Unlined Odd Coats
$1.00 to $4.00

FOR BOYS
Washing Blouses
35c to $1.00
Boys' Duck Pants
50c and 60c
Unlined Summer Coats
65c to $1.50
Odd Knee Pants
25c to $1.50

These prices merely hint at the feast of bargains in Summer Clothing. You are welcome to the store, walk around, ask questions, examine the goods. Courteous clerks will cheerfully answer your questions.

These garments are all our own manufacture and our guarantee is back of every sale.

OAK HALL CLOTHIERS, 115 to 121 KING ST. E. OPP. THE CATHEDRAL.

EXCESSIVE FREIGHT RATES.

Canadian Shippers Severely Handicapped in the Export Cattle Trade.

Mr. G. S. Macdonald of Montreal, the railway freight expert, had a letter in the last number of The Weekly Sun, pointing out the disadvantages under which Canadian cattle exporters labor, compared with their competitors in the United States and Argentina. As will be seen from the facts cited by Mr. Macdonald, the Canadian shipper is handicapped more by reason of excessive freight rates than from cost of production or any other cause. Mr. Macdonald's letter will be of interest to the cattle producers and shippers of Canada. We reproduce it below:

"Mr. Johnston prescribes improving of stock to remedy the ills we suffer from the competition of Argentina. This familiar recommendation, however, hardly gets down to the root of the trouble. So far as I can discover the main features of the situation are: 1. As Mr. Johnston states, the herds on the estancios are being constantly improved with pedigreed blood; 2. Argentina exports to other parts of South America, to the Antilles, Africa and Europe, but England is the only country whose imports of River Plate cattle show an unbroken record of expansion; 3, for the past five years the percentage of increase in export animals to Britain has been under twenty, under forty and over seventy-five for Canada, United States and Argentina respectively; 4. there is no evidence in support of the common opinion that Argentines, as a rule, deteriorate on the voyage; 5, it is a frequent, and will soon be the general, practice in Argentina to dehorn and stall-finish animals destined for the British market. (Mr. Frankland not being up-to-date in describing the export grade of Argentines as "wild cattle"); 6, for the two years previous to the middle of 1896 the average difference in price of Canadians and Argentines was about one-half cent per pound in favor of the former, and during the last eighteen months the fraction has dwindled towards a quarter; 7, the average ratio of difference in prices of production, transport and sales is, I believe, closely approximated in the following table:

Estimated Difference for 1897 between Canada, United States and the Plate (Uruguay and Argentina), in prices of production, transport and sale of cattle, per head of 1500 lbs. exported to Great Britain.

	Cost of Raising	Price Paid Producer	Distance (Miles)		Time (Days)	Transport Charges*	Sale Price Britain**	Producers' x Profit or —Loss	Shippers' x Profit or —Loss
Canada	$22.00	$17.75	Rail	947	3825	15	$26.00	$72.35	x$25.75	—$1.40
			Ocean	2878					
United States	18.00	58.50	Rail	1340	4296	17½	20.00	77.94	x 49.50	— .56
			Ocean	2996					
The Plate	14.00	34.00	Rail	200	7300	30	32.00	68.90	x 20.00	—x 2.90
			Ocean	7000					

*Harbor fees, feed, insurance and sell ing commission included.
**The figures under this head refer to net weight, which is 53 per cent. of the gross weight of Canadian and Plate cattle and 54½ of United States cattle. The average prices taken are $10.50, $11 and $10 per 100 lbs. net for Canadian, United States and Plate animals respectively.

"I would say the inference from the above is that we are at present handicapped in the race with the States and the Plate more by cost of carriage than by the quality of our cattle. Mr. Johnston's counsel to improve the quality of our products is good always and everywhere; but followed ever so faithfully it will not add to the number of beeves forwarded to Britain so long as Canada is mulcted in rates of transport relatively or absolutely much above those paid by our rivals. The remedy is in legislation.

G. S. Macdonald.

Montreal, May 27, 1898.

VISITOR FROM VANCOUVER.

Mr. Thompson's Piteous Tale of Crow's Nest Pass Laborers and Idleness at Vancouver.

