The death of Captain Joseph H. Weldon, formerly of this city, occurred Tuesday in Dighton, Mass. The sad news was received here in a telegram to his sister, Mrs. John Johnson, of Acadia street.

For a long time Mr. Weldon was in command of schooners sailing out of St. John, and was well known to shipping men in this port. He retired about three years ago and then removed to Massachusetts. His wife died two years ago. He is survived by five sons and two daughters. Mrs. Johnson, who had no intimation of her brother's illness until the arrival of the telegram announcing his death, will leave for Dighton this evening.

HOME GUARDS ORGANIZED

Enthusiastic Meeting In Court House Last Night — Members Will Be Secured.

The regulations covering the Home Guards of St. John were adopted at a meeting of those who have signed the roll in the Court House last evening. One change in the regulations as before announced was made and this permits men down to the age of forty years to join the guards.

The question of rifles and other equipment was discussed, and it was decided that Mayor Frink should interview Major General Hon. Sam Hughes, when he visits in St. John, and find out from him to what extent the militia department would assist the movement.

T. H. Estabrooks announced that if rifles could not be secured otherwise he would be responsible for the supplying of one company with rifles.

The meeting was called to order by His Worship Mayor Frink and the matter of organization was discussed. It was suggested that there might be an amalgamation of the Citizens Rifle Club, the Firemen and the Home Guards for training purposes, but no action was taken in the matter. A letter from Major General Hon. Sam Hughes was read. The Minister of Militia said that the spirit manifest in the formation of Home Guards was very commendable and he would be pleased to do everything he could to further the interests of such organizations. It was to be clearly understood, however, that all such organizations were purely voluntary and involved no expense to the people. The militia department could not be responsible for the equipment, pay or clothing of such a body. Should any of the members of the organization desire to go with the Overseas contingent the department would be pleased to take them providing they passed the medical examination as to physical condition and were accepted by the military authorities. He would be pleased to help in any way.

There was a general discussion in regard to the plans of the organization. Among those who expressed their ideas concerning the organization were Col. E. T. Sturdee, Senator Daniel, Edward Sears, E. A. Smith, J. R. Armstrong, T H. Estabrooks and R. E. Armstrong

It was decided that everyone present take out a roll sheet and secure names of those willing to drill. After the meeting closed all present, who had not formerly signed, added their names to the roll.

The roll now numbers thirty-nine and it is expected that today the number will be increased to at least one hundred.

Another meting will be held soon when the details of drill will be considered.

Those who have so far signed the roll are: Mayor Frink, Hon. John E. Wilson, T. H. Estabrooks, E. H. Duval, R. E. Armstrong, James McKinney, sr., Alfred Burley, Postmaster Sears, Charles Nevins, W. A. Quinton, J. W. Cameron, S. R. Belyea, George Ketchum, C. D. Jones, W. E. Raymond G. M. Cleveland, E. B. LeRoy, E. S. Stephenson, J. R. Armstrong, J. P. Clayton, G. A. Chamberlain, J. W. Banks, W. A. Ewing, David H. Waterbury, J. Smith Seaton, E. J. Hilyard, David Ramsey, William C. Goldsworthy, J. McDonald, C. E. Lordly, W. B. Bamford, A. J. Gross, H. Crawford, Keith A. Barbour, A. S. Hawker, John Hargreaves, J. H. Walker, William Murdock and E. A. Smith.

Pedestrians in Danger.

Several pedestrians on Main street had a narrow escape from serious injury yesterday morning shortly before 12 o'clock. A horse attached to a heavy sloven came dashing along Elm street and into Main and across the street, finally bringing up with a crash against the curb stone. The shock snapped the harness and the horse was thrown violently to one side, but was saved from falling by the heavy shafts which, however, were broken. People passing along the street at the time were attracted by the rumble of the wagon and turned just in time to see the frightened animal bearing down on them. Although nobody was injured several are congratulating themselves that they were fortunate in hearing the approach of the runaway in time.

Was Covered With Boils.

Could Not Get Rid of Them Until She Used

BURDOCK BLOOD BITTERS.

When the blood becomes impure the first symptoms which manifest themselves are a breaking out of the various forms of skin trouble such as boils, pimples, abscesses, ulcers, etc., and the only treatment you can use is some sort of a good blood cleansing remedy which will put the blood into a perfect condition, and thus eliminate all the different poisons from the system which cause these different eruptions to occur.

The best blood cleansing remedy on the market to-day is Burdock Blood Bitters. All we ask you is to try it and be convinced. Thousands have used it during the past forty years, and have nothing but praise for its curative powers.

Mrs. John Fitzgerald, Plantagenet, Ont., writes: "I am one woman who cannot speak too highly of Burdock Blood Bitters. I was covered with boils, and could not get rid of them. I was advised by a friend to try B.B.B. which I did, and I can truthfully say that it completely cured me. I have never had a sign of a boil since."

