ANIMAL INSTINCT.—This story comes from Hopewell Cape. A gentleman owning a mare and colt placed them in a pasture surrounded by a fence of the ordinary height. The dam, that is somewhat of a fence-jumper, resolved to seek pastures new, leaped the fence and endeavoured to get the colt to follow, which it could not do. Finding that she could not coax her offspring to follow, she deliberately walked up to the fence, and after a time, succeeded in kicking it down, thus giving the colt its liberty. —Maple Leaf.

DIOCESAN SYNOD.

The 20th Session.

The 20 session of the Diocesan Synod of Fredericton opened yesterday, with a large attendance of clergymen and laymen. After the usual exercises Rev. Canon Medley intimated his wish, owing to ill health to resign the office of secretary. Rev G. S. Newnham acted as secretary at his request, and was appointed, later, secretary of the Synod. A resolution was then adopted expressive of the esteme in which the character and work of Rev. Canon Medley were held by the Synod and their sympathy in the circumstances by which he was compelled to relinquish his official duties.

The appointment of standing committees was proceeded with and resulted in the choice of the following:

The standing committee:

CLERGY.	LAITY.
Rev. Dr. Brigstocke.	S Y John C. Allen,
" Canon DeVeber,	Hon D L Hazington,
" " Neales,	C N Vroom,
" G G Roberts,	W M Jarvis,

The standing committee on Sunday schools:

CLERGY.	LAITY
Rev. O S Newnham.	T B Robinson,
" G G Roberts,	G H Lee,
" Dr Brigstocke,	A P Tippett,
" F Pember.	

The board of Domestic and Foreign Missions:

CLERGY.	LAITY.
Rev Dr Brigstocke,	C N Vroom,
" J H Talbot,	W M Jarvis,
" W O Raymond,	G Herbert Lee.

The treasurer, C. H. Fairweather, submitted his report, showing that the receipts during the year had been $99.70 which, with the balance on hand at the beginning of the year, $141.82, made a total of $241.52. The expenditures amounted to $102.38, which left a balance in his hands of $139.14.

In relation to the report of the Synod of Toronto, on the union of the church in British North America, the coadjutor bishop presented a report, which, after carefully reviewing the premises, concluded as follows:—Inasmuch as the Church of England in Canada is free to act in all matters of self government, and possesses inherent powers of framing rules and regulations for the government of its members, the committee are of opinion that no act of parliament is at all necessary for the formation of a general synod of the whole of the Dominion. This committee would therefore deprecate any application to parliament for an act which can do no good and may do harm by giving rise to a variety of interpretations. In reference to this the committee beg leave to amend the interim report presented to the synod of the diocese of Ontario on the proposed incorporation of the provincial synod.

The report was received and ordered to be printed in the minutes.

The committe appointed to consider the Mission church matter, reported that in view of the registration of a declaration of trust by the trustees of the Mission church at the registry office, they had agreed upon a measure. The report closed as follows:—

Nothing in the act shall be held to authorize the establishment in connection with said trust or with the Church of England, of Sunday or day schools, guilds, sisterhoods, or other organizations of any kind whatever, or the acquisition of any lands or buildings connected therewith in the parish of St. Paul, or elsewhere, without consent of the rector, wardens and vestry of such parish. This shall not be held to prevent the administration of sacraments to sick or dying, or visiting, or other pastoral ministrations outside the limits of the district by the priest or others connected with said church.

The report and bill were adopted.

Following came the report of the board of foreign and domestic missions by Rev. Canon Brigstock, and the report on Sunday schools by Rev. Mr. Talbot, which were adopted. For the committee appointed to recommend the legislature to amend the act relating to births, deaths and marriages, Rev. W. O. Raymond reported adversely; first, because the difficulty with respect to returns to be made by clergymen had been removed by amendments carried at the last session of the legislature, which repealed the sixth section and substituted a new section providing that every clergyman shall make returns of births and marriages not less than seven three months according to forms so far as they are able to fill up the same and, second, with respect to the record or registry to be kept by clergymen there is no necessity for any alteration in the form required by canon 17 of the diocese.

At last evening's meeting the account of the treasurer of the book depository was presented showing a balance of about $1200 in bank. Books for Sunday schools will be circulated free or at a reduced rate.

W. M. Jarvis, T. B. Robinson, Geo. A. Schofield and Revs. Davenport, Campbell and Dr. Kingdon were appointed to report to the general committee next year on the scheme for assessing clergy and the various parishes of the diocese for the purpose of placing the incapacitated clergy fund on a firm basis.

A Captain and a Blacksmith Disfigure Each Other.

Last evening Captain Secord of the schr Oriole, and James Elliott, the Nelson street ship blacksmith had a rough hand to hand fight on Smythe street. It appears that they had some dispute over a bill, that Secord said he had paid, and which Elliott held had not been paid. The captain, it is said, tried to give force to his argument by striking Mr. Elliott but he had not calculated on the muscle that is developed in blacksmith work and before long found that he had struck the wrong man, and this fact was painfully illustrated by his blackened eyes and battered face.

He was not satisfied with enough, however, and early this morning he appeared at the blacksmith shop and called Mr. Elliott out. As the blacksmith appeared the captain drew a large hard wood club which he had concealed in his umbrella and struck Mr. Elliott a heavy blow, which split his forehead.

Mr. Elliott soon recovered himself however and gave the cowardly captain a sound and well deserved beating, which will probably convince him that blacksmiths are not to be bulldozed by captains.

