THE VICTORY LOAN.

That Canada as a whole is ready and willing to do her part to help win the war was clearly demonstrated by the magnificient amount subscribed for the Victory Loan, the amount being well over 400,000,000. To achieve such a result all parties, races and creeds set aside their differences and worked together for the success of the loan.

The Montreal Herald (Unionist) says:—

It is to be hoped that this achievement will shame those political opportunists who have been preaching that Canadians are divided into two classes—patriots and traitors; win-the-war advocates and slackers. The Canadian people are loyal and there would be no talk of their being divided into two camps over the war today were it not that some see political advantages in promoting racial strife. This loan is a fresh evidence of the attitude of the Canadian people as a whole on the war, and a new demonstration to the enemy that although there may be difference of opinion among us as to methods, there is none as to the goal to be reached.

BIG GAME PROTECTION.

The need for good, live game wardens is more necessary in this district during the close season than at any other season of the year if our big game animals are to be protected.

The Graphic has been given some idea of the slaughter of moose and deer in former winters.

Last winter one lumber camp sold six moose and thirty-seven deer hides to a Campbellton dealer. This jobber depended entirely upon big game for his fresh meat.

In a district which embraces about half the county of Restigouche one hundred and four moose were killed last year, all but nine were killed illegally.

From the above report it will be seen that if our big game are to be saved from extermination some different measures will have to be taken. In former years the game wardens were discharged at the end of the open season December 1st) and no protection was given during the most essential period, when the snow is deep.

This year it is hoped the wardens will be kept on all the year and we expect to announce this in a week or so. In the meantime one man is on duty, and will endeavor to see that the law is observed.

LT. MONTGOMERY NOT DEAD AS REPORTED

Many friends throughout Northern New Brunswick and Quebec were startled last Thursday to read a report in the St. John and Montreal papers that Lieut. Lorne Cuthbert Montgomery of New Richmond has died of wounds on the 19th November.

On Friday we received the cheering news from Lieut Montgomery's home that this could not possibly be true as a cablegram had been received from him stating that he had been admitted to hospital and was getting along well. Our readers will remember that this is the fourth time Lieut. Montgomery has been wounded.

Now Mr. R. H. Montgomery writes us that the Record Office, Ottawa acknowledges the error in the prevous notice and advises that Lieut. Montgomery was accepted at number fourteen General hospital on November 19th with slight gunshot wound in the back.

All will be glad to hear that the wounds are not serious.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear they suffer from corns, then they cut and trim at these painful pests which merely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezone applied directly upon a sore corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

CAMPBELLTON SCOTS CELEBRATE THE DAY

Caledonian Society of Restigouche Meet St. Andrews' Day —Oyster Supper.

There was a goodly gathering of loyal Scots at the Curling Club's Banquet room last Friday to observe the "Day", the day that orings the Scots together, where ever they are found throughout the wide world. The first part of the meeting was devoted to business. Col. A. E. G. McKenzie was again elected President, M. M. Mowat, Vice. Pres; H. R. Smith, Secy. Treas, Rev. Hugh Miller, Chaplain, Harry McLennan, Piper, Marshals, Chas. Alexander, Bruce McBeath; The Executive Committee, Alex. McLennan, Hugh Carr, A. D. MacKendrick, James Jardine and Harry Miller.

When through with business, an oyster supper was served by the ladies of the Tipperary Club, the Proceeds to go towards the Red Cross Fund.

The entertainment that followed was quite informal. Mr. Kelly filled the chair with much ability and all spent a couple of enjoyable hours. There were several speeches, songs, rectations and an excellent gramaphone rendered several of Harry Lauder's choice bits.

The members unanimously agreed to devote the year's annual dues to Harry Lauder fund for disabled Scotch soldiers.

There were several guests present among them being Major McArthur, of St. John, a returned officer of the old Fighting 26th. In a rattling patriotic speech he referred in glowing terms to his superior officer, Lieut. Col. McKenzie, who he compared as equal to the best, saying he had the brains and military knowledge to handle even a Division on the field, with any officer at the front.

RETURNED HEROES.

Gunner J. Hill of St. Anne, Restigouche, Quebec has arrived home. He went overseas with the 132nd Battalion and after his arrival in England was transferred to another Battalion. At the battle of Vimy Ridge he was wounded in the left hand and as a result the hand had to be amputated.

Private Joseph Carter has returned to his family in Dalhousie, N. B. He enlisted in March of 1916 and was wounded in the back, head and arms just before Vimy. He was out with a party preparing trenches for the great push of the morrow. It was midnight in No Man's Land. The position was a very dangerous one, as the Germans had been expecting something for some time and were shelling the Canadian lines. Pieces of shrapnel wounded him in several places and he was carried to the rear. After several months in hospital he was considered fit to return to Canada.

CHRISTMAS SALE.

The Willing Workers of the Baptist Church expect to hold their annual Christmas Sale in their vestry on Tuesday, Dec. 18th.

WOUNDED SOLDIERS.

A number of trains of wounded heroes and soldiers on furlough, passed through Saturday. Most of the men were for Upper Canadian points. Among the party was Lieut. "Bob" Dibble, the famous Toronto oarsman, who was wounded at Vimy Ridge. He went across with the Sportsmen's Unit.

EDITORS MAIL

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications.

The Graphic does not hold itself responsible for opinions expressed in this column.

To the Editor of the Graphic,
Campbellton, N. B.,
Dear Sir:

Would you please spare me a small space in your paper in which I can tell the soldier's wives where they can now do their duty.

Reading the speech of Mr. Michaud I notice where he said the first man he met when he stepped off the train was his opponent and the next a returned soldier without a job.

Well what he should have met was the soldiers wives and we should have been to meet him and asked him, if we supported Sir Wilfrid Laurier, would he be man enough to stand by the soldier's wives and see that our patriotic money was not cut out altogether, till this war was brought to an end. When we gave our men to fight for our country we did not think that the government would be mean enough to try and hurt us by letting the high price carry off the few dollars we are getting, and then cut us down But that is one point Mr. Borden missed when he gave us our vote for we can cut him down as much as he did us, on Dec. 17th.

We all want conscription, every wife and mother who has a heart for those who died to save us, but we do not all want Union Government.

Now if Mr. Stewart gets in and gets us our money back before the 17th he may have a chance, but if not, we are not at all surprised, for we learned a lesson when he was in before.

They send us word to live cheap, we have to do that for the government must sport. We do not see any way out, only crush them as our men are crushing the Huns.

Thanking you Mr. Editor for your valuable space,

I remain,
A SOLDIER'S WIFE.

SYMPATHY

We extend our sympathy to Mr. D. A. Stewart. In a former election he stated that he would rather have the Campbellton Tribune against him, he would have a better chance of winning. He was right and he won. Last winter the Tribune worked overtime and he was defeated. It is again working for him and if the tone of its articles count for anything Mr. Stewart will again meet defeat. The Graphic is not in favor of raising the race or religious cry even to win an election and we think we voice the sentiments of a very large number of English speaking residents in this matter
