**OAK HALL CLOTHIERS**

115 to 121 King St. E. and 116 Yonge St., Toronto.

# HAMILTON NEWS

## GAS OR ELECTRIC, WHICH?

### Illumination of the Civic Buildings is Now the Subject For the City Fathers.

### TENDERS HAVE BEEN HANDED IN

**Markets Committee Had Considerable Business on Hand—Christian Endeavor Rally—General News.**

Hamilton, Ont., May 21.—(Special.)—Whether or not the civic buildings shall be illuminated by electricity or gas, depends on the cost. The City Hall and other places under civic control have electric lighting, but friends of the Gas Light Company have been working to get its prices considered. Some time ago it was decided to ask for tenders, and to-night they will be placed before the Markets Committee. For such a good customer as the city, the Cataract Power Company had no very special rates to offer. Its communication referred the city fathers to its published meter and flat rates and discounts, which was the best it could do. The Gas Company, on the contrary, was willing to illuminate for the city at the following yearly flat rates, on a contract for two or more years: City Hall, $235; clocks, $100; Market Hall, $165; Jail, $185; King William-street Police Station, $235; Napier-street Police Station, $50; James-street Police Station, $35.

With these figures before them, the members of the committee found that they had no electric cost figures with which to compare them, and the matter was referred to a sub-committee, to report on at the next meeting.

**Cigar Stores and Eating Houses.**

In view of the troubles that have arisen at times over cigar stores and eating houses, Chief of Police Smith asked the committee to pass a bylaw regulating them. The committee was willing, and the drafting of the bylaw was left to the Chief and the City Solicitor.

**Keep the Elevator Going.**

Ald. Neligan drew attention to the fact that the elevator in the City Hall was not running between 1 and 2 o'clock each day, a most unbusinesslike state of affairs for a live city, and he asked that the elevator be kept running from 8 to 5 daily. He suggested that the caretaker operate it during the regular man's dinner hour, from 1 to 2 o'clock. The chairman was instructed to make that arrangement.

**$75 for a Door.**

It was reported to the committee that $75 would have to be expended to make a door into the police offices from the front of the City Hall. When the committee has $75 to spare the work will be done.

**Tenants Must Pay or Get Out.**

The delinquent tenants of city property on Mary-street will be asked to get out at once.

W. Brady, one of the scalesmen, was given two months' leave of absence, on account of illness.

**Christian Endeavor Rally.**

The quarterly rally of the city Christian Endeavor societies was held this evening in James-street Baptist Church. The attendance was large. Rev. Dr. Fraser was the chairman. Appropriate addresses on C. E. work were delivered by Revs. Neil McPherson, Dr. Fletcher, George Extence and J. L. Gilmour. The banner presented to the society having the largest representation at the meeting was won by the Wentworth Baptist Society, 96 per cent. of whose members were in attendance. During the evening the choir of the church sang. Miss Clara Carey sang a solo, and Mrs. Campbell, George Clark and R. Stevenson sang a trio.

**Grice's Trial.**

The trial of Frank Grice, charged with aggravated assault on Dugal Isaacs, will take place on Wednesday. Grice says Isaacs brought the trouble on himself. Isaacs is still in the hospital.

**Patrick McMahon's Funeral.**

The funeral of Patrick McMahon, who fell from his chair at the breakfast table and died instantly at 290 West King-street, will take place to-morrow morning to St. Mary's Cathedral. Deceased was 64 years of age, and had lived in Hamilton a great many years. He was on the old Great Western Railway back in the sixties. He was unmarried.

**No Quorum.**

The meeting of the Hamilton Amateur Athletic Association called for to-night was postponed on account of poor attendance.

**Caffery Should Be Sent.**

There is some talk of taking up a public subscription to send John Caffery, winner of the Marathon race in Boston, to Paris, France, to compete in the foot races which are open to the world. Caffery made a world's record at Boston.

**Police Points.**

Alexander Mitchell, a druggist, who keeps two stores in different parts of the city was fined $10 and costs for having a clerk in charge of one of them who is not qualified according to the Pharmacy Act. Inspector Brown, Toronto, was the complainant.

Adder Burke, John-street, a youth who associates with thieves in preference to working, was committed for three months this morning.

