Celebrating The Twelfth

Orangemen of the Province Take Part In Big Demonstration.

Procession Through the Streets Speeches Features of the Day.

Beautiful weather and an immense attendance of visitors from outside points made the Orangemen's demonstration yesterday a pronounced success. Crowds came on the special excursions arranged from Island and Mainland points and the Sound cities. A special train, arriving at 10:30, brought down the Nanaimo and Wellington contingent; the steamers Rithet and Yosemite were loaded almost to their capacity, and a big crowd came over from the Sound on the Victorian. A monster procession was held in the forenoon, and in the afternoon there were speeches and sports at Caledonia park, which was thronged with a crowd of sightseers. In teh evening dancing was held in the spacious pavilion.

It was 11 o'clock when the various lodges and bands lined up on Yates street for parade. Following was the order of march:

Grand Marshal, Bro. W. Duncan.
5th Regt. Band.
Bishop Cridge and Dr. Reid, in carriage.
Fife and Drum Band.
L.O.L. No. 1150, New Westminster.
L.O.L. No. 1426, Victoria.
L.O.L. No. 1470, Chilliwack.
L.O.L. No. 1471, Surrey Centre.
L.O.L. No. 1560, Vancouver.
Nanaimo City Band.
L.O.L. No. 1576, Nanaimo.
L.O.L. No. 1589, Enniskillen.
L.O.L. No. 1593, Sapperton.
L.O.L. No. 1597, Saanich.
L.O.L. No. 1605, Langley.
L.O.L. No. 1610, Victoria.
L.O.L. No. 1612, Ladner.
Vancouver Band.
L.O.L. No. 1615, Ebenezer.
L.O.L. No. 1619, Wellington.
L.O.L. No. 1629, Mission City.
L.O.L. No. 1633, Roaring Meg.
L.O.L. No. 1638, Roswal.
L.O.L. No. 1675, Boyne.
L.O.L. No. 1676, Union.
Vancouver Band, Boys' Brigade.
L.O.L. No. 1715, N. C. Wallace.
L.O.L. No. 1725, Steveston.
L.O.L. No. 1726, Hall's Prairie.
Speakers and members of the True Blue in carriages.

The procession proceeded from Yates via Douglas to Johnson streets, then to Government, Birdcage Walk, Michigan, Park road and Simcoe street to the Caledonia park. The spectacle was a most imposing one and crowds of interested spectators lined the route. Arriving at the grounds the procession disbanded and lunch was partaken of and preparations made for the afternoon's programme.

The grand stand was well filled when the speech-making began at 2:30 o'clock. On the covered platform which had been erected in front of the grand stand were seated officials of the lodges and representatives of the local clergy. Rev. Dr. Reid, grand chaplain, of Vancouver, presided, and addresses were delivered by Rev. W. H. Barraclough, of the Centennial Methodist church; Sheriff McMillan; Rev. E. S. Rowe, of the Metropolitan Methodist church; Bro. Thomas Cunningham, P. G. M., of Vancouver; Bro. David Moffatt; Bro. Thrift, P. G. M.; Bro. Thomas Duke, Vancouver; Bro. D. Robinson, Vancouver; T. S. Alexander, Vancouver; Dr. Jeff, Vancouver; Bro. Grimmason, Victoria; Bro. Wallace, of Victoria, and Grand Marshal Brethour, of Saanich. All of the addresses were listened to with profound attention by the large audience, the bands playing patriotic airs at intervals.

The following resolutions were carried unanimouly amidst the greatest enthusiasm:

Moved by Rev. W. H. Barraclough, seconded by J. E. McMillan—Whereas the Loyal Orangemen of British Columbia are sensible of the singular blessings of internal peace, prosperity and just government secured to us under the beneficient reign of Victoria, our gracious Queen and Empress; be it therefore resolved that we place on record our deep sense of thankfulness to Almighty God for having so long spared the precious life of our, beloved sovereign whose throne He has established in righteousness as it is this day, and we fervently pray that he will:

"Send her victorious,
Long to reign over us,
Happy and glorious,
God save the Queen."

