ENEMY DEBTS AND CLAIMS

BY an Order in Council dated the 11th of November, 1918, and to be published in The Canada Gazette of the 30th of November, 1918, a Committee has been appointed to consider the subject of debts due by persons residing or carrying on business in Canada to enemies, claims of such persons against enemies or enemy Governments, and enemy property in Canada. To facilitate the work of this Committee, and pursuant to the Consolidated Orders respecting Trading with the Enemy, 1916, and to the Proclamation of the 12th of February, 1917, concerning British property in enemy territory and claims by British subjects against enemy persons and enemy Governments, notice is hereby given by the Minister of Finance and Receiver General of Canada, as the Custodian appointed by the said Consolidated Orders, and by the said Committee, that:—

1. Every person who holds or manages for or on behalf of an enemy any property real or personal (including any rights, whether legal or equitable, in or arising out of property, real or personal), shall forthwith by notice in writing communicate the fact to the Custodian, and shall furnish the Custodian with such particulars thereof as the Custodian may require;

2. Every person indebted in an amount of $100 or upwards, which is due, or which, had a state of war not existed, would have been due to an enemy, shall forthwith by notice in writing communicate the fact to the Custodian, and shall furnish the Custodian with such particulars thereof as the Custodian may require;

3. Every person by whom, had a state of war not existed, any sum would have been payable and paid to or for the benefit of an enemy, by way of dividends, interest or share of profits in any business, incorporated or unincorporated, or by way of payment off of the whole or any part of the capital or principal of any share, debenture, debenture stock or other obligation of any company shall forthwith, if the sum, had a state of war not existed, would have been paid before the date of this Notice, and in any other case within 14 days after the sum would have been paid, pay such sum to the Custodian, and the payment shall be accompanied by particulars in the prescribed form;

4. If before the date of this Notice any such sum as is mentioned in paragraph 3 hereof has been paid into any account with a bank, or has been paid to any other person in trust for an enemy, the person by whom the payment was made shall forthwith, by notice in writing, require the bank or person to pay the sum over to the Custodian, and shall furnish the Custodian with such particulars as aforesaid. The bank or other person shall, within one week after the receipt of the notice, comply with the requirement, and shall be exempt from all liability for having done so;

5. Every incorporated Canadian company, Dominion or Provincial, and every other incorporated company which has a share transfer or share registration office in Canada, shall forthwith, by notice in writing, communicate to the Custodian full particulars of shares, stock, debentures and debenture stock and other obligations of the company, which are held by or for the benefit of an enemy;

6. Every person having any claim against an enemy or an enemy Government (except claims arising out of illegal warfare, which have been dealt with by a Public Notice of the 18th of November, 1918), or having or claiming any property of any description whatsoever (including documents of title to property) in enemy territory or held by an enemy, or any interest in such property, is requested to furnish written particulars of such claim or property or interest to the Custodian;

7. Every person, including especially every solicitor, notary, curator, administrator, executor, assessor, tax gatherer, broker and real estate or other agent, who knows or has reason to suspect that any property of any description whatsoever (including documents of title to property) in Canada is owned by, or held or managed for or on behalf of, or is subject to any interest therein or claim thereto of an enemy or an enemy Government, is requested forthwith to communicate all the facts within his knowledge and all the grounds of such suspicion, to the Custodian;

8. Any person who fails to comply with paragraphs 1, 2, 3, 4 and 5 of this Notice is guilty of an offence against the said Consolidated Orders and liable to the penalties prescribed thereby;

9. In this Notice:—

"Person" includes both individual persons and also trustees, executors, administrators and bodies of persons incorporated and unincorporated, such as companies, municipal authorities, firms and clubs;

"Enemy territory" means the territory of a State or Sovereign at war with His Majesty (including the Colonies and Dependencies thereof) as such territory stood on the 1st of August, 1914;

"Enemy" means a person (as defined in this Notice) of whatever nationality, who resides or carries on business within enemy territory; and also, in paragraphs 2, 3 and 4 hereof, a person resident or carrying on business elsewhere (except in territory occupied by an enemy State or Sovereign), with whom dealing has at any time since the 1st of August, 1914, been prohibited by any Statute or Proclamation in force in Canada;

10. A large number of persons have already furnished to the Custodian the information called for by this Notice, but such persons may, if they so desire, furnish an amended statement.

The forms prescribed for furnishing the information called for by this Notice may be obtained upon application to James R. Forsyth, Department of Finance, Ottawa. The person applying should state under which paragraph of this Notice the information to be furnished by him falls.

Canadian Claims Against Russia.

PUBLIC NOTICE is hereby given that all persons, firms and corporations in Canada of British nationality having claims

(a) to property situate in territory which, on the 1st August, 1914, formed part of the Russian Empire (including Finland), or

(b) against the Russian Government (including any government exercising de facto authority in any part of that territory), or

(c) against any person, firm or company, or against any municipal or other local authority in that territory,

should file their claims with the undersigned. Instructions for filing such claims may be obtained on application.