P. C. Sayers surprised two suspicious characters in an alley in the rear of Pass' jewelery store this morning at 2. They drew a revolver on him and escaped. The officer was not armed.

Frank Holman, Vine-street, had his head cut open by a man this morning. His assailant escaped.

**Letters From Gunner O'Reilly.**

Almost simultaneously with the receipt of a cablegram announcing the death of his son, Gunner E. P. O'Reilly, in South Africa, Major O'Reilly received four letters from the deceased. The letters were all written at De Aar, the last one being dated April 15, Easter Sunday. In it young O'Reilly stated that he was in good health, and that he and his companions in the Quebec battery looked for an early finish of the war, and were already anticipating the enjoyment of a homeward trip via England.

**Claimants Must Pay Cost.**

This morning Ald. Hobson received a letter from M. S. Bright, receiver in the estate of James Stinson, Chicago, owner of the defunct Stinson's bank. Regarding the filing of claims he says: "The claimants must properly verify their claims and file them. The expense of making this verification and of mailing to the master in Chicago, must necessarily be borne by the claimant. As to the fees of the master in passing on the claims generally, this is borne by the whole estate; but should a claim be contested, an additional cost may be put on the claim by trial. I understand the cost of that particular matter would be against the losing party."

**Minor Matters.**

Before Judge Snider this morning P. D. Crerar secured an order dismissing the High Court action of Hainer v. H., G. & B. Ry., for want of prosecution.

Miss Martha Mackenzie, daughter of License Inspector John L. Mackenzie, was married in Bedford, Eng., to Mr. James H. William, a civil engineer of Delhi, India.

Harry McIntyre, the genial chief clerk in the new Royal Hotel, will leave next week for Penetang to take the management of the Penetanguishene Hotel. Mac is popular with the traveling public and his friends will be glad to hear of his success.

Cigars—Oscar Amanda, Manuel Garcia; reduced to five cents, Alive Bollard, 4 King-street, Hamilton.

The contract for the work at the beach piers has been let to a St. Catharines man, it is said.

The 19th Regiment Band of St. Catharines and the 13th Band will give a combined band concert in the Drill Hall on the evening of Queen's birthday. George Allan, vocalist, will assist.

The Roger Coal Company has bought out A. D. Garrett & Co. Mr. Garrett is going to Vancouver.

**We've Got to Move.**

The Bank requires the rooms we now occupy in which to grow.

We have long felt the need of more room, also, in which to grow.

Got it now.

Roomy, modern offices at the southeast corner of Yonge and Adelaide, now being fitted up on a liberal plan of elegance to make them by far the finest and best equipped dental offices in Canada.

We occupy the new location on or about the 15th of June.

The same policy that has made us successful in our present office will follow us always—wherever we go.

The best dental work—and no other.

The lowest prices—and only one for any patient.

## FIELDING WILL EXTEND OPERATION OF BANKS

Continued from Page 1.

the paid-up capital, and the only guard was the return made to the Government. Something more was needed. Hence the new bill proposed to have the circulation controlled by rules and bylaws made by the Canadian Bankers' Association.

**Powers of Bankers' Association.**

Clause 30 of the bill states that the Bankers' Association may make bylaws (a) concerning the curator, (b) the making of bank notes, (c) the disposition thereof, (d) their destruction, (e) the imposition of penalties for the breach of non-observance of any bylaw, rule or regulation so made.

Such bylaws must be approved by two-thirds in number of the banks represented at a meeting, the banks so approving having at least two-thirds in par value of the paid-up capital of the banks so represented.

**Government Has Control.**

No such bylaw shall be of any force until approved by the Treasury Board of the Governor-in-Council.

**Banks May Sell Out.**

Another clause provides for the purchase of the assets of a bank going out of business. A bank may, by a vote of two-thirds in value of all the shareholders, sell its assets to another bank. But if the purchasing bank needs to enlarge its capital in order to purchase the assets, then its shareholders must also, by vote, consent to the purchase. This would protect note-holders. The agreement would have to be approved by Governor-in-Council.

Mr. Fielding said he desired to send his bill to the Committee on Banking and Commerce, in order to get a full discussion.

The bill was read a first time.

