IN QUART BOTTLES.

For the Removal, and Permanent Cure of all Diseases arising from an impure state of the Blood or Habit of the System, viz.:

Scrofula or King's Evil, Rheumatism, obstinate Cutaneous Eruptions, Blotches, Biles, Ring Worm, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Lumbago, and Diseases arising from an injudicious use of Mercury, Dropsy, Exposure or Imprudence in Life.

THIS MEDICINE has acquired a very extended and established reputation wherever it has been used, based entirely on its own merits, which is superior efficacy has alone sustained.—The unfortunate victim of hereditary disease, with swollen glands, contracted sinews, and bones half carious, has been restored to health and vigour. The scrofulous patient, covered with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had ground hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation.

The following is an extract from a letter received from Mrs. Bevan, who had been afflicted several years with Scrofulous Ulcers, Dyspepsia, &c., and recently with an affection of the throat and chest:—

Baileysburg, Va. Dec. 13, 1845.

Messrs. A. B. & D. Sands:—Before I commenced using your Sarsaparilla, my sufferings were almost past expression; my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well; I am as free from cough and tightness of the chest as I was, and can hear quite distinctly. My throat has been well about three months, the cure which has lasted so long I attribute to the use of your Sarsaparilla. Your obt. servt. LOUISA R. BEVAN

The following testimonial to the value of the Sarsaparilla, is from the Rev. Esther Wright, aged 76 years, Congregational Minister, residing at Woburn:—

Woburn, Mass., March 30th, 1846.

Messrs. Sands:—Gentlemen, [illegible] I have experienced, and from the [illegible] recently received from a number of [illegible] who have used your Sarsaparilla [illegible] I feel no doubt but that it is a most [illegible] but the numerous certificates you [illegible] have full weight. I feel [illegible] reputation and merits are very [illegible] of the humble [illegible] well by [illegible] of your valuable [illegible] fully and very respectfully, ESTHER WRIGHT.

The Sands' SARSAPARILLA is sold wholesale by appointment, in Nova Scotia, at MORTON'S Medical Warehouse, Halifax, at the same prices as if obtained at the Manufactory in New York—$5 per Bottle—6 Bottles for $25. Feb. 16

THE Agency of the above Company has been in operation in this Province about 4 years, during which it has made progress, without yet having a claim, the rates of premium generally lower than Yankee Mutual or Scotch Company, and the proportion of profit divided among the assured considerably far larger than any other, being 80 per cent. bonus, distributable annually to the Shareholders, rendering it a safe and mutual society without any risk to the assured. Their first Bonuses declared in May last were in some cases over three per cent. on the amount of Policy. And on two Policies at this agency on which three annual premiums had been paid, the Bonus added was at the rate of 7 per cent. on the amount paid in, the mortality among the lives assured by this Society were found to be 21 per cent. less than had been calculated for. The above are facts in favour of the "Star" which cannot be controverted, and should be recommended to the favourable consideration of intending insurers. Policies effected on the participating principle allowed to come in on the payment of 3 annual premiums. Thirty days allowed for the renewal of Policies after falling due, and Policies except can be renewed within six months, if the parties health is not impaired and the payment of a small fine—a credit of one half the premium when amounting to a certain sum, may be taken for the first five years. No extra charge under Permission to reside from Europe in Steamers or first class sailing vessels at all seasons by advising the Agent of the particulars. Policies issued out by next steamer after arrival of Proposals. Tables of the Society's Rates are made at the Welsh Agency, to be produced to the assurable terms and privileges offered by the "Star" as are more extended. It is admitted by all that it is the duty of every person having others dependent on them to make a provision for them when they have it in their power. But in what way can this be done so effectually and so cheaply as by paying according to their means, annually, on a Life Policy. It has at times been a matter of much benefit to persons in such places and so very uncertain are the lives of which we have recently had such proofs, that delay in these matters is exceedingly dangerous, the only time to apply is the present. All assurers will receive every information and attention to their proposals by the undersigned, who furnishes all necessary blanks, and Medical Examiner free of expense on the part of the Assurer. All communications must be prepaid.

HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT.

Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Cottham, Yorkshire, late of the Life Guards, dated September 28th, 1848.

To Professor Holloway.