Moved by Thomas Cunningham, seconded by David Moffitt—Whereas the events affecting the British Empire which have transpired since we celebrated the 210th anniversary of the Battle of the Boyne have a deep significance to us as Loyal Orangemen, and call for more than passing notice,

And whereas the achievements of the British army, composed of troops from the mother country and the colonies, fighting side by side, to repel the invasion of British territory in South Africa and to defend the honor of the British flag afford us unqualified satisfaction:

Be it therefore resolved, that we, the Loyal Orangemen of British Columbia assembled in the Capital City of Victoria, on the 210th anniversary of the Battle of the Boyne, desire to present to Almighty God our humble and heartfelt thanks for the great deliverance He has vouchsafed in preserving to us the precious heritage of British freedom and liberty of conscience handed down to us by our forefathers and which we, in common with our Roman Catholic friends and fellow subjects of all forms of religious belief now enjoy.

Moved by Bro. H. T. Thrift, P.P.G.M., seconded by Bro. John Walsh, P. Dist. M.—

Whereas imperial federation of the British empire has been for the past two hundred years a fundamental principle of Orangeism, and whereas Orangemen took a prominent part in the confederation of Canada, and are now taking a leading part in the federation of the Australian colonies, and whereas we believe that the ultimate issue of the war in South Africa will be the federation under the British flag of the whole of the South African colonies: Be it therefore resolved that the Loyal Orangemen of British Columbia desire to place upon record our sense of gratitude to the Giver of all Good for having placed within the hearts of the inhabitants of the mother country and the colonies a desire for imperial federation, believing as we do, that such a consolidation of the empire is a necessary protection of the throne against the designs of foreign foes or the machinations of the evil and malicious conspirators who seek to subvert the English language, British liberty and law.

And be it further resolved that we declare in favor of preferential tariff on a reciprocal basis with Great Britain and our sister colonies with a view to ultimate inter-imperial free trade within the empire in so far as the fiscal circumstances of the Dominion will warrant, our motto being, "Extension and consolidation of the empire with British trade and commerce for British subjects."

We deplore and shall resist to the utmost of our power and influence the unpatriotic efforts of some prominent political leaders in the province of Quebec to produce a race cleavage between the descendants of Anglo-Saxons and Frenchmen, as we believe that men thus engaged are enemies of our country, and should be speedily relegated to political oblivion.

Moved by Bro. D. Robinson, seconded by T. G. Alexander—Resolved that we regard the presence in Canada of a political agent and representative of the Vatican as highly derogatory to the best interests of this Dominion, and fraught with great danger to the future well being of this country. Canada being an integral part of the British empire, its civilization is not, nor must it be permitted to degenerate into ultramontanism. A conspiracy on the part of any political party or denomination to subvert or Latinize British civilization and Reformation principles in this Dominion, we shall resist if need be to the death.

We respectfully urge all good and true men, irrespective of political bias, to unite with us in maintaining the supremacy of British influence and power in our fair Dominion.

Moved by Dr. Jeffs, seconded by Bro. Grimmason—Resolved that we extend cordial fraternal greetings to our brethren in the interior of this province, who, by reason of their isolation and great distance from the capital, are prevented from taking part in this provincial celebration. To the members of the Ladies' True Blue Lodges throughout the province we desire to express our sympathetic admiration for the noble work that they are doing in caring for orphaned children, nursing the sick, and otherwise administering to the comfort and relief of those who are strangers amongst us and needing the advice of true friends. We would earnestly urge on the members of the Orange Association and all others interested in the protection of Protestant orphaned children and widows to give all possible support and encouragement to the Ladies' True Blues.

Moved by Bro. John Reid, seconded by Bro. Wallace—Resolved that we rejoice in the peace and prosperity of our kinsmen in the neighboring republic, and earnestly pray that the closest relationship and friendly co-operation in all matmatters affecting the high destiny of both branches of the Anglo-Saxon race may be strengthened and perpetuated by wise statesmanship, supplemented by the influence of members of the Orange Association in Great Britain, Canada, and the United States.

To our brethren in the great republic whose aims and purposes are identical with our own in the preservation of civil and religious liberty founded on national righteousness we extend cordial greeting on this glad day, and express the hope that lasting friendship and exchange of international courtesies may be greatly strengthened and increased by participation in this and kindred celebrations in the United States and Canada.

D. R. Robinson, of Vancouver, read the following letter from William Johnston, M. P.:

(Copy.)

