POOR DOCUMENT

MC 2035

LOCAL NEWS

A street car coming down Dock street yesterday afternoon, about 5.30 o'clock, collided with a heavily loaded sloven. The only damage done was to the fender of the street car, which was badly broken.

The Waterfront District Council held its regular meeting last evening in its hall in Water street. The meeting was largely attended by the members of the council. The president, Andrew Craig, occupied the chair.

An alarm was sent in from Box 135 about 7 o'clock last evening for what was thought to be a fire in the chimney of a Murray street house. When the firemen arrived they put up a ladder and climbed to the roof, but saw no evidences of a blaze.

The contract for the erection of a three-story brick building containing stores and apartments for William L. Walsh, corner of Brussels street and Haymarket Square, has been awarded to John Flood and Sons. Garnet W. Wilson is the architect.

Mrs. W. W. White has received from P. W. and Mrs. Thomson a donation of $200 to furnish one of the rooms in the nurses' new home at the General Public Hospital. There are still opportunities for others to help the Hospital Aid in their effort to furnish and equip the new home.

The annual Sunday School picnic of the Midwood Methodist church was held yesterday at Rockwood Park. The picnic was largely attended and was marked by games, sports and other features. The picnicers all gathered at the church at Little River from which they were conveyed to the park in trucks loaned for the occasion by Louis Eckebrecht.

Business in connection with canteen matters occupied the time at the regular monthly meeting of the Garrison Sergeants' Mess, held last evening in the Armories, with Sergt.-Major Driscoll in the chair. A committee, consisting of Sergt.-Major Driscoll and A. W. Watson, was appointed to arrange details for a dance in honor of the R. C. M. P. detachment, before they leave the city.

Owing to prevailing bad weather in the city, only a small number attended Douglas avenue Christian church picnic, held yesterday at Crystal Beach. Two boats, one in the morning and the other in the afternoon, carried the picnickers to the grounds. The usual children's races were held and provided much sport. The young men indulged in a game of baseball. The merrymakers returned to the city at 9 o'clock last evening, after a delightful sail down the river. Rev. J. Charles B. Appel was in charge of the picnic.

A street car ran into a waggon last night at about six o'clock on Main street, near Acadia street. A taxi also was concerned in the mix-up. The taxi was standing in Main street when the driver of the waggon attempted to get in front. He steered out into the car tracks and, before the motorman of the street car could get the brakes to work, the car had struck the team and lifted it bodily against the taxi. A crowd quickly collected but after several heated comments were passed between the trio, they proceeded on their way.

At the examinations for stationary engineers, held on July 14 and 15, the following local men were successful in obtaining their certificates: Loren Gordon, West End; Harold Burgess, Duke street; Frank Mosher, Chapel street; A. Roy Colwell, Victoria street; Harold Green, Golden Grove; Harold J. Humphrey, Fairville, and Cecil B. Bonnell, Public Landing.

On and after Tuesday, July 19 steamer Champlain will leave St. John on Tuesday and Thursday at 11 a. m., Daylight time. 1541-7-22

FOR YOUR VACATION.

Do you want a real nice restful seashore holiday? Hotel accommodation, good food, fishing, bathing and boating; charges low. Apply Agent Digby Steamer, D. A. R., Wharf for particulars. 7—27

VESSEL ASHORE ON GANNETT ROCK

J. C. Chesley, of this city, agent of the department of marine and fisheries, received word last evening that the United States steamship Binghamton, bound from Boston for the Russian port of Riga, on the Baltic, had struck yesterday on the dangerous Gannet Rock ledges, on the eastern side of the lower Bay of Fundy. As Gannet Rock is within the mouth of the bay it is obvious that the steamer was many miles out of her course. Mr. Chesley said that the Canadian government steamer Laurentian, which is in the buoy and lighthouse service, was at Shag Harbor, Shelburne county, and had been notified to proceed at once to the aid of the crew of the wrecked vessel. Later he was notified that the crew were safe and were leaving the stranded craft.

The steamer Binghamton is a vessel of 1,549 net tons, owned by the Bergen Navigation Company of Panama. She had a cargo of cloth, shoes, clothing and other commodities.

D. S. C. R. CASE.

The case against James T. Elliott, charged with appropriating for his own use goods to the value of $180, which were received by him from the department of Soldiers' Civil Re-establishment under mortgage, was resumed yesterday afternoon in the police court, and further adjourned.

William J. Ryan, industrial surveyor of the D. S. C. R., said that the defendant had been granted a loan to start in business. The defendant had received the tools for his repair shop and had signed slips for them. He had seen the tools in the shop last November, but when he visited the shop in December the tools were missing and another man was running the shop. When he located Elliott, the latter said that the tools were at his boarding place in Carleton. Later he said that he had disposed of part of the equipment to Wetmore and Orr and part to the St. John Welding Co.

