Wit and Humor.

We hear from the West that a philosopher has extracted the following reply from a schoolboy to the query, "How is the earth divided, my lad?" "By earthquakes, sir."

In a recent case in England, before the Master of the Rolls, one of the counsel spoke of a learned witnesser as "this gentleman." He was asked when it was that publicans had become gentlemen, and replied, "Since the last general election."

An ambitious young lady was talking very loudly about her favorite authors, when a literary chap asked her if she liked Lamb. With a look of ineffable disgust, she answered that she cared little about what she ate, compared with knowledge.

"Wife, what has become of the grapes?" "I suppose, my dear, the hens picked them off," was the blunt reply. "Hens! hens! some two-legged hens, I guess," said the husband, with some impetuosity; to which she firmly replied, "My dear, did you ever see any other kind?"

Good talkers are becoming rare, now-a-days, but are occasionally to be met with. Of one whose conversation is very entertaining, but rather disconnected, a witty lady once remarked, "O, yes; he is very clever; but he talks like a book in which there are leaves occasionally missing."

WALKER'S CALIFORNIA VINEGAR BITTERS
Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs in Bilious Diseases.
The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Carminative, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant Sudorific, Alterative, and Anti-Bilious.
