Brackley Point, July 1st, 1857.

☞ An account of the visit of His Lordship the Bishop of Nova Scotia to this Island, with a sketch of his labours while here, came too late for insertion in to-day's paper. It will appear in our next.

Married,

At Mount Pleasant, Dartmouth, Nova Scotia, on Wednesday the 24th ultimo, by the Rev. A. McKnight, the Rev. George Sutherland, of the Free Church, Charlottetown, P. E. Island, to Charlotte L., daughter of Henry Y. Mott, Esquire.

By the Rev. Dr. Jenkins, on the 2d July, Mr. Malcolm Patterson, to Miss Nancy McPherson, both of Belfast.

On Tuesday, 30th ult., at Halifax, by the Rev. Archdeacon Willis, Mr. Samuel Beaus, of Nictaux, Annapolis County, to Miss Helen Power, of Prince Edward Island.

Died,

At the Rectory, Newburg, Berks, England, on the 6th inst., the Reverend Hibbert Binney, D. C. L., Rector of that Parish, aged 64 years. Dr. B. was the eldest son of the late Hon. Hibbert Newton Binney, and father of the Bishop of this diocese.

At Charlottetown, on Thursday, 2d inst., at half past 4 p. m., of Diarrhœa and Consumption of the lungs, Mr. John McNeill, Joiner, son of the late Daniel McNeill, of Lot 31, aged 28 years. The deceased is deeply and deservedly regretted by a large circle of friends and acquaintances, and his memory will long be revered by all who knew him. He bore his sufferings with patience and christian resignation, and retained the full exercise of his mental powers till the above date, when he calmly departed this life in the full hope of a glorious immortality through a common Redeemer.—*Com*

At Lot 49, on the 19th ultimo, after an illness of nine days duration, which he bore with christian patience and resignation to the Divine Will, Mr. JOHN ACORN, in the 96th year of his age. The deceased was born in Broad Bay, State of Maine, where he joined H. B. Majesty's 3d Regiment of Rangers; and with them emigrated to this Island in the year 1782, and was discharged with a good character—which he bore throughout his life. He leaves 14 children, 132 grand children, 222 great grand children, and 4 great great grand children, the most of whom live and cherish his memory with fond affection. The deceased was a member of the Wesleyan Society for upwards of forty years. His end was peace. "Blessed are the dead that die in the Lord."

At New Glasgow Mills, on the 2d instant, Margaret Ann, daughter of the Hon. George Bagnall, aged 4 years. Her untimely death has cast a gloom not only over her relatives, but also over many others with whom she was a favorite, on account of her rare qualities for a child, and over none more than the writer, whom she has often cheered in a lonely hour by her companionship and childish prattle:

"Leaves have their time to fall,
And flowers to wither at the north-wind's blast,
And stars to set—but all,
Thou hast all seasons for thine own, O Death.
Youth and the opening rose
May look like things too glorious for decay,
And smile at thee—but thou art not of those
That wait the ripened bloom to seize their prey."—J. M'L

Passengers,

In the Steamer *Rosebud* at Bedeque from Shediac, on the 2d inst.—Rev. W. Snodgrass, Rev. D. Fitzgerald and lady, Hon. T. Heath Haviland, Mrs. Alexander, Miss Haviland, H. Haszard, Esquire, and lady, James Duncan, Esquire, and others.

Holloway's Pills.—Thousands, who live by the sweat of their brows, in all parts of the world, rely upon this great remedy as the best protection against the disorders of the stomach, liver, and bowels, so prevalent in most climates, and especially during the Spring and Autumn. In the crowded city, or country on the sea-coast, and throughout the agricultural districts, they are equally indispensable; for wherever internal disease exists, either in an endemic or epidemic form, they are taken by the cautious as a preventive, and by the sick as a means of cure. 1

Wild Cherry at the South.

Our Agent at Athens, Georgia, sends us the following Letter, with permission to publish:—

ATHENS, August 24.

