PROPOSES A NEW CANON FOR ELECTION OF BISHOP

Will Prevent Repetition of Uncertainty Surrounding Legality of Bishop Carmichael's Succession.

Montreal, Jan. 13.—(Special.)—Dr. L. H. Davidson of this city has given notice that at the approaching meeting of the Anglican Synod of Montreal, he will ask that canon No. 11, "for the election of a coadjutor bishop," be repealed and be replaced by a new canon, the chief provisions of which are:

(1) That a coadjutor bishop of the diocese may be elected at any session of the synod upon the request of the bishop, assented to by said synod by resolution adopted by the majority of members of said synod present at said session; and

(2) That the coadjutor bishop so elected shall, without any further election or formality, become the lord bishop of the diocese immediately upon the death or resignation of bishop.

Another clause provides: "In case of the absence of the bishop or of his incapacity thru illness or other cause, the coadjutor bishop shall exercise the full power of the bishop of the diocese, as well in temporal as in spiritual matters."

It is said that the adoption of this canon will prevent a retpetition in the future of the uncertainty which at present surrounds the legality of Bishop Carmichael's succession to the see.

Doctors Admit

That They Can Do Nothing More For Your Stomach Than Stuart's Dyspepsia Tablets are Doing Every Day.

COST NOTHING TO TRY.

According to the expert analysis of government authorities in the United States and Great Britain, Stuart's Dyspepsia Tablets contain the exact elements provided by nature for digesting food in the healthy stomach.

Stuart's Dyspepsia Tablets have saved sufferers from stomach disorders millions of dollars by giving them, in one small 50-cent package, more relief than countless treatments by physicians would bring about at $3 per visit.

Perhaps you are afflicted with dyspepsia—or some kindred disease arising from a disordered digestion. It may be headaches, heartburn, palpitation, liver trouble, insomnia, nervous debility. They all have their beginning in a stomach which does not secrete the juices or grind the food which is taken into it.

If so, we urge you to send for a free trial package of Stuart's Dyspepsia Tablets. It will cost you nothing and surely will bring us no gain unless you find, after using it, that you are benefited and feel that you need a full-sized package.

There is absolutely no danger in using Stuart's Dyspepsia Tablets. Nothing is contained in them that has not been subjected to the closest scrutiny by the government officials.

Stuart's Dyspepsia Tablets will digest your food without demanding a careful diet. One grain of these tablets has power to digest 3000 grains of ordinary food. You can be sure, therefore, that no matter what your condition, these little tablets taken after each meal will shortly restore your stomach to its normal condition and render it capable of doing its work unassisted.

We withhold the names of hundreds who have written us voluntarily expressing their gratitude to this simple substitute for nature

Send for trial package to-day. F. A. Stuart Company, 70 Stuart Building, Marshall, Mich.

Fifty-cent size package for sale by druggists everywhere.

HAMILTON HAPPENINGS

GREATER EVIL THAN DRINK PASTOR SCORES DRUG HABIT

Cures Advocated by Rev. Dr. Lyle —Arrangements for Release of Greek Storekeeper Completed.

Hamilton, Jan. 13.—(Special.)—Rev. Dr. Lyle, pastor of the Central Church, preached this evening on the subject of "A Great Evil at Work in This City—The Drug Habit." He declared that the wine habit was not growing, but was diminishing. The drug habit, on the other hand, was growing by leaps and bounds. The question for the reformer was not whether there was to be one or fifty saloons. A large number of children were born into the world, who, if left to their own devices, would take to drugs or wine. Some of the cures he advocated were good, comfortable homes, with good women to manage them, and more play and grounds for the children.

Damnable All Round.

"The liquor business is damnable; the men who conduct it are damnable; the government that allows it is damnable, and the people who stand by and allow this damnable business are damnable," said Rev. R. J. Treleaven, pastor of the First Methodist Church, during the course of an address at a temperance meeting in Association Hall this evening.

Theft of Turkeys.

Dougal McIsaac was arrested Saturday on the charge of stealing some turkeys and several pairs of boots from Mrs. Levi.

Chief Ten Eyck, who was overcome at the Taylor & Mulvaney fire, was able to be taken home to-day.

Slate Fixed Up.

It is claimed that the Conservative and Liberal aldermen have practically agreed to stick by the following slate: Chairman of finance, Ald. Dickson; board of works, Ald. Sweeney; fire and water, Ald. Clark; sewers, Ald. Baird; markets, Ald. Nicholson. The Labor and board of trade aldermen say that they were not looking for anything in the way of honors themselves, and they think the Liberals were foolish to agree to the arrangement. The inaugural meeting of the council will be held Monday morning at 11 o'clock.

The Dead.

J. Milne, 326 South Caroline-street, father of J. G. Milne of the Traders' Bank, died to-day in his 70th year.

Annie, the 7-year-old daughter of Alex. Thomas, 161 Young-street, died to-day from scarlet fever.

Mrs. George Feasel, 191 West Hunter-street, died to-day in her 78th year.

Begins Pastorate.

Rev. Thomas MacLachlan, began his pastorate of the St. James' Presbyterian Church to-day.

The city has received patents for 71 acres of marsh land at the west end of the city.

Word has been received that Stuart Livingston, formerly a Hamilton lawyer, will run as an Independent-Conservative in Vancouver for the provincial house.

Saturday morning at police court John Moore, 42 Margaret-street, was committed for trial on the charge of attempted criminal assault. His 14-year-old daughter is the complainant.

To Be Released.

It is understood that arrangements for the release of J. Seamens, the Greek storekeeper sent down in connection with the street car riots, have been completed.

Hotel Hanrahan.