**Supervision of Depositors.**

Mr. Foster asked if Mr. Fielding had made any attempt to increase the Government supervision of depositors in banks.

Mr. Fielding replied that no provisions had been made, but he hoped that the powers given by the present bill to the Bankers' Association would operate for the benefit of depositors and shareholders alike.

**Billy McInnes' Resignation.**

Speaker Bain informed the House that he had received the resignation of W. McInnes, M.P., and had directed the Clerk of the Crown in Chancery to issue a writ for a new election.

**Election Debate Again.**

Then for an hour the aftermath of the Brockville and West Huron election debate came up in the shape of a criticism of M. K. Cowan's speech on the subject.

Mr. Borden (Halifax) refuted the charges made against W. D. Macpherson of Toronto by Farr in his statement. In the refutation Mr. Borden read the affidavits of James Nelson and Thomas Marshall, denying the words imputed to them by Farr. It was a simple matter. Mr. Borden merely desired to put Mr. Macpherson right before the House and the country, but Sir Wilfrid, backed by Messrs. Blair and Davies and Speaker Bain, did all he could to thwart the effort. Finally, after much quoting of Bourinot and others, Mr. Borden said what he desired to, and the matter dropped.

**Third Readings.**

An Act to incorporate the Canadian Bankers' Association.

An Act to incorporate the Accident and Guarantee Co. of Canada.

An Act respecting the Buffalo Railway Company.

An Act to incorporate the Royal Marine Insurance Co.

An Act respecting the Western Alberta Railway Co.

These acts were put thru their final stages.

**Pensions to Permanent Men.**

Col. Prior was told that the bringing in of a bill to grant pensions to the officers and men of the permanent corps was being considered by the Government.

**Inspection of Manitoba Grain.**

The whole evening was spent in the discussion of Sir Henri Joly's bill respecting the inspection of the grain trade in Manitoba. The bill is founded on the report of the elevator commission recently held, and Rev. Mr. Douglas, a Liberal, rather shocked the Government by declaring that the recommendation of the Royal Commission was in the teeth of the evidence received. The commissioners considered the trade, and did not care for the producer. He did not believe in a Government inspector, but favored an inspection commission of five.

Mr. Douglas wished more than one warehouse at a siding, but the Government would not yield. Yet it was provided that not 6000 bushels, but 3000 bushels should be the capacity of the warehouses. The bill was reported and the committee was given leave to sit again.

The House adjourned at 12.45.

**There is no lye sold that is as good as Royal Lye for making hard or soft soaps. Every can contains directions for many useful ways of using this absolutely pure lye. Sold by all dealers at 10 cents a can.**

**Mission to Lepers.**

The regular meeting of the Mission to Lepers was held in the Bible Training School yesterday afternoon. Very little business of importance was transacted, and the reports read all showed the work to be progressing satisfactorily.

**Levis, Que., to St. John, N.B.**

Commencing June 4, a thru service will be run between Levis (Quebec) and St. John, N.B., via Quebec Central and Canadian Pacific Railways, by way of Lake Megantic. Passengers will be carried thru without change of cars between Levis and St. John, N.B.

**Guard of Honor.**

The Q.O.R. has been selected to furnish the guard of honor to His Excellency on his arrival to-morrow morning. The guard will parade at the Armouries in review order at 8.45 a.m., and march to the depot.

**Mr. Chamberlain Will Be There.**

London, May 21.—Mr. Joseph Chamberlain has accepted an invitation to attend the Canadian banquet in London on Dominion Day.

## HARD TO BREAK,

**But the Coffee Habit Can Be Put Off.**

"I was a coffee user from early childhood, but it finally made me so nervous that I spent a great many sleepless nights, starting at every sound I heard and suffering with a continual dull headache. My hands trembled and I was also troubled with shortness of breath and palpitation of the heart. The whole system showed a poisoned condition, and I was told to leave off coffee, for that was the cause of it. I was unable to break myself of the habit until someone induced me to try Postum Food Coffee.

"The first trial, the Food Coffee was flat and tasteless, and I thought it was horrid stuff, but my friend urged me to try again and let it boil longer. This time I had a very delightful beverage, and have been enjoying it every since, and am now in a very greatly improved condition of health.