Mr. Charles Thompson, who has been on an extended tour to the Pacific coast, returned to Toronto last Thursday. On his way home he came into contact with some of the men who were employed on the Crow's Nest Railway. Mr. Thompson says: "I am only sorry that I did not take a day to investigate the stories of the men, who said they had to work hard all winter, and were even now in debt to the contractor and left without a cent in their pockets, hundreds of miles from home. The men had not even railway fares and were beating their way as best they could, like tramps."

Mr. Thompson states that business in Vancouver is very good, although there are a great many men out of employment owing to the fact that hundreds have gone there and overflooded the market. Among the strangers there are many from Europe, including England, Germany and other Continental countries. It is just as hard to get a situation in Vancouver as in Toronto, although there is more scope for business ventures.

Mr. Thompson intends to go back to Vancouver shortly. He has already established a commission office there, on Cordova-street.

G.N.W. Central Bill Passed.

Ottawa, Ont., June 4.—The Railway Committee sat again this morning and passed the Great Northwest Central Railway bill, which the French members so earnestly desired to kill. On the suggestion of Mr. Blair, an amendment was made to a clause protecting the interest of the present bondholders.

Fashion's Followers.

The wheel of fashion never rests. There's always something new to note in the realm of styles, and it's the case with gentlemen's garments quite as notably as amongst her ladyship's." Henry A. Taylor, draper, the Rossin Block, is showing ideal designs in outing, golfing and wheeling suits that are distinctly characteristic of this noted drapery.

TRANSFER OF PREACHERS.

A Very Radical Change Proposed by Rev. N. McDiarmid.

Proposal is to Stop the Transfer of Ministers From One Conference to Another—A Central Stationing Committee to Be Chosen for Each Conference, With Equal Numbers of Ministers and Laymen.

Lindsay, Ont., June 4.—In the Conference this morning Rev. N. A. McDiarmid read a very radical measure, intended to do away with the present system of transfers from one Conference to another. The Conference was very much interested in the motion and made the consideration thereof the first order of business for Monday morning. The laymen of the church will doubtless view with satisfaction the proposal to give them equal rights in stationing ministers, which has long been denied them. The following is the proposal:

Moved by Rev. N. A. McDiarmid, seconded by Rev. S. T. Bartlett:

That this Conference memorialize the General Conference to pass legislation to the following effect:

1. That the pastoral term of a minister on each circuit or mission be four years; such legislation, however, not to prohibit the right, as now enjoyed, of each minister to change his location any year of such term.

2. That the Stationing Committee of each annual Conference, as at present constituted, shall station any minister whom it may be found desirable to move at the end of any year of such term.

3. That the Stationing Committee of the annual Conference shall not meet in the year following the regular sessions of the General Conference, but that, in place or stead thereof, the annual Conference shall be divided, for stationing purposes, into three groups: (a) the Maritime Provinces, (b) Ontario and Quebec, (c) Manitoba, the Northwest Territories and British Columbia.

4. That a central Stationing Committee be authorized and provided for each group, which committee shall be composed of equal numbers of ministers and laymen, who shall be elected by ballot in general session by the annual Conferences within each group, at the session next preceding the regular session of the General Conference, on a basis of representation of one minister and one layman for each 50 ministers in full connection with the active work of each Conference, but in no case shall there be more than eight representatives from each annual Conference.

5. That the Central Stationing Committee shall meet in the month of May, not less than eight days before the meeting of any of the annual Conferences within such group, and shall station all ministers and probationers within such group, and shall report in writing to the presiding officer of each annual Conference the result of their labors, not later than the first day of the session of the annual Conference first in session assembled.

6. The report of the Central Stationing Committee shall be final and shall in no case be modified, set aside, altered or amended in any way, either by themselves or by any Conference, or officer or committee thereof, or by any court of the church, and after giving its report, as aforesaid, the committee shall cease to exist.

7. If, however, any minister shall not at the time of meeting of the said committee have been in charge of a circuit or a mission for a term of four years, and the said committee does not move him therefrom, then it shall be the duty of the annual Conference Stationing Committee to move him to another circuit or mission, when he has remained on the same circuit or mission for the full term of four years.

8. That each Conference shall pay the expenses of its own delegates to the Central Stationing Committee out of its contingent fund.

