SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS

The sole head of a family, or any male over 18 years old, who was at the commencement of the present war, and has since continued to be a British subject or a subject of an allied or neutral country, may homestead a quarter-section of available Dominion Land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at Dominion Lands Agency or Sub-Agency for District. Entry by proxy may be made on certain conditions. Duties—Six months residence upon and cultivation of land in each of three years.

In certain districts a homesteader may secure an adjoining quarter-section as pre-emption. Price $3.00 per acre. Duties—reside six months in each of three years after earning homestead patent and cultivate 50 acres extra. May obtain pre-emption patent as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent, if he cannot secure a pre-emption, may take a purchased homestead in certain districts. Price $3.00 per acre. Must reside six months in each of three years, cultivate 50 acres and erect a house worth $300.00.

Holders of entries may count time of employment as farm labourers in Canada during 1917, as residence duties under certain conditions.

When Dominion Lands are advertised or posted for entry, returned soldiers who have served overseas and have been honourably discharged, receive one day priority in apply ing for entry at local Agent's Office (but not Sub-Agency). Discharge papers must be presented to Agent.

EARTHQUAKE ON GULF.
By Courier Leased Wire.

Quebec, June 13.—Reports from various points down the Gulf, both on the north and south shores indicate that a severe earthquake shock was felt at those parts in the course of last night. Godbout on the North Shore, reports that at 8.52 last night a long perturbation shook the earth. Father Point reports that a sharp earthquake accompanied with a rumbling sound, was felt at all villages from Cape Magdalen to Father Point at 9.40 Monday night. At Father Point, the noise was plainly heard but the shock was not noticeable, but at all the lower stations the shock was quite heavy, lasting several seconds.

THANKFUL MOTHERS
Mothers who have once used Baby's Own Tablets for their little ones are always strong in their praise of this medicine. Among them is Mrs. Marcelle Boudreau, Mizonette, N.B., who writes: "Baby's Own Tablets are the best medicine I know for little ones. I am very thankful for what they have done for my children." The Tablets regulate the bowels and stomach; cure constipation and indigestion; break up colds and simple fevers; in fact they cure all the minor ills of little ones. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

GASPARD VILLAGE CAPTURED BY HAIG'S MEN IN BIG ADVANCE

Drive On Two Mile Front on Messines Sector; Line Advanced Astride Souchez River, With Capture of Prisoners

London, June 13.—Another advance of the British forces on a front of nearly 2 miles east and northeast of Messines, and the capture of the village of Gaspard, is reported in the British official communication issued last night.

The communication says;

"Our troops gained further ground yesterday east and northeast of Mes-Messines o na front of nearly 2 miles and occupied the hamlet of Gaspard.

"We also advanced our line slightly yesterday morning astride the Souchez River, and captured 17 prisoners and three machine guns.

"The enemy's artillery has shown considerable activity during the day northeast of Gouzeacourt and north of the Scarpe, in the neighborhood of Lens and Ypres.

"Our airplanes were active yesterday. Although weather conditions were not favorable, much useful work was accomplished. One of our machines is missing."

Destroy Foe Trenches

Paris, June 13.—The official statement issued by the war office tonight reads;

"There was moderate activity by both artillieries over the great part of the front. In course of raids on German trenches near the Butte De Mesnil and in the region of Haute Chevauchee, we effected considerable destruction and brought back ten prisoners.

"A German airplane was brought down in Lorraine by our special guns; the two aviators were made prisoners.

"Belgian communication; Last night a partial attack on one of our advanced trenches south of Dixmude was completely repulsed. To-day the usual artillery actions occurred, especially in the sector of Steenstraete and Hetsas. One of our pursuit airplanes brought down a German machine near Beerst."

Say British Repulsed

Berlin, via London, June 13.—British Admiralty, per Wireless Press;

The text of the official statement reads;

"Western front, army group of Crown Prince Rupprecht; In Flanders the artillery activity near Ypres and south of the Douve increased during the evening. During the afternoon British cavalry advanced against our lines east of Messines. Only remnants returned. South of Messines the attacking infantry was repulsed by a counter attack.

"The firing activity was lively in the Artois, especially in the Lens salient south of the Scarpe Valley. Near Fromelles, Neuve Chapelle and Arleux, British reconnoitering detachments were repulsed.

