DIED,

This morning, at Carleton, in the 73d year of his age, Mr. TERTULLUS THEALL. Mr. Theall was among the first settlers of this Province, having come to it with the Loyalists, at the close of the Revolutionary War. Has always resided in that part of the City in which he died, with the exception of a few years. He has always been classed among the most respectable of our citizens, and his death will be greatly and very extensively regretted.—His funeral will take place at 4 o'clock on Thursday next, when the friends and acquaintances of the family are respectfully invited to attend.

At Kingston, K. C., on Sunday the 20th inst. Edmond Lebaron, aged 13 months, infant son of Mr. Thomas Fairweather, of this city.

At Fredericton, in the 50th year of his age, Monsieur Louis Columban Thomassin, French Tutor in King's College. Monsieur Thomassin was a native of the city of Nancy, in the department of La Meurte, and attained the rank of Captain of Dragoons in the army of the Emperor Napoleon.

At Fredericton, on Saturday the 19th inst., John Wesley, infant son of Robert Chestnut, aged 4 months and 13 days.

At Franklin, Massachusetts, on Wednesday last, 23d inst. the venerable Dr. Nathaniel Emmons, in the 96th year of his age. Dr. E. was the oldest clergyman probably in the United States, and the oldest surviving graduate of Yale College. He was settled in 1773, as pastor of the Church in Franklin, in which office he remained 54 years.

QUEBEC, Sept. 18.—The total number of arrivals up to yesterday evening, (vessels of all classes,) is 1125. Last year at the same date, it was 872; making 253 more this year. The total number of arrivals for the year 1839, was 1174.

One hundred and three vessels have entered for loading from the 15th inst. up to this day.

The brig Velocity, Capt. M'Grath, which arrived here on the 12th inst. from Waterford, on her second voyage, took in a cargo of timber, &c., cleared at the Custom House yesterday, and immediately sailed for Waterford.

Ryde, (Isle of White.)—Spoken, Aug. 10, off the Owers, the Mercury, from Hamburg, for St. John, N. B.

Deal, August 20.—The Quebec, Livingstone, for Dalhousie, (British America,) and the Danish brig Elizabeth, of Altona, have been in contact to-day to the eastward of Dungeness. The Quebec has had her cutwater carried away, bowsprit sprung, is considerably damaged, and has put back to the Downs.

Light at the Kentish Knock.—A vessel has been prepared for exhibiting a light near the sand called the Kentish Knock; the vessel will be stationed at the east side of said sand, a short distance east of the situation in which the beacon buoy now lies, and the light on board the same will be exhibited on the evening of the 1st of September next, and thenceforth continued every night from sunset to sunrise. The light on board this vessel will be exhibited from a single lantern; it will revolve and burn at an elevation of 38 feet above the level of the sea. Note.—The Kentish Knock Beacon Buoy will be taken away when the new light vessel is stationed, but the small watch buoy will be continued.

Beacon on the Wolf Rock.—The construction of a beacon upon that dangerous rock called the Wolf, situated about seven and a half miles W. S. W. of the Land's End of Cornwall, has been completed. It consists of an artificial cone, bearing a mast, having a large ball upon its summit, at an elevation of 36 feet above the level of the sea at high water; spring tides rise at this station nineteen feet, and at low water of those tides the rock is uncovered to the height of fifteen feet.—The bearings and distances of the undermentioned objects, from this Beacon, are as follow, viz.,—Longships' Lighthouse N. E. Northerly 7¾ miles; Scilly Lighthouse W. by N. ½ N. 21 miles; Rundlestone Rock, which covers at half flood, E. by N. ½ N. 7 miles; Seven Stones, centre thereof, N. W. ½ N. 13½ miles; Lizard Lighthouse, S. E. by E. ¾ E. 23 miles. Masters of vessels and others are cautioned and enjoined not to approach this Beacon on any consideration, lest their own safety as well as the security of this structure, should be thereby endangered.