9. That this legislation shall not apply to the Japan Conference.

HAMILTON CONFERENCE.

Proposal Made to Wipe Out the Debt of Alma College.

Guelph, June 5.—When the Hamilton Conference re-assembled on Saturday morning a communication was received from the secretary of the W. C. T. U., conveying to the members the greetings of that body.

Rev. Prof. Warner of Alma College, St. Thomas, then read his annual report, which indicated that that institution was in a flourishing condition and doing excellent work, but was oppressed with a floating debt of $15,000. The people of St. Thomas, he said, had volunteered to clear off $10,000 of this if the Conference raised the other $5000. When the report had been read Rev. Dr. Williamson explained more fully how the debt had been contracted, and said that Hamilton Conference ought to raise $2000; and London Conference, in whose bounds the college was, should make up the other $3000. On motion, Dr. Williamson was appointed to make an appeal, which he did, and succeeded in getting $1100 during the morning. The appeal was then postponed until Monday. In the afternoon the members of the Conference visited the Agricultural College, and were hospitably entertained.

The ordination service took place this morning at Norfolk-street Church, and eight candidates were admitted to the ministry.

The various Methodist, Baptist, Presbyterian and Congregational pulpits were filled during the morning and evening by ministerial members of Conference.

Interesting Closing Exercises.

The annual sermon in connection with the closing exercises of Moulton Ladies' College was preached yesterday morning in Bloor-street Baptist Church by Rev. W. W. Weeks, to the fair young students, their instructors and a substantial congregation. The pastor of the church read the lesson and Chancellor Wallace led in prayer. In Phil. iii., 10—17, Mr. Weeks found data with which he eloquently expressed the ideal Christian life. To be a Christian is to see everything through Christ's eyes, to hear everything with His ears. Christians should get out of their selfishness and seek to attain His compassion and love. This evening and also to-morrow evening public exercises will be held in Guild Hall, McGill-street. On Tuesday evening prizes and diplomas will be presented. The alumnae will meet at the college on Wednesday evening, at which members and invited guests will be present.

The 48th Scores on Saturday.

Following are the scores of the 48th Highlanders:

No. 1 team—Major Macdonald 82, Major Orchard 85, Pte. McVittie 88, Pte. Davidson 82, Corp. Kerr 89, Pte. McLaren 77, Sergt. Graham 84, Sergt. Dewar 80, Pte. McNabb 85, Sergt. Mishaw 83; total 835.

No. 2 team—Major Henderson 70, Capt. Currie 73, Pte. Hutchison 86, Corp. Smith 83, Pte. Feegan 80, Corp. Lockhart 75, Bandman Woodruff 71, Sergt. Merry 69, Corp. Elliott 88, Corp. Shand 71; total 775.

No. 3 team—680.
No. 4 team—575.
No. 5 team—534.
No. 6 team—824.
No. 7 team—669.

TORONTO'S NEW PASTOR.

Rev. Mr. Routliffe Opens His Ministry in Western Congregational Church.

After 10 months' vacancy, the pulpit at Western Congregational Church has now a permanent preacher. Rev. Charles Routliffe, introducing his initial utterance yesterday morning, referred briefly to the invitation and the circumstances of his acceptance. With the co-operation of his congregation, Mr. Routliffe has great hopes of a successful pastorate. He is an effective evtempore preacher and aims chiefly to declare Christ and Him crucified. Mr. Routliffe, in the morning, gave a broad and generous discourse on the relationship of the various Christian denominations. He declared that there was a unity of purpose amid diversified operations. The "Coming of the Kingdom" took up his attention in the evening. "Notwithstanding," said he, "there are at present wars and rumors of wars, and evil is manifest, a wonderful progress exists." A reception will be tendered the new pastor by the congregation this evening. All were delighted with the simple earnestness of his style and the cordiality of his greeting yesterday.

Rheumatism Cured in 4 Hours.

Mr. R. H. West, Water street, Vancouver, B.C., writes: I had been troubled with a very painful attack of rheumatism in my right shoulder for four days and could not use my arm. A friend procured a bottle of Griffith's Menthol Liniment, and with two applications, in less than four hours time the pain and stiffness disappeared so that I could use my arm as well as ever. It is truly a wonderful liniment, as I have not had the slightest sign of rheumatism returning. Griffith's Menthol Liniment penetrates through the joints, relieving pains and aches, and reducing the swelling quicker and more permanently than any remedy previously discovered. Sold by all druggists, 25 cents.

