LONDON AND DISTRICT

The wedding of Miss Jennie Beswarick, of East London, and Mr. Edward G. Brown, on Saturday last is announced. Rev. S. B. Culp performed the ceremony at the home of the bride.

—A unanimous call has been extended by the McPhail Memorial Church, of Ottawa, to the Rev. B. W. Merrill, of Guelph. The pulpit of the McPhail Church has been vacant since May, when the Rev. Ira Smith, formerly of London, resigned.

—Mr. Sydney Glass, of Toronto, is an applicant for the position of tenor soloist in the Dundas Street Methodist Church choir. Mr. Glass took part in Sunday's musical service, singing in the morning, "There Is a Land," and in the evening, "The Great Heavenly Choir." He possesses a voice of good quality.

—At the request of several Londoners, Mr. John Pringle, president of St Andrew's Society, is endeavoring to arrange to have the Coldstream Guards, who give a concert in the Princess Rink on the 16th inst., play "The Peer Ghynte Suite" (Greig), in addition to the Tannhauser and William Tell overtures.

—The funeral of the late Mr. Gilbert Lamb, of Hill street, was held yesterday afternoon to Woodland Cemetery, Rev. R. D. Hamilton, of the Wellington Street North Church, conducting the services. The pallbearers were F. J. Delaney, J. T. Forester, J. H. Sanders, J. Roughley, J. Woods and H. Woodman. The funeral was largely attended.

PROPERTY SALE.

Mr. William McFadden, of King street, has bought the frame cottage, No. 1098 Laura street, East London, from Mr. J. H. McMechan, the price being $1,000.

BEING DISMANTLED.

The old Arscott rendering works on Adelaide street south are being dismantled, in accordance with the directions of the board of health. The works are situated opposite the new McClary plant, and were the cause of complaints which led the board of health to act.

IN ANNUAL SESSION.

The annual meeting of the Huron College Alumni opened yesterday in the college. After the president's address, a number of papers were read and various subjects discussed. In the evening the annual supper and reunion took place, after which a business meeting was held.

WANT REV. MR. IRWIN.

The Bishop of Huron has been asked by the congregation of Waterloo to appoint Rev. S. P. Irwin, of Dutton, to the charge of their parish. Rev. Mr. Irwin, who is a graduate of Huron College, has been stationed at Dutton for several years, and has done much towards building up the church there.

PLEADED NOT GUILTY.

W. A. McDougall, a member of the firm of Robert Scates & Co., of this city, and who was arrested there on Sunday on a charge of false pretenses, appeared in the Montreal police court yesterday. He pleaded not guilty to the charge and was remanded for a few days for a preliminary hearing. The charge was preferred at the instance of the Parisian Waist & Skirt Company, of Montreal, and the amount involved is $555. McDougall resided on King street, near Rectory, until the firm assigned.

LONDON BOY HURT.

Toronto Globe: While the races at the Labor Day sports were in progress, a young lad who had climbed into a tree in order to better watch what was going on, fell to the ground and broke his wrist. A little girl also fell in a race and had her shoulder hurt. These accidents were unavoidable in the great crowd. The lad who fell from the tree was David Cox, whose home is in London. His right arm was broken. He was taken to the Emergency Hospital, where it was found he had also sustained some slight bruises about the body.

W. M. S. ELECTS OFFICERS.

The Wellington Street auxiliary of the W. M. S. held its annual meeting Friday. The society had a very prosperous year, an increase in the receipts being shown, to which will be added the $500 left by the late Mrs. Hallowell. The following officers were elected: President, Mrs. (Rev.) Hamilton; first vice-president, Mrs. Earl; second vice-president, Mrs. Hurkett; treasurer, Mrs. Weir; recording secretary, Mrs. Noble; corresponding secretary, Mrs. A. Jones; superintendent systematic giving, Mrs. Woollatt; superintendent mission band, Mrs. Steele; delegates to convention, Mrs. Mortimore and Mrs. Long.