"My brother is also using Postum instead of coffee, and a friend of ours, Mr. W., who was a great coffee user, found himself growing more and more nervous, and was troubled at times with dizzy spells. His wife suffered with nausea and indigestion, also, from coffee. They left it off and have been using Postum Food Coffee for some time, and are now in a perfect condition of health." Grace C. M., Cuyahoga Falls, Ohio.

Put a piece of butter the size of two peas in the pot to prevent it boiling over.

## PUBLIC AMUSEMENTS.

**Balloon Drop at the Island Thursday.**

In looking for an entertainment that would be of the utmost interest to the people and add to the joyousness of the celebrating of Her Majesty's birthday, the management of the Toronto Ferry Company selected the novel balloon ascension with parachute drop by Professor E. Jewell of New York as the most interesting for the afternoon. During his flight to the sky Professor Jewell shoots from a cannon wonderful Japanese fireworks, which assume various figures. If the clouds do not hang too low he will make a drop of one mile from the parachute, and in any event guarantees a drop of half a mile. This will be the most thrilling aerial flight ever attempted in Canada. The free Punch and Judy show, running during the day, in which the "Capture and death of Kruger" will be foreshadowed, will delight old and young. The new features at the Island, such as the English Maze and Professor Samwell's trained animals and birds will add to the many attractions. It is probable that a very large portion of the city will enjoy the day at Hanlan's Point.

In the evening the military spectacle, "Our Boys at the Front," with fireworks display and the three massed bands of the city regiments, with the additional features, will make the Island a favorite spot upon that night. The entire proceeds are for the Rifle Fund of the city regiments, and the plan opens at Nordheimer's this morning.

**"Sapho" at the Toronto.**

The Toronto Opera House was crowded last night with an audience anxious to see the first presentation in Canada of Clyde Fitch's notorious play, "Sapho," which is founded on Daudet's novel of that name, and is incidentally the play which was alleged to be sufficiently immoral to warrant the arrest of Miss Olga Nethersole, who produced it in New York. There has been considerable curiosity in Toronto to see "Sapho," and to satisfy this curiosity Manager Small booked the attraction for this week, securing the real Olga Nethersole version, with Miss Alberta Gallatin in the leading role.

"Sapho" carries a moral lesson with it, but it plays carelessly with morals in general to teach its lesson. It contains much that is suggestive of what is called immoral, which is mixed up with some good phases of human nature that appeal to sympathy. In a line it might be said that the play, as presented last night, is pretty nearly entitled to the reputation it enjoys.

Miss Gallatin as Fanny Le Grand (Sapho) is a woman of handsome face and figure, and considerable ability. Her support is fairly good, with the exception of a few really weak spots. There is a lot of comedy in Sapho, but much of it carries a flavor that many theatregoers would think unpleasant.

**"Chimes of Normandy."**

The tuneful opera, "The Chimes of Normandy," was presented at the Grand last night by the Young People's Harmony Club of Toronto, and received a very creditable presentation, all things considered. The performance was under the patronage of Lt.-Col. Peters, D.O.C., and officers of the garrison, the proceeds to be divided between the ladies' branch of the Red Cross Society and the Comfort Fund of the Toronto soldiers in South Africa.

The vocal honors were divided between the Misses Thereza and Cecilia Rolfert, as Serpolette and Germaine respectively, and Mr. Bert Wainwright, as Jean Grenicheux. These young performers not only showed themselves to be the possessors of excellent and well-trained voices, but entered into the spirit of their respective parts with considerable verve, and scored well merited success.

Miss Mabel Glover Woodland played the part of Jeanne in a charming sprightly manner, and was well received. James Wickett, as The Bailli, did some good funny work, and gives promise of doing better with more scope. Fred Hollister, as the Marquis of Corneville, wore a couple of handsome outfits.

Perhaps the best feature of the production was the singing of the chorus of 50 voices, which was trained to a high degree of excellence under Conductor McAvay. Their work was very effective at times. The opera will be reproduced this evening.

