News Summary.

DOMINION.

— Polling day, Thursday next, the 5th of March.

— The town of Annapolis by a vote of 32 for and 44 against, decided against incorporation.

— The passenger car attached to the W. C. R. express when leaving Yarmouth last Saturday morning, caught fire from a stove and was badly damaged.

— Unless more care is given to the hair, the coming man is liable to be a hairless animal; hence, to prevent the hair from falling use Hall's Hair Renewer.

— At Orangeville, Cumberland Co., Wednesday, Noble Smith, 8 years old, while coasting, ran into a team and one of the horses stepped on his head. He died in a few hours.

— The annual meeting of the stockholders of the Bank of Nova Scotia was held in Halifax, on Monday. A motion was adopted to increase the capital stock to $1,500,000. The new stock is to be issued at 150 per cent.

— The *Royal Gazette* for Feb. 25th contains a proclamation from Lieut. Gov. Tilley further proroguing the general assembly of this Province from Feb. 26th to March 12th, then to meet at Fredericton for the despatch of business.

— Great interest is being taken in the Torbrook iron mines. An engine is being set up to raise the ore and pump the water. A survey is being made for a branch line of railroad from Wilmot station to the mine. The iron ore in this locality is of fine quality and next to inexhaustible.

— For ten or twelve years past Messrs. James Miller & Co., of Economy, N. S., have been carrying on an extensive lumber business. Their yearly output during that time has been from five million feet of manufactured lumber, and they have also done quite a large business in manufacturing slate frames and other hardwood goods for the British market.

— The factory owned by the Spool and Excelsior Co., Newcastle, was burned down on Wednesday morning between six and eight o'clock. It had not been running for some time, but was in charge of a watchman, who had gone home only shortly before the fire was observed. The loss is a heavy one, over $5,000 worth of stock alone being stored in the building. The insurance will cover but a small percentage of the loss.

— The snow is so deep in York Co. that many of the lumbermen experience great difficulty in going to and fro in their camps. Last week Henry Turnbull and a party of axemen and gum pickers from Stanley started for their camp on the South West Branch, but so slow was their progress that night overtook them and they had to sleep in the snow. Fortunately they had some blankets with them.

BRITISH AND FOREIGN.

— The Earl of Albemarle, a Waterloo veteran, lately died at the age of 92.

— The English House of Commons passed to a second reading, by a vote of 202 to 155, the bill permitting a man to marry the sister of his deceased wife. The bill has been passed several times before in the Commons and defeated, through the ecclesiastical opposition, in the Upper House.

UNITED STATES.

— It is reported that an alabaster quarry of great thickness, and extending for miles, has been discovered in the foot hills of the Rocky Mountains near Canyon city, Colorado.

— A shooting affray occurred recently in Columbus, Ohio, between two Sunday newspaper men, in which one of them was killed. An innocent spectator also fell a victim to a shot from one of the pistols.

— The body of the late Prof. Bancroft, of Brown University, was found February 25, in Dwyer's pond, Cranston. It will be remembered that Prof. Bancroft, while suffering from mental depression, disappeared in December last. He was a man of ability in his profession and highly esteemed as a Christian gentleman.

What She Said.

Mrs. R. Peck, E. 45th street, New York City, visited Canada last year, and had the good fortune to pick up something which not only suited her, but her neighbors also. Writing the manufacturer of Nerviline she says: "I bought three bottles of Nerviline while in Canada and treated my neighbors to some of it, and all think it the best medicine for internal or external pain they have ever used." Nerviline deserves such a commendation for it is a most powerful, penetrating and certain remedy for pain of all kinds. Take no substitute.

— Corrected returns show the total sales of Nova Scotia coal last year to be 1,776,500 tons, an increase of 225,500 tons over the year previous.

— THE QUESTION SETTLED.—Those eminent men, Dr. James Clark, physician to Queen Victoria, and Dr. Hughes Bennett, say that consumption can be cured. Dr. Wistar knew this when he discovered his widely known Balsam of Wild Cherry, and experience has proved the correctness of his opinion.