Dear Sir: Having been afflicted for more than ten months with Chronic Inflammation of the Lungs, at times very severely, and having adopted many medicines without any but temporary relief, I purchased about three bottles of *Wistar's Balsam of Wild Cherry*, from the effects of which I obtained more relief than from all the medicines I had ever taken for that distressing disorder. I have, by the repeated use of this valuable Balsam, been more free from pressure for breath and oppression on the Lungs, than I had anticipated, and, indeed, conceive that I will be cured, by continuing its use, of this most disheartening malady. I do most cheerfully tender you this acknowledgement, which you will use as your judgement dictates.

RODNEY BURKE,
Waynsborough, Burke Co., Georgia.

SETH W. FOWLE & Co., 138 Washington Street, Boston, Proprietors. Sold by their agents everywhere.

Agent for P. E. Island, W. R. WATSON, and sold by dealers generally.

COLONIAL AND AMERICAN NEWS.

TERRIFIC ACCIDENT.

BY the politeness of the Rev. W. SNODGRASS, who arrived here this morning from Montreal, we have been favored with the following further particulars of the recent destruction of the Steamer *Montreal*, near Quebec. We understand there were 400 persons on board in all, and that only 150 were saved:—*Isl.*

Destruction of the Steamer "Montreal" by Fire.
BETWEEN 200 AND 300 LIVES LOST.

THREE RIVERS, June 26—9 P.M.

The steamer *Montreal* was destroyed by fire, yesterday, at Cape Rouge, about 12 miles above Quebec, at 5 o'clock.

Sixteen bodies taken up drowned, and about 104 alive; the remainder supposed to be lost.

Captain and part of the crew saved.

She had between 400 and 500 passengers on board. Many lives were lost.

The steamer *Napoleon* saved from 195 to 200 passengers. 200 are supposed to be drowned.

SECOND REPORT.

The steward of the *Napoleon* states that they had made about an hour's run from Quebec when they noticed the *Montreal* on fire. They drew up as near as possible, without endangering themselves, and despatched the two jolly-boats of the steamer to the aid of the *Montreal*.

About 100 persons were brought to the Napoleon. The steward was told that there were 360 persons on board the Montreal when she left Quebec, most of whom were Scotch emigrants who had arrived in the ship *John Mackenzie*.

The bodies of sixteen small children were picked up, as also several adults.

Nearly all the passengers were from the *John Mackenzie*, from Glasgow, which arrived at Quebec on the 25th inst.

John Brown stated that yesterday, having received his discharge from the Royal Artillery at Quebec, he left by the *Montreal* about 4 o'clock P. M., with his wife for this city. When opposite Cape Rouge, about ten miles from Quebec, he observed smoke on the starboard side of the vessel. He then went to see whence it proceeded, but saw no fire. Shortly after he heard the cry of fire, and the whole of the passengers ran to where he was, so that it was impossible to move. Many he thinks were crushed to death.

ACCOUNT OF NEWS-ROOM BOOK.

Napoleon arrived at 10.30 P.M. Captain informed (when about 500 yards ahead), that the *Montreal* was on fire, and returned. He could not get near the steamer, but launched a large bateau, which they had on board, and the boats. With these they saved 104 passengers, and picked up 16 dead bodies—principally children.

The fire broke out from the boilers, and spread rapidly to the state-rooms, and from the state-rooms to the saloon.

From the time that the alarm was given until the time the vessel sank, not more than half an hour had elapsed. In two minutes the whole vessel seemed to be in flames.

The steward of the *Napoleon* said that the second engineer of the *Montreal*, first mate, two cooks and wheelsman are all missing.

One young man of 18 years, an emigrant, lost father, mother, and 7 brothers, and all that he had! The emigrants generally saved little.

Other women are left childless, and the distress of all is heart-rending to witness. Many are very badly burned. We have not yet ascertained the numbers thus injured.

THE AWFUL CATASTROPHE AT MONTREAL.—We are endebted to Captain Thompson, the obliging commander of the *Khersonesa*, for the following particulars of the recent terrible steamboat disaster at Montreal. These received by telegraph, before leaving Portland, by the Grand Trunk Line, dated, of course, on the 27th inst., the day on which the calamity occurred.