Say French Repulsed

"Army group of the German Crown Prince; The French yesterday made five counter-attacks against the trenches occupied by us west of Cerny on June 30. All failed with heavy losses, either under our fire or in the hand-to-hand fighting.

"Only north of Vailly and on the Winterberg did the artillery duel attain greater intensity, and this was limited in duration. In the Champagne, French reconnoitering thrusts near Tahure and Vauquois failed.

"Army group of Duke Albrecht; There is nothing to report.

Eastern front; On the Dvina, near Smoregon and Baronovitch, and especially near Brzezany and on the Narayuvka, the fighting activity has again become lively."

The official communication issued by the war office this evening says;

"Southwest of Lens, British attacks failed in fighting at close range."

Bying Goes

Ottawa, June 13.—Sir Robert Borden sent the following cable, through Sir George Perley, to General Sir Julian Byng;

"My colleagues and I have learned with regret that you are severing your connection with the Canadian Army Corps. We deeply appreciate your fine services to Canada and the empire while in command of this corps, and send our thanks, together with our best wishes, for every success in your new sphere of activity."

It is believed here that General Byng has been given command of one of the larger British armies on the west front. A higher command was offered him some months ago, but he preferred staying with the Canadians till they accomplished the task of capturing Vimy Ridge.

The successor of Gen. Byng will probably be a Canadian, Gen. Currie or General Turner, more likely the former, as General Turner is required in England.

THE PUPILS OF MISS SQUIRE

Give an Enjoyable Performance at the Opera House

The Presentation Was Above the Usual Amateur Standard

"Miss Fearless and Co," a comedy written by Belle Marshall Locke, was presented at the Opera House last night by the pupils of the dramatic class of Miss Squire.

The production depicts the decision of a bevy of young girls to ignore the "lords of creation" in connection with a holiday trip to "Spook Island," and the usual capitulation, although not a masculine form appears in the action of the production, except a dummy, and he didn't count in the last analysis. It is always held to be a difficult thing in dramatic art for women folk to hold stage interest for any length of time without the contrasting male and his aspirations. That the ten participants of last night's offering should have done so to such an extent constitutes a big tribute not alone to themselves but to their teacher.

The following was the dramatis personae:

Katie O'Connor, Miss Henley's Maid, Mae McGraw; Margaret Henley, (Miss Fearless) an heiress, Minnie Wyatt; Bettie Cameron, Marion Reynolds, Barbara Livingstone, Miss Henley's guests, Edna Stover, Minnie I. Oles, Lillian Ritchie; Euphemia Addison, Miss Henley's chaperone, Lila Mason; Sarah Jane Lovejoy, (from the Lost Nation) Emma Jackson; Miss Alias, Miss Alibi, the Silent Sisters, Supposed to be Jack Eggleton and Jas. Reading, Nellie Cooper, Jessie H. Cousland; "Just Lizzie" (the Ghost) Ella Rand.

Miss Mae McGraw, as an Irish maid gave a genuine and most enjoyable piece of comedy work. Her brogue, easy stage manner and general "business" did not betoken the amateur in any one particular.

Miss Ella Rand as "Just Lizzie" a criminally trained waif, with natural disposition still unwarped, did an excellent bit of work.

Mrs. Mason, as the hysterical chaperone, rendered the tantrum type effectually.

Miss Emma Jackson in the role of Sarah Jane Lovejoy, gave a capital interpretation of the matter of fact personage and her dry remarks were given with full effect.

Miss Minnie Wyatt, assumed the role of Miss Fearless, and heiress, in a most pleasing way and she was ably supported by her guests, Miss Edna Stover, Miss Minnie I. Oles, and Miss Lillian Ritchie.

Miss Nellie Cooper and Miss Jessie H. Cousland, as two silent sisters admirably filled their pantomimic parts. They were supposed to be young men in disguise and kept up the illusion with many manly touches.

Miss Dorothy Keene and Miss Baird presided most acceptably at the piano.

Prior to the raising of the curtain Miss Squires gave an interesting talk on dramatic art and expression.

There was a good and well pleased audience. Altogether Miss Squire and her pupils deserve to be heartily congratulated.