G. T. R. PASSENGER TRAFFIC.

Passenger traffic on the Grand Trunk Railway has during the months of June, July and August eclipsed all previous records. The company estimates that for three months there has been a monthly average of 110,000 to 120,000 passengers arrived on special trains. The largest proportion of this number was carried on the Midland and Southern division in Ontario. During the month of July there were 612 special trains on the various divisions of the system, and they carried 190,890 passengers outside of traffic handled by regular trains. Of this number the lines between Toronto and Detroit River carried more than 90,000. Special traffic required 3,756 passenger coaches and 590 baggage cars.

EXPECTED THIS WEEK.

Rev. Dyson Hague, the new pastor of the Memorial Church, bade farewell to his congregation in Montreal Sunday last and is expected in the city this week to take charge of his new work on Sunday. In the course of his sermon the reverend gentleman said that what the Church of England needed today was a warm-heartedness that would extend a hand of friendship to every man or woman who entered a church door; that would build up sociability among the church members, and thus prevent the church, which had been a factor for good for so many years, from dying on account of sterility.

COULD NOT PROVE CHARGE.

Denis Price, the accuser of Frank and Stephen Fisher, two braves from Muncey, together with several witnesses whom he called, failed to prove the charge of assault and robbery against the Indians when the case was heard before Judge Edward Elliot yesterday. The case lasted almost all day. Mr. James Magee, crown attorney, prosecuted, while Mr. Ed. Meredith, K.C., appeared in behalf of the accused. The complainant was called and in the most disconnected manner told his story. It was impossible at times to tell what the old man was attempting to relate, and he did not appear to be able to answer a queston directly. At one stage Judge Elliot was compelled to tell him that he would put him in jail if he could not control himself better. The defendants proved an alibi.

A NEW STUDIO.

Miss Mydra I. Lent, reader and teacher, has just opened a handsome new studio, the London Studio of Elocution, Vocal and Physical Culture, at No. 288 Princess avenue. Miss Lent is a graduate and gold medalist of the Brantford Ladies' College, 1899. She subsequently took an extended course of study at the New York School of Expression, one of the most famous institutions of that character in America, from which she was graduated in 1903. While at the Brantford Ladies' College, Miss Lent was awarded a special prize for elocution and the first prize for physical culture. She possesses also a very fine soprano voice. Miss Lent had exceptional opportunities both as a student and a teacher and the studio which she has opened in London will undoubtedly prove successful. Apart from it Miss Lent is prepared to accept concert engagements, the flattering press notices which she has received in other cities being sufficient warranty of the excellent qualities of her work.

THE VACANT RECTORSHIP.

Bishop Baldwin yesterday met the committee of the St. Paul's Cathedral vestry which was appointed to lay before his lordship the action of the congregation in regard to the vacant rectorship. Canon Dann was the unanimous choice. Mr. Richard Bayly, K.C., spoke strongly in favor of the selection. The congregation had known Canon Dann for eight years, and all esteemed and loved him. His lordship promised to give his answer in writing some day this week. The committee was composed of the following gentlemen: Messrs. R. Bayly, K.C., George Harris, John Labatt, Dr. Moorhouse, W. J. Reid and James Mattinson.

WELLINGTON STREET CHOIR.

The choir of the Wellington Street Methodist Church gave a very enjoyable concert last night, and one that was well attended. Mrs. J. E. Warner, contralto soloist of St. Paul's Church and the Reformed Synagogue, Montreal, assisted the choir, and the following also took part in the evening's programme: Mr. E. Crawford, baritone; Mr. C. Russell, tenor; Miss Mildred Godwin, of Exeter, elocutionist; Miss Lang, soprano; Miss Daisy Herrick, organist, and Miss Elva McBroom, violinist. The following programme was gone through, and much appreciated, recalls being frequent: Trio (Mercadante), Miss Lang, Mr. Russell, Mr. Crawford; recitation, Miss Godwin; andante (Tours), Miss Herrick; "O That We Two Were Maying" (Nevin), and "When the Birds Go North" (Wilcby), Mrs. Warner; "Come Ye Thankful People" (Reed), choir; recitation, Miss Godwin; "How Long, O Lord" (Meitzke), Mr. Charles Russell; "Mazurka de Concert" (Musin), Miss McBroome; "Angel Land" (Pinsuti), Miss Lang; "Judge Me, O God" (Buck), Mr. Crawford; recitation, Miss Godwin; "Lost Chord" (Sullivan), Mrs. Warner; "Tarry With Me" (Pinsuti), choir.

