UPPER CANADA COLLEGE.

It Was a Great Day for the Young and Old Boys.

THE PRIZE DISTRIBUTION.

Lord and Lady Aberdeen and Distinguished Visitors Take Part.

Some Highly Congratulatory Speeches—The Vicissitudes of Canada's Great Educational Institution—Improved Prospects—Principal Parkin Favors Raising the Annual Fee—Generosity of the Old Boys' Association—List of Those Who Obtained Well-Deserved Honors—Words of Encouragement From Many Warm-Hearted Friends.

Yesterday was annual prize day at Upper Canada College, and, as usual, the Assembly Hall was taxed to the utmost to accommodate the large crowd that came to witness the boys presented with the coveted results of their year's work.

A Goodly Array.

The interest of the affair was not a little enhanced by the presence of the Vice-Regal party, accompanied by Captain Wilberforce, A.D.C. Lady Kirkpatrick was also present. The others on the platform were Col Delson, Bishop Sullivan, Hon Edward Blake, M.P., ex-Judge Kingsmill, Hon. G. W. Allan, J A Ridout, Rev Prof Wallace (Victoria), S H Janes, Provost Welch, Rev Dr Parker, Rev Dr Pearson, G R R Cockburne, Rev Louis Jordan, Ald Scott, Dr Geikie, Dr Fotheringham, Prof Young (Trinity), Frank Arnoldi, Edward Gurney, W B McMurrich, Prof VanderSmissen, Dr F K Campbell, G F Harmer, A E Ryerson, Commander Law, George Bigger, Dr Harman, John Martland, Dr Reeve, Arnold Morphy, G W Johnston, W Jackson, G H Sparling, Mr Somerville, A A Macdonald, Rev Principal Miller, Rev Dr Rand, Nicol Kingsmill, Q.C., D T Symonds, Stephen Leacock, Edward Peacock, Canon Cayley, Rev Prof Cayley, Rev H H Bedford-Jones, D B Read, Rev T W Paterson, W H Beatty, T E Champion, R Holmes, Dr Meyers, J W St. John, M.L.A., W T Boyd, Major Dixon, A S Nordheimer, H Herbert Mason, Dr Hodgkin and Rev G A Kuhring.

As the Earl of Aberdeen and Lady Kirkpatrick, Dr. Parkin and the Countess of Aberdeen walked to the platform two little boys, named Austin and Marlatt, presented the two ladies with lovely bouquets of roses, amidst great cheering from the boys and others.

Congratulatory Addresses.

Dr. Parkin, who presided, then called on ex-Judge Kingsmill, as chairman of the board, to say a few words. He did so by welcoming the Earl and Countess in most cordial terms. Since coming to Canada, he said, they had done all in their power to further the ends of arts and science. He was sorry Sir George A. Kirkpatrick could not be present. Speaking of the school, he emphasized the fact that it was not sectarian. All denominations were welcome. It was not a training school for vicious boys. Since the Government had withdrawn the grant the school had seen hard times, but, owing to the generosity of the Old Boys' Association, it had struggled through, and was in fair condition.

Dr. Parkin, in his annual address, spoke of the loyalty of the college to the Queen. He was sorry the official visitor, the Lieutenant-Governor, was not present, and wished Lady Kirkpatrick to convey his regrets. He thanked the trustees and all who had so ably helped him in his work. He was glad to report a steady growth in the attendance. There had been an increase of 50 per cent. in residential attendance. It was best the attendance should not grow too rapidly, as that would hinder character building—the true work of the school. He then spoke of the financial condition of the college. The Old Boys' Association had raised annually about $5000. His plan of increasing the revenue was to raise the fees $30 or $40. The pupils were mostly from wealthy homes, and they would not feel the increase. He would do all in his power to bring about such a change. He thanked the clergy of Toronto and elsewhere for assistance in giving religious training, not denominational. He wanted the school to be a place of training, where the homes did not give the child such.

Presented the Prizes.

Lady Aberdeen then presented the boys who had given the flowers with a couple of pins. She then presented the prizes to the three lower forms.

The Earl performed the same function for the two upper forms.

Hon. Edward Blake presented the Howland prize, and in doing so said it was about 50 years since he had been at Upper Canada College. He had warm memories of it still. It had not all the modern appliances then, but it had good masters.

Other speeches were made by Provost Welch, Bishop Sullivan, Rev. Dr. Rand, Mr. Cockburn, W. H. Beatty, Edward Gurney, J. Herbert Mason and the Earl of Aberdeen, who expressed his pleasure at being present. All rejoiced in the good prospects of the college. The people of Ontario were proud of their educational system for public schools, but all recognized the need or such a school as the present. He congratulated it on having such a principal as Dr. Parkin. He also congratulated the boys on their good academic standing. Their opportunities were before them but they could not embrace them unless they embraced those of the present. He urged the boys to make confidants of their masters, and concluded by asking Dr. Parkin to give them a holiday when he saw most fit.

Liquor and Drug Habits.

From The Montreal Gazette.

The demonstration which has been going on for some time past in Montreal of "The Dixon Cure" for the liquor and drug habits, at the request of a number of the clergy and others interested in temperance work, has proved to be such a pronounced success that those who have watched the results of Mr. Dixon's new treatment are astonished, the desire for liquor being destroyed in from one to three days in every case, and the drug habit cured almost as rapidly. Both are home treatment and can be taken in private.

This new cure is a simple vegetable medicine, compounded on scientific principles, and was discovered by Mr. Dixon seven years ago, but, as a permanent cure, his discovery was not completed until two years ago, when he succeeded in producing an up-to-date physical remedy and radical cure, which appeals to the common sense of every man and which removes the crave for liquor and drugs forever. Full particulars and indisputable references, such as no other remedy can even approach, will be sent by the discoverer on application. Address A. Hutton Dixon, No. 40 Park avenue, Montreal.

DRUNKENNESS.

Many cases in Toronto and elsewhere have been cured of the crave for alcoholic stimulants. A simple vegetable tonic taken privately; a home treatment; no hypodermic injections; no bad after-effects, and no loss of time from business. Dr. McTaggart, 189 Church-street, Toronto.

The toasts proposed were "Our Queen," "The Governor-General and the Lieutenant-Governor," "The Parliaments of Canada." This last toast was responded to by Mr. J. W.
