PHILADELPHIA MAKES RUNS.

297 FOR FOUR WICKETS AGAINST THE AUSTRALIANS.

Messrs. Noble and Bohlen Contribute 83 and 73 Respectively, Both Not Out—Rosedale Defeats Niagara Falls—Varsity's Rugby Team Wins From Osgoode Hall—Fast Racing at Morris Park.

PHILADELPHIA, Sept. 29.—The cricket match between the Australians, who have been playing in England all summer, and the Philadelphia team began at 1.40 this afternoon on the grounds of the Belmont Cricket Club.

When stumps were drawn at 5.15 the Philadelphians had made the remarkable score of 297 runs for the loss of 4 wickets. The day was bright but a little too cold for comfort, and as a consequence the attendance was less than 4000. The Australians, who did not get off the steamship which brought them from London until this morning, were taken direct to the grounds on a special train.

Philadelphia won the toss and went to bat, sending Capt. Patterson and R. D. Brown to defend the wickets. The crease was as near perfect as it was possible to make it. The famous G. Giffen and Trumble, who in the absence of Turner is considered the visitors 'crack bowler, started the bowling for Australia, Capt. Blackham being wicket keeper. With a score of 23 Brown was caught at the wickets by Blackham off Trumble, W. Scott joining Patterson. When Scott had made 8 runs he was run out through an unfortunate blunder of Patterson. A. M. Wood went in, and after a good stand he lost Patterson, who was run out through a misunderstanding, the latter making a fine 56 without chance. F. H. Bohlen went in. Wood, who had been twice given a life on easy chances, was finally bowled by Bruce after he had made 40. The score at this point was 131 for 4 wickets down.

W. W. Noble joined Bohlen, and then began one of the greatest stands ever witnessed in an International match here. For over an hour this pair batted in the most brilliant style, and when play was discontinued they had compiled between them 166 runs, Bohlen scoring 83, not out, and Noble 73, not out.

The work behind the wickets of Capt. Blackham was probably the finest ever seen here. All of the Australians fielded beautifully, some of their stops and throws being wonderful. Play will be resumed at 10.30 to-morrow morning.

CRICKET IN SEPTEMBER.

Niagara Falls Beaten At Rosedale—Visitors' Many Ducks.

Niagara Falls cricketers visited Toronto yesterday and enjoyed a pleasant game at Rosedale in perfect weather. The visitors won the toss, went first to bat and seven went out for ducks. W. L. Martin, Williams and Cahoe went into doubles, and Hullin, the remaining man, got 5 of the 60 runs. Forrester took 5 wickets for 6 runs. Rosedale easily hit up the required runs, Lyon getting 35 not out, and Pellatt and Cosby going into doubles. The score:

Parkdale Club Notes.

The following team will represent Parkdale in their match with East Toronto this afternoon on the East Toronto grounds: S. W. Black, A. E. Black, J. Chambers, A. G. Chambers, C. Lyall, F. M. Dela Fosse, J. Turnbull, G. A. Morrison, H. J. Webster, C. Leigh and J. E. Hall.

East Toronto claims that Parkdale has defaulted. Parkdale did ask to be released from its engagement, and the East Toronto executive claims that this would be a default. Parkdale has no intention of defaulting, and although they never imagined that their friends from over the Don would put such a construction on their request, still, rather than give them a chance to say a word against the reputation of the western eleven, the Parkdale men have got out their bats again and will play the match as originally arranged.

RACING AT HAMILTON.

The Talent Dumped—The Drugged White Wings is Dead.

HAMILTON, Sept. 29.—The gilt-edged 3-year-old trotting filly White Wings, by Diplomat, that was favorite for the 3-year-old trotting stake at the fall races yesterday, and which was prevented from starting through having been drugged while in her stable at the track on Wednesday night, is dead. She died about 5 o'clock this morning. From the effects the drug had upon her it is thought that she was given aloes and croton oil.

White Wings was by Mr. H. Scott's (Caledonia) Diplomat, dam by Caledonia Chief. She had a race record of 2.22, made in Toronto this fall, and did a trial in 2.18. She was by many looked upon as the coming Canadian record beater. Her owner, Mr. D. J. Lynch of Hagersville had an offer of $1000 for her, and had she won yesterday's race $1500 would not have been an extreme figure for her.

At the track this morning the horses continued to dump the talent in the most approved style. Last night Chimes E. was red hot favorite again for the 2.13 race, the spectators arguing that after the night's rest Gertie B. would not be in it with her. The pools sold at $10 on Chimes. Gertie B. went out and won the deciding heat in clever style in 2.20½. Gertie thus gets first money, Chimes E. second and Little M. third.