See that our name appears on both the label and wrapper as there are many imitations placed on the market which are said to be "just as good."

THREE MONTHS IN ENGLAND

Canadians Expect to Remain That Long—Course of Training Mapped Out.

More leters from St. John members of the First Canadian Contingent in England were received here by friends during the last few days. Major Thomas E. Powers, of the Signalling Corps, in a letter to a friend said he did not expect the Canadians would be sent to the front for some time yet. Arrangements had been made for some of the sections of the force to undergo a three months' course, and plans for this had already been made.

Major Powers also told of the weather condition that were far from favorable. Rain was almost constantly falling and the Canadians considered it a great treat to watch the sun when it appeared sometimes for a period of a half hour or so.

Other letters told of the wet weather, and some of the Canadians had contracted heavy colds as a result of the dampness. The Canadians generally were enjoying themselves and working hard in preparation for a hard campaign against the Germans.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try this! Hair gets thick, glossy, wavy and beautiful at once.

Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks' use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft sair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.

YACHT CLUB SMOKER TO BE HELD TONIGHT

Boys of R. K. Y. C. Show Commendable Spirit in Promoting Patriotic Entertainment.

The Royal Kennebeccasis Yacht club has consented to the use of its large club rooms, at any time, for the purposes of concerts, lectures or addresses, or other suitable entertainments, having for their aim the raising of funds for patriotic purposes. The entire proceeds of all these functions will be devoted to such purposes. In view of the thoughtfulness and generosity of the club it is anticipated that large sums will periodically become available to supplement the efforts made by others during the course of the war to aid and encourage the men who have responded to the call to arms, and to those left behind who may be dependent on them. The action of the club has been warmly commended, and affords another instance of the willingness of the many who, for one reason or another are obliged to remain at home, to do everything possible to help those who know the meaning of the word "duty." The chairs in the club's big hall have been kindly lent by the executive of the Exhibition Association.

This evening there will be a smoker by the club at which a collection will be taken and the whole of the proceeds for this event will, appropriately enough, be given in aid of the fund being raised to provide tobacco for the soldiers. A good programme has been arranged. It will include a ten minute' talk on patriotic subjects by Rev. E. B. Hooper; songs by Dr. Percy Bonnell, Alphonso Smith, C. W. Skilton; readings by S. C. Hurley and Mr. McCloskey; sketch by John T. Power, and numbers by members of the Thompson Musical Comedy Company, who have kindly volunteered their services. Refreshments will be served during the evening. It is expected that the collection to be made on behalf of the tobacco fund will be of generous proportions.

WHITE STAR LINER BALTIC IN COLLISION

New York, Nov. 18—The Mallory line steamer Comal and the White Star liner Baltic, both outbound, collided this afternoon in the lower bay, about two miles below the Narrows, near Buoy 18 of Ambrose Channel.

The Baltic appeared to be undamaged, and continued on her way to Liverpool. The Comal, which was bound for Galveston, put about and started to return to port under her own steam.

SIXTEEN YEARS OF GOOD WORK

St. Peter's Y. M. A. Had Celebration In Rooms Last Night — Soldier Members.

The St. Peter's Y. M. A. held their sixteenth annual reunion last evening at their room in Douglas Avenue, a large number being present. After an address had been given by the president, B. J. McGovern, the following programme was carried out:

Selections by orchestra, song, Andrew Moore; recitation, William O'Connor; solo, Frank McGerigle; selection by orchestra; solo, Edward Hanson; trombone solo, F. McBride; violin solo, Mansell O'Neil; selection by orchestra; solo, J. McCurdy; quartette, Messrs. Moore, McGerigle, Hanson and O'Connor; tumbling act, Messrs. Babineau and Connolly; step dance, Walter Harris; selection by orchestra; reading, Steve Hurley; address, Rev. J. H. Borgman, C. SS. R., the association's spiritual adviser; God save the King.

Father Borgman, in the course of his address, said:

He congratulated the members of the association upon having attained sixteen years of success and wished them many more years of prosperity During the course of his remarks he touched upon the greatest topic of conversation at the present day, namely the war, and spoke of the part that members of the Y. M. A. had taken in connection with it, eleven from the membership having gone overseas with the first Canadian contingent, Messrs. C. J. Morgan, lieutenant from the 62nd Regiment; Joseph Dryden, Maurice Brosnan, Leo Parks, H. Brysen, B. McKeown, J. Lloyd, Louis and Thomas McMennamin, Syril McDonald, and Leo Harrington, while another, Arthur P. Mahoney had volunteered for the second contingent, and there were others as well.