— Destructive floods are reported from Southern California, Arizona, and other parts of the United States.

— Every care has been taken to secure in *Potter's Liniment* a most reliable family medicine. For coughs and colds, pain in the side, it is warranted to cure, or no pay. W. D. King & Co.

Mrs. Gladstone's Kindness.

HOW THE GREAT STATESMAN'S WIFE TREATED A PRETTY AMERICAN GIRL.

A pretty American girl recently called upon Mrs. Gladstone at her London home. She carried a most favorable letter of introduction as a member of a well known American family. Her brightness and sparkle attracted the wife of the great English statesman, and for an entire afternoon and evening she lived in the Gladstone household. She confessed to Mrs. Gladstone that her visit had a purpose—that of writing an article on the home life of her hostess for an American magazine.

"But, my dear," said Mrs. Gladstone, "your people are interested in Mr. Gladstone; they do not know me."

"That is just why I came," replied the girl, "in order that Americans may learn a little more of you."

At the tea-table, Mr. Gladstone joined with his wife in entertaining the American girl, and few were ever given a better opportunity of seeing the Gladstone home life.

The quiet part which Mrs. Gladstone has played in the career of her famous husband is known to only a few. While thousands of articles have been written of Mr. Gladstone, none of an authoritative character have been printed of his wife. Even her portrait is seldom seen in the English shops; rarely in the prints. She has always felt that public interest in her own country and across the sea was centered in her husband, and in order that his greatness might stand out more strikingly, she has each year further retired from public view. A freshness will, therefore, attach itself to the story "A Day with Mrs. Gladstone," as it will be told by her bright young visitor in *The Ladies' Home Journal*, of Philadelphia, during the coming year. This article will be one of the series of "Unknown Wives of Well-known Men," which this excellent magazine will contain during 1891.

— As the days grow longer the sun grows stronger, and the wet and slush that follows are the sure forerunners of cold in the head. Nasal Balm instantly relieves and permanently cures.

The Sons of Temperance at Nictaux Falls are enjoying a season of great prosperity. The intellectual pabulum of the society is said to be instructive and entertaining.

Gratefully Acknowledged.

A goodly number of the Torbrook friends of Mr. Bradshaw and his wife, gave them a genuine surprise at the parsonage last week, and after making things pleasant all around for some time, departed, leaving the pastor richer and happier.

On the eve of my departure for the West, to escape the East winds that prey so on my throat, the good people of the Baptist congregation at Great Village paid a visit to the parsonage. After spending a very pleasant evening, left with us a liberal gift in cash, which is so necessary on railroads and in hotels. When the Great Village church undertakes a matter it always ends right royally. The young people of Deller't took us by surprise last evening, and spent with us a very pleasant season, and followed the Christian example of the Great Village friends. May the Lord bless these ever kind and faithful friends and "watch between us while we are separated one from the other."

Feb. 24. P. R. FOSTER.

GREENVILLE, N. S.—In moving to this field in the early part of winter, I expected to enter fully into the work of the Lord. But providence, by the hand of disease, laid me upon a bed of sickness, so that, up to the present, I have not been able to do any preaching. Although improving in health it will yet be some weeks before I shall be able to enter fully into the work. Our lot, however, has been cast among a very kind and thoughtful people, who, in various ways, have added to our comfort. A few evenings since, a large company assembled at the parsonage, where, after partaking of a bountiful repast, they presented to us $51 in cash and $3 in goods. This, with their many acts of charity, during my illness, has endeared them to our hearts. May God bless them abundantly is our prayer. P. D. N.

— For suppressions, female weakness, nervousness, etc., Dr. Williams' Pink Pills never fail. They have no equal as a blood tonic and nerve builder. Equally good for men and women.

— Health giving Herbs, Barks, Roots and Berries are in Burdock Blook Bitters which regulate all the secretions, purify the blood and strengthen the entire system.

