HEALTH MINE.

Valuable Discovery by a recent Halifax Traveller.

Kingham People Have it for Several Years—The Kidney Pills a Perfect Cure of Health They Cure all Kidney Diseases.

GRAM, N. S., Mar. 19.—(By) The rich mine recently discovered by the Halifax Traveller is the oldest traveller in Nova Scotia. J. H. Ireland, of Halifax, has been known to the citizens in five years ago. An old resident that he drew a new lease of the mine, at least four years ago, has made similar claims. Ireland says he does not know how the mine was discovered. He has the Good Health Mine, and this is the most suitable title for the mine. Good Health is enjoyed by all its output—Dodd's Kidney Pills.

There is no doubt about the genuineness of Mr. Ireland's cure. All his ailments he has hundreds of them, and he has cured them. He has cured him upon it. To each inquirer he replied that Dodd's Kidney Pills in a few days. His reputation for Dodd's Kidney Pills in this section of Nova Scotia is a proud one. It is safe to say that it is used in every household in every case in which they are tried, a complete and lasting cure. A large number of ailments, Diabetes, Rheumatism, Gout, Gravel, Stone in the bladder, Hemorrhoids, Dropsy, and all Urinary Diseases, that are cured by them, are simply un-

Summer Hill.

7.—The funeral of the late Mr. Graham took place from his late residence on Tuesday, 13th inst., at 10 o'clock. The remains were interred in the cemetery at Headline. The services were conducted by Rev. J. S. MacNaughton, of Gagetown.

At the meeting, consisting of patriots, songs and recitations, was the Methodist church here, on evening 14th inst. Although there was a bad condition, owing to that day, quite a large concourse assembled. Mr. A. M. Corbush chairman. The meeting in prayer by Mr. McNaughton. Following programme was then read, white and blue.

AT BLOEMFONTEIN. The Capital of the Orange Free State Occupied by Roberts. LONDON, March 14.—The following is the text of Lord Roberts' despatch to the war office announcing his occupation of Bloemfontein:—"Bloemfontein, Tuesday March 13, 8 p. m.—By the help of God and by the bravery of his Majesty's soldiers the troops under my command have taken possession of Bloemfontein. The British flag now flies over the presidency vacated last evening by Mr. Steyn, late president of the Orange Free State. Mr. Fraser, member of the late executive government, the mayor, the secretary to the late government, the landroost and other officers met me two miles from the town and presented me with the keys of the public offices. The town was with- drawn from the neighbourhood and all seems quiet. The inhabitants of Bloemfontein gave the troops a cordial welcome. The above despatch though dated Tuesday, was not received at the war office until 7.30 p. m. Wednesday. It was made public a few minutes before nine o'clock. The delay is attributed to the field telegraph not being connected with Bloemfontein on Tuesday evening. Extra papers are already out on the streets and tonight crowds of London are singing patriotic songs and engaging in demonstrations. LONDON, March 15.—A despatch to the Daily Chronicle from Bloemfontein, dated Tuesday evening, March 13, says:—"Bloemfontein surrendered at 10 o'clock. It was occupied at noon. President Steyn, with a majority of the fighting burghers, has fled northward. "General French was within five miles of the place at 10 o'clock Monday afternoon. He sent a summons into the town, threatening to bombard unless it surrendered by four a. m. Tuesday. A white flag was hoisted Tuesday morning, and a deputation of the town council, with Mayor Kellner came out to meet Lord Roberts at Spitz Kop, five miles south of the town, making a formal surrender of the place. "Lord Roberts made a state entry at noon. He received a tremendous ovation after visiting the public buildings, he went to the official residence of the president, followed by a cheering crowd, who waved the British flag and sang the British National Anthem. They were in a condition of frenzied excitement. "On Monday afternoon, previous to the surrender, there had been a little sniping and shelling, but the enemy then retired. "Lord Roberts has his headquarters at the president's house, and there are many of the British wounded in the building. The railway is not injured. LONDON, March 15, 4.50 a. m.—The first half of the campaign is over. Lord Roberts arrived at Modder River on Feb. 9. He entered Bloemfontein on March 13. Thus, in little over a month, he has effected the relief of Kimberley and Ladysmith, the capture of General Cronje and the hoisting of the British flag in the capital of the Free State. All this has been accomplished with comparatively trifling losses. It is small wonder that he is the hero of the hour in England. All the newspapers eulogize him and congratulate the country. They talk of the Free State as having passed out of existence and as being now one of the shadows of history. It is not doubted that there may yet be heavy fighting, but the genius of Lord Roberts is looked to for victory over all difficulties. His grim reference to the "late" President Steyn is understood to show that there shall be no ambiguity as to the position assumed toward the republic. The fact that Mr. Fraser, late chairman of the Free State read, and leader of the opposition to Mr. Steyn, came with the deputation to surrender the keys, is regarded as extremely significant of considerable difference of opinion among the Free Staters regarding the war. It is said that President Kruger hates Mr. Fraser on account of his sympathy with the Outlanders. The demonstrations of the Bloemfontein inhabitants are also regarded as a good augury for the future of British supremacy. It is interesting in connection with the rapid advance of Lord Roberts to learn that the Russian military attaché with the Boers, who was captured by the British, sent the following telegram to the Czar:—"I am perfectly amazed at the energy in action and the endurance of the British infantry. I still say no more." There is need no news as to whether Lord Roberts has captured any rolling stock. If he has not, then he will be obliged to wait until the repairing of the bridges over the Orange River enables him to bring rolling stock up. The British continue pressing their advance on the Orange River. The Boers still hold Bethulie bridge, on the north side of the stream, but their trenches are

