LEGISLATIVE.

The Bill to incorporate the Medical Society, was after some discussion, rejected in the Legislative Council on the 8th inst. The object of the Bill was to prevent empiricism, by more stringent regulations than at present exist—it provided for the granting of licenses to practice medicine, and was otherwise calculated to raise the profession in public estimation. A good deal of sympathy was manifested during the discussion in behalf of the Quacks—of whom the regular practitioners, every where, always entertain a horror, sometimes very difficult to be accounted for. The Doctors have been very laudably bestowing themselves of late, and we trust the Province will yet benefit, notwithstanding that Legislative frown, from their united exertions.

The Bankrupt Bill introduced by Hon. Mr. McCully, has been discussed, and a motion to defer it lost by a majority of 11 to 7.

On the 9th inst. a Bill was presented to the House of Assembly, to enable the City of Halifax to build a General Hospital.

Of the vote of £45,000 for the total service £[illegible] has been appropriated to the cross roads, £10,000 to the great roads, and £8,000 special grants. The Hon. Financial Secretary, in reply to Mr. Killam, who asked for some explanations about the revenue, gave reason to expect that the revenue this year would be less than for the last, owing to the reduction of duties under the Reciprocity Act—and as regards ship building, there were more built in 1853 than 1853, but not more sold—but with all probable reductions the £45,000 might be safely afforded. Mr. Killam was evidently of opinion that £60,000 should be granted—but his motion was lost.

On the 20th inst. a Temperance petition signed by 4400 inhabitants of Halifax, men, women and children, was presented by Mr. Wier, praying for a prohibitory enactment respecting the traffic in ardent spirits.

FRIEND OF THE CANADIAN!

HOLLOWAY'S PILLS.

EXTRAORDINARY CURE OF ASTHMA!
OF AN OLD LADY SEVENTY-FIVE YEARS OF AGE.

Copy of a Letter from Mr. Thomas Weston (Book Store) Toronto, dated the 9th October, 1854.

To PROFESSOR HOLLOWAY,

Sir,—Gratitude compels me to make known to you the extraordinary benefit an aged parent has derived from the use of your Pills. My mother was afflicted for upwards of four and twenty years, with asthma and spitting of blood. It was quite agony to see her suffer and hear her cough. I have often declared that I would give all I possessed to have cured her. Just although I paid a large sum for medicine and advice, it was all to no purpose. About three months ago, I thought perhaps your Pills might benefit her, at all events I resolved to give them a trial, which I did: the result was marvellous: by slow degrees my mother became better, and after persevering with four remedies for nine weeks, she was perfectly cured, and now enjoys the best of health, although seventy-five years old. I remain, Sir, your obliged,

(Signed) THOMAS WESTON.

REMARKABLE CURE OF DROPSY!
AFTER BEING TAPPED THREE TIMES.

Copy of a Letter from Anthony Smith, Esq., Halifax, Nova Scotia, dated the 2[illegible]th August, 1854.

To Professor HOLLOWAY,

Sir,—I desire to add my testimony to the value of your Pills, in cases of dropsy. For nine months I suffered the greatest torture with this distressing complaint; was tapped three times, and finally given up by the doctors: having become in appearance as a skeleton, and with no more strength in me than a child just born. It was then that I thought of trying your Pills, and immediately sent for a quantity and commenced using them. The result I can scarcely credit even now, although true it is. After using them for four weeks, I felt much better, and by perseveringe with them at the expiration of two months, I was completely cured. I have since enjoyed the best of health.

I am, Sir, yours sincerely,

(Signed) ANTHONY SMITH.

ASTONISHING CURE OF GENERAL DEBILITY AND LIVER COMPLAINT!

Copy of a Letter from William Reeves, of Charlotte-Town, Prince Edward's Island, dated 17th Nov. 1854.

To Professor HOLLOWAY,

Sir,—I am happy to say that your Pills have restored me to health after suffering for nine years from the most intense general debility and lassitude, my liver and bowels were also much deranged for the whole of that time. I tried many medicines, but they were of no good to me, until I had recourse to your Pills, by taking which, and following the printed directions for seven weeks, I was cured, after every other means had failed, to the astonishment of my neighbours, acquaintances, and friends. I shall ever feel grateful to you for this astonishing restoration to health, and will recommend your Pills to all sufferers, feeling it my duty to do so.

I remain, Sir, your humble servant,

(Signed) WILLIAM REEVES.
