HAMILTON WINS AGAIN

TORONTO'S BASEBALL TEAM BEATEN BY 4 TO 1.

Buffalo Shuts Out Rochester—The Gilmore-Bittle Fight—Victory of the Middleweight Over the Lightweight After a Sanguinary Encounter.

HAMILTON, MAY 28.—Deadheads and newspaper men included there were about 900 people present at Dundurn this afternoon. The Torontos were outplayed all round, a flagrant error only giving them the single run made. It may be the Torontos know how to play baseball, but they can neither bat nor run bases. Their fielding was also below par. Score:

Fair Balls.

Secretaries of amateur clubs are requested to send the result of their games into The World on the day the matches are played.

Hamilton really has a baseball team.

And still Toronto will not release a pitcher.

Two swallows don't make a summer, no matter how large the birds.

The wife of "Jeff" Davis, the Toronto pitcher, arrived in towns last Wednesday.

It is currently reported that the Torontos are in negotiation for another pitcher.

The Torontos did not know so much about McArthur's pitching as they thought they did.

Toronto's weak point appears to be where they thought they were strongest—in the box.

Pull together boys and we'll get there. From now until the middle of September is a long time yet.

The Railway Clerks and Grocers (Commercial league teams) play on the Exhibition grounds to-day.

Still we are second for the pennant. If the final matches are between Hamilton and Toronto, Toronto will never object.

Hamilton must yet win three straight games to equal Toronto on the record, but in the meantime Toronto will not be idle.

If the Torontos lose many more games we shall have to return to our first love. Toronto can at least beat Hamilton at lacrosse.

The manager that pulled Syracuse out of a hole and put her at the top of the pole at the end of the season can do so for Toronto.

Emslie and Darling, for Toronto, and Knight and Thompson, for Hamilton, will probably be the pitchers in to-day's game at Hamilton.

The International League games to-day are: Toronto at Hamilton; Buffalo at Rochester; Syracuse at Utica; Binghamton at Oswego.

The Cobban Manufacturing Baseball Club play a return match to-day with the Massey Manufacturing Company on the Exhibition Grounds.

A streak has struck us, but we'll get there if the boys work hard. There are 85 games yet to play. Hamilton had her streak and now we are getting ours.

The Commercial baseball league play two games to-day, the first at 2 o'clock between the Civil Service and John Macdonald & Co, and the second at 4 o'clock between the Insurance and Dry Goods.

A hundred dollars was bet yesterday that Toronto would win the majority of the next five games the club plays. These will be one with Hamilton, two with Buffalo, one with Rochester and the fifth with Utica.

Fred Wood says that the statement that Peter Wood was indefinitely suspended by the Buffalo management is untrue; that he only has rheumatism in his shoulder Pete was hit hard by the Rochesters, and subsequently laid off until Monday next for a rest. He is to report Monday morning at Buffalo.—Hamilton Spectator.

The following will compose Cooper & Smith's team in their League match against the Parkdale Gold Manufacturing Company to be played today: Parker, 2nd b.; Stewart, pitcher; Donlon, s.s.; Connoll, l.f.; Shea, 3rd b.; Cullen, 1st b.; Gourley, catcher; Mossenell, c.f.; Cox, r.f. Mr Grant will umpire the game.

A meeting of the Directors of the Toronto Baseball Association was held in President Cox's office Thursday night. Manager Humphries was present. It was decided that each member of the team should play up to his previous record or get his release. Some very strict printed rules were submitted to the meeting for the government of the players and the Manager was told that he would be held strictly accountable for their enforcement. One of them provides that the players must be in bed each night at 11 o'clock. One or two of the players were fined for their ragged play on Thursday.

Bittle Knocks Out Gilmore.

