Practical Business Education.

DAY and EVENING SESSIONS.

Eaton's Commercial College,

RITCHIE'S BUILDING, St. John, N.B.

OUR course of study is comprehensive, and adapted not only to such as have enjoyed the best educational advantages, but also to those whose education is deficient, from want or neglect of early opportunities or other causes. Those who desire to engage in Mercantile pursuits will receive that which is invaluable to them in the safety and despatch with which they will be able to conduct their own business or that of others. It gives the Mechanic an opportunity to take a front rank, by reason of superior ability to transact with correctness the business of his calling. To those engaging in Agricultural life it gives a practical knowledge and experience in business, which will enable them to meet the shrewd business man with confidence. And to that large class who are uncertain what course to pursue, it is not only the best stepping stone to lucrative and permanent business of their own, but also a ready means of commanding regular employment.

The journals throughout the country have editorials on the death of Horace Greeley, and all accord him high praise as a man and an editor. His funeral will take place on Tuesday, from Rev. Dr. Chapin's church, New York city.

The weather continues cold.

LONDON, Nov 29.

PARIS, Nov. 29.

The approval by the National Assembly of the resolution sustaining Thiers has quite an effect on the public mind. In the city the excitement for the past few days has abated, and tranquility prevails in all quarters.

ODGER IN HYDE PARK.

LONDON, Nov. 4.

An orderly meeting was held in Hyde Park yesterday. Odger and Bradlaugh were the principal speakers. A resolution condemning the Public Park Regulations Bill was adopted, and a petition asking for resignation of Commissioner Ayrton was ordered to be circulated.

DEATH OF A FEMALE SCIENTISTS.

Mrs. Mary Somerville, the celebrated mathematician and writer on astronomy, died yesterday.

FRENCH AFFAIRS—ANOTHER CRISIS.

The contest in the Assembly re-opened Saturday, and, after a heated debate, a resolution passed by 305 to 299 censuring the Minister of the Interior. LeFranc, the Minister censured, resigned immediately. A Cabinet Council was held yesterday and all the Ministers offered their resignations, but, excepting LeFranc's none were accepted. Thiers again intimates an intention to resign and once more there is a crisis.

LOSS OF LIFE.

The steamship Dalmatian has been wrecked in the Mediterranean and 35 lives lost.

AN INDIAN WAR.

NEW YORK, Nov. 2.

A severe fight took place near the mouth of the Lost River, Oregon, on the 28th of November, between Modoc Indians and a detachment of soldiers sent to remove them to the Reservation. Fifteen Indians, two citizens, and one soldier, were killed, and four soldiers were wounded. At last accounts fighting was going on.

SPEECH OF THIERS.

VERSAILLES, Nov. 30.

After a long and excited debate yesterday, the Assembly by a vote of 370 yeas, to 334 nays, approved the resolution proposed by Minister Dufaure. Before the close of the debate President Thiers eloquently addressed the House for an hour and a half. He acknowledged the Assembly's sovereign constituent power, condemned the Socialist doctrine, and impressively affirmed his belief in God. He declared that he remained faithful to the pact of Bordeaux, and explained that he belonged to no party. He admitted that he was personally in favor of a Constitutional Monarchy, but added, "The Monarchy is impossible, we have a Republic, let us make it Conservative." He denied any share in the political opinions of the Left, and closed with the declaration that the duty of the government was firmness, moderation and impartiality towards all parties.

Maps of the several localities, together with Plans and Specifications of the works, can be seen at *this office*, on and after *Friday, the 13th day of December next*, where printed forms of Tender will be furnished. A like class of information relative to the works north of Mariatt's Pond, may be obtained at the resident Engineer's Office, *Thorold*; and for works south of Allanburg, Plans, &c., may be seen at the resident Engineer's Office, *Welland*.

All Tenders must be made on the printed forms, and to each must be attached the actual signatures of two responsible and solvent persons, residents of the Dominion, willing to become sureties for the due fulfillment of the contract.