They Are Carefully Prepared.—Pills which dissipate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome costiveness the medicine administered must influence the action of these canals. Parmelee's Vegetable Pills are so made, under the supervision of experts, that the substances in them intended to operate on the intestines are retarded in action until they pass through the stomach to the bowels.

HE CANNOT BE IDENTIFIED.

A Stranger's Mysterious Death at Grimsby.

Hamilton Pays High Figure for Electric Lighting—Good Argument for the City Acquiring a Plant—Measures Taken to Secure a Grain Elevator—Hamilton News.

Hamilton, June 5.—(Special.)—Coroner Comfort and a jury of Grimsby residents have a mystery to unravel. Early yesterday morning a stranger was found lying insensible in a lane on Mr. Samuel Anderson's farm near Grimsby. By his side were some bananas, a bottle of liquor and a bottle, half-filled with morphine. As the man could not be roused, Drs. Millward and Alexander were called and they worked with him a long time, using the stomach pump, but at noon they found the case a hopeless one. About 2.30 in the afternoon the unknown died.

No one in Grimsby could identify deceased. It appeared that the stranger came to Grimsby on Friday and that evening had a portion of his beard shaved. He would not tell his name and said he had no particular home, but said he was anxious to get to Hamilton as quickly as possible.

An examination of deceased's clothing showed that he had destroyed or obliterated everything by which he could be identified, which points to the suspicion that the man committed suicide. The only thing which might furnish a clue was a sheet from a small note book, in which was written: "James Doyle, 533 Bay-street north." Deceased was apparently about 65 years old, 5 feet 7 inches in height. He wore a black coat and vest, grey trousers, striped shirt, red flannel undershirt blue drawers, brown cotton socks, laced shoes and a black felt hat. In his pocket was found $48.60, chiefly in United States gold coin.

An inquest was opened by Coroner Comfort yesterday afternoon, and it was adjourned until to-morrow evening.

Mr. Doyle says he thinks the dead man is an old sailor he met and gave his address to years ago.

Municipal Electric Lighting.

Some time ago a committee was appointed by the City Council to consider the proposal to establish a civic electric lighting plant. Since then Mr. S. H. Kent, assistant city clerk, has been gathering statistics respecting similar enterprises, and at a meeting to be held this week will present a statement showing the cost and other particulars of plants in 19 Canadian and United States cities.

The cost, according to the information received, varies from $28.85 to $89.43 per arc lamp yearly. The latter cost is that of Detroit, and is nearly $2 below the price paid by Hamilton. Wherever it has been possible to make a comparison, the advantage in each case is in favor of municipal ownership.

Want a Grain Elevator.

A number of farmers and citizens interested in the proposed erection of a grain elevator here, met yesterday afternoon at the Dominion Hotel. Mr. George Hart of Tweedside was appointed chairman, and Mr. Adam Ballantine, city, secretary. There was considerable speech-making and it was finally decided to appoint a committee to take whatever steps were advisable to secure an elevator.

Seized O'Brien's Beer.

Major Prentice and a posse of police raided Ralph O'Brien's restaurant last night and seized two kegs of beer. O'Brien will be charged with keeping liquor for sale without having a license. He has been convicted of the same offence twice and has served time for it.

A Costly Fire.

There was a costly fire at 3 o'clock this morning at Foster's Flower Pot Manufactury, in the southwest part of the city. Three large frame buildings and a very large quantity of manufactured ware were destroyed. The loss is estimated at $4000 and is covered with insurance. The water pressure was poor and the firemen had a hard job to save an adjoining dwelling.

Police Briefs.

At yesterday Police Court, William Thompson, the colored tout, was found guilty of unlawfully appropriating $75, belonging to Mr. John Findlay, at the race-track last Thursday. The magistrate said such race course morals could not be tolerated in Canada, and remanded prisoner till to-morow for sentence.

On Thursday night thieves broke into Mr. P. D. Crerar's residence, Bay-street south, and raided the cellar, carrying off among other good things, a dozen bottles of champagne.