But the greatest race was in the 2.27 class. Babette, Dr. Forest and Prairie Belle had each a heat last night. Babette was a favorite in the business that was done after the races yesterday and this morning, and when she pulled off the first heat this morning she was bought up eagerly at $10 to $4 and $5 on the field. The Toronto mare Prairie Belle then went in and won two heats and the race. The summary:

Prairie Belle	4	2	1	2	1	1
Babette	2	1	4	1	2	2
Doctor Forest	1	3	2	3	3	3
Grimsby Girl	3	4	4	4	4	4

Time—2.22¼, 2.26, 2.27¾, 2.22¾, 2.24, 2.23¾.

Three Remarkable Races.

Yesterday was the opening day at Morris Park and there was some remarkable racing.

In the first race Correction, with 117 lbs. up, ran the five furlongs in .57 and equalled the performance of Dr. Hasbrouck last year.

Melba in the second race, ⅞ mile, went the distance in 1.09⅞. This equals the record made by Yemen on Oct. 1 last. Melba carried 93 lbs.

And in the third race Keene's great colt, Domino, won the Matron Stakes, 6 furlongs, in 1.09 and made a new record for the world.

A PRACTICE RUGBY GAME.

Varsity Defeats Osgoode Hall on the Lawn By 20 to 12.

Varsity—4 tries, M. Lash (2), N. Lash, H. Kingstone; placed goal 1, M. Lash; rouges 2. Total 20.
Osgoode Hall—3 tries, Cameron; 2 placed goals, Pope. Total 12.

Varsity and Osgoode Hall played a practice game of Rugby on the Lawn yesterday, which resulted in favor of the University by 20 points to 12. The rival fifteens entered as vigorously into the contest as if they were struggling in a championship match. Neither team had out its total strength, but the legal kickers were outplayed and clearly showed lack of practice. The score at the end of the first half-hour's play was 11 to 6. The teams were:

Varsity (20): Back, Dobie; halves, Kingstone, Campbell, W. Gilmour; quarter, White; wings, Barr, Kingstone, N. Lash, Boyd, Laidlaw, Robinson, Cleaves (capt.); scrimmage, McMillan, M. Lash, McCrae.

Osgoode Hall (12): Back, Laing; halves, Cameron, Wood; quarter, Smellie; wings, Cunningham, Bain, Peterson, Senkler, Moran, Pope, McLaughlin; scrimmage, Young, Lamont, Small.

Referee—Barker, Osgoode Hall. Umpire—Parker, Varsity.

Robertson of the Racing Board has granted sanction to any trials on the Rosedale track for the week commencing Oct. 2. Riders are notified to see the official timekeeper in due season, so that proper officials can be appointed for the events.

The first half-yearly volume of Goodwin's Official Turf Guide for 1893 has just been issued. It is a volume of some eight hundred pages and contains the racing record and index to July of this year. It is for sale at P. C. Allan's, 35 King-street west.

The Churches and Exemptions.

[From The Monetary Times.]

Notice is taken of the fact that one of the Methodist churches in Toronto proposes to follow the example of the most prominent Baptist church in the same city, in offering a voluntary tribute of municipal taxes to the city. The hope is indulged by some sanguine natures that these precedents will draw many like submissions after them, but is likely to prove delusive. So long as the making of the division between Cæsar and God rests with the church, the rule will continue to be that Cæsar's share will be nothing. All the experience of the past points in this direction. The churches have their secular side, and many of them are continually in financial straits, at their wit's end, to know how to "finance" from year to year. With mortgage loans and interest accounts they are painfully familiar. In this condition they are not in the habit of making voluntary offers of taxes which they are not legally obliged to pay. Ministers' salaries are no longer exceptionally exempted; the change was the effect of law, not of voluntary tender. And the churches no longer escape one form of tax, that levied for local improvement, even in the city of Montreal. If they are to share the burthen of municipal taxes generally it will be under the compulsion of law. No distinct signs of the coming change are visible.

Dyspepsia and Indigestion.—C. W. Snow & Co., Syracuse, N.Y., write: "Please send us ten gross of Pills. We are selling more of Parmelee's Pills than any other pill we keep. They have a great reputation for the cure of Dyspepsia and Liver Complaint." Mr. Charles A. Smith, Lindsay, writes: "Parmelee's Pills are an excellent medicine. My sister has been troubled with severe headache, but these Pills have cured her."

Overcrowded Schools.

The Property Committee met at 4 p.m. yesterday. They decided to accept the report of the sub-committee appointed to investigate the charges against the contractors who did the painting on Palmerston-avenue School. This sub-committee will report on Monday.

Mr. George Pringle was appointed caretaker of Louisa-street School.

The ratepayers in the vicinity of Bain-avenue, Pape-avenue, Smith-street and Withrow-avenue complain that school accommodation is quite inadequate. One hundred and forty children are unable to attend school at all and others are injured by the overcrowding. The Property Committee, on account of some formality being neglected, did not consider the matter as properly before them.