**Attractive Bill at Shea's.**

Shea's have a bill this week that is a "corker." Each turn seems to be better than the last, and altogether they form an attraction that affords nearly three hours of genuine amusement that is decidedly novel. First there come the three Savans, comedy acrobats, and a clever trio they are, too. Kelly and Violette, in a singing and change act, follow, and they also are artists of no mean ability. Their coon songs were splendidly sung and met with a generous share of applause.

A dramatic comedy, "Tactics," had only one objection, and that was that it was too short. While it lasts, tho, there is fun galore, served principally by James O. Barrows and Brandon Mitchell, two old veterans of the civil war. One had fought with the north and the other with the south, and they both held different opinions of the various engagements that they meant to express at any cost, and when they did, to each other, there was a row that gave them an opportunity for getting in some very clever work. Florence Wilbernham and John Lancaster were also in the cast, and as the lovers they gave an exceedingly acceptable performance.

Both Pat Collins are banjoists, and first-class ones at that. The former's imitation of a church organ and a baritone singing, was very well done.

Papinta has been here before, but she is well worth seeing again. Her beautiful dances, particularly the fire dance, were models of gracefulness, and the costly stage effects enhanced them in no small degree.

James Richmond Glenroy, to give him his full name, is put down on the program as the man with the green gloves, and his very presence on the stage was provocative of laughter, which turned almost to screams.

Lydia Yeamons Titus accompanied on the piano and Fred. J. Titus sang, but it was her imitation of a little girl singing her first song that made the hit. It was marvelous, and her entertainment was a host in itself.

Maddox and Wayne, the messenger boy and the Thespian, in a funny skit, conclude the program that is indeed an attractive one.

**"Robin Hood" Burlesquers.**

A much better show than is usually seen at the Bijou is Hastings and Wright's Robin Hood Burlesquers, which opened a week's engagement at that theatre last night. This same production has been seen at some of the best theatres of the United States, and, in addition to a couple of very funny musical travesties, carries with it a strong olio of vaudeville performers, including Harry Hastings and Harry Wright, a couple of clever comedians, who were here with the "Better Half" Co., and Mlle. Rialto, the Queen of the Caticium, who was seen here recently at Shea's. There are several other very clever turns on the bill.

A feature of the program is Kara Osmun, the savage Turk, champion wrestler of the world, who will give $25 to anyone he cannot throw in 15 minutes. He downed a wrestler named Leonard last night after an interesting bout, which lasted seven minutes.

A goodly number of pretty girls are introduced in the musical burletta, "A High Old Time," and in "Haughty Anthony." The chorus is all right, and some up-to-date popular songs are introduced.

The Robin Hood Burlesquers will be at the Bijou all week, with matinees daily.

**Dalley's Condition Powders and Blood Tonic are the best powders you can get for your horses or cattle. No farmer should be without them. They are invaluable. Only 10 cents a package.**

**From Hospital to Police Station.**

About 11 o'clock last night Benjamin Webster, who lives on Madison-avenue, fell on Bay-street and sustained a gash in his head. He was carried into the Emergency Hospital, where two stitches were required to sew up the wound. It is said that he afterwards created a disturbance in the hospital, and he was taken to the Court-street station, where he was charged with being drunk.

## THE N. P. WILL NOT BUILD.

### President Mellen's Railway Company Has No Intention of Extending Lines in Manitoba.

### ANOTHER SMALLPOX FATALITY

**Florence Forrester, Aged 15, the Victim—A Protest From Bankers —Winnipeg News.**

Winnipeg, May 21.—(Special.)—Hon. Colin H. Campbell and Mr. J. Fisher, N.P.R. solicitor, are home from an interview with President Mellen in St. Paul. Mr. Fisher says: "From information I have, I am satisfied that no proposition was made or considered regarding the building of any further railway extensions in this province by the Northern Pacific Company, they having positively no further intention of building. I understand also that no propositions were made or considered regarding the operations of the Northern Pacific lines in the province by the company. I may say, however, that Mr. Mellen has been asked to say how far and upon what terms he would extend trackage rights upon lines in this province, as I understand it is under the charter of the Northern Pacific in Manitoba. The Government claim that they have some reserved right over the running powers of the road, and they are making enquiries as to how far and upon what terms these powers may be extended, so as to give them some control of the Northern Pacific lines. I do not understand that any negotiations to such an end have actually taken place, but I know enquiries have been made, with what result I am unable to say."

