IMPERIAL PARLIAMENT.

ANNO DECIMO QUARTO AND DECIMO QUINTO. VICTRIÆ REGINÆ.

CAP. LXIII.

An Act for the settlement of the Boundaries between the Provinces of Canada and New Brunswick.

[*7th August*, 1851.]

[illegible] the Boundary Line between the Provinces of Canada and New Brunswick, in North America; and pending such disputes, certain Funds have arisen from the disputed Territory, and have been received by the Governments of such Provinces respectively: And whereas, with a view to the settlement of such disputes, the Governor General of Canada and the Lieutenant Governor of New Brunswick, by the advice of their respective Councils, agreed that the matter in dispute should be referred to Arbitrators, who should be directed to report to Her Majesty's Government, and that such Governor General and Lieutenant Governor should each name an Arbitrator on behalf of the said respective Provinces, and that such Arbitrators should name a third Arbitrator, the Award to be made by the three Arbitrators or any two of them; and it was also agreed by such Governor General and Lieutenant Governor, with the advice aforesaid, that the net proceeds of the Funds in the hands of the said Governments, arising from the disputed territory, should be applied first, to defray the expenses of the Arbitration, second, to defray the necessary expenses of running the (Boundary) Line as settled, (in case such Funds should prove insufficient, the expenses to be borne equally by the respective Governments.) and third, the balance of such Funds to the improvement of the Land and Water Communication between the Great Falls of the St. John and the St. Lawrence; And whereas in pursuance of the agreement in this behalf, the Governor General of Canada named Thomas Falconer, Esquire, to be one of the said Arbitrators, and the Lieutenant Governor of New Brunswick named Travers Twiss, Doctor of Laws, to be another of the said Arbitrators, and the said Thomas Falconer and Travers Twiss named the Right Hon. Stephen Lushington, Judge of the Admiralty Court, to act as the third Arbitrator: And whereas, on the seventeenth day of April, one thousand eight hundred and fifty one, the said Stephen Lushington and Travers Twiss made an Award concerning the said Boundary, and transmitted the same, together with a Plan therein referred to, to the Right Honorable Earl Grey, one of Her Majesty's Principal Secretaries of State, and such Award is in the following Terms:

"That New Brunswick shall be bounded on the West by "the Boundary of the United States, as traced by the Commissioners of Boundary under the Treaty of Washington, "dated August, 1842, from the source of the Saint Croix to "a point near the outlet of Lake Pochek-we-kan-co-mes "or Lake Beau, marked A in the accompanying copy of a "part of Plan 17 of the Survey of the Boundary under the "above Treaty; thence by a straight line connecting that "point with another point to be determined at the distance "of one mile due south from the southernmost point of Long "Lake; thence by a straight line drawn to the southern "most point of the Fiefs Madawaska and Temiscouata, "and along the southeastern boundary of those Fiefs to the "southeast angle of the same; thence by a meridional line "northwards till it meets a line running east and west, and "tangent to the height of Land dividing the waters flowing "into the River Rimouski from those tributary to the St. "John; thence along this tangent line eastward until it "meets another meridional line tangent to the height of "Land dividing waters flowing into the River Rimouski "from those flowing into the Restigouche River; thence "along this meridional line to the 47th parallel of latitude; "thence along that parallel to the Mistouche River; and "thence down the centre of the stream of that River to the "Restigouche; thence down the centre of the stream of the "Restigouche to its mouth in the Bay of Chaleurs; and "thence through the middle of that Bay to the Gulf of the "St. Lawrence; the Islands in the said Rivers Mistouche "and Restigouche, to the mouth of the latter River at Dalhousie, being given to New Brunswick."

And whereas it is expedient that the said Boundary should be settled in conformity with the said Award: Now, therefore, be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. New Brunswick shall be Bounded as in the said Award mentioned; and it shall be lawful for one of Her Majesty's Principal Secretaries of State to appoint such person or persons as he may think fit, to ascertain, define, and mark the Boundary Line between the said Province of New Brunswick and the said Province of Canada, according to the intent of the said Award.

2. The net proceeds of the Funds in the hands of the Local Governments of the said Provinces of Canada and New Brunswick respectively, arising from the Territory heretofore in dispute between such Provinces, shall be applied according to the terms hereinbefore mentioned of the said agreement concerning the same.

THOSE WHO PRIZE A FINE HEAD OF HAIR, and those who, by carelessness, have suffered its partial loss, should use the celebrated Hyperion Fluid, invented by Wm. Bogle, 277 Washington street, Boston. It has received a world-wide reputation for its preservative, productive, and beautifying effects. It is a *sine qua non* in the list of toilet articles. Sold by the inventor, Wm. Bogle, 277 Washington street, Boston.

Sold also by S. L. TILLEY, Druggist, St. John.

TO HEADS OF FAMILIES.

From the Montreal Transcript, June 19, 1849.

☞ WISTAR'S BALSAM OF WILD CHERRY.—Some of our friends are never without it a excellent and preciable medicine in the house; many a good and thrifty housewife considering it an infallible antidote to the numerous disorders having their origin in severe cold, or constitutional asthma.—There are many drugs puffed up as sovereign remedies for all the various ills that flesh is heir to, which, to say the least, are sacred in their places behind the counter of the druggist—but, among this category, none who have felt or witnessed its good effects, will class Wistar's Balsam of Wild Cherry.

Beware of Counterfeits and Imitations.—The unparalleled and astonishing efficacy of Dr. Wistar's Balsam of Wild Cherry, in all the diseases for which it is recommended—curing many cases after the skill of the best physicians was unavailing, has effected a large and increasing demand for it. This fact has caused many unprincipled counterfeiters and imitators to palm off spurious mixtures, of similar name and appearance.

None genuine without the written signature of I. Butts on the wrapper.—For Sale by S. L. Tilly, King street, Saint John, N. B.