House of Commons, June 21, 1900.

To the Orangemen of British Columbia, assembled at Victoria, 12th July, 1900.

Dear Brethren:—It has been intimated to me that a few words of fraternal greeting from me, for your royal celebration, might be sent, from one who most gratefully remembers his reception at Vancouver and Victoria, by the Orangemen of British Columbia.

Canadian Orangemen have reason to be proud of their country and their cause. They have sent heroes to South Africa, who have nobly defended the empire and the Queen. A grand federal British imperial race will secure the civil and religious liberty of the world, wherever flies our common flag.

I hear with delight of the progress of Orangeism in British Columbia. No other institution has done so much for God's Truth and man's liberty. Continue to cherish and uphold it. Make its principles co-incident with the constitution of Canada. There is a splendid future before the Dominion, and Orangeism will nobly aid in perfecting and perpetuating it.

Fraternally and faithfully yours,
(Signed.) WM. JOHNSTON.

At the conclusion of the addresses the vast audience sung the National Anthem.

A number of interesting races and other sports were then held, after which supper was served in the pavilion. The evening was spent in dancing by many, though others took in the sights of the town.

A special train left the E. & N. depot at 9 o'clock for Nanaimo, Wellington and intermediate points. This evening a special train will leave at 7 o'clock for the accommodation of the excursionists.

Among the visiting Orangemen are John Tulk, P. D. M., and P. M, of lodges 202 and 286; James Elliot, of 202 and 286; Albert E. Tulk, of 202 and 1019, all of Hamilton, Ont.

THE FOWERS OF DEATH.

Translated from Sully Prudhomme.

Whilst men were making war
The Sun made Spring,
And bluebells open where
Death spreads his wing.

In spite of all they hide
So close beneath,
The bright cups flutter wide
In Summer's breath.

The pallid lillies keep
Their constant snow,
While sanguine rivers steep
The earth below.

The stranger gathers them
And finds them sweet,
They bow with bended stem
To conquering feet.

None on this fatal plain
Where brave hearts lie
Wear somdre hue and stain
In memory.

Bright leaves are still unfurled
Though our suns set,
New in an old sad world
The flowers forget.

O flowers that smile to view
The tears we shed,
O, flowers of France! you too
Should mourn our dead.

—C. E. Meetkerke, in the Gentleman's Magazine.

A distinction with a difference: Shopman—"Here is a very nice thing in revolving book-cases, madam." Mrs. Newrich—"Oh, are those revolving book-cases? I thought they called them circulating libraries."—The King.

A Salutary Visit North

D.G.S. Quadra's Trip Has Excellent Effect on the Upper Coast.

Victoria Visited By a Chilian Warship—Braeman From the Orient.

D. G. S. Quarda steamed into port yesterday afternoon after a lengthy cruise to the northward in the lighthouse tendering and fishery protection service combined. On her way up the Quadra's men built a wooden wall around Egg island to protect it from the heavy spray of the winter weather; they erected a dwelling for the lightkeeper on Pointer island and built a boat house and cut a footpath for the Ivory island lightkeeper. Then the Quarda went to the North on fishery business. The Quadra was sent to the northern fishing grounds at the earnest request of the cannery proprietors on the Skeena, Naas and other rivers and on Rivers Inlet, to prevent the lawlessness that has hitherto been so rife there during the fishing season. Salmon have been stolen, nets cut and in times of strikes lives threatened; and there was absolutely no authority strong enough to enforce the laws—in fact, the laws have hitherto been almost laughed at.

The effect of the Quadra's visit has been most salutary. The canners and storekeepers, who had almost begun to dread the coming of the fishing season—even though it were their one source of revenue—were delighted, and assured Commander Walbran that the moral effect alone was a great one. The mere knowledge that lawlessness would not be tolerated, and would be put down with a strong hand, will do much to assure order in the future.

The Quadra cruised all over the fishing grounds and examined into the conditions of the different streams, all of which will be embodied in the commander's report to the fisheries department. There is no doubt, though, that it will confirm the stories brought down by other steamers from the North that measures must be taken to enforce the fisheries protection laws. The smaller streams are becoming fished out, and though the regulations read that there shall be three close days a week—Friday, Saturday and Sunday—there is no one there to see that the law is obeyed, and as the fishing industry is looked upon as a risky one, and one in which fortunes must be made quickly or not at all, the result is that fishing is going on all the time, the female salmon are not allowed to go up the river to spawn and follows as a matter of course that it only takes a few years to thin the fish out.