THE CONFERENCE CLOSED

Last of Meetings of Baptist Pastors and Deacons.

The convention of Baptist pastors and deacons was concluded in the Adelaide Street Church last night. Several fine papers were read in the afternoon and a good sermon was preached by Rev. W. J. Clark in the evening.

The opening address at the afternoon session was given by Rev. E. J. Stobo, of Port Burwell. After this a paper on "Christian Doctrine" was read by Rev. D. Bovington, of St. Thomas. He asked the question, "Is there a difference between the doctrine presented by Christ and that presented by the apostles." The gist of his discussion of this question was that it could be answered both "yes" and "no."

Another reading was given by Rev. H. C. Spelier, of Sarnia, that was very instructive. He spoke on adjustment in the work of teaching the gospel.

At the evening session Rev. W. J. Clark was introduced by Rev. T. S. Johnston, of the Talbot street church, as an able speaker. Mr. Clark's text was taken from the first chapter of Colossians. The question of how Christ was to be preached was the central thought of his remarks.

The meetings, which have been thoroughly successful, concluded with this address.

AMATEURS IN IT

Local Horticulturists Will Make an Exhibit at the Western Fair.

The London Horticultural Society will make a combined exhibit at the Western Fair next week. This was decided upon at a meeting of the board of directors the other evening, and a committee—Mrs. R. W. Rennie, Messrs. John Payne, C. J. Fox, Dr. Bethune and C. Gilbert—appointed to arrange and display in the most attractive manner the flowers and plants sent in.

Mr. William Gammage, with his usual generous desire to assist the amateurs in all ways possible, has arranged that all contributions to the Horticultural Society showing left at his Dundas street store before 10 o'clock Monday and Tuesday mornings next will be sent up to the fair grounds and properly and promptly looked after.

The members of the society are most enthusiastic in their desire to make a good display, and no doubt there are many amateurs who will add generously to the exhibits. That this enterprise will make a very attractive feature for the fair is assured by the great interest that is now taken in flower culture throughout city and country.

PREPARATIONS BEING MADE FOR OPENING OF THE FAIR

Superintendent Brown and Staff of Men at Work in Buildings and About the Grounds.

By 6 o'clock tonight everything will be in readiness to receive the exhibits for the Western Fair. Yesterday afternoon a representative of The Advertiser made an inspection of the grounds and buildings, accompanied by Supt. Brown, who has been busily engaged getting everything in a fine state of preparation. There were a few things which had not been completed, but by tonight, as mentioned above, nothing will be lacking.

In the main building it was noticed that as far as the fair authorities were concerned there was nothing to be done. Chairman Reid was on hand throughout yesterday afternoon, and was pleased with the way the exhibitors were starting to come forward and prepare their respective allotments. Considerable painting is being done, for the exhibitors want everything to look fine. They all expect a big attendance this year, and to make the best of the fair they all promise attractive exhibits. The music houses already have their spaces arranged, and a few furniture showrooms and other displays were being prepared for.

The cattle building has just been completed; that is, the work of preparing for the stock has been just finished. Everything in the long building looks neat and clean, and with the excellent ventilation with which this building is provided it ought to be an attractive spot during the next two weeks. The stalls have all been provided with bedding, and the long lanes between have been neatly fixed; in this condition they will be able to be kept when the stock is there. An improvement here is the erection in the building of a number of rooms for the herdsmen, a like arrangement having been made in the swine building. Altogether, there is accommodation, if ever needed, for the lodging of a thousand herdsmen, which will be a decided advantage to those who have to attend to the stock. The rooms are 8x10 and 10x12.

