# WAR GOVERNMENT SHOULD STEP DOWN

## Time to Re-establish Responsible Party, Says Mayor Church.

The resolution passed by the executive of the Central Conservative Association favoring "the traditional policy that has ever governed the actions of the Liberal-Conservative party in our Dominion," and pledging "loyal and active support to the standard-bearers of that party in the future," seems to meet with the approval of Mayor Church, who declares that "responsible government should be re-established in Canada at once. The Union government was formed for the war only, and the war is over, and there should be a general election.

"Under the party system the wartime franchise act was passed, and alien enemies and others who would not fight for Canada could not vote. If Canada was not good enough to fight for, then these people should be deprived of the franchise. Under the Union government system the wartime franchise act was repealed, and wartime profiteers flourished like a green bay tree, and a sleepy department of justice took holidays as well, and did nothing to stem the tide.

**Under Party System.**

"Under the party system the house of commons practically unanimously restored the municipal control of their own streets to the municipalities, which control was stolen from them in 1902. The Union cabinet lined up almost to a man for the corporations in the power company fight, and are lined up also for the corporations in the Long Sault Dam-St. Lawrence fight for public rights.

"They have done nothing to stem the tide of unrest and the high cost of living, and compel the war profiteers to surrender a part of their profits to help pay the war debt of the country.

"It is high time a Conservative convention was called. The leaders do not desire a convention, but the rank and file of the party do. Why should two or three men destroy a great party that has done so much for Canada? It is better to have the party system, as under it the government was responsible for the administration of the country's affairs.

**Against Rank and File.**

"I am sorry the Toronto Conservative leaders did not go on with the program for a provincial convention. I understand that one of the leading Ontario Union cabinet ministers came down from Ottawa and converted the Conservative leaders here into not having it, notwithstanding the fact that the rank and file desired one. The time has come to get together in an open party convention and go back to the party system. The Union government has outlived its usefulness, if it ever had any.

"The members from the Toronto district were elected to the Union government for the duration of the war, and if they vote to continue the Union government as a permanent party one or two of them should resign their seats and test public opinion.

**No Chance for Unionist.**

"In my opinion not one could be elected as a Unionist in the Toronto district today if a seat were opened, and when the by-elections are held the Union government will soon know that the country has lost faith in the Union government, if it ever had any in the so-called Union government, and the Conservative leaders in Ontario who led a great party are to blame for leading the Toronto district into Unionism.

"A general election should be held, and they should go back to the party system as soon as possible, so that the country would have responsible government restored. The Union government have been weighed in the balance and found wanting."

## CAR HITS WANDERING COW.

William Hollingshead and Thos. Jordan, farmer, appeared before Major Brunton yesterday in a case resulting from an encounter between a Chevrolet and a wandering cow. The plaintiff claimed that a cow belonging to Jordan ran into his Chevrolet on June 25 and damaged fender, radiator and bumper of the machine. It was alleged that Jordan promised to "foot the bill," but when an account for $26.50 was presented he failed to make good.

The court advised complainant that it was not a collecting agency and suggested the division court as a possible solution.

## RHEUMATISM CONQUERED

I say that I can conquer rheumatism with a simple home treatment, without electrical treatment, stringent diet, weakening baths, or in fact, any other of the usual treatments recommended for the cure of rheumatism.

Don't shut your eyes and say "impossible", but put me to the test.

**X-Ray of Rheumatic Hand**

You may have tried everything you ever heard of and have spent your money right and left. I say "well and good"; let me prove my claims without expense to you.

Let me send you without charge, a trial treatment of DELANO'S RHEUMATIC CONQUEROR. I am willing to take the chance and surely the test will tell.

So send me your name and the test treatment will be sent you at once. When I send you this, I will write you more fully, and will show you that my treatment is not only for banishing rheumatism, but should also cleanse the system of Uric Acid and give great benefit in kidney trouble and help the general health.

This special offer will not be held open indefinitely. It will be necessary for you to make your application quickly. As soon as this discovery becomes better known, I shall cease sending free treatments and shall then charge a price for this discovery which will be in proportion to its great value. So take advantage of this offer before it is too late. Remember the test costs you absolutely nothing. F. H. Delano, 271-C, Delano Bldg., Syracuse, N.Y.