Foresters Honor Roll

At last night's meeting of Court Brantford, 503, I. O. O. F., an honor roll of members in khaki was unveiled. The attendance was particularly large and enthusiastic, one brother present being Albert C. Lark, whose name appears upon the roll, and who has since been invalided home. The penmanship upon the list was the work of Mr. D. G. Husband, and the roll itself was designed by Mr. A. B. Lee.

The names enrolled upon it are as follows;

Brigadier-General E. C. Ashton, M.D.; Tom Ayres, Alfred G. Austin, Frank E. Birkett, Harry Bradfield, John Brown, Chas. H. Bloxham, M. C.; R. F. Carter, Lieut.-Col. M. A. Colquhoun, D.S.O.; xWilliam Curtis, James C. Coles, Kenneth E. Cooke, M.D.; Stephen Cara, William Cooke, William Henry Cook, Edward Clark, Benjamin Dunham, Jos. Earthy, Edward Evans, James E. Goodson, Capt. Gordon Hanna, M. D.; Sydney Howell, Henry Hughes, Alfred J. Knightley, S. A. Linington, Albert C. Lark, Robert Leitch, Geo. E. Mockford, Alfred J. Mott, Samuel Meadowcroft, William Frederick Maycock,, Archibald George Moore, William McDowell, George Newman, John R. Noakes, Rowland Pizzey, Joseph Pizzey, Samson Pizzey, William Powless, A. H. Riley, xThomas David Rose, Fred E. Randall, William H. Rickford, Thomas A. M. Smith, Edward Steele, Henry Steele, Ernest Sage, Thomas Teasdall Stout, Bruce Stipe, Frederick John Smith, xFrank Staats, William L. Uptgrove, Capt. Alfred P. vanSomeren, Andrew Wilson, James F. Wallace, Alfred A. Wakeling, C.M. Sergt.; Sgt. Robt. F. Wakeling, Arthur F. Webster.

NORSE SHIP SUNK.
By Courier Leased Wire.

Christiania, via London, June 12.—The Norwegian bark Deveron, 1,622 tons has been sunk. Four men were lost, including one Canadian and twelve men have been landed at Lerwick. The captain and another man were wounded.

The Dagbladet reports that the Artic cutter Sverre II, has been sunk. The crew was saved.

NEWS OF NORFOLK

The Potato Story Circulated Through Simcoe is Denied

SCHOOL PRODUCTION

Agricultural Training to be Maintained in Schools of the County

OTHER SIMCOE NEWS

No Cases Up For County Court or General Sessions

Simcoe, June 13.—(From our own correspondent)—A statement going about town to the effect that the purchaser of a bag of potatoes, bought from the car shipped to Simcoe recently and consigned to Mr. E. F. Neff, Dept. Representative here for distribution for seed, contained a note purporting to have been written by the grower and stating the price realized, ($1.15) with a request that the purchaser kindly write him stating the price paid, turns out ot be a hoax. We heard the story told as an absolute fact on Monday morning, and last evening called Mr. Neff over the 'phone. We learn that the potatoes received at Simcoe were shipped in bulk from the Robert Hay Co. of Toronto, on the order of the department and that they were bagged at Simcoe as delivered. Of course some one may have slipped a note into one of the bags, but any insinuation that the government or Mr. Neff made money on the deal does not appear to be founded on facts.

Schools out for Production.

Norfolk schools will this year maintain their high record for agricultural training. Both Mr. Neff and Inspector Cook are pleased to report increased activity. All the sowing is now done and most of the plots are showing good growth. Field and sweet corn, turnips, mangolds, potatoes, garden peas, parsnips, beets, onions and carrots are the crops under cultivation. Two hundred and fifty settings of eggs have been distributed to about sixty schools.

Too Busy for Legal Warfare.

The semi-annual sitting of the county court and the court of general sessions of the Peace, opened here yesterday afternoon at two o'clock, and closed instanter. Not because there were no cases, however. Acting on a letter from the Attorney-General's department, requesting, that, in view of the urgent need of a maximum effort on the farm, it was desirable that, wherever possible the calling of jurors to court while the work stood, should be avoided. His Honor Judge Holes assisted by the Bar, local and outside, was successful in having two civil cases settled out of court and one or two criminal cases traversed by consent to the December sitting. The slate clear, the sixty-one grand and petty jurors already summoned, were notified not to attend. Possibly fifty of them were by occupation farmers and thus much valuable time has been saved. Incidentally too, the county is in a few hundred dollars.