Accounts amounting to about $1500 were considered and passed.

To-night's Toronto Sunday World will be brimful of good things, see the list of contents in another column.

Attractive Sale.

Messrs. Charles M. Henderson & Co. will sell on Tuesday, Oct. 10, the handsome solid brick residence, No. 10 Orde, with the complete furnishings, comprising in all the most costly assortment of household furniture, piano, etc., etc., ever submitted to public sale in Toronto.

SKIPPED FROM PORT ARTHUR.

George McLeod Leaves Town To Avoid Being Arrested.

PORT ARTHUR, Sept. 29.—George McLeod was a conductor on the P. A., D. and W. Railway until recently, but he left hurriedly the other day for parts unknown. He in some way learned that a warrant was out for his arrest and he never came back with his train, but skipped across country and has so far evaded the officers. A girl named Stem, 14 years old, residing with her parents in Oliver, told a story of brutality on the part of McLeod towards her which raised the indignation and wrath of her parents to that pitch that they took immediate proceedings to have the wretch placed behind the bars, but he decamped.

A Quick and a Good Electrical Job.

The World's large perfecting press has been driven for some years by a 10-horse power Edy motor. Twice or three times in that time the strain on the motor has been such as to burn out the armature, necessitating the carrying of a spare one all the time. When our armature burned out on Wednesday morning the spare one was put in, but did not work, and half our edition was delayed in getting to press. During the day a telegram was sent to Hamilton to the Kay Electrical Works, ordering one of their 20-horse power motors. Through the energy of Mr. S. Douglas and Mr. T. L. Kay, the machine, which weighed a ton and a half, was put into a car of the Canadian Express Company, and was delivered at the Union Station at 6 o'clock. Mr. Douglas and Mr. Kay accompanied the machine, superintended its removal from the station to The World office, saw it sent down into the press room, and succeeded in taking down the old motor, putting up the new one, and making all the necessary connections by 10 o'clock of that evening. They were assisted by Mr. W. H. Kent, electrical engineer, Adelaide-street. The motor was in such good order that it ran perfectly the moment the current was turned on. The moral of electrical motors from The World's experience is this: It costs very little more to have a machine that is double the power of what is required, while the liability to burn out the armature from any cause is reduced to a minimum. The World's experience is that the power furnished by electricity is cheaper, much more convenient and much more reliable than is the old system of running from steam direct. Anyone who wishes to see the motor can do so in The World's press room at any time or this evening at 9 o'clock, when The Sunday paper is printed.

The World takes this occasion to express its appreciation of the energy displayed by the Kay people in the work in question.

Vigilant and Valkyrie—Spectators Must Start Early.

One thing is certain, those who desire to see the great race for the America Cup must be up and off pretty early, as 11 o'clock has been fixed for sending the racers away and Sandy Hook Lightship is a matter of 22 miles or so from the Battery.

The time limit for making the races will be six hours and postponed races will be sailed until finished. That is, if the race fixed for the first day—Oct. 5—15 miles to windward or leeward, is not finished within the six hours it will be postponed to Saturday, 7th prox., and the same course then sailed. And so on to the end, with one day intervening between the contests.

There will be quite a number of sea-going boats following the racers, as lookers-on must go off shore and take chances of being pretty well tumbled about if there is a sea on. No doubt there will be a number from Toronto to view the races. Tickets for New York may be had at lowest rates at Charles E. Burns' tourist office, 77 Yonge-street, second door above King.

McKENDRY'S

SATURDAY

JUST TWO WORDS

That is All We Wish to Say To-day.

1st Word—Mantles.

We expect to be very busy in this department to-morrow. This chilly weather is a forcible reminder of the cool time ahead. To put off selecting your Fall Garment till later in the season is a mistake, if you expect to be "suited exactly." We told you a day or two ago of the specially favorable terms on which we secured a large portion of this year's stock. We know our styles and qualities to be just right, and it is a matter of no guesswork to say that the prices are greatly in your favor. Come out early in the day if possible.

2nd Word—Millinery.

Charles Dickens said in his introduction to the work, "David Copperfield," "I am a fond parent to every child of my fancy, but like many fond parents, I have in my heart of hearts a favorite child—his name is David Copperfield." So though each of our fourteen departments are dear to our business heart, we have a favorite child "whose name is Millinery." People have admired this child so much, talked so much to us of its goodness, its prosperity, its smartness, that perhaps we may be pardoned for making it our favorite.

To-day will see hundreds of well-known faces here, and no doubt hundreds of new. To come out on Sunday with a light hat will look quite right. Our prices make the purchase of proper headgear a matter of very slight financial anxiety.
