## In North Wellington.

Mount Forest, Oct. 29.—By a majority of almost four hundred, Mr. Alexander M. Martin, Liberal, has been returned as member of the Dominion House of Commons for North Wellington. At the time of writing two small sub-divisions of Maryboro' have not been heard from, but they will make no substantial difference in the ultimate result. The victory is a decisive one, for the Liberal majority has increased by about one hundred over what it was when in 1904 Mr. Thomas Martin, the late member, a brother of the newly-elected representative, defeated Mr. J. McGowan by 308. Although the riding there has been a strong feeling among Conservatives as well as Liberals that Mr. Martin should have been allowed to succeed to the seat recently vacated by his brother's death without opposition for the remaining term of the present Parliament.

This feeling found decided expression in Mount Forest, where Mr. Martin obtained a majority of 157, as compared with that of fifty-eight in the last election. The Liberals in Mount Forest turned out solid, but the result mentioned could not have been obtained had not a very fair sprinkling of the voters recorded their votes in favor of the Liberal candidate. In Minto a similar expression of opinion was given, Mr. Martin's majority being 180, as against that of 127 gained by his brother in 1904. Peel also gave an increased majority of about 60.

As was expected, Mr. Hamilton succeeded in turning a number of votes in Arthur village, and altering a Liberal majority of 22 to a minority of 52. In Harrison the large influx of newcomers of Conservative leanings which has taken place since the last election, equipped with the fact that there was some friction among the local Liberals resulted in Mr. Hamilton obtaining a majority of five, as compared with a former Liberal majority of thirty-six. It is significant, however, of the general feeling that in Palmerston, one of the Conservative strongholds, the majority of the Opposition candidate suffered a reduction of fourteen. In the remaining divisions the balance of parties, as expressed by the poll, remained pretty much the same.

When the result became known here Mr. Martin was the recipient of congratulations from the members of both parties, and there can be no doubt but that his individuality, seconded by the untiring efforts of Senator McMullen, Mr. Hugh Guthrie, M. P., and Mr. H. H. Miller, M. P., did much toward securing his return. In the centre part of the riding excellent work has also been done by Mr. J. M. Roach and Mr. Brocklebank of Arthur. The final compilation of figures will not be completed for a few days, but as far as can be estimated the total vote polled was a light one, and Mr. Martin owes his majority to the shrewdly with which Conservatives who did go to the poll recorded their votes in his favor. As already indicated, the result was received with great gratification here, and at a meeting held at the Liberal headquarters Mr. Martin, who throughout the campaign has warmly expressed his appreciation of the attitude taken by many Conservatives in regard to the election, was heartily congratulated upon his success.

The details as far as received follow:

## The London Contest.

London, Ont., Oct. 29.—After what was doubtless the most quiet election campaign in London's history, Major Thomas Beattie was today elected to the seat in the Dominion House made vacant by the resignation of Hon. Charles S. Hyman on account of illness, defeating the Labor candidate, Mr. John D. Jacobs, by 1,396 majority. There was nowhere the least excitement, very little enthusiasm was evidenced, and the vote was light, though the weather was all that could be desired. The Conservatives had by far the best organization, every polling place being fully manned and every voter carefully noted. They also had the greater number of conveyances for taking the voters to the polls. On the side of the Labor men the organization was far from complete, some of the booths had no scrutineers at all, and the voters came and went without question. The total vote cast was only 5,382, compared with 8,835 in the by-election of 1905, when Mr. Hyman defeated Mr. Gray by 329 majority.

Following is to-day's vote by wards:

In the general elections of 1900, Hon. Mr. Hyman was opposed by Major Beattie and Mr. Robert Roadhouse (Socialist), and he had a majority of 547. East, South and West London were not included in the city at that time for Dominion electoral purposes. Following was the vote by wards:

## DEAR DRINKS.

THAMESVILLE MEN PAY HIGH FOR  
TRAIN WRECK COCKTAILS.

They Were Tried for Drinking Liquor  
Which Leaked Out From a Railway  
Car Smashed in Collision.

Chatnam, Ont., Oct. 29.—The local opinion town of Thamesville was the scene of rather sensational doings this afternoon, when sixteen prominent citizens of the place were brought before Justice of the Peace Ingalls, of the town, charged by the Grand Trunk with theft and trespassing. The case was the outcome of the wreck on the G. T. R. last week, when certain citizens of the town took advantage of the opportunity and drank the drippings from a bonded liquor car which was smashed in the wreck. They were also charged with carrying off a quantity of bottled goods inside the car.