Of course, all the streams are not depleted, but the salmon are nothing like as plenty as they were. As an instance, it may be stated that one cannery, only a few years ago in the midst of the fishing streams, has now to send as far as 90 miles for its salmon.

The Quarda did not stay among the Northern rivers nor cruise as long as was originally intended, but was recalled to come down and make preparations for taking the governor general and party on a trip North, whenever His Excellency arrives and is prepared to go.

Captain Walbran thinks that from what he saw during his cruise North there is ample room for the service of the proposed fishery protection vessel, for which, as told in these columns some time ago, an appropriation has been made.

CHILIAN WARSHIP.

The General Baquedana Arrives at Esquimalt on Her Way Around the Pacific Ocean.

The Chilian training ship Baquedana, a three-masted iron cruiser of 2,500 tons, with a sharp clipper bow and a very trim appearance, arrived in Esquimalt yesterday with 300 young Chilian future admirals on board. Six months ago most of them were on the up-country runs of Chili and now they can sail ship like old-time sailor men, for they have had eighty days' training. Captain Wilson is in command, and under him are 32? officers, midshipmen, cadets, etc., all training for the Chilian navy. The crew were cleaning up and preparing ship for the visit of the British men-of-war's men yesterday to which they were looking forward to with interest.

The General Baquedana left Telacahuana, Chili, on April 22 and arrived at Easter island after a month's sail. She sailed from there two days later and came direct to Esquimalt, mostly under sail. The engines are only used when calms prevent her being carried along under canvas, for the voyage, which is to be an extended one, is for the purpose of instructing the ship's company. No shipping was seen en route with the exception of a vessel near Easter island and the Rimas, which arrived with her. The trip was not very rough, although there were a few occasions when the young Chilians looked pale and were sorry that they had left their happy homes to become sailors.

The cruiser will remain at Esquimalt for eight days and then she is to sail for San Francisco, and after a short stay there will cross the Pacific, to continue her cruise around that ocean. She will go to Yokohama and thence to Hongkong, Batavia, New Zealand and thence back to Chili.

She is a British-built craft, having been launched by the Armstrongs in May, 1897. She will coal here. Her armament consists of four 4.7 quick-firing guns, four 6-pounder quick-firing guns and two maxims. These guns have not been used in active service yet, it being the off-season for revolutions.

HIYU SALMON.

Steamer Tees, From Naas and Way Ports, Brings News of Big Salmon Runs.

Steamer Tees returned from Naas and way ports of Northern British Columbia yesterday afternoon. She brings news that the packs at the Northern canneries are growing, for the canners have been doing better than was anticipated. On the Namu, when the Tees left that inlet, a very big run was on. In Bella Coola inlet, too, there was a big run of fish and the new cannery at Namu and the Rivers Inlet canneries had an average pack of 2,000 to 1,500 cases. There was also a big run on the Naas, the canneries there having taken about 6,000 fish last week. The Tees had a big freight down from Vancouver, she having called there and taken the Yosemite's freight while the latter was engaged in transporting the Loyal Orangemen to and from Victoria. The passengers who arrived by the Tees were: B. Webber, who has been inspecting the Northern meteorological station at Simpson; Dr. F. Norris, of the Federation Canning Company; Mrs. Lockby and son; G. Robinson, A. Dyer, Mr. Nichols and wife.

The Tees will sail again for the North on Sunday. She extends her trip to Skagway this voyage to accommodate the large offerings of freight for the Alaskan port.

RIMAC ARRIVES.

One of the Fleet Bringing Coal From Cardiff For the Navy Reaches Port.

The four-masted schooner Rimac, a little vessel of 885 tons, arrived at Esquimalt last night after a passage of 134 days from Cardiff, Wales, with 1,400 tons of coal for the navy. The Rimac is a smaller vessel than the average taken by the admiralty to bring the Welsh fuel to Esquimalt, but now tonnage is so scarce that any sized vessel is taken. It is not a question of choice with the charterer. The Rimac had a fair voyage.