The *Montreal* which left Quebec last night at 5 o'clock, when opposite Cape Rough took fire. She had 500 passengers on board, and 200 are supposed to have been lost. The steamer *Napoleon* being near by, rendered every assistance in her power, and succeeded in saving from 175 to 200 of the passengers. The principal portion of the passengers were Scotch emigrants, just landed at Quebec on their way to the west.

STILL LATER.—Montreal, 10 35, A. M.—The *Napoleon* with the saved passengers has arrived. We conversed with several of the passengers who assure us that the number of lost will reach from 300 or 350—out of 40 cabin passengers only some 8 or 10 were saved. Col. Irvin, A. D. C. to the Governor-General who came up from Sorrel, has given us the following particulars which he got from the passengers on board the unfortunate steamer:—The *Montreal* left Quebec at 5 o'clock, p.m. yesterday, and when opposite Cape Rough smoke was preceived coming through one of the state rooms into the saloon, and almost instantly fire was observed. The number of cabin passengers was about 40, and only 3 were saved; the scene when the fire was discovered is described as awful. The cabin passengers rushed to the jolly boat, which from its crowded state was upset, and most of them in it were drowned; many also when the fire was discovered jumped overboard and were drowned. The most of the passengers were respectable Scotch emigrants of the Highlands.—*Morning Chronicle.*

PROROGATION OF THE CANADIAN PARLIAMENT.—The Session is at length over, and the ministry and Members of Parliament may be justly proud of the amount of business which has been accomplished during the past three months. The Administration entered upon the Session weak, they have ended it strong. It is matter of congratulation that the energy of the Legislative Council has fully justified the wisdom which dictated its present improveed organization. His Excellency's Speech contains recapitulation of the most important of one hundred and fifty bills to which he has just given his assent, the total number of Acts passed by the Legislature this session amounting to between two and three hundred. The Ministry may well take credit for the independence of the Parliament Bill, the Civil Service Improvement Bill, for the Ocean Steamers's subsidy Bill, the Railway Accidents prevention Bill, the Lower Canada Judicature Bill, the St. Lawrence Light House Bill, the Bill to better secure the rights of Aborigines, the Bill to encourage Arts and Manufactures, the Bill for the better regulation of Prisons, the Bill for the reformation of Juvenile Offenders, and the Fishing Act; not to speak of the Seat of Government resolutions, the Grand Trunk Raillief scheme, and the effective aid they have given to the North Shore Railway. One or two members of the Opposition, who for the moment shall be nameless, excepted, our representatives seem to be changing from men of words to men of work, and the old reproach that business is neglected for talk is for once unmerited.—*Quebec Chronicle.*

The election for Bishop of the diocese of London, C. W., which takes place on the 8th of July, will be by ballot. Archdeacon Bethune and Dr. Cronyn are the candidates for the see.

Mr. Harding has been chosen Speaker of the New Brunswick Assembly. The session of the House is expected to be very short.

The Provincial Secretary, S. L. Tilley, Esq., who returned to his constituents on his acceptance of office, was opposed by Mr. J. W. Lawrence. The election took place on Monday, and we learn by telegraph Mr. Tilley was elected, majority 242.

The Central Bank of Fredericton was broken into on Sunday night, and robbed of about £5,000. The thieves entered the building from the cellar, having cut a hole through the floor above into the vault which contained the money. A reward of £500 has been offered for such information as will lead to the conviction of the offenders.

ARRIVAL OF ADMIRAL SIR HOUSTON STEWART AT HALIFAX.—Her Majesty's ship "Indus," 90, bearing the flag of Rear Admiral Sir Houston Stewart, Commander-in-Chief of the Naval Forces on the North American station, arrived at Halifax, from Bermuda, on Tuesday last. H. M. Steamer "Basilisk" is the only other vessel of war at present in Halifax Harbour.

