Fireman Killed at Canmore.

George W. Ward, a young fireman well and favorably known in Medicine Hat, met his death at Canmore on Friday. He fell into the coal shute and was smothered. He was a son of Mr and Mrs. L. P. Ward, of Calgary.

No Opium in Chamberlain's Cough Remedy.

There is not the least danger in giving Chamberlain's Cough Remedy to small children as it contains no opium or other harmful drug. It has an established reputation of more than thirty years as the most successful medicine in use for colds croup and whooping cough. It always cures and is pleasant to take. Children like it. Sold by all druggists.

JOSEPHSBURG FARMERS GRIEVANCE.

Mr. H. Hassard has handed us full copies of a series of resolutions passed at the indignation meeting of the Josephsburg farmers re the recent dipping transactions accompanied by the following letter:—

Medicine Hat, Dec. 20, 1905.
Editor Medicine Hat Times.

Dear Sir,—Some time ago I handed for publication to some other papers a copy of the accompanying resolutions and letters, but for some reason best known to themselves they have failed to publish them.

As there are various theories afloat as to the true nature and interest taken by the people in this matter, I feel that an injustice would be done in withholding it from the public.

As chairman of the people's committee and author of some of the matter, I have the honor of submitting same for publication in your valuable paper.

Yours respectfully,
H. HASSARD.

We cannot possibly publish all the resolutions, but the following is a summary of each.

No. 1 calls for a clean and impartial discharge of duties by public servants.

No. 2. As farmers were lead to believe about election time that they were a factor in the growth and development of the country, they claimed to have their interests consulted.

No. 3. That they have little in common with the ranchers; that they have but few cattle, which are under constant care and observation, and free from contagious disease; that their condition was not taken into consideration in the dipping orders.

No 4 calls for abrogation of the dipping order except in cases of lice, mange, or other infectious and contagious disease verified by competent authority.

No. 5 charges the dipping inspector with exceeding his duty when he arrested the cattle of Chris Kanig and John Foster, senior, 64 head in all, including, as alleged, several milch cows, on their way home from Peter Houck's dipping vat where they had been dipped, Kanig's for the second time at a cost of $10, and took them to James Robinson's dipping vat where they were again dipped, Kanig's for the third time and Forster's for the second time, and left them in custody for 13 days and again dipped Kanig's for the fourth time and Foster's for the third time, at a cost of $120, together with the loss of milk and butter for the time they were detained on a too closely-cropped pasture.

No. 6 names a person alleged to be the prime mover in what is described as an outrage commited in the name of the law.

No. 7 calls upon the Government to appoint a commission to take evidence under oath, make a full inquiry into the circumstances, mete out punishment, refund monies paid, and allow damages to the parties aggrieved.

No. 8 pledges the farmers who were present (about 70 we believe) to work and vote against the government candidate in the next election in Western Assiniboia.

No. 9 strongly denounces the person they believe to have been the prime mover in the matter.

No 10. provides for sending copies of the resolutions to the papers for publication.

No 11 appointed H. Hassard, C Zaiser, and J. Bohnet, junior, to be a committee, with power to add to their number, to lay the matter before the Government, and with power to call a meeting at any time and report progress and recommend the course they think fit.

The Fire Brigade had a run to the section house on Friday, but the incipient fire had been put out by the C.P.R. staff before the brigade could get there.

The Seed Selection Special.

We are in receipt of the printed itinerary of the seed selection special train which starts from Brandon on January 8th, and regret to find that Medicine Hat is not included. So all the correspondence with the agricultural society might have been saved. We may well ask, however, why Medicine Hat should be passed by in this matter.

A Marvellous Cake.

Quon Key has in his restaurant window the most wonderful cake ever seen. There are, in fact, two cakes surmounted by a model house or temple made entirely of candy, a most elegant looking structure, bearing in letters of gold the words "A Merry Christmas, 1905." The production is a work of art. "Conkey" says it took him four days to make it, and we believe him.

WALES BEAT NEW ZEALAND.

The world renowned "All Blacks" went down before gallant little Wales. After beating English, Irish and Scotch teams the New Zealanders were beaten by the Welsh team at Cardoff. In beating the New Zealanders, Wales showed superior excellence in every department of the game, special features being the rushes of the forwards and the kicking of the full back. The New Zealanders never seemed able to set their wonderful passing backs in motion.

The Worst of a Cold.

Is how suddenly it comes. No time to hurry to a drug store, croup develops, the lungs are effected with pneumonia or tuberculosis and it's too late. Keep Catarrhozone on hand,—it kills colds instantly. Something magical about the way it cures Catarrh and Bronchitis. Catarrhozone is the best remedy because it cures in nature's way: it heals, soothes and restores permanently. Carry a Catarrhozone inhaler in your pocket, use it occasionally and you'll never catch—that worth remembering.