The swine building is also in excellent shape, and needs nothing further in the way of preparation. At the horse building a number of men are energetically at work putting on the finishing touches preparatory to the arrival of the stock. The building, which is one of the greatest of its kind and is really a wonder, is in excellent shape after all the work that has been put upon it.

Another building where men are engaged is the agricultural hall. A little carpentering was being done yesterday, but that will be all over by tonight, while the whole interior will have been thoroughly cleaned. At the south end, known as the dairy building, visitors to the fair will notice an improvement. The space for the butter-making contests has been enlarged, and every facility is now given for this part of the dairy display. Mr. Brown has also thoughtfully had in a corner of this building a small room just suited for the ladies who will be making butter, where they can change their clothes before and after making the butter.

Monday saw the completion of the arrangements for receiving the carriages. This building is a large one, as all know who have been there before, but machinery has been stored there, and it was necessary to move this out. By Monday night the men in charge of this branch had the place clear, and when visited yesterday it was in clean condition. One of the exhibitors was beginning to move in his carriages.

The carriage man was not the only one who had arrived on this part of the scene. In the nearby implement hall there was a busy scene. Already there were a number of articles to be shown that had arrived, and arrangements were being made for the best exhibition of these. It is one of the features of the Western Fair which places it above many others, from the exhibitor's standpoint, that all along the outside of the implement hall and machinery hall is a platform and railway siding. The exhibitors are therefore enabled to transfer their goods right from the cars to the hall. As the platform is long, and there are a number of doors, many cars can be unloaded at once. This platform, of course, extends farther than the building, and allows for the loading and unloading of stock, as well as the bringing in to the grounds of the large traction engines. The implement hall is entirely taken up, and in the machinery department a number of exhibitors have already made their appearance to get ready.

It is not only in the buildings that evidences of work are to be seen, but all about the grounds men are seen improving the place. The recent rains have made the grounds look fine, and the men are cleaning up. This was so especially in front of the grand stands, which are themselves undergoing the rub of the broom. Standing on the grand stand, one sees what an amount of work has been put on even the fences. As far as can be seen are the marks of the whitewash brush, and yesterday the last coats were being put on. A fact worth mentioning in regard to the grand stand is that during the past summer new foundations of brick and cement have been put under them.

Supt. Brown, who has charge of the outside work almost entirely, is in readiness, too, for the sideshows, the dining hall men and other privileges. The dining halls this year will be such that they will provide ample accommodation, and the holders of these licenses are putting things in order. He and his men have not believed in putting off until the last moment what was necessary to be done. As a result, exhibitors will find that everything is ready for them, and by their being able to get in their goods in good time the visitors to the fair will also benefit by the extra exertions that have been put forward by all concerned.

REV. MR. KAY RESIGNS

Dorchester and Crumlin Presbyterians to Lose Their Pastor.

Ill-Health the Cause of Step—Standing Committees Appointed for Year.

The Presbytery concluded its September session late yesterday afternoon. The committee, which was appointed in the morning to look into the matter of the liability of the congregation at Wardsville for a share in the maintenance of the manse at Newbury, reported, recommending that the matters stand as at present in regard to ordinary expenses, but that in case of repairs to the manse they thought the congregation should bear a portion of the expense.

The resignation of Rev. Mr. Kay, of Dorchester and Crumlin, was received by the Presbytery, ill-health being given as the excuse for the step. The congregation will be notified and the matter dealt with at a future meeting, a special one being probably called to consider the resignation.

Rev. Dr. McCrae and Rev. W. J. Clark were appointed as representatives to the celebration of St. Andrew's Church jubilee.

The augmentation committee report recommended payment of claims as follows: Appin and North Ekfrid, $57 50; Hyde Park and Komoka, $65; Port Stanley, $100; Tempo and Delaware, $75.