A Bear crossing Milford Haven River, at Guysborough, on the 10th inst., was pursued by four men in a boat, and after two hours succeeded in capturing him. The skin measured seven feet from head to tail.—*Halifax paper.*

Cholera.—A 25 cent bottle of Perry Davis' Pain Killer will seldom fail to cure cholera if resorted to in season. No one should be without it during cholera time. It will cure pains of all kinds. Sold by W. R. WATSON, and dealers generally. 3

NEW LIGHT ON THE BURDELL CASE.—The Burdell case is getting interesting again. In addition to the testimony showing that Dr. Burdell was at Herkimer on the 26th and 27th of October, when Miss Cunningham swore that she conversed with him on the subject of the marriage, it is stated that a chemist, well acquainted with Dr. Burdell, rode to Albany on the same seat with him on the evening of the 28th—the date of the alleged marriage—and sold him a lot of mineral teeth at the Dalavan House. If it is proved that Dr. Burdell was not married to Mrs. Cunningham on the 28th of October, then the alleged marriage was a fraud, in which Eckel participated, and of which Mrs. Cunningham's daughters were aware; and the previous suspicions that the parties implicated added the crime of murder to the fraud will be revived.

Sutely Sugar must come down. The crop of Porto Rico is said to be a million of pounds more this year than in 1856—of Molasses 220,000 gallons more—and of coffee 300,000 lbs more.

Bleeding at the Lungs—Many just within the grasp of Consumption are saved every year by the faithful use of Dr. Wistar's Balsam of Wild Cherry. Its success in allaying and curing severe protracted coughs, is remarkable. 8

Employment for Loafers.

WANTED IMMEDIATELY, TWO expert and honest Newspaper CARRIERS for the City, to engage for one year from this date, and attend at 12 o'clock on the day of publication. Young lads, or Old Fogies, nimble on the toe, and "posted" on the by-ways, the high-ways and nigh-ways of the City, may find employment by applying to the Printers in the Printing Office, up stairs.

July 8. BURRIS BROTHERS.

FOR SALE.
One Hundred Acres of Freehold Land,

SITUATED ON LOT TWENTY-FIVE (25), at a distance of about twenty-five chains from Bowness' Mill, and within one mile of a good grist mill. This land is of excellent quality, and, having a width of twenty-one chains, is well suited for farming purposes.

For further particulars apply to the subscriber, at Mill Vale, Lot 21.

July 8, 1857. fin pd. WILLIAM HACKER.

The Prince Edward Island Association.

THE ANNUAL SERMONS WILL be preached (D.V.) in Brudenell Chapel, Three Rivers, on Lord's day, the 19th of July, at 11 o'clock, a. m., by the Rev. John Knox; and at 5 p. m. by the Rev. Donald Crawford, when collections will be taken in aid of the funds.

The Association will meet (D.V.) for the transaction of business on Monday, at 10 o'clock, when the Annual Address will be delivered by the Moderator, the Rev. John Knox.

July 8, 1857. 2w

FOR SALE OR TO LET,
Devonport Cottage and Grounds!

THE SUBSCRIBER BEING DESIROUS of removing into Town, offers for SALE or to LET, the above named property, where he now resides. This Property is prettily situated, and is only about one mile from the centre of the City. The COTTAGE contains eight well-finished Rooms, and a large Pantry, besides a Kitchen, Laundry, and two rooms for servants.

BARNS, STABLES, Coach House, and other Out-buildings are in good repair, and are convenient and commodious. A Well of excellent water is within a few yards of the Kitchen door.

The LAND consists of THREE PASTURE LOTS, of which from six to twelve acres will be sold or leased with the House and Buildings.

For Terms, and further particulars, apply to the Subscriber.

July 8, 1857. 2w G. W. DEBLOIS.

Valuable Freehold Property!

TO BE SOLD BY PRIVATE CONTRACT, all that Freehold Property, at present occupied by James Coles, situated at the Head of York or North River, consisting of 150 acres of very superior LAND, from 80 to 100 of which are in a high state of cultivation; the remainder is covered with Wood and Longers. There is on the premises a good BRICK HOUSE, 36 x 34 feet, containing eight well-finished Rooms, with two frost-proof Cellars; also, Barns and Stables, Outhouses, &c. A never-failing Well of water, with a Pump at the door; likewise a SAW MILL, a few rods from the house.