FROM THE ORIENT.

Steamer Braemar, of Dodwell & Co.'s Line Arrives from China and Japan—Brings Tea.

Steamer Braemar, of the Northern Pacific line, arrived from the Orient yesterday morning. She brought 485 Asiatic passengers, 405 being Japanese. The Japs were all landed here. About two hundred tons of freight was landed at the outer wharf and the steamer passed on to Portland last night. She had in all about 3,000 tons of cargo, including some big shipments of the new tea crop.

As in the case of the Riojun Maru, the stevedores found it difficult to get men to take the Victoria cargo ashore, for the majority of the longshoremen are up on the Fraser at present engaged in striking instead of fishing, and those who remained would not hear the call to work. Some sailors and others, nearly all new to the wharves, were eventually secured.

ARETHUSA SAILS.

Amid the Cheers and Hurrahs of Tars the Cruiser Leaves for the China Station.

With the Warspite's band playing "The Soldiers of the Queen," the hardy men cheering in the rigging and on the yards, civilians and service men in numbers shouting a farewell cheer from the rocks of the harbor front, H. M. S. Arethusa left for China about 4:30 p. m. with colors waving and men cheering—glad to get the chance to fight for the widow at Windsor. She passed the inbound Chilian ship General Baquedana in the Roads and the crew of that vessel also gave her a parting cheer. The Arethusa, with Captain James Startin in command and 308 men of all ranks, goes direct to Hongkong and there she will receive orders assigning her to whatever duty may fall to her lot in the China Seas. The 308 are hoping that it is some service that will bring them into contact with Mr. Boxer—for, as one of them put it before departure, "We've got a few of 'em 'andy with the mits ourselves."

A BUSY MORNING.

Much Shipping at and About the Outer Wharf Yesterday Morning—Colliers Arrive.

Yesterday morning the outer wharf and the Roads were full at shipping. The Miowera was preparing to depart for Vancouver at 4 a. m., and an hour later the liner Braemar arrived from the Orient; the Elwell from Honolulu came into quarantine and passed up to load coal at the island collieries; the steam collier Aztec arrived up from San Francisco; the Warfield passed up; the Yosemite arrived from Vancouver with excursionists, and the Victoria and Islander were coming and going on their respective voyages.

W. C. T. U.—The meeting of the Central W. C. T. U. at the residence of Mrs. D. Spencer yesterday afternoon was of more than usual interest. In addition to the members there were present Mrs. Evans and Mrs. A. C. Wells, of Chilliwack; Mr. and Mrs. Townsley, of Yorkshire, England, and Miss McLaughlin, of Winnipeg. Rev. Mr. Rowe addressed the ladies, and Mrs. Spofford conducted parliamentary drill. Greetings were received from Lady Henry Somerset through Miss Perrin. At the close of the proceedings Mrs. Spencer invited the ladies to tea and a pleasant time was passed.

No. 161.

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY.

"Companies' Act, 1897."

"Monitor Copper Mining Company, Ltd."

I hereby certify that I have this day registered the "Monitor Copper Mining Company, Limited," as an Extra-Provincial Company under the "Companies' Act, 1897," to carry out or effect all or any of the objects hereinafter set forth to which the legislative authority of the legislature of British Columbia extends.

The head office of the company is situate in the city of Jersey City, county of Hudson, U.S.A.

The amount of the capital of the company is $50,000, divided into 500 shares of $100 each.

The head office of the company in this province is situate at Alberni, and Geo. W. Maynard, engineer, not empowered to issue or transfer stock, whose address is Alberni aforesaid, is the attorney for the company.