The case was tried behind closed doors. From all accounts it appears that the wrecked car in which the liquor was stored had been used to carry cattle previously and had not been cleaned out before the liquor was stored in it. The drippings consisted of a mixture of part alcohol, part whiskey, and part gin.

William Cutler, a wealthy farmer, who is living retired in Thamesville and who was accused of being the ring leader of the gang, was fined five dollars and costs, \$15 in all. The following were fined \$1 and costs on a charge of trespass: Alex. Osborne, Pat Miller, Mike Miller and Robert Buchanan; and on a charge of theft the following were fined the same amount: Orval Kelly, Albert O'Neill, Robert Albertson, Frank Coll, James Quetch, Clifford Payne, William Meagher, Thomas Bodkin, Archie McEneaney, James Pearson and William Cosgrave.

All pleaded guilty to the charges as read against them.

Photographs taken on the scene of the wreck were produced in court. These depicted the elements in the midst of their jollification.

## YORK LOAN.

Jos. Philips to Come as Witness in  
Trial.

Toronto, Oct. 30.—It is likely that Joseph Philips, ex-President of the York County Loan, will be brought from Kingston Penitentiary in November, when the question as to the exact time of the insolvency of the company comes before Referee Kappela.

At any rate, he is almost sure to be summoned to testify at the trial of the action of the York Loan against the Toronto Life for the recovery of various claims, aggregating about \$150,000.

## SHAM BATTLE OFF.

Montreal Will Not Enjoy Thanksgiving  
Day Fight.

Montreal, Oct. 29.—There will be no sham battle on Thanksgiving Day, as was arranged by Col. Buchanan, C. M. G., A. D. C., officer commanding Quebec Province, and the officers commanding the city regiments. Col. Buchanan has issued today an order to the effect that owing to the uncertain state of the weather, and the condition of ground over which operations were to take place, manoeuvres would be impossible, and has accordingly called off the great fight planned for Oct. 31.

COMMANDANT SYLVAIN NOT AL-  
LOWED IN MONTREAL HOTELS.

Strong Protest From the Visitor, Who  
is a Doctor of Laws in Paris, and  
Aide-de-Camp to Emperor Menelik  
of Abyssinia.

Montreal, Oct. 29.—"It is absolutely odious and scandalous that in a country imbued with the generous traditions of France, and which claims to be under the English law, reputed to be so liberal, people can adopt principles so retrograde as those which are still prevalent among the upholders of the slavery system in the southern States." This indignant outburst was made in one of Montreal's hotels by Commandant Benito Sylvain, a doctor of law of the faculty of Paris and aide-de-camp of His Majesty the Emperor Menelik of Abyssinia, on being informed that he could not be admitted as a guest of the hotel because he was a gentleman of color.

Interviewed afterwards, Commandant Sylvain said he had come to Canada to do a series of lectures, lasting for three days, the accused was committed for trial at the next sitting of the Supreme Court at Maple Creek.

## THOUSANDS DISCHARGED.

Union Pacific Railway Co. Cutting Down  
Expenses.

Omaha, Neb., Oct. 29.—The Union Pacific Railroad today discharged between four thousand and eight thousand workmen. The discharged men are from the construction department, and every piece of construction work on the entire system is abandoned.

General Superintendent Park said today: "We expect a curtailment of business, and as fast as this occurs we will lay off train crews. For the present this will not be done; our orders are to disperse with every available man, and to stop every piece of construction work on the system. We are ordered to cut expenses in every possible way."

These orders came from New York. New York, Oct. 29.—At the office of the Union Pacific Railroad Company in this city there was a prompt denial of the accuracy of the telegram from Omaha announcing that all construction on the entire system had been abandoned.

It was said that a discharge of employees always took place on November 1st, after the construction work of the summer was ended, because construction work in winter was much more expensive, and that this year the number of men discharged was greater only because the amount of construction work done during the summer had been greater.

No curtailment of business is looked for, but rather an increase.

## WILL BE CHARGED WITH MURDER.

G. R. Barrett Shot His Stepson at Prince  
Albert.

Prince Albert, Oct. 29.—G. R. Barrett, who shot his stepson, R. Johnston, when the latter interfered to save his mother from a beating by Barrett, will now be charged with murder, as the unfortunate lad died in the hospital here last night. An inquest was held today.

## WITHOUT WARNING.

NINE MEN BURIED IN PORT AR-  
THUR WAREHOUSE.

