Agricultural Intelligence.

Agricultural and Horticultural Societies, 1869, and their Secretaries.

We publish from returns made to the Commissioner of Agriculture, a list, which we believe to be complete, of the Agricultural and Horticultural Societies at present organized in the Province, with the names and residences of their respective Secretaries. No official returns were made of other officers, and as far as the public are concerned, the names and post-office address of the Secretaries are all that is requisite.

(N. B.—Electoral Division Societies are printed in small CAPITALS, the rest are Township Societies.)