Robert Pickard, living in Sanford-avenue, slept off a drunk on John-street south, Friday night. When he awoke he found his watch and $22 had been stolen from his pockets.

Norman Evandson and Arthur Brooks, boys, were yesterday found guilty of theft and remanded till to-morrow for sentence.

County Constable Van Mere arrested Edwin ("Reddy,") Malcolmson, a well-known sport, who was twice ordered to leave the city by the magistrate within the past few weeks, was arrested at James' track yesterday afternoon, on a charge of vagrancy. Malcolmson was running a sweat board at the time of his arrest.

W.P. Dunspaw of Buffalo, who is a guest at the new Royal Hotel, had $200 stolen from him at the race track yesterday afternoon. He says he had $120 worth of bookmaker's tickets stolen from him at the Woodbine meet, and he thinks he is a mark for pickpockets.

Minor Matters.

The George E. Tuckett & Sons' Company has notified the Mayor that it will accept the agreement fixing the company's yearly taxes at $2200 for 10 years. This means that the firm will enlarge its premises and make chewing tobocco, which it at first proposed to do in a western city, Chatham or Windson.

Mrs. Bruce-Wikstrom, the singer, will leave on Tuesday for New York en route to her old home in Sweden. She will return in the fall.

There will be three more concerts by the 13th Band in the Armoury this season. At next Tuesday evening's concert Miss Lizzie Addison will be the vocalist.

Patrick Donovan, son of the late Cornelius Donovan, Separate School Inspector, and George Cleary, son of Mr. George Cleary, city, were ordained as sub-deacons at St. Mary's Cathedral yesterday by Bishop Dowling.

A petition asking that John Clark be granted a license for the Mountain View Hotel, is being circulated.

The officers and men of the 74th National Guards of Buffalo are anxious to visit aHmilton on July 1, on the invitation of the I.P.B. Society. The corps numbers 600, and has a large crack band.

David M. Turbull of Caledonia died at the City Hospital on Friday after an operation for appendicitis.

The horse attched to Blachford & Son's funeral carriage ran away on King-street east this afternoon and dashed into the vacant lot east of the Simcoe Hotel. The carriage was damaged.

Teddy Donohue, the jockey, who was seriously injured at the race track on Saturday, is doing well at St. Joseph's Hospital. Three of his ribs were broken, and one of his legs was badly crushed.

The Grand Trunk first special from Hamilton race track to Union Station, Toronto, on Saturday night, made the run in 52 minutes, breaking the record, which was formerly 57 minutes for this run.

ORILLIA STABBING CASE.

Young Ord, the Victim of His Stepfather's Rage, is in a Very Critical Condition.

Orillia, Ont., June 4.—The ante-mortem statement of William Henry Ord (or Lawrence) was taken last evening by Police Magistrate Lafferty of Orillia, in the presence of the accused, Joseph Ord, who is an old man of 83, and of Mr. McCosh, his solicitor.

It appears there has been a good deal of quarrelling between the accused and young Ord, who is his stepson. The farm where the stabbing took place in North Orillia, was bought by the old man and put in his wife's name, who some time ago made it over to her son, young Ord. On the day of the stabbing, young Ord had a neighbor in to help plant some potatoes. The old man claimed them as his and got in a rage over it and followed the young man when he went to the barn. There they had a scuffle, the younger throwing the elder down and dragging him along on the ground for some distance, and telling him to go home and keep quiet. The elder man followed him back again to the barn, where they had another encounter at the door, during which old Ord plunged his clasp knife into the other's abdomen. To-day Joseph Ord was sent to Barrie by the magistrate.

The young man is in a very precarious condition. Old Ord had threatened to use a knife on the other on several occasions. The lad's mother and a neighbor, Jones, witnessed the affair.

BERRYMAN IS DEAD.

The Three Pratt Brothers of York Township Will Now Be Charged With Manslaughter.