JAMES PYLE'S PEARLINE WASHING COMPOUND THE GREAT INVENTION FOR SAVING TOIL & EXPENSE WITHOUT INJURY TO THE TEXTURE COLOR OR HANDS NEW YORK.

The Success of the Original supports the imitations and there's a crowd of them hanging to Pearline. It gives work for them, as it does for everybody. It saves them talk, too. It's the one cry of the peddler that his imitation is "the same as Pearline," or "as good as Pearline." It isn't true, but it shows what he thinks of Pearline. He knows that Pearline is the standard—the very best for its purpose. So does everybody who has used it.

Beware of the basket gang—be sure you get Pearline. Get it from your grocer—and send back any imitation he may send you.

Pearline is never peddled, and is manufactured only by

Deaths.

ROOP.—At Springfield, Feb. 9, infant child of Mr. and Mrs. Major Roop.

GAVEL.—At Pleasant Valley, Yarmouth Co., Feb. 12, after a painful illness, Letitia A., beloved wife of William Gavel, aged 48 years. Sister Gavel had long been a follower of Christ. She was highly esteemed by all who knew her.

PORTER.—At Deerfield, Feb. 13, Nathan, the only son of Hezekiah and Mary Porter, in the 11th year of his age. His sorrowing parents and sisters have been greatly sustained by the love of Christ in their affliction.

HANNAH.—At Jacksonville, N. B., on Feb. 12, Margaret, wife of Wm. A. Hannah, fell asleep in Jesus at the advanced age of 72 years. Sister Hannah was one of the original members of the Jacksonville Baptist church. Her walk was a most consistent one. She leaves behind her the fragrant memories of a life well spent in the Lord's service. Her son, Robert Hannah, is our honored and much esteemed deacon.

BURNS.—At Albany Cross, Dec. 15, 1890, after a long and tedious illness, Mrs. Avard Burns, leaving a husband and six children to mourn their loss. Her end was peace. Also, in the same house, Jan. 10, 1891, Mrs. William Burns, who had come to take care of her motherless grandchildren. Mrs. Burns suddenly and without warning, passed away, leaving a poor afflicted family without a mother's care.

FRIZZLE.—A few days since a letter was received from Cape Breton requesting me to make some mention in the MESSENGER AND VISITOR of the late Hannah Frizzle, wife of Wm. Frizzle, Esq., of Mabou, who "entered into peace" on Jan. 4th. The rich legacy our sister has left the Baptists in her life and in her children demand more than a simple notice of death. Sister Frizzle, whose maiden name was McMillan, was born in the North of Ireland. She, with her husband, came to America about the year 1828. The ship in which they crossed the ocean was wrecked on the Newfoundland coast. Two of their children—all they had, I believe—with all their worldly goods went down with the ill-fated vessel. (They were coming out as traders with a full stock of merchandise.) From the scene of the disaster and bereavement they made their way to P. E. Island, where Mrs. Frizzle professed faith in Christ and, with her husband, was baptized by the late Rev. John Shaw. About 50 years since they came to Mabou, C. B., and identified themselves with the little Baptist interest in that place. Sister Frizzle's house was always a home for God's servants. Kind, motherly, always in her place in the house of God, using the good things of this world—of which they possessed a goodly share—to help on the Lord's work. Her end was calm and peaceful, with neither pain of soul or body. She leaves an aged husband, now over 90 years, and five children to mourn the loss of a loving wife and mother, and the little church of a mother in Israel.

Burdock Blood Bitters Cures BILIOUSNESS. Cures BILIOUSNESS. Cures BILIOUSNESS.

REGULATES THE LIVER.

Direct Proof.

SIRS,—I was troubled for five years with Liver Complaint. I used a great deal of medicine which did me no good, and I was getting worse all the time until I tried Burdock Blood Bitters. After taking four bottles I am now well. I can also recommend it for the cure of Dyspepsia.