NOTE: Orders for Delano's Rheumatic Conqueror will be filled from their Canadian Laboratories without delay.

## A COMPARISON OF COSTS

That's the point—we are all interested in the cost.

When we look back on the old way of doing repairs and the cost of same—then compare them with our way of doing repairs—why, we are doing our share to keep down the high cost of living. Just phone us and we will explain our rates, or better still, give us a trial order. Distance is not considered in our charge at all.

# GERMAN DRUG AGENTS GET BUSY IN CANADA

German agents are already at work trying to flood the Canadian markets with drugs and chemical products. The movement of these agents in the States has been very strong of late and is growing in strength day by day in Canada. Mr. Noble of Lyman Bros. does not think that importations will be allowed if they are at such low prices as to endanger the chemical industry that has thriven to some little extent during the war. He sees no prospects for lower drug prices in sight and even thinks that those now prevailing may give place to higher ones.

**Depends on Germany.**

Aspirin and carbolic acid, the latter not now being used for explosive manufacture, are likely to remain at their present level and there is a very small prospect of direct potash salts remaining constant in price or perhaps going slightly lower. The prospects of German importations will largely determine this, however.

The details of German export trade will largely control future prices, but the reply from all quarters interviewed would uphold the contention that prices will be high for eighteen months or two years to come.

# EGG-LAYING PULLET MUST TAKE BACK SEAT

The alleged laying record for pullets, claimed by Winnifred Wellington of Brantford, Sask., is easily beaten by five birds belonging to Mrs. E. J. Irving, 901 Lansdowne avenue, Toronto, who writes as follows:

"Under the heading 'Claims Laying Record,' in your esteemed journal of today's date, Winnifred Wallington, Wilsonville, claims as a record, pullets hatched February 3, laid on July 19. I have here in my back-yard five white wyandottes, incubator hatched, February 22, one of which laid on Sunday July 20, and I have had one or two eggs from them each day since, today three of them laid. This beats the record claimed by Miss or Mrs. Wallington by quite a respectable margin, as my birds are eighteen days younger than hers, and only one day's difference in the laying of first egg."

# ELECTRIC HEATING CO. IN LIQUIDATION

Justice Kelly yesterday granted an order winding up the Electric, Oil and Gas Heating Co., on the petition of Somers Bros., landlords and creditors, to the extent of $272.80. N. L. Martin appeared as interim liquidator with a reference to J. A. C. Cameron, official referee.

The company was incorporated on July 20, 1918, with a nominal capital stock of $100,000, of which $31,700 was paid up. After carrying on business for less than a year it assigned for the benefit of its creditors on July 4, 1919. The company's liabilities amount to $5,238.56.

# CONCILIATORS HEAR MINOR DIFFERENCES

## T. S. R. Men Want Complaints in Writing—Foremen to Retain Membership.

The conciliation board, with Judge Barron as chairman, yesterday again went over the clauses in the proposed agreement between the Toronto Railway Company and the city, and will today meet to give their decisions on the various points. The main differences have already been adjudicated—those as to wages and hours—but some other details which the men regard as of some importance await decision.

Towards the close of the sitting yesterday, the question of complaints was under consideration, a clause which the men submitted asking that all complaints against any employe must be in writing over the signature of complainant, and also that no detrimental entry shall be made upon an employe's record unless he is given a chance to clear himself within 48 hours of receipt of complaint.

**Chance to Explain.**

John McCulloch, superintendent of transportation, said any complaint or fault-finding was always brought to the man's notice. No black mark of any kind was recorded against him without giving him an opportunity of answering or explaining any charge.

Judge Barron considered it would be a great hardship to bring anything against a man that he did not know about.

F. L. Hubbard, assistant general manager of the Toronto Railway Company, thought the clause was making a mountain out of a molehill.

**Anonymous Letters.**

There was also some talk about anonymous letters of complaint, and an exchange of views as to the way these should be considered. Mr. Hubbard questioned if there would be more than two anonymous letters of complaint in a year.

The right of foremen to retain their membership in the union was admitted to be their prerogative, tho the company would not encourage it. "If the men go out on strike, how can the head of the department be retained to look after things?" asked Mr. Hubbard.

"Now, be fair. We expressly said that foremen should stay on duty in this last strike," said A. Conn.