The filing of a claim does not imply any undertaking on the part of the Canadian Government to put it forward, or any assurance that if put forward, it will be satisfied. Claims should be made so as to enable the government to put the same forward if opportunity arises.

Dated at Ottawa this 25th day of November, 1918.

Under-Secretary of State.

FAILURE OF MONSOON THREATENS INDIAN CROP

Delhi, India, Dec. 1.—The failure of the recent monsoon with the delay in the advance of the winter rains is causing anxiety as to the crop outlook. The controller of food grains has already assumed control in central India and Hyderabad and test works have been started in northern Bombay. The harvest conditions elsewhere are poor and in most provinces prices rule high.

FRANCE PROTESTS GERMAN BRUTALITY

New Government Treats Prisoners No Better Than Old One.

Paris, Nov. 30.—The French Government, thru Marshal Foch, will send a vigorous protest to Berlin concerning the treatment of war prisoners, Edouard Ignace, under-secretary for military justice and pensions, announced in the chamber of deputies.

He said the new government in Germany treated the prisoners no better than the old one. The brutality of the Germans could not be surpassed, he added, and the reports of the Spanish and Swiss missions which investigated the condition of prisoners will show clearly how deep into barbarism Germany had sunk. Parcels sent to French prisoners were stolen and robbed, and the sending of parcels was suspended after the signing of the armistice for that reason. Plans had been fully made for the repatriation of the prisoners, he concluded, and all precautions would be taken to see that all prisoners are returned from Germany.

PLEAD NOT GUILTY.

Amsterdam, Nov. 30.—In response to a threat by the British armistice commissioners that hostilities would be resumed unless the conditions under which prisoners were arriving in the allied lines was remedied, a Berlin telegram declares that everything is being done by Germany to assure the orderly return of prisoners.

The German response adds that the regular transport of returning prisoners is now ensured, and that such transport has already been effected to a considerable extent.

GERMANS INVESTIGATE CRIMES IN BELGIUM

London, Dec. 1.—The German Government is starting an investigation into the German crimes in Belgium, the deportation of Belgian workmen, the theft of Belgian machinery, and the murders of Edith Cavell and Captain Fryatt.

Among those held responsible, accord ng to an Amsterdam despatch to the Exchange Telegraph Company, are Gen. von Sauberzweig, the former military governor at Brussels; Gen. Baron Kurt von Manteuffel, military commander at Louvain, and Baron von Der Lancken, civil governor of Brussels at the time of Miss Cavell's execution.

BRANTFORD OFFICERS RETURN.

Brantford, Dec. 1.—Seven Brantford officers—Capts. Macdonald and Pierce, and Lieuts. Duff, Glemin, Sam Seago, W. H. Bolt and V. Heath—arrived in the city again last evening, having been invalided home. They were given a quiet reception by the soldiers' aid commission.

ONE OF THREE RETURNS.

Brantford, Dec. 1.—Mrs. Horace Jas. Stokes of 25 Bond street has received word that her son, Pte. H. B. Stokes, has arrived at Halifax. He is the only one of three to return home to his mother, his youngest brother, Stanley, having been killed in the Vimy Ridge battle, and his father in September, 1917.

Brantford to Erect Memorial To Victims of "Flu" Battle

Brantford, Dec. 1.—The board of trade has appointed Reginald Scarfe, M. McPherson and George Lawrence to represent that organization at a conference of local boards with the city council on Wednesday to discuss plans for a memorial to the nurses and orderlies who gave their lives in the "flu" epidemic, and to all who assisted in the work of caring for those ill.

HOPEFUL OF SURPLUS.

Brantford, Dec. 1.—Members of the Brantford Water Commission are hopeful of a small surplus this year, or, at any rate, of an even break in revenue and outlay. The cost of coal and materials, and the increased wage demands have made operations more expensive than ever this year.

BRITAIN RELIES ON CANADA'S AID

Rowell Tells Why Expeditionary Force to Siberia Must Go Forward.

Port Hope, Dec. 1. — At a union thanksgiving service held here tonight, Hon. N. W. Rowell, speaking of the despatch of a Canadian expeditionary force to Siberia, said:

"The Austrian and German prisoners of war appear to be in Russia and Siberia still. The Czecho-Slovaks are still bravely battling for liberty. The patriotic elements of the Russian people are still seeking to re-establish order. As Canadians, we all desire that the people of Russia may freely decide the form of their own institutions and establish a stable government on whatever basis they themselves consider just and right. The Russian situation is still full of mystery and uncertainty, but the allies are firmly of the opinion that to withdraw their troops from Siberia and Russia at the present time would be to leave their task unfinished and might seriously affect the situation in the east.

