WHISKARD'S Rebuilding and Alteration Sale.

228, 230 and 232 DUNDAS STREET.

BY THE WAY

—We've been too busy during our **REBUILDING AND ALTERATION SALE** to do anything but attend to our business, which consists of selling our DRYGOODS, FANCY GOODS, MILLINERY at the lowest prices. But it seems some other people are taking quite an interest in us. They are attributing the crime to us of selling goods at a "ridiculously low price." That's right. That's what we are doing right along every day, and shall continue to do so, and we think our customers will not object. Here are some of our **ridiculously low priced hosiery:**

Children's Plain Wool Hose, 5c pair.
Children's Plain Wool Hose, 10c, 3 pairs for 25c.
Children's Heavy Ribbed Wool Hose, 20c, 2 pairs for 25c.

HERE YOU ARE AGAIN : : : :

50 DOZEN Ladies' Fine Wool Hose, worth 25c, for 15c pair.
Ladies' Fine Cashmere Hose, 25c, 29, 32c, 35c.
Ladies' Wool Overstockings, regular 35c, for 25c pair.

NOTHING LIKE

Such low figures were never quoted before on such goods as we are now pricing. Every price is a revelation of the buying possibilities a little money presents.

Heavy Blue Denim, 10c yard, worth 15c.
Heavy Sateen Ticking, regular 20c, for 15c.
Striped Silk Velvet, navy, brown, cardinal, regular price 75c, sale price 25c.
Striped Silk Plush, regular $1 25, sale price 50c yard.
Featherbone $3 90 Corsets, 69c pair.
Children's Crib Blankets, 25c and 29c pair.
Stair Linen, worth 15c and 20c, for 9c yard.

OUR PRESENT ARRAY

of peerless values must add new laurels to a wide wreath of the popularity of our stores.

New Art Muslins, wide widths, bordered, 5c yard.

WOOD'S FAIR.

Finding Money

Is an employment that you can engage in every day if you do your buying at our store. We are determined that no store in town shall give you reliable merchandise for less money. To get the newest goods, the choicest styles, the best quality, at the very lowest price, come to us every time. The Wall Paper Department is doing wonders in the way of brightening homes, pleasing the people and saving our customers tidy little sums of money.

Bread Boards.

A considerable number of Carved Breadboards came to us the other day at a ridiculous price. They're of the 30c sort, but we bought them cheap and we'll sell them the same way—

A Choice for 19c.

The uncarved boards go at 10c; but a lot of them that have a cut here and a scratch there, we'll clear out at 5c. The injury that each one has sustained is in no way hurtful, but it prevents us asking full price.

Stationery.

We've been worried to keep up with the demand for our Note Paper. The price we started our specials at is altogether too low; we sold the one lot, but by clever buying we got another; and still this sale will go on. Still you can have

5 quires of Federation Bank Paper for..... 15c
5 quires Riverside Note for..... 10c

They're suitable for any correspondence.

One dozen Rubber-Tipped Lead Pencils, light and dark colors, for 10c; value 25c.

Blank Books at exceptionally low prices.

Bargain Tables.

You should visit our bargain tables regularly; they're at the back of the store. Every day new goods are brought out, marked away down, and placed on these tables for brisk selling.

Agateware Wash Basins, should be 50c, are 35c.

Pudding Dishes, in white, 20c and 25c goods, for 15c. 30c and 35c goods at 20c.

Iron Holders, that are not inflammable, at 5c; value 10c.

Still a lot of those chair seats left that we're selling at 10c; they are well worth 25c.

Brown Fibre Lunch Baskets, with handle, for 25c.

We made a mistake; we're going to rectify it by losing money. We bought too many of **Mrs. Potts' Irons**, those with the new style handle; you can have 85c ones for 65c.

The special sale in **Sustenders** is being carried on at these tables.

The Newest, Brightest Goods Are Going at Cut Prices.

We are still giving the Free Lessons in Fancy Work every Tuesday and Thursday morning of each week from 9:30 till 11:30 o'clock. You can arrange for special lessons for the afternoon if you wish.

G. T. R. SECTION HAND INJURED.

Hamilton, Feb. 23.—A section hand named Michael Delaney was very seriously injured on the G. T. R. near Copetown Monday morning. He was found beside the track with several ribs broken and his head badly bruised. He was taken to the city hospital. Although conscious and able to talk, he was unable to state in what manner he was injured. The hospital doctors have hopes for his recovery, although it is thought he is hurt internally. Sixty-Third Year.

British America Assurance Company.

The annual meeting of the shareholders was held at the company's office, Toronto, on Thursday Feb. 18.

The president, Hon. George A. Cox, occupied the chair, and Mr. P. H. Sims, who was appointed to act as secretary, read the following

ANNUAL REPORT:

The directors have pleasure in submitting herewith the financial statement of the company for the year ending 31st December, 1896.

The premium income shows a moderate decrease compared with the figures of the preceding year. This is attributable to the reduction in insurance values consequent upon the disturbance in general business caused by the Presidential election in the United States, and to the reduced volume of business transacted in the Marine and Inland Departments.

The profit shown on the year's business is $61,271 79, and, after providing for two half-yearly dividends at the rate of 7 per cent per annum, the reserve fund of the company has been increased to $528,883 84. The amount estimated as necessary to cover liability on unexpired policies, has, owing to the smaller business tansacted, been reduced $11,101 41, and the net suplus, over capital and all liabilities shows an increase for the year of $19,873 20.