DETROIT, May 28—The Gilmore-Bittle fight took place on Harsen's Island, in the River St Clair, two miles from Algonac, Mich. The landing was made at 7.30 this morning, and the men got to work at 8.45. For 26 rounds the spectators were treated to an exhibition of nerve and brutality that has seldom been equalled. In the first round Bittle's nose was broken with a crack that was sickening. Bittle paid no attention to the broken nose but braced up and took the aggressive. He pushed the fight up the 15th round, when he began to show exhaustion. Every time Gilmore struck Bittle the blood spurted from his (Bittle) broken nose and mouth in a stream. It was horrible to look at. Bittle, it was evident, was there to stay, and he spared coolly and deliberately. In the last few rounds Bittle took the aggressive and hit out for Gilmore's face. In the 26th round Gilmore fell heavily and did not come up when time was called. Time of fight one hour and thirty minutes. Bittle weighed 155 lbs and Gilmore 152 lbs. The George Fulljames party, by whom Bittle was backed, are jubilant, but Gilmore says he will fight Fulljames for all he is worth and then will offer to tackle Bittle again. He claims that it was only a chance blow that finished him. Bittle proved himself gamer than he (Gilmore) expected, but he is satisfied he can beat him in another try. Gilmore is not so badly hurt as has been represented, and was merely temporarily stunned by the blow. He is all right now, although feeling badly. Bittle looks the worst used up of the two. A bet of a thousand even was made on Gilmore this evening against Fulljames with a fight to a finish. All the parties concerned in to-day's fight made haste to cross the border. If they come into Michigan again they will be arrested at once.

The first six rounds were all in favor of Gilmore. Then Bittle appeared to wake up. In the tenth round he little-t his foot and spiked Gilmore in the leg. A claim of foul was made but the referee said it was an accident. In the eleventh round Bittle repeated the spike act and Harry good-naturedly remarked "that's a back heel." In the sixteenth round Bittle appeared to get his second wind and freshened up considerably. Bittle knocked Gilmore down heavily. In the seventeenth and eighteenth although Gilmore fought pluckily it was evident the tide had turned against him and superior weight and strength was beginning to tell. In the nineteenth Gilmore appeared groggy, but yet fought the fastest. His blows were weak, however, while Bittle's were still effective. Rounds twenty and twenty-one appeared slightly in Harry's favor, but in the twenty-second Bittle got in some heavy body blows. When time was called for the twenty fourth round it was 10.20 and the sun beat down fiercely on the men, who had been fighting upwards of an hour. Gilmore was cheered at the end of this round and offered to bet $50 that he would win, with no takers. George Fulljames recognized that the crisis had arrived, and urged his man to greater activity. Bittle responded gamely in the twenty-fifth and rained blow after blow on Gilmore's face, neck, body and chest, and almost knocked him through the ropes. In this round Bittle jumped on his adversary and pummelled him severely, driving him twice around the ring and hammering him on the chest and side. Gilmore's mouth then began to show signs of swelling. He managed to get in one more left hander on Bittle's chin, which aroused his wrath and caused him to stir his stumps with unexampled agility. The round closed in Bittle's favor and it now became apparent he would be the winning man. The twenty-sixth was the last round. Gilmore seemed completely used up. His face plainly showed the effects of the severe beating Bittle had given him in the last few rounds in retaliation for his severe punishment at the beginning. Bittle started with five pile-driver blows on Gilmore's face. These were immediately followed by six sledge-hammer slugs in his jugular neck and shoulders. Gilmore at this exceedingly critical juncture made a last desperate, determined and never-say-die effort to turn the tide. His left arm shot out as straight as an arrow from a bow for Bittle's nose, but was of no avail for Bittle dodged. The man from Galt then fixed broadside blows so swiftly into Gilmore's mouth, ears and stomach that he was dazed and unable to defend himself. He was then at Bittle's mercy and there was blood and victory in the latter's eye. He hit into Gilmore, and with a few well directed blows on his face, ears and stomach sent him to grass, where Gilmore lay motionless and apparently without life. He failed to come to time, and Bittle was declared the winner.

Jack Lawrence immediately announced that Gilmore would fight any light-weight in the world. The fight concluded at 10.30 o'clock. It took Gilmore two minutes to come to. He was picked up from the ground and carried to his corner, blood streaming from his mouth. His eyes were swollen and shut. In this feeble condition and after regaining consciousness Gilmore lifted up his hands and said "This is the first time I've been licked, but I will fight him again." Bittle said, "I do not mind getting punished. I expected that, but I knew I would beat him." A purse of $200 was raised for the loser, Bittle giving $25 and Frank Wenthoff $25. The Judges were Jesse Bennett for Gilmore and "Doc" Struthers of Toronto for Bittle. Jack Lawrence and Henry Lovatt acted as seconds for Gilmore, and Geo Fulljames and Jack McLean for Bittle. Common walking gloves were used.

The Canadian Association of Amateur Oarsmen.