John Berryman, the York Township farm laborer, who suffered dreadfully as the result of injuries alleged to have been inflicted by the three Pratt brothers of the same locality on May 2, died at the home of his employer, John Buchanan, concession 3, York Township, at 6 o'clock on Sunday morning. Fred, Henry and Edward Pratt will now be charged with manslaughter. At present they have their liberty on bail, having appeared before Magistrate Ellis on Wednesday charged with assaulting the deceased. Berryman's ante-mortem statement was taken by Acting Crown Attorney Raney and Stenographer Bengough on that date, and it implicated the Pratt brothers. The case was adjourned till Wednesday next, when the hearing will take place in Toronto, and Crown Attorney Dewart will handle the case.

Coroner Nelles will hold an inquest at Thornhill to-day or to-morrow. Berryman's death was caused by peritonitis. He was a Cornishman of very industrious habits, and had been working in the neighborhood for the last two years. He was 27 years of age, and had no relatives in this country.

FEARFUL PUNISHMENTS.

German Court Chaplains Restricted to a 15-Minute Service—Siamese Official Must Feed Elephants.

London, June 5.—Two royal decrees announced to-day are of equal interest. In the first, Emperor William gives strict instructions that the court chaplains must condense their sermons to 15 minutes. The other comes from the King of Siam, and is as follows:

"My Minister, Tchanpleirex, is from this day relieved of his functions, and all his orders and marks of rank are withdrawn. Furthermore, his beard shall be shaved. Lastly, seven days after this operation he shall be charged with supplying hay to the sacred elephants and shall be employed at this task to the day of his death."

WAS HE A SPANIARD?

Man Found Trying to Blow Up the Dupont Powder Works.

Penn's Grove, N.J., June 4.—A sentry of the Second Pennsylvania Infantry, which is guarding the Dupont Smokeless Powder Works, at Carney's Point, just below this place, on Friday night fired two shots at a man who was apparently trying to blow up the smokeless powder warehouse.

The sentry first saw the man crawling along a deep ditch which bisects the grounds and leads up to the powder storehouse. When challenged the man started to run. The sentry fired, but missed his man. The suspected man darted towards the storehouse and the sentry was afraid to fire again for fear of causing an explosion.

The storehouse is built on piling, and the suspicious person darted underneath the building. The sentry ran around to head him off, but the man doubled on his tracks and by the time the guard had a chance to fire again at him he was some distance away.

Typos Choosing a President.

A large attendance of members was present at the meeting of Typographical Union No. 91 in Shaftesbury Hall Saturday evening, when the voting for the International Presidency of the Union was held, and resulted as follows: Prescott 399, Donley 7, Palmer 4 and Hynes 1. The headquarters of the Typographical Union are in Indianapolis, and the branches all over the country voted Saturday evening for a leader. The large majority accorded Prescott in the Toronto union is owing to the fact that he is a Toronto man, having been president of 91 some years ago, and his old comrades stood by him in good style. The results will not be known for a few days, until all the polls are heard from.

The Select Knights.

A mass meeting of ex-members of the defunct society, the Select Knights of Canada, was held on Saturday night in Richmond Hall to devise means to protest against the levying of continued assessments on the members. It was decided to engage legal talent to fight the claims, and a committee was appointed to make the necessary arrangements. The appointment of the Grand Recorder as receiver will also be opposed.

Well Made and Makes Well

Hood's Sarsaparilla is prepared by experienced pharmacists of today, who have brought to the production of this great medicine the best results of medical research. Hood's Sarsaparilla is a modern medicine, containing just those vegetable ingredients which were seemingly intended by Nature herself for the alleviation of human ills. It purifies and enriches the blood, tones the stomach and digestive organs and creates an appetite; it absolutely cures all scrotula eruptions, boils, pimples, sores, salt rheum, and every form of skin disease; cures liver complaint, kidney troubles, strengthens and builds up the nervous system. It entirely overcomes that tired feeling, giving strength and energy in place of weakness and languor. It wards off malaria, typhoid fever, and by purifying the blood it keeps the whole system healthy.

Hood's Sarsaparilla

Is the best—in fact the One True Blood Purifier. Sold by all druggists. $1; six for $5.

Hood's Pills cure all Liver Ills and Sick Headache. 25c.

TRUSTS Corporation OF ONTARIO.

Safe Deposit Vaults 19-21 King-St. West, Toronto.

Capital $1,000,000

President—Hon. J. C. Aikins, P.C.
Vice-Presidents—Hon. S. C. Wood, W. D. Matthews.

