PEOPLE ARE TO CHOOSE BETWEEN TWO CONTRACTS

Council Decide to Submit Government and Cataract Power Offers to a General Vote.

HAMILTON, June 9.—(Special).—Cataract influence was strong enough this evening to prevent the aldermen, by just two votes, from voting in favor of the signing of a contract at once for power with the hydro-electric power commission, but it was not strong enough to get the contract for the Cataract Co. The decision reached was to submit to the people side by side the hydro--electro commissioners' offer and the offer of the Cataract Co. The council will meet next Monday evening to give the bylaws their first two readings and the rival offerings will be submitted soon as possible. The members who came out for signing a contract at once with the commission are: Mayor Stewart and Ald. A. J. Wright, Hennessey, Nicholson, Gardner, McLaren, Farmer, Bailey and Anderson. The whole night was taken up in a discussion of the subject. The only other matter of importance was a two-thirds vote to restrain the hospital governors from continuing the erecting of the Southam Hospital for incurable consumptives on the city grounds.

Fraudulent Naturalization.

Before addressing the grand jury at the general sessions this evening Judge Snider said he had a few words to say to the lawyers, especially to the commissioners of naturalization. It had been learned that a number of the aliens who qualified recently where not entitled to do so. Some of them had been in the country only 18 months and others did not know what they were swearing to. He thought the commissioners should see the men did not commit perjury and added that if the practice continued the courts might have to deal with it.

The first case dealt with on the civil list at the general sessions this afternoon was an action brought by Isadore Levine, a second-hand man, whose place of business was at 24 York-street. He claimed that Wm. Ronald wrongfully put a bailiff in his store thereby interrupting his business for two days. He sued for $200 damages and was given $100.

The cemetery governors discovered this evening at their meeting that the death rate in Hamilton was lower now than it was 20 years ago.

Stole a Bicycle.

Joe Midwinter was sent down by the police magistrate this morning for six months for stealing a bicycle.

John Hewitt was fined $10 for not carrying a number on his automobile.

The county judge will hold his criminal court on June 23. Patrick Wickham will be tried on the charge of assaulting the police, and James McArdle will be tried on a serious charge, the complainant being Margaret Wyatt, Dundas.

At the Hamilton Methodist conference this morning the following were elected officers of the Theological Union: Rev. Dr. Crothers, president; Rev. A. J. Johnson, secretary; Rev. A. E. Lavelle, lecturer.

The stone cutters complained to the mayor to-day that stone carvers had been imported to work on the new bank building at the corner of Main and James-streets. Action to deport them will likely be taken.

WHAT WOMEN SUFFER

At All Ages They Need the Rich, Red Blood That Dr. Williams' Pink Pills Actually Make.

A woman needs medicine more than a man. Her organism is more complex, her system more delicate. Her health is disturbed regularly in the course of nature. If anything happens to interfere with that natural course she goes through unspeakable suffering. In fact the health of every function and the health of every moment in a woman's life depend upon the richness and regularity of her blood supply. That is the simple scientific reason why Dr. Williams' Pink Pills are worth their weight in gold to women of all ages from early girlhood up—they actually make the rich red blood all women need.

Mrs. Edwin Ward, Brooksdale, Ont., says: "For years I suffered from those ailments that make the lives of so many of my sex miserable. I would take weak spells and become so nervous that I could not go about. My stomach was out of order, and I frequently vomited the food I took. Headaches and backaches afflicted me nearly all the time. Then I took a severe cold, which settled on my lungs, and I went to a hospital for treatment. I had the best of care, but the doctors gave me little hope of recovery. My face and limbs became swollen and my system racked with a harsh dry cough. As the doctors did not look hopefully upon my case I decided to try Dr. Williams' Pink Pills. By the time I had taken half a dozen boxes there was a great change for the better. I still continued to take the pills until I had used 13 boxes, and I am now enjoying perfect health. I have no hesitation in saying that I believe Dr. Williams' Pink Pills saved my life."

Dr. Williams' Pink Pills cured Mrs. Ward by actually making the new blood her system needed. That is all Dr. Williams' Pink Pills do, but they do it well. They don't act on the bowels. They don't bother with mere symptoms. They go straight to the root of the trouble in the blood. That is why they cure all blood and nerve troubles like anaemia, female irregularities, indigestion, rheumatism, headaches and backaches, sciatica, nervous prostration and St. Vitus' dance. Substitutes and imitations won't cure, purging medicines only make you worse, therefore you must get the genuine pills with the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

MANY BALLOTS SPOILED

Continued From Page 1.

ever, they were not of a material kind. The newness of the act was chiefly responsible."

The promptness shown by Mr. Arnoldi in his compilation of the official returns deserves especial commendation. All the officers in charge of the Toronto ridings were very courteous and obligig in making arrangements with the newspapers for the gathering of returns, and a word of thanks is due Messrs. Arnoldi, Defries, Brandon and Hurst.