Standing committees for the year were appointed as follows: Church Life and Work—S. Lawrence (convener), John Lindsay, W. M. Kay, T. A. Watson, R. W. Leitch, H. McKay, ministers; J. Hopkirk, O. Ramsay, A. Grant, R. Webster, elders. Augmentation—J. Currie (convener), Dr. Johnston, W. J. Clark, J. G. Stuart, Dr. McCrae, ministers; A. P. Campbell, A. J. Campbell, H. BEATS ALL RECORDS

Does the Attendance at the Dominion Exhibition.

Toronto, Sept. 8.—Up to date the attendance at the Dominion Exhibition has easily been the largest on record. During the first week the receipts were $17,000 ahead of any first week of any previous year, and the attendance on Monday of this week was between 85,000 and 90,000, being some 5,000 more than on any day of any other year. The Exhibition will be kept open and in full swing until midnight on Saturday, Sept. 12, the whole performance being given in front of the grand stand every night, and the Jubilee Presents being on view until the last moment. It is estimated that in the days yet to come the attendance will easily exceed the aggregate at present reached, in other words it is stimated that when the Exhibition closes its doors, there will have been between 600,000 and 700,000 visitors. The railway and steamboat companies all report phenomenal traveling, in fact twice as great as in any other year.

STEAMERS ARRIVED.

Sept. 8.—At Montreal—Mount Temple, from Liverpool.

At Liverpool—Lake Erie, from Montreal; Devonian, from Boston; Tritonia, from Montreal.

At New York—Grosser Kurfurst, from Bremen; Neapolitan Prince, from Naples; Mesaba, from London; Deutschland, from Hamburg; Georgic, from Liverpool.

At Philadelphia—Siberian, from Glasgow.

ARE YOU ONE OF THE WEAK ONES?

Subject to Sinking Spells and Feelings of Languor, Depression and Weakness—You Can Be Helped by

Dr. Chase's Nerve Food

Very many people feel much as you do. They do not like to confess that they are sick, but they are weak and languid, feel drowsy and depressed after meals, are easily tired and discouraged, suffer from indigestion, sleeplessness, irritability and general bodily weakness. At times, it may be, some of the old-time vigor returns, but you no more than get your hopes aroused when the sinking spells come on again and you are as helpless and disheartened as ever.

Such symptoms point to lack of nourishment in the blood and an exhausted nervous system. You can get well if you will but restore the system by using Dr. Chase's Nerve Food. This great food cure forms new blood and instils new force and energy into the wasted and depleted nerve cells. It makes you well in nature's way by supplying to the blood and nerves the very elements in which they are lacking.

These symptoms of which you complain are but a warning of approaching nervous prostration, paralysis, locomotor ataxia or even insanity. The time to act is before these dreadful diseases of the nerves have fastened themselves upon you. They are much easier to prevent than to cure, as many know, on account of long years of helplessness and suffering.

Dr. Chase's Nerve Food will give you new hope and courage. Not only will you be able to feel the benefit you are deriving from it, but by noting your increase in weight you can prove conclusively that new, firm flesh and tissue is being added to your body.

The success of Dr. Chase's Nerve Food in curing all ailments arising from weakness of the blood and an exhausted condition of the nerves has been phenomenal. 50 cents a box, 6 boxes for $2 50, at all dealers or Edmanson, Bates & Co., Toronto. To protect you against imitations the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box. 7

Settlers' Low Rates West

Correspondingly low rates from all points in Canada. Full particulars from nearest ticket agent or B. H. Bennett, general agent, 2 East King street, Toronto, Ont. 96bbx

Are Alone Worthy of Trip to Toronto.

The presents received by the late Queen Victoria on her diamond jubilee are on exhibition at the Toronto Fair, and it is said by many that they are alone worthy of a trip to Toronto. They include presents from every country in the world and are typical in richness, beauty and art of many people.

In addition to the jubilee presents, those received by the Marquis and Marchioness of Dufferin and Ava during their residence in Canada and India are also on exhibition, and comprise many valuable and historical gifts from Canadian bodies and from the Princes of India.

When you visit the Exhibition do not fail to see the Grand Trunk Railway exhibit of enlarged photographs and mounted fish, in the Transportation Building (second floor, west end). Call on Grand Trunk agents for tickets and all information. 96u