**Another Death From Smallpox.**

Florence Forrester died at noon to-day at quarantine from smallpox. She was 15 years of age. Her father had the disease before her, but he has since recovered.

Dane Sparling, who lived in the same block as Marshall, one of the victims, developed the disease on Saturday night, and has been taken to the quarantine. His case is a mild one.

**The Late Gunner O'Reilly.**

Gunner O'Reilly of Hamilton, who is reported as having died at De Aar Junction, South Africa, was a brother to Mrs. Mary Webb of this city.

**A Kick From the Bankers.**

An influential delegation consisting of all the bank managers of the city waited upon Hon. Mr. Davidson to-day to protest against the tax which the Government has announced to be levied on banking institutions.

Fire broke out in a boarding-house at Altona this afternoon, and on account of the high wind and scarcity of water, soon spread to an adjoining house, and in one hour three dwellings and four stables were consumed. Part of the contents were saved.

The Legislature resumed sessions to-night.

## HORSES JUGGLED HUSSARS

### Visiting Soldiers From Montreal Had Excitement Breaking in Green Animals.

### SERVED WITH CIRCUS EQUINES,

**But Conquered Them Eventually—The Hussars Will Drill in High Park To-Day.**

The visiting Montreal Hussars had a peck of trouble at Stanley Barracks yesterday. Bright and early in the morning the reveille aroused the men from their slumbers, and then their troubles began. Their horses were all green animals that are awaiting shipment to South Africa as remounts, and have been eating their heads off in the stables; consequently when they were ridden they were so frisky as to be well nigh unmanageable. In the morning they were mounted bareback, and there was hardly a man in the lot that was not thrown. Several were more or less bruised and a couple of them were rather badly hurt, one having his arm injured.

**Had to Break Them in.**

Saddles were put on in the afternoon, and the plunging and rearing of some of the animals caused the girths to break. Several of the men got off and said that they should be compelled to break in the horses and did not reckon upon doing so. However, their first day's work may be considered as highly satisfactory and considerable progress was made. The fiery horses were a little more docile at the end of the drill and before the visitors leave for home the equines are expected to be well on the road to good, steady chargers, obeying every wish of their riders.

**In High Park To-Day.**

To-day the men have a lot of hard work before them. But it was for work and not for play that they came here. They will go to High Park and there practise field work, such as advance scouting, rear guard protection, reconnaissance and other evolutions, with the regulars at the Barracks.

There are several more troopers to arrive, and they are expected this morning. They are McGill College students, and have been delayed on account of their examinations.

## THREE DOMINION SEATS VACANT.

**W. W. B. McInnes' Resignation as Member for Nanaimo is Now in the Speaker's Hands.**

Ottawa, May 21.—(Special.)—The Speaker of the House of Commons has received the resignation of W. W. B. McInness, who represented the Nanaimo district in the House of Commons since the last general election. As the resignation is properly signed and witnessed, it will take effect at once, and the Speaker will therefore issue his warrant for a new election. Mr. McInnes will contest North Nanaimo for the Local Legislature. He will have for his opponent Millionaire Dunsmuir. Mr. McInnes will run as an independent, because the constituency is opposed to Mr. Martin as Premier, but there is no doubt he will join Fighting Joe's forces if he is returned. The official head of the Lieutenant-Governor, who is Mr. McInnes' father, depends upon the return of Mr. Martin's Government, and therefore there is little doubt as to the side he will take. The resignation of Mr. McInnes leaves three vacancies in the House of Commons. There is one in Centre Toronto, owing to the death of Mr. Bertram, another in Hants, N.S., on account of Dr. Haley's death, and Mr. McInnes' resignation makes the third.

The concert given by the young people of Zion Methodist Church last night proved most successful. The program was of unusual excellence.

**Look At It.**

We mean our little picture here. There's a saucer, you put some Vapo-Cresolene in it; there's a lamp, you light it. Then you just naturally breathe-in the vapor. You can read, or sew, or study, the cure goes right on all the time. Now you see why the doctors all speak so highly of Vapo-Cresolene for throat and lung troubles. It takes the medicine just where it's most needed, and it is a perfect cure for whooping-cough.