SIR,—For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in, I thought I would give them a trial. I did so. I rubbed the Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Pills night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pills and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which soundly healed it when nothing else would do it. For your information I had the honour to serve my Country for twenty five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsula War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1835. The Commanding Officer at the time, was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable Henry Baring.

(Signed) THOMAS BRUNTON.

Cure of a Bad Leg of Twenty-one Years' Standing!

Extract of a Letter from Mr. Andrew Brack, Blacksmith, Eyemouth, near Berwick, dated the 10th of August, 1848.

To Professor Holloway.

SIR,—With pleasure and gratitude I have to inform you that after suffering for 21 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was frequently unable to work; and the pain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your Pills and Ointment, which I purchased from Mr. I. Davidson, Druggist, Berwick-upon-Tweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure. (Signed) ANDREW BRACK.

AMPUTATION OF TWO TOES PREVENTED.

Extract of a Letter from Mr. Oliver Smith Jenkins, dated Dalkeith, August 13th, 1848.

To Professor Holloway,

SIR,—I was superintending about six months ago, the erection of one of our Railway Bridges, and by the the fall of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought struck me to try your valuable Ointment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly cured.

(Signed) OLIVER SMITH JENKINS.

An Extraordinary Cure of a Desperate Skin Disease.

On the 21st July, 1848, the Editor of the "Mofussilite" Newspaper, published in India, inserted the following Editorial article in his paper. "We know for a fact, that Holloway's Pills and Ointment set in a most wonderful manner upon the constitution, as an eccentric Coolie, called Elias, employed in our Establishment, was affected with myriads of Ringworms, which defied all the Meerut Doctors, and promised to devour the poor man before he was under ground; we tried "Holloway" upon him, and in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Corns (Soft)	Rheumatism
Bad Breasts	Cancers	Scalds
Burns	Contracted and Stiff joints	Sore Nipples
Bunions	Elephantiasis	Sore throats
Bite of Moschetoes & Sandflies	Fistulas	Skin diseases
Coco-Bay	Gout	Scurvy
Chilblains	Glandular swellings	Sore-heads
Chapped-hands	Lumbago	Tumours
	Piles	Ulcers
		Wounds

DR. S. P. TOWNSENDS

COMPOUND EXTRACT OF

SARSAPARILLA

32, HOLLIS STREET

GENERAL AGENY—Halifax, N. S.

Rheumatism.

Blackwell's Island, Sept 14, 1847.

DR. S. P. TOWNSEND—Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours respectfully, JAMES CUMMINGS

The Rev. John Seger,

Of Jersey City, an old and highly respectable clergyman of the Baptist Denomination, handed in the following certificate at Dr. S. P. Townsend's office. It speaks for itself.

DR. S. P. TOWNSEND—Dear Sir: I am constrained to give you a statement of the benefit I derived from using your Sarsaparilla, believing, by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much difficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head—which was extremely troublesome and sore; it got to be almost a scab. I used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Sarsaparilla, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me.

July 11, 1847. JOHN SEGER, Jersey City.

Methodist Clergyman.

The following was sent to our Agent in Rahway, by the Rev. J. O. TUNISON, of the Methodist Episcopal Church, one of the most learned and respected in the connection, and is another evidence of the wonderful effects of Dr. S. P. Townsend's Sarsaparilla on the system.

FRIEND DUSSON—Having for some time past, as you are aware, experienced great general debility of my system, attended with constant and alarming irritation of my throat and lungs, I was, at your instance, and in consequence of having read Captain McLean's detailed testimony in my behalf, induced to try Dr. S. P. Townsend's fortunate Sarsaparilla. I tried it; I confess, more in the hope than in the confidence of its proving efficacious; but I am bound in candor now to acknowledge, that I had not tried it long before I began to experience its salutary effects; and I may now say, without hesitation, that I would not be without it on any consideration. If this be one more proof than any previous one that I have tried, and if this statement is deemed by you of any importance, you have my full consent to make it public.

Rahway, Aug. 1st 3d, 1847. J. O. TUNISON.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

Three Children.

DR. S. P. TOWNSEND—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad Sores, have taken only four bottles; it took them away, for which I feel myself under great obligation.

Very respectfully,
ISAAC W. CRAIN, 106 Westerest.

OPINIONS OF PHYSICIANS.

DR. S. P. TOWNSEND is almost daily receiving orders from Physicians in different parts of the Union.

This is to Certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. S. P. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.