The captain was seen about ten o'clock on the north side of King Square with his head tied up, but still blowing about the way he had used Elliott up. He had apparently been drinking too much which in some measure accounts for his strange and treacherous conduct in carrying round a club and wreaking his vengeance on Mr. Elliott in such a cowardly manner.

SPIRIT OF THE TIMES.

Base Ball.

THE NATIONAL LEAGUE.

There were no National League games scheduled for yesterday.

FIFTH OF THE AMATEUR LEAGUE.

Yesterday the game between the Thistles and La Tours resulted in a victory for the former. A small crowd was in attendance, and costly errors were the order of the day. The score by innings was:

Thistles	0 0 4 1 6 2 1 0 x—14
La Tours	4 2 0 0 0 4 0 0 1—11

Base hits: Thistles 17, LaTours 7.

Errors: Thistles 15, La Tours 14.

Batteries, Thistles, McGlinchey and Mills; La Tours, Clark and Jones.

Umpire P. A. Melville.

THEY ARE A GOOD TEAM.

A Bangor paper says: The Presumpscot Base Ball Club passed through this city this morning on their return home from St. John. They have been playing great ball and have made one of the best records with the Provincial clubs ever made by any Maine club.

THE AUGUSTAS' CHANGE BATTERY.

The Augusta change battery consists of Whelan, who has been pitching on the Burlington, Vt., University nine and Keith of the Maine State College team. In speaking of their practice before a game was played the Journal of Tuesday said: Whelan showed a speedy delivery and handled the ball in fine shape though a little wild at times. Keith made a fine back stop and his playing was well received.

BANGOR'S NEW CLUB.

Manager Chris Toole said to-day that Bangor would have a base ball nine this summer if he had to sink the Merchants Hotel to do it. He is rapidly deciding upon his players and expects to put them on the field for the first game July 17th. The battery of the team will be Wadlin and Wheeler from the New York State League while the change battery will be Kerwin and Russell from Melrose, Mass. In addition to these he will sign Sweeny, left field, Donahue, short stop and Cornell of the Concords. Manager Freeman of the Augustas has written here, suggesting a series of seven games between Augusta and Bangor and this is agreeable to Manager Toole but he will be unable to play the first one as early as the Augustas want it. The first game, he says, must be played in Bangor.—Commercial.

OFF THE FIELD.

To-morrow the Portlands and Franklins play at the Shamrock's grounds.

Soule, of the Gardiners has signed with a Moncton team.

Each club of the National League plays two games today.

The Young Resolutes want to play the Young Actives or Young Portlands.

The Boston Globe says. Bangor has just woke up to the importance of having a good base ball club, and are out in quest of a good battery.

The Gazette Stars challenge the Socials for a game on Waterhouse field, Friday morning at 9:30 o'clock.

The Augustas made their debut for the season at Augusta Tuesday, in a most exciting game with the Lewistons. Score—Augustas, 6, Lewistons, 7. Batteries—Priest and Pushor; Barbour and McManus.

Athletic.

SPRINTING.

Yesterday afternoon, an exciting race took place on the Chapel road, West End, between Messrs Edward Toole and William Boyle. The distance was 100 yards, and Boyle won by three yards.

At the Windsor sports held July 1st. Arthur Brady came in first in the 100 yards amateur with John O'Brien second. The latter won the baseballists' race. John McGuire won the 100 yards professional.

The three winners were from Halifax.

Secretary Bligh, of the Wanderers, Halifax, has received a letter from the Montreal A. A. A., acknowledging his letters and despatch, but making no arrangements for the Tracey-Moffat race. The race, it appears, will fall through.

The question is now being asked whether there will be an athletic meet in Carnival week. If there is to be one it is full time the programme of events appeared.

Cricket.

IRELAND AND AMERICA.

DUBLIN, July 2.—The Philadelphia cricketers met very strong opponents in the Trinity eleven. In the first match Trinity went to the bat, making 289 runs before the last man was out. Philadelphia then went in, and when the stumps were drawn for the day they had made only 43 runs for five wickets, Brown making 11, the highest score for the Americans. The best score for the Trinity eleven was made by Trotter, 85 runs. The best bowling for the Americans was done by Clark, four wickets for 42 runs.

DUBLIN, July 3.—The game between the cricket club of Philadelphia and the Dublin cricket club was continued to day. When the game was called yesterday the Americans had made 43 runs for five wickets. Their first inning closed for 177 runs against 289 made by the Irish team yesterday. The Americans went first to bat for their second inning, and when the game was called the visitors had made 397 runs in the second inning with six wickets down.

Aquatic.

A committee from the Y. M. C. As meet the Beavers this evening to complete arrangements for a match in Carnival week.

REFERS TO ST. JOHN AS WELL.

The following is what the Buffalo, N.Y. Express says about a game of lacrosse that was played there last Saturday between the St. Catherine, Ont, and Buffalo clubs: "The game is decidedly interesting, and after the poor ball playing seen here is quite refreshing. It is to be hoped the next game will see a better attendance."

The Empire says of a recent match between the Torontos and Montrealers: "The spectators were treated to some of the most brilliant and keenest plays ever witnessed on a lacrosse field, the excitement running so high that the shouting could have been heard almost in town."

Received 25 gross corn cob pipes which will be sold at rock bottom prices. LOUIS GREEN, 59 King st.

A Fatal Kick.