Acts as Administrator, in case of Intestacy, or with will annexed—Executor, Trustee, Guardian, Committee of Lunatic, etc., and undertakes all kinds of Trusts.

Money to invest at low rates.

Estates managed, rents, incomes, etc., collected.

Bridesmaids' Favours

The wedding custom of presenting the bridesmaids with some little souvenir of the occasion has caused us to give special thought to the matter.

We have an exceptionally choice line of real pretty pearl pins that are admirably adapted for the purpose, ranging in price from $1.50 to $15 each.

Wedding rings, wedding invitations, and wedding gifts are receiving more attention at our hands than ever before.

Ryrie Bros., JEWELERS, Corner Yonge and Adelaide Sts., Toronto.

Nervous Debility

Varicocele, Stunted Development, Loss of Power, Night Emissions, Seminal Losses, Drain in Urine, positively cured by Hazelton's Vitalizer. J. E. HAZELTON, Pharmacist, 308 Yonge-street, Toronto. One month's treatment $2; three months, $5.

PUBLIC AMUSEMENTS.

A Veteran Manager's Opinion.

Mr. L. N. Scott, the veteran theatrical manager of St. Paul, Minn., and proprietor of the northwestern circuit of theatres, was in the city on Saturday, and, after witnessing the Beryl Hope Stock Company's performance of "What Happened to Jones" at the Grand Opera House, expressed the opinion that the company is the strongest stock organization he has ever seen. Mr. Scott came all the way from St. Paul for the purpose of effecting arrangements with Manager Wright of the Beryl Hope Company for a season's engagement in that city, commencing next September. The run of this company at the Toronto Opera House, beginning to-night, will necessarily be a limited one, but discriminating theatre-goers will have an opportunity of seeing a number of their best productions, and this, too, at the lowest scale of prices on record, namely, 10c for any seat in the house at the Tuesday, Thursday and Saturday matinees, and 25c for any seat in the house at the evening performances. This week George Broadhurst's great comedy, "What Happened to Jones," will be given, with incidentally the same splendid cast which interpreted the play at the Grand last week at high prices. The Toronto, with its cane-seaten chairs and immense open space in front of its galleries, is always the most comfortably cool spot in town at the season of the year, and will be made more so by the introduction of the newest system of electric fans.

Miss Reynold's Recital.

Miss Norma Reynolds, the popular and successful vocal teacher of the Toronto Conservatory of Music, will give a vocal recital by second year pupils in the Conservatory music hall on Wednesday, June 8, at 8 p.m.

GODFREY'S RETURN.

Coming Back Next Week for a Musical and Military Festival at the Island.

When 12,000 people at the Armouries on Monday and Tuesday evenings last rose in their places to cheer Lieut. Godfrey and his splendid band, as they rendered "Rule Britannia" and "The Maple Leaf Forever," the hope was general in the vast audience that the great band would return to Toronto ere they left for Old England. Mayor Shaw, inspired by the splendid music, made a suggestion to the directors of the tour that Lieut. Godfrey and his men should return to give a performance in the open air at some spot where the general mass of citizens might hear them at a popular price. Instead, therefore, of indoor performances, it has been arranged by the director of the tour with the Toronto Ferry Company to give three grand popular days at the Island on Thursday, Friday and Saturday, June 16, 17 and 18. To add to the effect of the music, military displays will be introduced and army scenes will be vividly represented, both to the ear and to the eye. The performances will take the shape of a grand musical and military fete champetre. Definite details will be announced in a few days. It will be the aim of the managers to reproduce some of the brilliant performances done by regimental bands at Aldershot and Woolwich, and something new in military music may be looked for.

Lieut. Godfrey and his men passed through Toronto on their way to the Northwest on Saturday, after breaking all records for numbers of audiences in Canada, 67,000 people in 15 days, between Halifax and Chatham having listened to the great leader, and his men.

G. S. R.

Positively cures Syphilis, Eczema, Salt Rheum and all Pimples on the Body, etc. Price $2 per bottle. Agency, 308 Yonge-street, Toronto.

For a cool drink take Mt. Clemens Sprudel and Rhine Wine.

HELP WANTED.