Leliar vs. T. H. & B.

This was an action, set over from the last sitting and entered for the recovery of $450 damages for horses killed by a T. H. & B. train near Vanessa. Settled out of court, the defendants paying $425 and costs. W. E. Kelly, K.C., of Simcoe, for plaintiff's; Kahill, of Hamilton for defence.

Rex vs. Overholt.

A charge of forgery, traversed by consent. The other cases were from outside.

More Fire Claims Adjusted

The claims of Charles Culver and Graham Misner of Windham, against the G. T. R., for damages to standing timber from fire originating from the company's locomotives about a week after the fire which ran through N. S. Boughner's farm, were settled yesterday. The claims agent of the company called on H. P. Innes, K.C., acting on behalf of the claimants, and both claims were amicably settled without recourse to the courts.

Mrs. Oliver Robinson and Mrs. Frank Jackson have returned from a weeks' visit with relatives and friends in Woodstock.

Mr. Israel Miller of Toronto, was here yesterday, attending the funeral of his brother, Wm. H. Miller.

Mrs. Oscar Clark is on a week's visit to Norwich.

Mr. T. J. Smith, general manager of the Simcoe Litho plant, weary of inaction, has accepted a similar position with the Harris Litho Co. of Toronto, and assumes his new duties on July 1st. Mr. Smith will be missed in the social life of a wide circle and in all the athletics of which Simcoe can boast. In his departure, Simcoe loses a valued citizen.

Mrs. John Pratt is quite ill at her home in the Bank of Commerce building. Mr. Pratt is overseas in service.

Overseas Notes

Mrs. Foot received indirect news from England to the effect that her son, Pte. Eric Bowlby, has been wounded in the foot.

Pte. Ashley Hudson of the former 133rd, is now with the 125th in England. He was through the colors ceremonial and has just headed a class of 25 in a musketry course and will return to signalling. He was well up in H. S. Cadet work before enlisting.

Odds and Ends of News

Corn planting has been the order since the beginning of the week. Everywhere farmers are planting or have just finished.

It is expected that the Dehydrating plant will handle 250 car loads of roots here during the coming season of oneration. Contracts for turnip growing are being made.

Occasional car loads of milch cows are still being shipped from the county.

Dr. Eaid has been about endeavoring to obtain a car load of good horses.

The salt house tributary to the pickle tanks, was moved up Talbot street and across Robinson to the L. E. & N. depot, yesterday, by Tom Crooks' tractor.

EXPORT PULPWOOD.
By Courier Leased Wire.

St. Johns Nfld., June 13.—The Newfoundland Legislature, now in session, is expected to enact a law permitting export to the United States of a considerable quantity of pulpwood cut in this colony since the outbreak of the war. The wood was intended for shipment to England and France, but because of the shortage of ships its transfer to those countries has become impossible.

SUSPECT ARRESTED.
By Courier Leased Wire.

Flemington, N. J., June 12.—Caro Mayworen, a farmer hand suspected of having murdered Mr. and Mrs. William Queen, and their daughter, and then setting fire to their home at Mount Pleasant last Thursday night, was brought to the jail here early today near Millford, where he was captured late last night. Mayworen was captured after a hard fight by two fishermen. When notified of the capture, a posse of citizens, who had been searching for him since Friday, attempted to take him from soldiers and sheriffs' deputies, and Mayworen struck one man with an axe, and was himself shot in the back, by a member of the posse. His wound is not serious. Threats made against Mayworen caused guards to be placed around the jail to-day. Mayworen was employed by Queen as a farm hand. He disappeared after the murders and fire. He is about 35 years of age.

HELP NEEDED.
By Courier Leased Wire.

Hamilton, June 13.—Canning factories in the district are clamoring for help and it is feared that unless the response is immediate, there will be a big wastage of food. One factory here, which has fourteen cars of berries on the tracks has been advertising for 350 women and girls, but only a few have answered the call. The factories claim they are confronted with the worst shortage of help they have ever experienced.