The directors desire to express their appreciation of the services of the officers and agencies of the company during the past year.

SUMMARY OF FINANCIAL STATEMENT.

Premium income, less re-insurances	$1,482,080 94
Interest account	43,624 08
Total income	$1,525,705 02
Losses incurred	950,183 33
Expenses of management including commissions, taxes, and other charges	514,249 90
	$1,464,433 23
Dividends to shareholders	52,500 00
Total assets	$1,436,958 84
Total liabilities, including capital stock	908,075 00
Reserve fund	$ 528,883 84
Cash capital	750,000 00
Security to policy-holders	$1,278,883 84

The president, in moving the adoption of the report, said: I desire to add a few words concerning the business of the company during the past year. The three preceding annual reports I have had the honor of submitting to the shareholders have in each case shown an increase in the premium income of the company, this year, however, has been an exception to the rule, there has been a falling off—though not a serious one—some $25,000, as compared with the business of the year 1895.

As you are aware, a large proportion of the revenue is derived from our agencies in the United States, and I need scarcely remind you that during the closing months of 1896 the disturbed state of political and financial affairs had a marked affect upon the general trade of the country. Owing to the nature of the main questions at issue between the two political parties in the recent Presidential election, business interests were affected to probably a greater extent than in any previous contest. The volume of trade shows a serious diminution in almost every branch, particularly in the amount of importations and the product of manufactories. As a natural result insurable values were materially diminished, and the premium income of fire insurance companies generally doing business in the United States shows a corresponding falling off. I may say here that while it is to be regretted that the revival in trade which was anticipated would set in after the questions at issue had been settled by the popular vote has not yet materialized to any appreciable extent, it is gratifying to note that there is a growing feeling of confidence in financial circles, which may be regarded as the first essential to a return of commercial and industrial prosperity. It is certainly a matter of congratulation that we have passed through this period of depression without that increase in the fire losses of the country which frequently accompanies such conditions, and that a very satisfactory profit has been realized upon our United States business.

In the Canadian fire department I am pleased to be able to say that our premium income again shows a moderate gain over that of the year 1895 as well as a profit upon the year's transactions. It will be gratifying to everyone interested in the company to note that the "British America" is attaining in the field of fire underwriting in the Dominion, that position which, as one of the oldest financial institutions in the country, we have always felt it should occupy. In this connection I may say—although the transaction does not come within the year now under review—that we have recently assumed the Canadian business of the Agricultural Insurance Company of Watertown, N. Y., having reinsured all its outstanding risks in Canada. While the amount involved is not large, we believe that this will bring us some additional connections which may prove desirable and profitable.

Taken as a whole, our fire business for the past year exhibits very satisfactory and encouraging results, but in our marine department I regret to say the losses incurred have been considerably in excess of what might have been expected from the conservative lines upon which we are conducting this branch of our business.

During the past year I have had opportunities of visiting some of our more important agencies, and I have been most favorably impressed with the representation which the company has secured throughout both Canada and the United States. I feel that in the managers, our branch offices, our corps of special agents or inspectors, as well as in the local agents representing us in the cities I have visited, we are fortunate in having in the service of the company men possessing in an eminent degree the qualities essential to success in the business in which we are engaged.

The vice-president, Mr. J. J. Kenny, seconded the adoption of the report, which was carried unanimously, and a vote of thanks was passed to the president, vice-president and directors for their services during the past year.

The following gentlemen were elected to serve as directors for the ensuing year: Hon. George A. Cox, J. J. Kenny, Hon. S. C. Wood, S. F. McKinnon, Thos. Long, John Hoskin, Q. C., LL.D., H. M. Pellatt, R. Jaffray, A. Myers.

At a meeting held subsequently, Hon. Geo. A. Cox was elected president, and Mr. J. J. Kenny vice-president.

To Investors...

The COLORADO GOLD MINING AND DEVELOPMENT COMPANY, in presenting their guaranteed stock, offer an investment yielding three times what the Savings Banks pay, just as secure, with every prospect of a much larger dividend and an opportunity of increasing the value of your investment many times over.

This is an opportunity seldom offered, and worthy of the serious consideration of those looking for an absolutely safe, yet profitable, investment.

So confident is the Company of its position and future profits, that in subscribing for the number of shares desired it is not necessary to pay the full amount down unless you wish, as we will accept 25c per share, leaving the balance to be deducted from dividends declared until the stock is fully paid for.

We believe the cash and stock dividends declared within the next two years will more than return the present cost of the shares, leaving the fortunate holder with his stock at no cost to himself and greatly enhanced in price.

The body of ore in sight in our Kern County property is enormous in quantity, and by reducing the cost of mining and milling to less than $2.50 per ton, as the improvements about to be undertaken will do, should enable the Company to pay dividends of three times the present rate. There is no guess-work about this, for our product being gold never varies in value, and knowing the cost of production enables us to estimate our profits with an absolute certainty impossible in any other business.

Send for our prospectus. It will interest you and is worthy of a careful perusal, showing, as it does, a company conducted on a business basis, and the most successful of its kind in the Dominion to-day. Personal interviews invited.