"Undoubtedly," said Rev. Father Borgman, "much had been accomplished by the Y. M. A. during the sixteen years of its career for the moral, social and intellectual benefit of the members. As a Catholic young men's society, St. Peter's ranks second to none, and bearing in mind the motto, "My God, and my country," they have shown themselves patriots in the truest sense of the word. I had the happiness last evening to listen to several patriotic addresses at the big public meeting held here, and I am sure that neither Demosthenes nor Cicero in their stirring speeches, made a stronger impression on the youth of their countries than the speakers of last night's gathering.

"The force of the appeal of those speakers will bear fruit in the youth of the present age. I am proud to say that St. Peter's Y. M. A. has already furnished several bright young men who have responded to the call of the Motherland. So anxious were they to enter the lists that an example of the spirit of all might be taken from the reply of one who was told that perhaps he would not be taken because of his height. 'Why,' he replied, 'they shouldn't turn me down because of that, for I'm half an inch taller than the great Napoleon.' I would suggest, continued Father Borgman, that the names of these young soldiers be inscribed in a decorated roll of honor in our library as a mark of respect and in recognition of their splendid spirit of patriotism, and as emblematic of the fact that the Y. M. A. is actuated both in public and in private by the lessons contained in the words, "'My God, and my country.' Our prayer today will be that God in His infinite mercy may bring them back to us unscathed but with laurels nobly won in defense of our glorious Empire."

LUMBER CUT IS SMALLER THAN USUAL

North Shore Lumbermen Expect a Curtailment of 25 to 30 Per Cent.—The Future Uncertain.

"Owing to the war the cut of lumber on the North Shore this winter will probably be curtailed by twenty-five or thirty per cent.," said W. B. Snowball of Chatham who is at the Royal.

"Some of the big companies have decided to reduce their output by about that percentage and the small operators will no doubt follow suit. Two factors influence the lumber operators. One is the high cost of provisions for men in the woods and the other is the uncertainty about the market for lumber in the future."

Mr. Snowball said that the North Shore during the summer had not felt the effects of the business depression to any extent, but that business men felt that the future was uncertain.

BELLIGERENTS TO HAVE COMMISSIONS VISIT PRISONERS' CAMPS

The Hague, Nov. 18, via London, 4.25 p. m.—The Associated Press is informed by German officials that a plan is being discussed to do away with further mutual relatiatory measures upon interned private citizens of France and Germany. It is proposed to appoint a German commission to visit French detention camps and a French commission to visit the German camps. These commissions are to investigate actual conditions among the detained foreign subjects, and, if possible, to agree upon a plan whereby both nations will refrain from further drastic measures.

MOTOR TRUCK TO CARRY FETE DAY MAIL OF BELGIAN KING

Havre, France, Nov. 18—A large motor truck was required to forward to King Albert, at his headquarters in Flanders, the mail received here for the king on the occasion of his fete. No class of society forgot the Belgian ruler on his Saint's Day, which corresponds to a birthday in Protestant countries.

Picture postcards, containing congratulations and best wishes, were in the majority, but the king's mail contained poems, drawings, paintings and even original musical compositions.

Children were heavy contributors, as also were wounded soldiers in the hospitals. All ranks, from the nobility to the peasantry, were represented.

FIRE AT PARRSBORO

Special to The Standard.

Parrsboro, N. S., Nov. 18.—Fire was discovered early this morning in the building owned by J. H. Tucker and occupied by Stewart Mason as a general store and by Fred Swan as a dwelling. The firemen promptly extinguished the fire but the building is badly gutted and fire and water destroyed nearly all the stock and furniture. There is some insurance on the building, but none on the furniture and stock. The origin of the fire is unknown.

The Joy of Good Health Is Now Experienced

Nervousness, Dizzy Spells and Sleeplessness Are Now a Thing of the Past.

This is a cheerful letter from Mrs. Peacock, and it should bring joy to the heart of many a reader of this paper. Dizzy spells and sleeplessness are symptoms of exhausted nerves, and are the bugbear of many women, who do not know just what treatment to use.

MRS. PEACOCK.

You can read Mrs. Peacock's letter and take courage, for she has proven that Dr. Chase's Nerve Food is a complete cure for these troubles. So pleased was she with the results obtained that she wants other women to know about this food cure.

Mrs. Thomas Peacock, 23 Hiawatha street, St. Thomas, Ont., and whose husband is conductor on the Wabash Railway, states:—"I was quite run down in health, was very nervous, did not sleep well, and had frequent dizzy spells. Believing this to be the result of an exhausted nervous system I began using Dr. Chase's Nerve Food, and can say that this medicine did me a world of good. It entirely freed me of the symptoms stated above, built up my health generally, so that to-day I feel that I am quite well again."

In a more recent letter Mrs. Peacock writes:—"Dr. Chase's Nerve Food has done me a world of good, and I would be pleased to tell everybody so."

In nearly every issue of this paper you will find letters about Dr. Chase's medicines. If this one does not describe your case watch for others or write to us. Dr. Chase's Nerve Food, 50c a box, 6 for $2.50, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