"While this war has shown how great and impassable is the gulf which separates the ideals of Prussian militarism from those of the free democracies of the world, it has also shown how essentially one is our humanity and how trouble, anarchy or strife in one section of the world may affect all sections; and unless the situation in Russia is in some way cleared up, no one can tell how soon trouble may break out again in Europe, and any peace signed might mean no real peace. The allies have shown their interest in Russia by requiring that the Brest-Litovsk treaty should be revoked, but if permanent peace is to be secured their help must not stop there.

Canada's Interest in Siberia.

"Canada has a special interest in the welfare of the people of Siberia, who are our near neighbors on the Pacific and who, we trust, will play a great part in the future of northern Asia. It must be remembered that Canada's expeditionary force to Russia of some four or five thousand men constitutes the greater part of the total British force going to Siberia, and General Elmsley and a portion of this force are now there. So soon as the prime minister arrived in Great Britain he took up with the imperial government the question of the necessity of sending the remainder of the expeditionary force, and from the information furnished to him and his colleagues they were unanimously of the opinion that the remainder of the force should be sent as agreed; that this was a piece of work that Canada had promised to do, and the British Government, in making its plans, relied upon Canada's sending this force. The government has, therefore, decided that the force shall go forward as planned. It is earnestly hoped, however, that the situation will be cleared up at an early date, but in any event any member of the force who wishes to return will be free to do so within a year from the date of the signing of the armistice."

DR. MUEHLON TO TAKE PORTFOLIO AT BERLIN

Geneva, Dec. 1.—Dr. Wilhelm Muehlon, former director of the Krupp Works at Essen, has been recalled to Berlin by the new German Government. He will be offered a post in the government.

Sensational revelations in which he charged that Germany was wholly in agreement with Austria-Hungary for the starting of the world war, were made by Dr. Muehlon, last summer. Emperor William, he asserted, was personally responsible for Germany's participation in the war, and forced the German leaders to support his war policy.

Dr. Muehlon recalled conversations he had had with former Chancellor Hellferich and Dr. Krupp von Bohlen, husband of the chief owner of the Krupp Works, in which both told him the then emperor had disclosed his agreement with Austria-Hungary on the ultimatum of Serbia, and that Germany would mobilize immediately if Russia mobilized, which would inevitably draw in the other powers and precipitate a universal war.

FARM PRODUCE.

St. Lawrence and North Toronto Markets.

The attendance at both markets was not as large as usual—that of buyers being especially small at the St. Lawrence, which fact, together with the high prices asked by the bulk of the vendors early in the day, caused trade to be especially slow and, draggy on most offerings.

New-laid eggs again had a wide range of prices, selling at 80c, 85c, 90c, 95c and $1 per dozen—the majority opening at $1 per dozen, causing a slow, draggy trade. Those who opened at 90c per dozen disposed of all they had early in the day—and the bulk had to come down to that figure later on; some closing as low as 80c per dozen. Duck eggs sold at $1.10 to $1.20 per dozen.

Butter—Prices kept practically stationary on butter, ranging from 50c to 60c per lb., one lone lady again receiving 65c per lb. for all she had.

SHARP BULGE IN NOVEMBER CORN

Other Options, However, Give Way Under Flood of Realizing.

Chicago, Nov. 30.—Belated covering by shorts forced a sharp advance today in the November delivery of corn, but other months gave way under sales to realize profits. The market closed unsettled, 2⅜c net lower to 1¼c gain, with December $1.27 to $1.27¼, and January $1.26¼ to $1.26¼. Oats finished 1⅛c off to ⅛c up, and provisions varying from 5c decline to a rise of 20c.

Stubborn shorts, who until nearly the last hour of the month persistently avoided a settlement of current contracts, had to pay dearly for the privilege. The added cost exacted was 5¼c a bushel, as compared with the previous day. It was said, however, that the actual total of business thus affected was not large. In all the other options, weakness prevailed almost continuously from the outset. The greater part of the selling came from yesterday's buyers. In a general way, the downturn was looked on as a natural reaction, but talk of European efforts to bring grain from Australia and Argentina tended somewhat to depress values, and so, too, did agitation against domestic high prices of food.

Conditions in the oats market formed a close parallel to corn. Seaboard bids were below cost here.

Improved cash demand put firmness into provisions.

MONTREAL PRODUCE MARKET.

A good, steady trade continues to be done in millfeed, and the market is active, with a firm undertone.

GERMANS WARNED BY MAYOR OF METZ

Proclamation Issued Enjoining Teutons Against Trouble-Making.

Paris, Dec. 1.—The newly-appointed mayor of Metz has issued a proclamation expressing his delight at being again under the French flag after so many years of oppression and after a four years' reign of terror. "Let us not be carried away by joy, but remain worthy of the sympathy of the whole world, which is regarding us," the proclamation says.

Addressing the German-born inhabitants, the proclamation continues:

"Perhaps you are asking in terror what awaits you. I was, in 1914, one of the first of the numerous victims of your government, which was not ashamed to throw into filthy prisons peaceable