"Yes, but what mighmt happen next time?" asked Judge Barron, who suggested that foremen should be allowed to retain their insurance in the union.

# PROMINENT MASON CALLED BY DEATH

The death is announced of George M. Reynolds, age 51 years, at the home of his son-in-law, 123 Geoffrey street. The deceased gentleman was a prominent mason and a leading worker in the Navy League of Canada. Mr. Reynolds was born in Plattsville, came to Toronto 32 years ago, and for 14 years had been a manufacturer of paints and oils, having his place of business on Macdonell avenue. Mr. Reynolds was a member of King Solomon Lodge, the Blue Shrine, and a past patron of Queen City Chapter, Eastern Star. He was an active worker in connection with tag days held by the Navy League. He attended Howard Park Avenue Methodist Church. Surviving are three sisters, Mrs. James Ramsay, Edmonton, Mrs. Robert Falconer, 51 High Park boulevard, and Mrs. Elizabeth Kirk, Pasadena, California.

# TIMBER LIMITS FETCH PHENOMENAL PRICES

The minister of lands, forests and mines, Hon. G. Howard Ferguson, has just returned from northern Ontario, and states that the timber limits sold recently brought the highest prices ever received.

"They were situated along in northern shores of the great lakes. One berth brought the high price of $22.50 per 1000 feet on the stump, while several brought $20 per 1000 feet on the stump," said Mr. Ferguson, who further stated with regard to the strike among the miners in the Cobalt region that unless operation on the electric railway in the Cobalt mining district stops, the department of mines will likely take no action at present. In case it does stop, the department will immediately have a steam road suburban service operated for the convenience of the residents.

# ONE BIG BLAZE RAISES JUNE FIRE LOSSES

There is recorded a slight increase in Ontario fire losses for the month of June of $66,309 over the same month of last year, according to the report of Fire Marshal Heaton. It is due to one fire at Braeside, which amounted to $400,000. Other than this, there is an appreciable decrease in the number of fires and in the insurable and uninsurable losses. In June of 1918 there were 930 fires, and in June of this year 834, a decrease of nearly 100.

The total loss for June, 1918, was $997,649, and this year $1,063,958. The loss covered by insurance in June of this year was $691,650, and the corresponding month of last year $633,760, while the loss not insured this June was $372,308, and $363,889 in June, 1918.

## To Banish Wrinkles and Freshen Up Quickly

After a strenuous day outdoors, when winds, heat and exhaustion have combined to take away one's freshness and caused the skin to winkle and sag—or after a tedious or fretful day indoors—one often has urgent need for some quick rejuvenator. Maybe there's a dance on for the evening, or some other social event. How in the world can one make herself presentable, looking as she does? It's quite easy.

Just get an ounce of powdered saxolite and a half-pint witch hazel at the nearest drug store, mix the two and bathe the face in the solution for two or three minutes. Then look into your mirror and behold the wonderful transformation! Wrinkles have vanished, loose, tired muscles have been rested and "firmed up," marks of fatigue have flown, and you look so much brighter nad younger you can hardly believe your eyes. No one need hesitate to try this, the witch hazel and saxolite being so perfectly harmless.

# NEW CREDIT RECORD IN SALES CLUB RACE

## Several Members Make Excellent Showing as End of Extra Credit Offer Draws Near—Wednesday Big Day.

Several members of the "Salesmanship Club" prize race crossed the hundred-thousand mark in today's list, which shows that everyone is speeding up as the end of the extra credit offer draws near.

Nine new members entered the competition yesterday, most of whom started right off with several thousand credits. Several of those already entered started an active campaign by moving away from the 5000 mark. All of which shows that everyone is realizing that the time for action has come, and that a big opportunity is afforded those who exert extra effort while the big offer is on.

**Extra Offer Ends Wednesday**

Every new subscription for any length of time from three months to two years turned in to the office of the "Salesmanship Club" department before 11 p.m. Wednesday, July 30, or any mailed so as to show postmark prior to that time will count on the offer. Every combination of new subscriptions that totals thirty-six months earns 60,000 credits in addition to the regular number allowed on each subscription.

The two members (one of whom must be in the city of Toronto and one outside of the city of Toronto) who earn the most credits from the start of the campaign up to 11 p.m. July 30 will be given $500 each in cash as an extra award for good work during the first period of the campaign.