PAINS IN THE BACK FREQUENTLY DUE TO SLUGGISH LIVER OR KIDNEY TROUBLES. Mr. Frank Walters, of Exeter, Tells of Suffering and How Dr. Williams' Pink Pills Cured Him After Other Medicines Failed. Mr. Frank Walters is a young man personally known to most of the residents of Exeter, where he has lived nearly all his life. Talking with the editor of the Advocate recently Mr. Walters said:—"In justice to Dr. Williams' Pink Pills I think it my duty, in view of what they have done for me, to add my testimony to the thousands of others that have been printed. For some months I suffered most severely from pains coursing up and down my back. It was thought that these pains were due to liver and kidney trouble, but whatever the cause they frequently left me in terrible agony. The pains were not always confined to the back, but would shift to other parts of the body. As a result I got little rest, my appetite became impaired and I fell off greatly in weight. I tried different remedies suggested by friends, which having the effect almost always to disquiet me with medicine. Then a personal friend urged me to try Dr. Williams' Pink Pills. I was not easily persuaded because I had about concluded that medicine would not relieve me, but he insisted and finally I decided to try them. I purchased one box at first, and to my astonishment before it was finished I was greatly relieved. Then I got a couple more boxes and these relieved me to my former good health. I do not hesitate recommending this medicine that others may profit by my experience, and not suffer tortures as I did. "Dr. Williams' Pink Pills cure by going to the root of the disease. They reinvigorate and build up the blood, and strengthen the nerves, thus driving disease from the system. If your dealer does not keep them, they will be sent postpaid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Protect Your Ideas. UNRECORDED THOUGHTS OFTEN PATENT THE INVENTIONS OF THEIR BIRTH. There are men moving about the country all the time looking for unprotected mechanical devices which they can patent by wearing that they are the inventors, says "Locomotive Engineering." The ordinary procedure is to quietly take out the patent and remain quiet for a few years. Then some day the patentee or his agents visit a shop where the device is in use, and the inventor is told that it was invented. Then he puts in a claim for royalty, and fiery indignation is excited. The man who invented the thing protests that the claim is a fraud, but he cannot tell just the exact date on which the invention was applied to practical use. The legal department makes inquiries and finds that a successful defense is so uncertain that they advise a settlement instead of a lawsuit, and so the rogue and thief acquires possession of all his ill gotten gains. It is as bad as picking a man's pocket, but it is not so risky. This is no fancy or overdrawn picture. It is the history of thousands of frauds that have been put upon railway companies. There is only one remedy for this evil, and that is for the inventor to protect such invention by a patent. If the invention is of sufficient worth to warrant its use, it is certainly worth the small outlay necessary to procure a patent. How often do you hear men say about a patented device that some one is making a fortune out of it—"Why, I thought of that years ago, but did not consider it of sufficient importance to procure a patent." But the other man did, and so the money goes to him who had the courage to risk his money. That idea you have in your head may be worth money. You can find out by consulting a reliable patent Attorney. (Communication from Messrs. Marion & Marion, New York Life Building, Montreal, Canada.) The "Inventors' Help" will be sent to any address, upon receipt of ten cents. KENDRICK'S LINIMENT. St. Luke's Church, Waterborough. LENTEN SERVICES, 1900. March 25. 4th Sunday in Lent, 10.30 a. m. Holy Communion. Subject: The example of the City of Nineveh. April 1. 5th Sunday in Lent, 3.30 p. m. Subject: Christ's message to Church at Scythia. April 8. 6th Sunday in Lent, no service. April 13.