The East and South Toronto official figures are expected to-day and those for the north to-morrow.

From Province, Not Party.

"On the occasion of the great upheaval of the people in 1905," said Premier Whitney, yesterday, "I realized and so declared that the result was more than a party victory. So, to-day, my colleagues and I feel that the verdict of yesterday was an expression of approval coming from the people of the province as a whole. We are, indeed, thankful for this unmistakable and generous endorsement.

"During our term of office we have endeavored to do our duty. Doubtless we have made mistakes, but the experience we have gained will enable us to avoid them in the future. Appreciating highly the confidence of the people whose servants we are, we look forward without fear to the duties and responsibilities which await us."

This is all there was to be said by the government members yesterday. The local cabinet members were following the example of Br'er Rabbit. Hon. W. J. Hanna remained in Sarnia, but is expected to-day. So is Hon. Frank Cochrane from Sudbury.

The only flaw in the party triumph was Hon. Nelson Monteith's disaster in South Perth. It was reported yesterday that Valentine Stock's majority was only seven, and hopes were expressed that a recount might change the situation. Various rumors were current as to the outcome.

Has Ground for Protest.

A special despatch from Stratford last evening says:

"Unofficial figures give Valentine Stock a majority of 16. The official statement is expected to-morrow.

"Hon. Nelson Monteith did not feel disposed to make any statement.

"Personally I object to a protest," he said, "and would not care to regain the seat in that way. However, I expect that when a recount is made I will come out on top.

"I have reason to believe fraudulent methods were used to secure Mr. Stock's election, many having voted who had no right to do so."

Mr. Monteith stated he had expected Mr. Stock to run up even a larger majority than he did.

"The surprises of the contest are the big turn-over in St. Mary's and Mitchell for the Liberals and Conservatives respectively."

The gossip appointing one or other of sundry agricultural members as minister of agriculture, need not be taken too seriously. Premier Whitney, with a majority of three score and ten, can hardly afford to desert such a faithful minister as Mr. Monteith has been, and it may be taken as certain that if Mr. Monteith desires to remain in public life, another seat will be found for him.

Mr. MacKay Explains.

Interviewed at Owen Sound yesterday Hon. A. G. MacKay, leader of the Liberal opposition, said:

"If the same forces were at work in all close ridings, as opposed me here yesterday, the result is not at all surprising. When you find in an historically Conservative riding, such as this, temperance Conservatives and the solid liquor interest, the latter formerly divided in political allegiance working shoulder to shoulder for government candidates, the marvel is that I was at all elected.

"A swing or change of two per cent. in the average riding makes a difference in the count of about 200. If the same allegiance existed elsewhere as here one needs go no further for a quite sufficient explanation.

"Understand distinctly," said Mr. MacKay, with tremendous emphasis, "the fight is only begun. Our position in the main on public questions was clearly fought. The discussion during the campaign only served to make this more manifest. Understand that the aggregate vote during the last parliament called for a Conservative majority of but 10, instead of 44. It will be interesting to note what the present vote is. Whether the unholy alliance that operated against me here yesterday was general or not I can't say, but if so, there will be found a remedy.

"What is the future of provincial Liberalism? Liberalism is not a dead issue. I repeat now and here, Liberalism was a united factor in this province one week before election day. Don't misunderstand election results. The majority against us may be 70. It will be found that a swing of four per cent. of the electors would make a decided majority the other way. In other words I think it will be found that at least 47 per cent. of the electors voted Liberal while, say 53 per cent. voted Conservative."

"To seriously question the ultimate success of Liberalism is to doubt that its leaders will be true to Liberal principles and will not be sufficiently radical and aggressive."

Attractive Side Trips for Foundrymen

Foundrymen attending the Convention this week should not leave Toronto without visiting Muskoka Lakes, Kawartha Lakes or other of the beautiful resorts within easy reach. The Canadian Pacific Railway offers reduced week-end rates to the most attractive resorts in the neighborhood; call in at the City Ticket Office, on the corner of King and Yonge-streets, and let us give you the rates and all information. 234

Wedding Gift Suggestions.

One of the most acceptable gifts that could be presented to a June bride is a handsome traveling bag. It will be taken on the honeymoon trip and used and appreciated in after years. East & Co., 300 Yonge-street, have just turned out a handsome lot of ladies' traveling bags, expressly for the purpose. They are made in the popular black sea lion and light cross London leathers. The prices range from $7.50 to $10.

Peculiar Fatality.

NORTH BAY, June 9.—(Special.)—Louis Denault, married, with six children, was instantly killed at Callandar this afternoon. He was striking a log with an ax which caught in a pulley overhead, was wrirled around the shafting and struck him with great force.

Mrs. Humphrey Ward's newly made version of "The Marriage of William Ashe" is having great success in London. The part of Kitty is taken by an American girl. The author is being greatly praised for increased power of dramatic art. As one London critic expresses it: "Mrs. Ward has at last got her psychology over the footlights."

"The Factory Behind the Store."
