas Myers, Bracebridge, writes: "Dr. Thomas' Eclectric Oil is the best medicine I sell. It always gives satisfaction, and in cases of coughs, colds, sore throats, &c., immediate relief has been received by those who use it."

The cabbage rose for the bosom now gives place to the real cabbage plant.

Mr. Peter Vermet, Hochelaga, P.Q., writes: "Dr. Thomas' Eclectric Oil cured me of rheumatism after I tried many medicines to no purpose. It is a good medicine." Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can check a cough and heal bruised or broken skin with a bottle of Dr. Thomas' Eclectric Oil, costing only 25 cents.

The Reason Why.

At the renting of pews in a Chicago church the other evening, there was hot competition for pew No. 78, and the bids ran up to a large sum. It was finally knocked down to Brother B. "Why were you so anxious to get that particular seat?" he was asked by Bro. C. "Why? because it's just next to Bro. M.'s" he replied. "Well what of that?" returned the other. "Why rejoined Bro. B., "M.'s as bald as a jug, and he draws the flies from everybody around him. I made up my mind to get a pew near him this year, for if there's anything I hate it's to be pestered with flies when I'm—when I'm listening to a good sermon." Li Quor Tea is the leading article.

There is no difference between a well-mbed tramp and a well-trimmed lamp when a cyclone makes its appearance, for they both light out.

Medicated vapors applied by inhalation cure catarrh, bronchitis, consumption, &c., when all else has failed, by destroying those microscopic germs which cause those diseases. For full particulars apply to Dr. Malcolm 357 King street west, Toronto.