W. C. T. U. WORK.

The W. C. T. U., at its meeting yesterday afternoon, voted a sum of money to the Maritime Home for Girls at Truro (N.S.) and from its mission fund it voted a gift of money to Labrador, the remainder being voted to the W. C. T. U. provincial mission fund. Mrs. David Hipwell, the president, was in the chair and led the devotional exercises, reading from Psalm cxlvi and speaking of the message of that portion of Scripture. A letter from Brigadier D. C. Moore of the Salvation Army, thanked the W. C. T. U. for assistance given the Salvation Army in its Tag Day. Mrs. Henselpacker read selections from the Shantymen's book which referred to the fact that the W. C. T. U. had had women taking charge of work for the shantymen long before the Shantymen's Associatoin was formed. Special mention was made of the wonderful work of Miss Sproule for the shantymen in Ontario and of the inspiring leadership of William A. Fuller, who took a prominent part in the work for shantymen in British Columbia. Mrs. Berglund, the pianist, and Mrs. R. D. Christie, the secretary, were welcomed at the meeting.

RIGHT START FOR BOY IMPORTANT

(Pittsburg Gazette-Times.)

Plenty of room for schools and halls,
Plenty of room for art;
Plenty of room for teas and balls,
Platform, stage and mart.
Proud is the city—she finds a place
For many a fad today.
But she's more than blind if she fails to find
A place for the boys to play.

Give them a chance for innocent sport,
Give them a chance for fun—
Better a playground plot than a court
And a jail when the harm is done!
Tomorrow you'll have to pay
A larger bill for a darker ill,
So give them a chance to play!
—From poem by Denis A. McCarthy.

Denis McCarthy has written many good things, but hardly anything more to the point than the above. It has been, and is being, quoted widely, and all because it is so very true.

You know, and so does every sane person, that the outcome of everything that is subject to development is all the better for having been given a good start.

This is as true of citizenship as of anything else; and what is true of citizenship is also true of society, of religion, and of prosperity generally.

At first the playground movement was looked upon as a fad. The people still had the idea that work, more work, and still more work, was what made strong and useful men and women.

We are beginning to realize that all work and no play makes Jack a dull boy. And we are beginning to realize the fact that all of practical education is not contained in books. Also it is beginning to filter into the minds of educators that education does not consist alone, nor mainly, in putting something into the minds of the young but rather of bringing out that which has been implanted in their natures.

Some of the old-timers hark back to the three R's, and contend that these constitute the safest and most practical foundation for school work.

These conservatives have been generally crowded out by enthusiasts who favor including almost everything in the school course, and for hardly any other reason than because it looks good to them.

Books, study, discipline, has been the cry ever since the enthusiasts got in control. Wherever they could find the slightest opening they favored chucking something in. So enthusiastic, and so insistent did they become that the children could not do the required work during school hours, but had to get their lessons at night.

A few years later we began hearing about the rapid increase of tuberculosis and other undesirable physical conditions. School men promptly blamed it on a germ in the air, or hidden in the dust of the school room, but couldn't be made to understand that this germ only attacked poorly nourished boys and girls.

The custom is to push the fast boy along and let the slow boy take care of himself.

But the fact remains that the slow boy isn't treated quite fairly. In truth, he is often treated unfairly, and that discourages him, and if his home training and environment are not good he may drift off and get lost among the ruck.

We need better leveling-up methods in our schools, and in our churches, and in society generally. The boy, or the man, who can make a big show, or a big noise, will be in the limelight for a time, but it is the one who quietly works his way who is most certain to stay.

PILES Do not suffer another day with Itching, Bleeding, or Protruding Piles. No surgical operation required. PRAYS ON CHURCH STEPS.

Man Thought to Be Shellshock Victim Thinks He Still is in France.

Trenton, N. J., July 20.—A man, calling himself Eddie Brown, was found in prayer on the steps of the Church of the Sacred Heart here. The police think he is a former service man, evidently a victim of shell shock.

He seems to think that he is still in France and keeps asking to be sent back to America. He frequently mentions "the Sixty-ninth," and the police think that he may have been a member of the famous Sixty-ninth New York regiment during the war. The man seems to be of about middle age, but shows the effects of deprivation.

Negro in Pulpit.

A negro minister from Hot Springs, Ark., Rev. Joseph J. Hill, D. D., M. D., has been engaged by Knox church, one of the largest Presbyterian churches in Toronto, to take the pulpit through the summer months. Dr. Hill is said to wield a great influence in the south through his eloquence and Christian zeal, but nevertheless his engagement here is regarded as an interesting departure. He will be there during the last week of July and throughout August.

Don't Want to Eat Anything?
Do you feel "fed up" all the time?—as if nothing in the world could please you—you eat just to keep alive. Then you are suffering from stomach trouble, and will find instant relief in
HAWKER'S DYSPEPSIA REMEDY

SUFFERED SEVEN LONG YEARS
Finally Relieved by taking Lydia E. Pinkham's Vegetable Compound
Ravenswood, W. Va.—"For seven long years I suffered from a female trouble and inflammation so that I was notable to do my housework. I consulted several doctors but none seemed to give me relief. I read in a paper about Lydia E. Pinkham's Vegetable Compound, so I decided to try it, and before the first bottle was gone I found great relief so I continued using it until I had taken eight bottles. Now I am very well and can do my own housework. I can gladly recommend Lydia E. Pinkham's medicine to suffering women." — Mrs. BERTHA LIERING, R. F. D., Ravenswood, W. Va.
The ordinary day of most housewives is a ceaseless treadmill of washing, cooking, cleaning, mending, sweeping, dusting and caring for little ones. How much harder the tasks when some derangement of the system causes headaches, backache, bearing-down pains and nervousness. Every such woman should profit by Mrs. Liering's experience and try Lydia E. Pinkham's Vegetable Compound.