The Executive Committee of the Canadian Association of Amateur Oarsmen held a meeting last evening in the Queen's hotel. There were present: President A R Boswell, in the chair, Second Vice-President J J Stuart, Hume Blake, W Moss, J J Twomey, J W O'Hara and W A Littlejohn. The Lachine Boating Club having undertaken the management of this year's regatta a committee was apointed consisting of H G Whitney, A Boyer, T G Shaughnessy, J R Harper and C Lamothe. At the request of the Lachine club, the committee expressed the opinion that the best days for the regatta would be July 16 and 17. Failing the selection of those dates they would suggest August 20 and 21. The Northwestern Association's regatta being set for July 12 and 13, and the National Association regatta for the 20th and 21st, the committee would like to see the dates fixed between or after those dates. A letter was read from R K Fox offering a trophy for the single scull championship. The committee unanimously declined to be partakers of Mr Fox's alleged bounty. An application from W M Worsley, of Brockville, who rowed in some professional races at Carlton Place, for reinstatement as an amateur was declined. The Grand Trunk Boat Club sent a query, wanting to know if a life member, who subsequently became a professional, could continue a life member. The Committee decided that he could not have any voice in the affairs of the club. The following amendments adopted by the National Association of Amateur Oarsmen were adopted by the committee: 12. The umpire (when appealed to) shall decide all questions subject to a foul.

13. A claim of foul must be made to the judge or the umpire by the competitor himself, and, if possible, before getting out of his boat.

15. Every boat shall abide by its accidents, provided, that if, during a race, a boat while in its own water shall be interfered with by any outside boat, the umpire may order the race to be rowed over, if, in his opinion, such interference materially affected its chances of winning the race.

(A new rule.) 18. The judge at the finish shall report to the umpire the order in which the competing boats cross the finish line, but the decision of the race shall rest with and be declared by the umpire.

(A new rule.) 21. Contestants rowing a dead heat shall compete again after such interval as may be appointed by the umpire, and the contestant refusing to so row shall be adjudged to have lost the race.

Catarrh.

—Catarrh, on account of its prevalence in this country, is attracting a good deal of attention, more especially now when there is a probability of a visit from cholera, for where either is a muco-purulent discharge, which discharge forms a nidus very inviting to cholera germs, and very favorable for their reproduction in a more violent form, thus placing sufferers from catarrh at a great disadvantage in the event of a cholera visitation. Catarrh is a contagious disease. It is a muco-purulent discharge, caused by the presence of a vegetable parasite in the lining membrane of the nose. These parasites reproduce themselves in great multitudes, and each generation is more virulent. They spread up the nostrils and down the fauces or back of the throat, causing ulceration of the throat, up the eustachian tubes, causing deafness; burrowing in the vocal cords, causing hoarseness; usurping the air cells of the lungs, causing bronchial tubes, ending in pulmonary consumption and death.

The reason that catarrh has become so prevalent a disease is entirely duetto the fact that it has not been understood. Physicians have been unanimous in treating it as a simple inflammation of the membrane and have stimulally failed to produce cures, but microscopic research has revealed the presence of the parasite, and now sufferers from this disease who appreciate the fact that it is by way of its secondary effects a most deadly one, will be glad to learn that a wonderfully successful treatment has been formulated, whereby the most aggravated cases of catarrh have been permanently cured in from one to three simple applications. The interesting pamphlet descriptive of this new treatment, from which we glean the above, is sent free to all applicants on receipt of stamp by A. H. Dixon & Son, 305 King street west, Toronto, Canada. —The Star 15

A Recipe.

From St. Nicholas.

'Pothecary, 'pothecary, living in the rose,
Tell us how to make the scent that everybody knows.

"A penny's worth of necta; a dozen drops of dew;
A little compound sunshine that's slowly filtered through
A sun-glass made of diamond, and then—the mixing done—
Set out a little flask of it to simmer in the sun.'

'Pothecary, 'pothecary, is there nothing more "Yes, it taketh industry to make the summer store.
So, my lad and lady, run off now and play;
This, like every day in June is my busy day.

MOST WHOLESOME

I purchased a package of **CLEVELAND'S SUPERIOR BAKING POWDER** of Messrs. Park & Tilford, in New York, and have made a careful analysis of the same. I find it to consist of Pure Cream of Tartar, mingled with such other ingredients as render it an effective and desirable Baking Powder, and that it does not contain any Alum, Terra Alba, or any adulteration whatever. It is in my estimation among the most wholesome compositions for a Baking Powder of which I have any knowledge.

CLEVELAND'S SUPERIOR BAKING POWDER being pure and free from Ammonia, Lime, Alum, Terra Alba, or any adulteration whatever, and having great leavening power, I do not hesitate to recommend as worthy of public confidence for producing light, digestible, and wholesome bread.