This Property is beautifully situated, and is well worthy the attention of any person desiring such; and being but one hour's drive from the city on an excellent road, makes it a very desirable situation, either for an agriculturist, or any other purpose. If not sold previous to the 10th of August next, it will then be offered at PUBLIC AUCTION, of which due notice will be given.

For further particulars, as to Terms, apply to JOHN MOORE, Bloomfield Mill, Royalty Road, or to the subscriber, at his office in Charlottetown.

WILLIAM DODD.

Charlottetown, July 8, 1857. 1sl&Mon

Road Correspondent's Office,
June 25th, 1857.

PERSONS DESIROUS OF INVESTING Money in Government Warrants, on account of the Road Service, can obtain them by applying at this Office.

2m JOHN BALL, Road Correspondent.

SOIREE AT BELFAST,

ON THURSDAY, THE TWENTY-THIRD JULY, inst., at noon, for the purpose of improving and enlarging SAINT JOHN'S CHURCH, Belfast. Tickets, 1s. 6d. each, to be had up to the 16th, of Messrs. Haszard, (Bookseller,) Purdie, Heard, and J. Anderson, Charlottetown. Messrs F. M'Neill and John Smith, Georgetown; and Merchants in Belfast and vicinity. HORTICULTURAL SOCIETY.

THE SUMMER EXHIBITION of VEGETABLES, FRUITS and FLOWERS, will be held on WEDNESDAY the 15th JULY next, on the Lawn at Government House.

By Order,
G. HUBBARD, Secretary.

Tenders for conveyance of Winter Mails.

SEALED TENDERS WILL BE received by the subscriber until TUESDAY, the 14th day of July next, at the hour of 12 o'clock, noon, from persons willing to contract for the conveyance of the Mails of this Island, twice a week, during the winter season, for the ensuing three years, between Cape Traverse and Cape Tormentine. The parties contracting to be at all times provided with at least three suitable and safe ICE BOATS, and crews of four men, to cross each trip upon such days as may be appointed, if the same is practicable. The outward mails to be received at the Post Office in the Settlement of Cape Traverse and delivered at Cape Tormentine, and those coming to this Island to be received at Cape Tormentine and delivered in Charlottetown.

Tenders will also be received at the same time from persons willing to convey Mails twice a week between Cape Tormentine and Amherst,—the person tendering to agree to have a courier at Amherst to leave there with the mails for this Island upon such days as may be directed, and to attend to the instructions he may receive from time to time through the Postmaster at Amherst, and the contractor also to be prepared to attend at Cape Tormentine to aid the Ice Couriers on their arrival and departure with the mails.

As the duty thus required to be performed is of much importance, the Government will not be bound to accept the lowest tender. Sufficient security will be required, and the names of two responsible persons as sureties must be given in each tender.

THOMAS OWEN,
General Post Office, June 18, 1857. Postmaster Gen.

STOVES, STOVES.

PERRY DAVIS' VEGETABLE PAIN KILLER,
STILL TRIUMPHANT!!

AND AFTER A THOROUGH trial by innumerable living witnesses has proved itself to be *THE MEDICINE OF THE AGE*. Although there have been many medicinal preparations brought before the public since the first introduction of Perry Davis' Vegetable Pain Killer, and large amounts expended in their introduction, the Pain Killer has continued steadily to advance in the estimation of the world as the best family medicine ever introduced. As an internal and external remedy it is truly a source of *JOY TO THE WORLD.*

One positive proof of its efficacy is, that the sales have constantly increased, and upon its own merits, as the proprietors have not resorted to advertising to gain for it the rank it now holds among the great number of preparations of the present time. The effect of the Pain Killer upon the patient, when taken internally in cases of Colds, Coughs, Bowel Complaints, Cholera, Dysentery, and other affections of the system, has been truly wonderful, and has won for it a name among medicinal preparations that can never be forgotten. Its success in removing pains, as an external remedy, in cases of Burns, Bruises, Sores, Sprains, Cuts, Stings of insects, and other causes of suffering, has secured for it such a host of testimony, as an almost infallible remedy, that it will be handed down to posterity as one of the greatest medical discoveries of the nineteenth century. The magical effects of the Pain Killer when taken or used according to directions are certain. You have only to be sure that you buy the genuine article and adhere to the directions in its use, and you will admit its wonderful medicinal properties.