Collapse of Mayor Clavet's New Building, With Disastrous Results—One Foreigner Killed and Several Others Suffer Injuries—Tinmith and Bookkeeper Have Narrow Escapes—Money Loss Heavy.

Port Arthur, Oct. 29.—Without a moment's warning Mayor Clavet's new flour and feed warehouse collapsed about 5.30 this evening, burying nine mill men in the debris, one of whom, an unknown foreigner, was killed. Five others, including Charles Waltz, a plumber, were seriously injured, Waltz having a leg broken. Prompt work of hundreds of citizens in the rescue no doubt prevented other fatalities.

T. Daggett, a tinmith, and his helper, who were at work on the roof, escaped with slight injuries, as did also James Langton, Mr. Clavet's bookkeeper, who was in the office of the building. Immediately after the collapse hundreds rushed to the scene to assist in the work of rescue, and all of the men were quickly removed. Although darkness interfered considerably with this work, lanterns were hung and electric lights strung around to enable the rescuers to make a thorough search of the ruins for possible victims.

The building was a three-story solid brick, 120 by 33, and had been completed at a cost of \$18,000. The stock of flour was being carried in when the accident occurred. An investigation will be held.

## NINE MILES UP.

WONDERFUL FLIGHT OF LITTLE  
RUBBER BALLOONS.

Prof. Rotch, of Boston, Tells Aeronauts  
of His Experiments—Has Succeeded  
in Registering Temperature of 111  
Degrees Below Zero in Upper Air.

New York, Oct. 29.—That a balloon has reached a height of 46,000 feet and there recorded a temperature of 111 degrees below zero was one of the startling statements made in the course of an address in the last day's session of the Aeronaut Congress here today by Prof. A. Lawrence Rotch, of the Blue Hill Observatory, Boston.

Prof. Rotch told of his experiments with miniature balloons for the purpose of testing air currents and obtaining temperatures at high altitudes. The balloons are made of rubber and carry special instruments for recording the distance travelled, the altitude and temperature. These instruments are attached to a parachute. When at a great height the hydrogen with which the balloons are filled expands to such an extent that the balloons themselves, and the parachute carrying the instruments and the records made on the trip floats down to the earth.

When the balloons are released they travel upwards with great velocity for about two hours, and then remain nearly stationary for another hour before they explode. The descent of the parachute requires about an hour more. The longest flight of any one of the balloons was 155 miles.

## KILLING OF SHORTLEGS.

An Indian Named Sugar Committed for  
Trial.

Maple Creek, Sask., Oct. 29.—William Grayson represented the Attorney-General this week at the preliminary investigation held at Maple Creek before Inspector Davidson, of the R. N. W. M. P., into the fatal shooting in which an Indian named Sugar was charged with the murder of another Indian, Shortlegs. On Sept. 26 there was a dance in Maple Creek, and a lot of Indians and halfbreeds were in attendance. The day wound up with a dance in the Indian encampment, where considerable whiskey was drunk.

The deceased Indian was educated at Qu'Appelle Industrial School, and aspired to be a leader among his people, which was resented by some of them. During the fight Shortlegs was struck by someone, and his skull was fractured, as the result of which he died some days later. After a long investigation, lasting for three days, the accused was committed for trial at the next sitting of the Supreme Court at Maple Creek.

## CURE OF BRITAIN'S ILLS.

It is Immigration, Says the Bishop of  
London.

London, Oct. 29.—The Bishop of London, speaking at Fulham on the subject of "The Church and the Empire," said that what impressed him most on his recent tour was the wonderful loyalty of Canada—Canada, the cradle of the world—the vast possibilities of this great new nation which is bound to us by ties of blood and religion, which nothing ought to be able to break.

"There is room," he said, "for a hundred millions in Canada. If we don't take the trouble we will lose out by chance and chance will be taken by somebody else. We ought to be sending out from this overcrowded land more and more loyal Englishmen. Emigration is largely the cure of our ills, and it is a God-given cure both clergy and laity might give their brains to see it properly carried out."

## PRISONER ESCAPED.

Fisticuffs in Train Over the Right to  
Arrest.

Moncton, N. B., Oct. 29.—While two constables fought on last evening's train, on route to Dorchester, a prisoner in charge of one of them, who was being taken to jail, made his escape. The prisoner was in charge of Constable Charles Thomas, of this city. Shortly after leaving Moncton Constable Belyea claimed the right of arrest in charge of one of the men, and during the encounter the young man jumped off the train at Harrisville, walked back to Moncton and left this morning for Boston.

During the fight some damage was done to the interior of the car and the railway authorities will probably take action against both constables.