The objects for which the company has been established are:

To carry on the mining and shipping of ores and minerals of all descriptions; also the erection of smelters for the reduction of all minerals and the process of smelting and reduction of all minerals therein; the selling of the product of such smelters and of such mines hereinbefore mentioned; the shipping and freighting of all such product and smelting hereinbefore stated; the acquisition of timber lands of all kinds and the cutting of same and the preparation of same for market, and the selling and freighting of same to all markets available; also the buying and selling mineral lands, timber lands, mining properties and such other privilege incident thereto; also to act as agents for the sale of all such commodities as have been enumerated hereinbefore, either directly or on commission, also for the purpose and privilege of advancing moneys on consignments of the above commodities enumerated, as agents or as principals, and to do such acts as are incident thereto; also for the purpose and the privilege of carrying on a general or limited merchandise store at or near mines and elsewhere; also for the purpose of and the privilege of operating a transportation company for the purpose freighting ores, lumber and all merchandise which may arise from and be incident to the industries hereinbefore enumerated, or boats propelled by any power that may be used for the purpose of propelling any craft for freight and passengers or either; also for the purpose and the privilege of creating, operating and carrying on a water power for mining or any other purpose, and the development of electrical power for mining or any other purpose; also for damming water for the above purpose and for water supply in general; also for the privilege of building waggon roads, tramways, or providing transportation facilities such as are incident to the above purposes in general or for other lawful purposes.

Given under my hand and seal of office, at Victoria, province of British Columbia, this 3rd day of July, one thousand nine hundred.

Dr. Ernest Hall Tells Side of the Story.

Mr. Phil Smith Ste Case from the Soc Stand Point.

THE DOCTORS' DIFFE

Sir: Not for the purpose ing the present discord amo tors, neither for the purpos ing any selfish interest whic might not have in this mat in the interests of truth do your request to discuss this expressed in the editorial o

1. With reference to you informant, whose communi far exceeded the limit prese medical code, I will only using so freely the names refusing to allow his own to is guilty of cowardice unw rank, and in attacking a who has done, and is doi work here, stigmatizing h weakest," he descends to a l he should be heartily asham

2. With reference to my from the combine, which is real question at issue, you principally by his omission haps unintentionally, given view.

In order to be brief, I may ter reconsideration of the deavored to reopen the que cussion in the medical socie and again urged the me consider their action, whic them admitted, when spoken was a mistake, and failing satisfaction that my advice lowed, I sent in my resign the special meeting called, following address, which reasons for my action:

The President and Member toria Medical Society:

Gentlemen: My resignati you. I hope that this so fit to reconsider a matter o terest to itself, or grant the cepting my resignation, as tain membership in a s course I consider is in oppos to the welfare of a large ma munity, but decidedly detr own best interests. I am in a purely selfish undertak of you seem to think. I h any agreement to which our signatures, but I persis tion taken, that when a mis made in our policy we shoul est convenience proceed to mistake, and to readjust h lations between ourselves means unimportant prop constituency. If the ender the best interests of the m sion in Victoria and to pr society the patronage of o population of this city is call me a traitor; if cha cause of fraternity and be outrage, then brand me. action at your hands. If t save this society from ric facing it upon all sides, the most influential of the loyalty to this society, the loyal to all the obligatio fession. Gentlemen, reme are dealing with a class becoming the ruling factor means lacking in intellige prise, and a class that is put into effect even a gre co-operation, unless we meet their demands, wh means unreasonable. Ou been represented as "cla and the time has passed ment of public sentiment, of modern politico-econo professional class can affo the sentiments of those owe their living. The been mentioned as a mo and consistency. That s slumbering over a volcan injustice and oppression, may be expected with action.

Another and most im must also be considered, gard I am not without those in authority, that t society has endangered o Democracy is present up the house to such a degr require but little influe alter its most important could be put in operati the present session, wou our examination in prim make the entrance to practice principally dep holding a diploma fr university or medical we must consider the presence of a central d rate drug store, which continuance of the polic

You may call me an I make an estimate of societies. We are face most important epoch in history of our city, and your course of obstinacy ultimate jeopardy of s tracts at present held the members of this s able settlement is mo can be accomplished, will be preferred to ou

I apprehend that ce might be had from the quired, viz.:

I. No attendance up property has an assesse or over, or those whose $1,200 per year.

II. Visits between 10 extra.

III. Major surgery per year of $3, not low

Gentlemen, my resig you. A continuance of sitates your acceptance tion, as I cannot contin any society that united istic to the principles o posed to the genius of

(Delivered before the Society).

Thus it is clearly sho no "hole in the corn with the matter, but cussion in the medical At a future time I discussion, taking up ments made by your i dealing with the gener tract medical practice.

In conclusion, allow this is the third time into collision with and twice I have tri terest of humanity an to the opening of the lee hospital to the m