The genuine Perry Davis' Pain Killer is now put up in panel bottles, with the words Davis' Vegetable Pain Killer blown in the glass; and with two steel engraved labels on each bottle—one an excellent likeness of Perry Davis, the original inventor of the medicine, the other a steel engraved note of hand—none others can be relied upon as genuine. Prices of bottles 12 1-2 cents, 25 cents, 50 cents, and $1 respectively.

VALUABLE MEDICINE.—We presume no medical preparation ever offered to the public has been more thoroughly tested than PERRY DAVIS' PAIN KILLER. Thousands of persons, were they called upon to do so, would cheerfully testify that they have used it for various ills, with the most satisfactory success. It is within our own knowledge, that an immense amount of suffering has been relieved by it. Its proprietors, Messrs Perry Davis & Son, save no pains or expense in order to satisfy the public. Being strictly honorable men, they observe the utmost uniformity in the manufacture of their celebrated Pain Killer. The materials of which it is composed are carefully selected—none but the best quality being used. By these means the high reputation which the Pain Killer has long since acquired, is at all times triumphantly sustained. In view of these facts, we are by no means surprised to learn that Messrs. Davis & Son's sales are constantly and rapidly increasing.—While we congratulate our friends generally that so valuable a preparation as the Pain Killer is placed within their reach, we must be permitted to rejoice at the well merited success of its liberal and enterprising proprietor,—*Providence General Advertiser.*

Sold by WILLIAM R. WATSON, and dealers generally.

L. SCOTT & CO.'S
REPRINT OF THE
British Periodicals, and the Farmer's Guide.

Great reduction in the price of the latter publication!

L. SCOTT & CO., NEW YORK, continue to publish the following leading British Periodicals, viz:—

1—THE LONDON QUARTERLY, (Conservative.)
2—THE EDINBURGH REVIEW, (Whig.)
3—THE NORTH BRITISH REVIEW, (Free Church.)
4—THE WESTMINSTER REVIEW, (Liberal.)
5—BLACKWOOD'S EDINBURGH MAGAZINE, (Tory.)

These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical,—but politics forms only one feature of their character. As organs of the most profound writers on Science, Literature, Morality, and Religion, they stand, as they ever have stood, unrivalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, that can be possibly obtained from any other source.

TERMS.	Per ann.
For any one of the four Reviews,	$3 00
For any two of the four Reviews	5 00
For any three of the four Reviews,	7 00
For all four of the Reviews,	8 00
For Blackwood's Magazine,	3 00
For Blackwood and three Reviews,	9 00
For Blackwood and the four Reviews,	10 00

N. B. The price in Great Britain of the five Periodicals above named is about $31 per annum.

EARLY COPIES.

The receipt of *Advance Sheets* from the British publishers gives additional value to these Reprints, inasmuch as they can now be placed in the hands of subscribers about as often as the original editions.

THE FARMER'S GUIDE
To Scientific and Practical Agriculture.

By HENRY STEPHENS, F.R.S., of Edinburgh, and the late J. P. NORTON, Professor of Scientific Agriculture in Yale College. New Haven. 2 vols., Royal Octavo. 1600 pages, and numerous Wood and Steel Engravings.

This is, confessedly, the most complete work on Agriculture ever published, and in order to give it a wider circulation the publishers have resolved to reduce the price to FIVE DOLLARS for the two volumes!

☞ *This work is* NOT *the old "Book of the Farm."* ☜
