Bowling — Reducing the Rinks ❖ Racing — Record Time at Empire ❖ Baseball — Torontos Win and Lose

NOTE AND COMMENT

The greatest of all tournaments is bowling along merrily on an acre of almost perfect green sward at Woodbine Park. The main competition has reached the eights and curiously no club remains doubly represented. Toronto clubs have five rinks left, while the other three belong to London, Peterboro and Georgetown. The feature of this tournament has been the rapid disappearance of former crack teams and hand-picked rinks. They will bowl to-day down to the semi-finals, which with the final game will take place to-morrow. The next two competitions for beaten rinks continue apace.

Charley Collins, ex-Mayor of Dundas, is one of the cheerful bowlers at the Dominion tournament. He takes his pastime in the summer on the lawn, just as he does in the winter on the ice, and "Club" prefers always to play third. He is with a rink of good fellows, skipped by H. C. Davis and tho beaten in the trophy they had the pleasure of retiring an ex-champion mark of the Toronto Thistles yesterday afternoon. Mr. Collins was one of the best second basemen ever seen hereabouts and he could hit at a good clip as well. He was the stand-by of the old Hamilton infield when that city had a live team in the old international baseball league, that included Toronto. Once Hamilton started a row of victories, when Collins, with some show of superstition, declared that as long as the winning streak continued he would refuse to shave and before defeat came to the Hamilton team they were the worthy possessors of a much bewhiskered second baseman. Collins played professional baseball just as proficiently as he curls and bowls.

The biggest athletic event of the year in Toronto as far as numerical strength is concerned, takes place to-day at Hanlan's Point, when the annual games of the Toronto Police Amateur Athletic Association take place, and the quality of the games is always up to the best standard. Longboat is in the open five mile race.

A new automobile law has been passed in France by the chamber of deputies of the senate and signed by the president, M. Falieres, with reference to accidents. Every driver of a vehicle of any kind, motor or otherwise, who is aware that he has caused an accident and does not stop, or tries to evade the law, is now punishable with from six days' to two months' imprisonment and a fine from 16 to 500 francs, without prejudice to the penalties for other crimes or misdemeanors connected therewith.

W. R. Alexander, a Marathon runner and former member of the Missouri Athletic Club, is now a citizen of Memphis. Alexander has just returned from London, and has a novel reason why Yankee athletes competing at the recent Olympic games were treated with alleged unfairness. He tells at his home that it was because the great Hackenschmidt returned to London, telling how Frank Gotch resembled a greased pig more than he resembled a real wrestler; now he (Hackenschmidt) had been "treated like a swine" by public, referee and everybody connected with his match with Gotch in Chicago. To get even for the ill-treatment of a professional wrestler the London Olympic committee practised favoritism against the Yankees!

Arthur Burn who finished twenty-fourth in the Marathon race at the Olympic games last month passed thru Ottawa this week en route to the northwest, looking much healthier than when he forsook Ottawa two years ago, the climate around Calgary, where he owns a brick yard, apparently agreeing with him. He still wears his hair very bushy. "I ran a poor race," said Burn in describing the Marathon. "I should have gone over the course before so as to pick out all the short cuts. A person knowing the course could easily have saved a mile. I led for the first mile, then some Englishman passed me. At the second mile Longboat came up to me and we ran side by side for ten miles. The Indian seemed to be going good, altho he looked a little heavy. At twelve miles I decided to let Longboat go on and I picked up the running with Lawson. We went together for three miles, then my head suddenly got dizzy in a most unaccountable way. The result was I had to walk for a mile and a score of runners passed me along the way. After that I felt a little better and finished the race." Burn says the authorities could do nothing else but give the race to Hayes, and there was no kick coming whatever from the other competitors. Burn also saw Carpenter foul Halswelle in the 400 metres and states it was most deliberate.

"Do you think you'll ever be able to meet Longboat?"

"I don't know, but I'm coming down for that Herald race at Hamilton this fall and if he's in it I'll bet he don't won."

Cricket in the Evening.

A friendly game of cricket was commenced last evening at Stanley Barracks between the Canadian Bank of Commerce and the soldiers. When stumps were drawn on account of darkness the score stood: Stanley Barracks 49, Canadian Bank of Commerce 51 for six wickets. For the soldiers, Lieut. Warner played a good, useful innings. Play will be resumed to-day at 5.30 p.m. The barracks would be glad to arrange more of these evening games.

Hold Their Tennis Title.

NEWPORT, R.I., Aug. 18.—H. H. Hackett and F. B. Alexander of New York successfully defended their title to the national tennis championship in doubles on the Casino Courts to-day by defeating B. C. Wright of Boston and R. D. Little of New York three sets to love. The scores were 6—1, 7—5, 6—0.

No Fall Meeting at Quebec.

QUEBEC, Aug. 18.—There will be no fall meeting of Quebec Turf Association. This decision was definitely come to at a general meeting of members of the club, held at the Chateau Frontenac last even-

Eight Rinks Still Remain In the Trophy Competition

London, Georgetown and Peterboro and Five Toronto Teams—Progress in Second and Third Competition.

The second day of the Dominion lawn bowling tournament was favored with splendid weather and the beautiful lawn was alive with players from 9 a.m. until dark. The Walker Trophy reached the 8's. Of these five are Toronto clubs, Canada, Victoria, Balmy Beach, Kew Beach and Alexandra. The visitors left in are Georgetown, Peterboro and London Thistles. Of these it is hard to pick the winner. Georgetown, Alexandria and Peterboro have won all their games by large margins. To forecast the winner would be a lottery. On previous form would prefer the chances of Knox or McKee. The Goldwin Smith Trophy, known as the Ontario Cup, the second competition, was played thru the first, second and third rounds. In the Toronto Cup, the third competition, two and part of the third rounds were played. This morning the fourth round of the Walker Trophy will be played at 9 o'clock, leaving the semi-final and final for to-morrow morning and afternoon. The finish of the third and the fourth in the cup will also be completed this morning. Play will also be continued in three and four rounds of Toronto Cup. The entry in the singles and doubles are the largest in the history of the association, there being 102 in the singles and 76 in the doubles. Play in both of these will begin at 1 o'clock and continue all afternoon. There will be no rink games this afternoon. The play to-day was full of close games, Forbes and Creelman's notably so. It was tie on the last end and only a beautiful draw by Skip Forbes, with his last bowl won for him by one shot. Ecclestone of St. Kitts, after putting out three Canada rinks met defeat from Hurst, Canada rink. This was another tight finish, the Canada men only winning with the last bowl on extra end. To comment on the many close games and beautiful ends would take columns. The following are the results of yesterday's games:
