THE HOME

vast amount of human misery endured by thousands of men and women, who are never really well. Headache, sickness, nervous depression, dislike of food, sinking sensations, with distressing dizziness and weakness, make life a daily misery to such sufferers. And the cause is indigestion — a stomach that starves the body, because it cannot digest sufficient food to keep it well, and leaves the mind weak, irritable, depressed. To such unhappy ones Mother Seigel's Syrup brings a message of hope, brings the ready help to health, brings the quiet, strong sense of confidence which only health can give—health re-made and regained, through sound digestion. Take it daily after meals.

Price 60c. a bottle. Sold everywhere. A. J. White & Co. Ltd., Montreal. 19-08

MOTHER SEIGEL'S SYRUP

ANALYTICAL CHEMIST TELLS OF PATENT MEDICINES

A chemist in organic chemistry, who has made a study of many of the best-known patent medicines on the market, states that many have virtue, but as a rule people have to pay for a lot of unnecessary expense. The following is the recipe of a well-known secret preparation, and is known by authority to be one of the best stomach and liver tonics. It is prescribed by many of the best physicians.

This mixture cures constipation and biliousness. The recipe:—

Fluid Extract Cascara	½ oz.
Syrup Rhubarb	1 oz.
Carriana Compound	1 oz.
Compound Syrup Sarsaparilla	5 oz.

Take a teaspoonful after each meal and at bedtime.

An eminent authority, who has made a careful and scientific study of the relative values of drugs having a specific action on the kidneys, bladder, and liver, pronounces this an excellent combination.

You can buy the ingredients separately and mix at home.

Cut this formula out and save it.

Sealed Tenders addressed to the undersigned, and endorsed 'Tender for Cape Bald Breakwater, N. B.' will be received at this office until 4.30 P. M. on Wednesday, February 17, 1909, for the construction of a Breakwater at Cape Bald, Westmorland County, N. B., according to a plan and specification to be seen at the offices of E. T. P. Shewen, Esq., Resident Engineer, St. John; N. E. Geoffrey Stead, Esq., Resident Engineer, Chatham, N. B., on application to the Postmaster at Cape Bald, N. B. and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the printed form supplied and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank, payable to the oder of the Honourable the Minister of Public Works, for three thousand, six hundred dollars ($3,600.00), must accompany each tender. The cheque will be forfeited if the person tendering decline the contract when call to complete the work contracted for, and will be returned in case of non-acceptance of tender.

The Department does not bind itself to accept the lowest or any tender.

By order,

NAPOLEON TESSIER
Secretary

Department of Public Works,
Ottawa, January 16, 1909

SMITH LAKE RESERVE

The up-town calamity howler is still at it. In the last issue it states that Smith Lake must inevitably be abandoned, as the water therefrom is such that residents can hardly use it.

What are the facts. On Saturday it was found that the water in the reservoir was very low and the outlet from Smith Lake, where some millions of gallons of water was stored, was opened, and left open until Monday. The flow from this reservoir was very great, and filled up the reservoir until it ran over the spillway. Such a quantity of water flowed down the brook to the reservoir that it carried a small quantity of foreign matter which caused a slight discoloration to appear in the water on Monday, just such as would appear after a heavy rain, but this had entirely disappeared by Tuesday and now the water is as pure and sweet as it ever was.

If the town had not this Smith Lake reserve to fall back on at the present time the pressure on the mains would be very low, as only the natural flow of the stream would be available at this season owing to the continued cold weather, it is very little.

For the past six weeks water from Smith Lake reserve has been regularly used, but only a small quantity has been allowed to flow out at a time.

The Tribune is always ready to criticise because it has a grievance, and the editor is no doubt a very clever man, but let him endeavor to make a suggestion or two which would without great cost, give the town as efficient a water supply as that enjoyed today.

We believe that Campbellton has in the Smith Lake a most valuable property, and that no mistake was made in purchasing this.

We do not notice the Tribune raising its hands in holy horror because a certain gentleman has built a stable at the side of the brook, and that the said party has lately used a horse or horses about the brook, and had men engaged building or repairing a dam. All these circumstances no doubt had something to do with the slight contamination noticed in the town water on Monday. Hereafter the town officials will see to it that the brook is not interfered with.

Five hundred school children in Texas have signed a petition asking the President not to kill any wild animals in Africa.

Investors are being admonished against excessive confidence in the prospectuses of aerial navigation companies. To lose money in the air is no more sadis factory than to sink it in a hole in the ground.

