with a bottle of

Barkwell's Sure Corn Cure

AS A GOLDEN OFFERING

And which he declares, after experience, is **Worth More** than its **Weight in Gold.**

This fluid is good, and I told you it would
Cure corns and bunions as well;
So now, Uncle John, just put it right on
And you will have wonders to tell.

I tell you again, 'twill cure without pain,
Though you may be loath to believe it,
But after my trial there can be no denial,
And as a boon I hope you'll receive it.

I have often been told 'tis more precious than gold,
And as such I submit it to you,
For as gold was the thing I'm expected to bring,
I think this present will do.

N.B.—This is the way the public show their appreciation of a genuine article, and we must commend it, and congratulate the proprietor, W. S. Bryers Barkwell, in being the possessor of an article that gladdens so many hearts, and upon which the public place so high a premium.

STANLEY has accomplished more than any other discoverer before him, and has made for himself a name that will go thundering down through the coming ages. People will read of his arduous and perilous achievements with wonder and amazement, and on all sides honors and decorations will overwhelm him. During his late expedition, much labor and inconvenience could have been obviated by a liberal use of cottam's washing compound, by means of which all dirt and infections of disease could have been removed and utterly destroyed. It is the safest, most effectual and economical washing compound that has ever been discovered, and the people of Canada use and appreciate it more every day. Be sure and ask your grocer for it and let no amount of plausable excuses induce you to take a substitute. ywt

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Eclectric Oil, is ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are specially subject.

THE "NORMA" CIGAR.

All competent judges of a good cigar are unanimous in pronouncing the "Norma" one of the finest 10-cent cigars made in Canada. This cigar has all the delicate flavor of an imported cigar, without any of its attendant faults. The cigar is the product of H. McKay & Co., of this city, who invariably use the best tobacco leaf, most carefully prepared. The result of this strict attention to quality of raw material is that the "Norma" stands to the front of all 10-cent cigars, and although there is a prevailing idea that a cigar manufactured at home cannot be equal to an imported article, this prejudice is being rapidly overcome by the growing popularity of the "Norma."

For the house, the laundry and the workshop Cottam's Washing Compound is just splendid. It saves soap, clothes, time and labor. Three packets for 5 cents. All grocers can supply it. 6tf

Academy.—[Stratford Dispatch.

In the suit of the County of Essex vs. County Treasurer Wright at Windsor, Judge Street ordered that the case be referred to George F. Jewell, of this city, to take the accounts referred to in the pleadings and to ascertain and find the balance due as between the plaintiffs and the defendant, as treasurer of the county. The court reserves the question of costs and of further direction until after the report of Mr. Jewell.

Dr. Burgess, of the Hamilton Asylum, formerly of this city, who is leaving Hamilton to become superintendent of the Montreal Insane Asylum, has been presented with a handsome easy chair by the employes. An address signed by Lrs. Russell, Ross, Beemer and 50 of the employes accompanied the presentation. Dr. Burgess has been connected with the Hamilton institution for three years, and his departure is much regretted.

C. H. Thorburn, who was for two years prior to May 1889, a clerk in the B. of B. N. A. in this city, has written a novel, dealing largely with Canadian life and manners. He was, while living in this city, an enthusiastic tobogganist and his discription of the London toboggan slide on a moonlight night should prove interesting to Londoners. He has a word or two to say about the Seventh Fusiliers, he having been in "D" Company. Digby & Long, 18 Bouverie street, London, E. C., are the publishers, and they will have it ready about May 1.

This Week's "Western Advertiser."

Buy a copy and send it to your friends.

Past the Century Mark.

Mrs. Catharine Matthews, one of the oldest of the human family that Strathroy ever claimed as a resident, died at the residence of her son-in-law, Wm. Sherman, Strathroy, on Friday morning last. She was born in Kilglass, county Sligo, Ireland, 1782, being one of a family of five girls and two boys, all of whom she outlived. Throughout her lengthened career Mrs. Matthews enjoyed excellent health, and it was only during the past year or so that she found it advisable to remain within doors, although even then she was not confined to bed. Last week she was up and around as usual, and it was not until the evening preceding her death that anything serious was anticipated. She leaves two sons and two daughters.

A C. P. R. Official Married.

The marriage of Mr. George S. Hodgins, of Toronto, son of Dr. Hodgins, late Deputy Minister of Education, to Miss Sarah Patterson, second daughter of Judge Patterson, was celebrated by Rev. W. T. Herridge, of St. Andrew's Church, in the house of the bride's father, Argyle avenue, Stewarton, near Ottawa. The groom was supported by Mr. Fred. Hodgins and Miss Eleanor Hamilton, of Toronto. Among the guests were the relatives of the bride and Dr. Hodgins, Major and Mrs. Hodgins, Colonel and Mrs. Chamberlain, Mr. and Mrs. W. D. Hogg and Mrs. McNabb. The bride was the recipient of a large number of very handsome presents from friends in Ottawa and Toronto, and a large number of congratulatory telegrams were received. Immediately after the ceremony the newly-married couple took the C. P. R. express for Windsor. Mr. Hodgins has been appointed mechanical superintendent of the C. P. R. branch between London and Windsor, and will in all probability reside in this city.

THEY ARE SATISFIED.

Farmers and Insurance Men Are Delighted With Laughlin's "Jack."

The new device originated by Mr. J. G. Laughlin, of Guelph, for the purpose of operating threshing machines with the engine far enough away to prevent the wind carrying sparks to the barn, was given an experimental trial on the market yesterday. The "jack," as the innovation is called, consists of a rack containing two free pulleys, which are adjustable to any angle and render it an easy matter to locate the engine at any point of the compass, and a driving belt pulley. The power was communicated to the "jack" from the engine by means of a rope belt, and was about 200 feet in length. The promoters of the device say that it is possible to have the engine 600 feet away if desired, but that there is no danger at 200 feet.

The exhibition was witnessed by a large crowd of farmers and citizens together with a representative number of fire insurance men including among others Mr. James Beattie, president of Mutual Underwriters' Association; Mr. Herbert Black, secretary of the same association; Mr. Chas. Davids, secretary of Wellington Mutual, Mr. C. M. Taylor, manager of Waterloo Mutual. The result of the test was highly satisfactory, although many were mystified with the simplicity of the "jack" which performed its work so accurately.

On the completion of the test a meeting of the Executive Committee of the Mutual Fire Underwriters' Association was held in the offices of the London Mutual Fire Insurance Company, Richmond street. The committee resolved that in future they will not permit threshing engines to be placed nearer than 200 feet to the barn or other building which is insured in any of their companies. The Canada Mutual Fire Underwriters' Association will also be asked to adopt similar measures.

We have no hesitation in saying that Dr. J. D.
