WELL KNOWN VIOLINIST

Traveled Extensively Throughout the Provinces—Interesting Statements Concerning His Experience.

STELLARTON, N.S.—James R. Murray, a well known violinist, of this place, who has traveled extensively throughout the Provinces, makes this statement:

"I was running down in health and my weight fell off from 175 to 150 pounds. Prescriptions did me but little good. My trouble was called nervous dyspepsia. I resorted to Hood's Sarsaparilla and after taking five bottles I was greatly benefited. I feel as well now as ever in my life, and have increased in flesh so that I now weigh 177 pounds. I am well known in this part of the country, having followed my profession, that of a violin musician for the last 26 years. I gladly tell my friends what Hood's Sarsaparilla has done for me. Before I began taking the medicine I did not have any ambition, but now all is changed and my dyspeptic trouble perfectly cured." JAMES R. MURRAY.

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any substitute. Be sure to get Hood's.

Hood's Pills are the only pills to take with Hood's Sarsaparilla.

[illegible]RD OF EDUCATION

Make Some Changes in the Teaching Staff—A Brief Session.

The board of education held a special session last night, which, in point of brevity, was an excellent model for the council. The object of the meeting was to consider No. 1 committee's report. Upon the report being presented, it was adopted unchanged, and the board adjourned. Following are the recommendations:

That Miss Hattie Giddens be appointed to the position in St. George's school made vacant by the resignation of Miss Aggie Robertson.

That Miss L. Phoenix be appointed to take the position made vacant in Rectory street school by the resignation of Miss Ince.

That Miss Tolhurst be appointed to the vacancy in Rectory street school caused by the resignation of Miss Hendrie.

Under instructions from the board, the committee advertised for a teacher to fill the vacancy caused by the resignation of Mr. Lochead from the teaching staff of the Collegiate Institute. A number of applications were received, and after consulting with Principal Merchant the position was filled by the appointment of Mr. Silcox, recently appointed to the assistant science mastership. Mr. S. B. McCready of Paris, taking the position of assistant science master.

Accept the tenders of Sifton & Co. for the supply of pens; of John Mills, for the supply of erasers and chalk; of Reid Bros., for the supply of ink, and of John Anderson & Co., for the supply of foolscap paper required at the public schools; and of Anderson & Nelles for the supply of chemicals required at the Collegiate Institute. In each case the tender accepted is the lowest.

Those present were: Trustees Logan (chairman), Mrs. Boomer, Messrs. McCormick, Dr. English, Wilkins, Evans, Boyle, Dr. Ziegler, Macpherson, Bridle, Gillean, Hamilton.

WEAKENING DIARRHEA

Promptly Checked and the Weakened System Strengthened by Dr. Fowler's Extract of Wild Strawberry.

Diarrhea does not need to persist for any length of time until the whole system is weakened and debilitated. No other disease so quickly undermines the strength and brings about a condition of prostration and often collapse.

Dr. Fowler's Extract of Wild Strawberry is not only prompt and effectual in checking the diarrhea, but at the same time it stimulates and strengthens the heart and braces up the system.

Mrs. Joshua Stevenson, Owen Sound, Ont., says that her little girl was weak and almost run to nothing through a severe attack of summer complaint. Nothing would check it until she gave her Dr. Fowler's Extract of Wild Strawberry, which acted like a charm. She considers that no household should be without this valuable household remedy. Wise parents should take to heart this advice of Mrs. Stevenson's, as they do not know when they themselves or one of their children may be attacked by Diarrhea, Dysentry, Cholera, Colic or Cramps.

Dr. Fowler's Extract of Wild Strawberry is not an expensive remedy—only 35 cents a bottle, and the doses are so small that it goes a long way.

Don't accept a substitute of imitation. Many of them are dangerous compounds.

A NOVA SCOTIA CASE.

Significant Praise of Dodd's Kidney Pills, by a Meteghan Citizen.

Meteghan, N. S., Aug. 22.—No man is better known to the traveling and commercial classes in this province than is Mr. William German, proprietor of the Bay View Hotel here.

An interesting statement is made by Mr. German, and reads thus:

"I take pleasure in testifying to the merits of Dodd's Kidney Pills. Two years ago I was suffering from severe pains in my back caused by Kidney Trouble.

"I got two boxes of Dodd's Kidney Pills and used them, and my complaint was completely cured. I have not had the slightest pain since."

To all victims of Kidney Complaint there is one way of escape from their suffering. That is by using Dodd's Kidney Pills. They always cure.

It is a mistake to suppose that the passions are strongest in youth. The passions are not stronger, but the control over them is weaker.

A WAIST LINE CORRESPONDENCE.

An exact correspondence of the waist line of the corset with that of the body is absolutely necessary to insure freedom and comfort.

In long-waisted corsets worn by short-waisted women there is no such correspondence, theretore, except in the case of a long-waisted woman, the long-waisted corset is as uncomfortable as it is unbecoming.