The value of the agricultural products of the United States during the last year was two billion dollars more than all the gold in circulation and in vault in all the nations of the earth. These should be pondered by those who think balances of trade are settled in gold.

It is surprising how our ideas of the relations of latitude and temperature are being upset by the exploration of Northern Canada. We have before us a picture showing a strawberry and raspberry garden at Fort Providence on Mackenzie river within the Arctic circle.

Nine executions are reported as having taken place in St. Petersburg one day last week, while 13 death sentences were passed. One of the prisoners condemned to death at Kieff escaped from prison as he was on the point of being driven to the place of execution. Although in chains the man ran over half a mile before he was overtaken and recaptured. He was subsequently hanged.

The Tory Opposition at Ottawa has floundered badly once more. The leader of the party whined the other day about 'bribing' of constituencies and had just finished telling what an obnoxious thing he thought it was when he was reminded that his party tried to bribe whole provinces in the last general election. They attempted to bring the entire province of British Columbia under the Tory banner by base appeals, lying statements, false promises and bogus telegrams. And, while descending to such nefarious tricks in the extreme West, that peripatetic politician, Mr. Foster, during his sojourn in the 'Garden of the Gulf,' boldly promised to provide a tunnel between the Island and the mainland, if his party were placed in power. Other instances have been quoted showing the utter hollowness and hypocrisy of Tory outcries against promises of public works on the eve of an election.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things finally come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says "Put it on the label, if poisons are in your Cough Mixture." Good! Very good!! Hereafter for this very reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison marks there! You can always be on the safe side by demanding

Dr. Shoop's Cough Cure
"ALL DEALERS"

George Eliot received $40,000 for 'Middlemarch.' This is believed to be the highest price ever paid to a woman for a single work.

The open ship is the anti-union declaration of lake vessel owners. There is no danger of a spring tie-up as yet but the unions are strong and aggressive.

Halifax has formed a Moral and Social Reform Council. One of its purposes will be to promote the cause of total abstinence, and so prevent Blue Noses from turning red.

Seven hundred thousand dollars' worth of automobiles were burned in Boston the other day, which is part compensation for having to dodge fully $150,000 worth of their kind every day last summer.

CATARRH CANNOT BE CURED with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials.

POINTED PARAGRAPHS

A man is generally true to his first love—himself.

A spoonful of success is better than a gallon of failure.

There isn't much fun in gambling if you can afford to lose.

The less a man knows about the affairs of women the wiser he is.

A girl is always in love. She's on with the new before the olds is entirely off.

How many people do you know—including yourself—who can repeat the ten commandments.

A bank employe says a $10 bill lasts ten or twelve years. He must be living with his wife's folks.

What a splendid thing it would be if people who lose their tempers were unable to find them again.

After a man has finally landed a government job he begins to kick because it is not more remunerative.

And the average small boy dislikes to part his hair almost as much as a man dislikes to part with his.

Foreign titles come high—and a good many American heiresses have discovered that they were not worth the price.

Every man should be a hero at least once during his career for the sake of his prospective grandchildren, if for no other reason.

IS YOUR THROAT HUSKY?

This is the first step towards Catarrh. Everything depends on your remedy. A cough mixture slips quickly over the weak spots, drops into the stomach and does little but harm digestion. It's altogether different with Catarrhozone—it cures because it gets right at the trouble. You inhale Catarrhozone, breathe in the vapor of healing balsams that strengthen and restore the weak throat tissues. You'll not have colds, or coughs,—Throat Trouble and Catarrh will disappear with the use of Catarrhozone. At all dealers, 25c. and $1.00. Get it today.

BANK CLERK HAD NO FUNDS THERE

Young Man Arrested Charged With Passing Worthless Check

HALIFAX, Jan. 27—There arrived on yesterday morning's Halifax express a young man who just previous to his having quitted the citadel city was arrested for having attempted to pass a worthless check. He wasted no time within the city, but proceeded at once to his destination.

Thursday morning the young man in question, who is a bank clerk, entered a store in Halifax and purchased a number of articles to the value of eight dollars. In payment therefor he presented a good sized check drawn on a bank in Western Canada and received the balance in cash.

Later in the day a wire came from the bank stating that there were no funds to the credit of the young man. The police were immediately put on the trail and his arrest followed.

The delinquent was able after much entreaty to persuade the victimized storekeeper to prefer no charge against him. Later he was allowed to go free.

The clerk stated that he had no intention of committing any wrong, and that he thought he had funds in the bank to cover the amount of the check. His only explanation was that his account must have been overdrawn. It has not been ascertained whether he ever had an account at the bank.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price $3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price $3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth $300.00.