This new and up-to-date hotel, just completed, is situated on the corner of Catharine and East Barton-streets, within easy reach of the G. T. R. and C. P. R. stations, and the arrangements that have been made for the traveling public are second to none. There are 20 bedrooms, 2 parlors, dining-room, reading and writing-room, bath and toilet-rooms. Mr. T. Hanrahan has been quite a number of years in Hamilton and is thoroughly acquainted with the requirements that will be expectedo f him as proprietor of this hotel.

GARMENT WORKERS' STRIKE

Allan Studholme, M.L.A., Addresses Sunday Afternoon Mass Meeting.

The striking garment workers of the Lowndes Clothing Company held a mass meeting yesterday afternoon at the McCaul-street Synagogue Hall. The place was comfortably filled. Among the speakers were Allan Studholme, M. L.A. of Hamilton; Louis Gurofsky, S. L. Landers, the organizer; J. Abrams and L. Saunders. Three of the speakers spoke in Yiddish. Phillip Lesser acted as chairman.

Mr. Studholme said, without knowing the details of the strike, he knew they must have had a just cause or they would not have gone out, since men and women do not suffer privations for the fun of the suffering. He advised them to stay out until they succeeded and to trust their leaders.

The organizer addressed the meeting in both languages, saying the union still held a few trump cards which it had not played in the Lowndes strike, and which would be played in the near future if a settlement was not reached. The chairman closed the meeting by announcing another concert and dance on behalf of the strikers at the Labor Temple on Thursday evening, Jan. 24.

Will Give a Cantata.

At its quarterly meeting Saturday evening, the Toronto Sunday School Association decided to hold a cantata in Massey Hall, during the early part of May. Prof. Fletcher of the People's Choral Union, has agreed to take charge of the chorus, which will comprise 500 voices. W. E. Groves presided.

PRESIDENT URGES ACTION TO PROTECT WATER USERS

Suggests That Government Acquire Rights of Development Co. in U.S. and Mexico.

Washington, Jan. 12.—The president to-day sent to congress a message urging action by congress toward remedying the situation caused by the break in the Colorado River, four miles below the international boundary line in Mexico, and which threatens the property interests in the imperial valley of California.

The president's plan is that the United States should acquire the rights of the California Development Company and its subsidiary corporations in the United States and Mexico upon such reasonable terms as shall protect the interests of the government and water-users. The United States should obtain by convention with Mexico the right to carry water thru that country upon reasonable conditions.

The California Development Company, the president says, made representations to possible settlers of the great benefits to be derived by taking up this land. The claims were not only extravagant, he says, but in many cases it appears that wilful misrepresentation was made. "The money thus obtained from settlers was not used in permanent development."

The president continues: "The money apparently disappeared either in profits to the principal promoters or in the numerous subsidiary companies which, to a certain extent, feed upon the parent company, or served to obscure its operations—such as a construction company, a company to promote settlement, and a company to handle securities of the various other corporations."

204 SIGN THE PLEDGE.

Mrs. Owen Hitchcox Persuasively Eloquent at Sunday's Meeting.

Yesterday was the banner pledge signing day for this season in the Massey Hall Sunday meetings of the Canadian Temperance League, 204 signing the rolls. The speaker was Mrs. Owen Hitchcox. Her sixteen years' experience in platform work in Canada and the United States was shown to good advantage.

Temperance people were to be congratulated, she said, on the outcome of the local option fight, but forces must be united and insist on an amendment to the License Act, permitting of the bylaw being carried by a straight majority vote.

During the week the league will hold a series of meetings in different parts of the city, addressed by Rev. John E. Farrow of New York, illustrated with stereopticon views. The meeting to-night will be in the Yonge-street Methodist Church, and the subject, "The Story That Transformed the World."

OWEN SOUND: A TRIBUTE.

John Scully's Impressions of Northern Town After Long Absence.

John Scully of Toronto visited Owen Sound on New Year's Day for the first time in 25 years and spent the following week in viewing the place in company with his brother, Michael Scully, who has resided in that community for over 40 years.

Mr. Scully expresses amazement at the transformation of the scene since he last viewed it. He was particularly struck with the fleet of ships in the harbor, numbering some fifteen, including three C.P.R. steamships, which ply between Owen Sound and Fort William, the "Rosedale," "Algonquin" and the "W. D. Matthews," a vessel of 260,000 bushels capacity.

The visible growth and prosperity of the town itself were manifested in large numbe of new first-class dwellings recently erected (all occupied), built of solid brick, stone or cement. Mr. Scully was given a splendid account of the newest native industry, cement factories, which are cropping up like mushrooms in the town and vicinity. Four beautiful churches, marking one public square, and built of native stone, gave evidence of a valuable resource in the local quarries.

Mr. Scully was delighted to meet the pioneer priest of Grey County, Father Grathnotier, who during his mission of over 40 years has been the means of erecting churches and schools at Meaford, Chatsworth, Irish Block, Brook and other places in the neighborhood of Owen Sound. A magnificent Catholic church standing out prominently on the hill which crowns the town, likewise the rectory, large separate school and sisters' residence, stand as monuments to the Rev. Father's zeal.

The streets and roadways appeared to be in perfect condition. All warehouses and stores were "going" concerns. The town is well supplied with banks, namely, the Bank of Hamilton, the Merchants', the Traders' and Molsons, all doing good business.

Mr. Scully considers that Owen Sound would be a most delightful place to spend the summer months. With the C.P.R., the G.T.R., and the prospect of a connection from Meaford by the proposed G-T.R. extension in the near future, and the harbor, Mr. Scully says Owen Sound's future is beyond conjecture. There is also being negotiated an electric railway and power system, the current being supplied, in all probability, from Inglis' Falls, ten miles distant.