Vapo-Cresolene is sold by druggists everywhere. The Vaporizer and Lamp, which should last a lifetime, and a bottle of Vapo-Cresolene complete, $1.50; extra supplies of Cresolene 25 cents and 50 cents. Illustrated booklet containing physicians' testimonials free upon request. VAPO-CRESOLENE CO., 69 Wall St., New York, U.S.A.

**ABSOLUTE SECURITY.**

Cost ..... $600
Our price..... $295

**MASON & RISCH PIANO CO., LIMITED, 32 KING WEST.**

## ONTARIO JOCKEY CLUB RACES

**NOTICE**

As the temporary bridge erected across the Don River at Queen-street proved not of sufficient width to accommodate the largely increased traffic which will be occasioned by the Ontario Jockey Club races, all drivers of carriages and other vehicles are requested to use either the Gerrard-street or Eastern-avenue bridges, from 12 a.m. to 7 p.m., from May 24 to June 2, inclusive.

C. H. RUST,
Toronto, May 22, 1900. City Engineer.

## A. O. H.

The members of the various divisions of the A.O.H. of this city are requested to meet at 574 Yonge-street on Wednesday morning, May 23, at 8.30 o'clock, for the purpose of attending the funeral of our late brother, Mr. M. J. Ryan of Division No. 2.

N. HYLAND,
Financial Secretary.

## CYCLIST STRUCK BY A TRAIN

### John D. Ankcorn Did Not See the Locomotive as He Crossed C.P.R. Tracks at Spadina-Avenue.

### WAS STRUCK BY COW-CATCHER

**And the Victim Now Hovers Between Life and Death in the Emergency Hospital.**

John D. Ankcorn is lying in the Emergency Hospital, suffering from injuries which will probably result in his death. The cause of his serious condition is concussion of the brain and other internal injuries.

Ankcorn, who is employed by the Robert Simpson Company, was wheeling across the C.P.R. tracks about two o'clock yesterday afternoon, at the foot of Spadina-avenue. He was going north at the time, and, apparently, did not see an approaching C.P.R. train from the West, for he was struck by the cowcatcher and hurled to the side of the tracks. Employes of the G.T.R. roundhouse ran to his assistance and carried the injured man into the office. A physician was summoned, and, after temporarily dressing Ankcorn's injuries, ordered his removal to the hospital. Shortly after his admittance to the institution, he grew worse. His injuries consist of a scalp wound, which resulted in concussion of the brain, both bones in the left forearm broken, and numerous cuts and bruises on his body. Ankcorn is about 40 years of age and lives at 113 Margueretta-street. He has a wife and one child.

**Saved Four From Drowning.**

But for the prompt action of Leland F. Sparks of 14 Thompson-street, his elder brother, Herbert M., and three companions would probably have been drowned on Sunday afternoon. Herbert Sparks and his friends were out in a sailboat when a gale upset their boat in the lake, opposite the eastern gap. They were struggling in the water when seen by Leland Sparks, who was out in the "Sea Gull." He hurriedly rowed to their rescue, and was successful in getting the four young men into his boat. They were all exhausted, and could not have held out much longer.

**This is a Snap.**

St. Petersburg, May 21.—The Czar has ratified all the articles agreed upon at The Hague Peace Conference.

Try Alive Bollard's special cigaret tobacco, best made. 10c a package.

**The Size of a Diamond**

rarely determines its value—shape, cutting, color and freedom from flaws should be carefully looked after if you would have a gem of first quality.

It must be round at the girdle and table, with each facet sharply cut and in proper proportion. It must also be free from flaws and of a pure white color.

**Diamonds are Our Strongest Point**

The quality of every stone sold is guaranteed as represented, and payment returned when a purchase is not exactly to your liking.

**Ryrie Bros.,**
Cor. Yonge and Adelaide Sts., Toronto.

**PIANO-MAKING from the ARTIST'S STAND-POINT.**

The wonderful success at home and abroad of the

**HEINTZMAN & CO. PIANO**

is due to the fact that in the construction of this instrument the artist's point of view is foremost. There is no doubting the excellent mechanical ability exercised, but the piano that would stand first among the pianos of the world must be measured from the artist's standpoint.
