## THE ATHENS HIGH SCHOOL

*The Attendance Still on the Increase. Head Master Kennedy's Report for the Month of September.*

*To the Board of Education, Athens:*

Gentlemen,—I beg leave to submit for your consideration the High school report for the month of September, 1890.

ATTENDANCE.

| | | | | |
|---|---|---|---|---|
| Room 1—Boys, | 14; | Girls, | 11; | Total ..... 25 |
| " 2— " | 15; | " | 22; | " ..... 37 |
| " 3— " | 16; | " | 20; | " ..... 36 |
| " 4— " | 15; | " | 3; | " ..... 18 |

Number of pupils enrolled 116

Average attendance for the month 100

The average attendance, in comparison with the aggregate, for this month is small on account of the delay of several pupils in coming to school. The large aggregate attendance requires more than a passing notice.

It is gratifying to know that the popularity of our school is on the increase. The parents throughout the county appear to be valuing more highly than ever before a liberal education for every son and daughter. No fewer than 116 eager seekers for knowledge have this term enrolled their names in our High school.

Just here I wish to give a statement of the attendance during the month of September since 1885.

| | | | |
|---|---|---|---|
| Sept. 1885— | No. on roll | 57 | decrease of 10 |
| " 1886— | " " | 47 | increase of 11 |
| " 1887— | " " | 58 | " 14 |
| " 1888— | " " | 72 | " 17 |
| " 1889— | " " | 89 | " 27 |
| " 1890— | " " | 116 | |

Further comment upon such an increase is unnecessary as the figures speak for themselves.

The circulation of our annual announcement has done much in placing before the people the standing of our school and the special advantages of a thorough training therein.

A pardonable pride is felt by the teachers of our school who feel somewhat elated over the examination results of last midsummer; and, on entering the work of another year, they cannot but feel incited to renewed vigor. With a record of 4 matriculants, 13 second class and 17 third class teachers, making a total of 34 passes, our schools takes its stand not only among the best schools of eastern Ontario but of the whole Province.

The arrangements that have been made for the practical teaching of science are excellent and bespeak profit, thoroughness, and pleasure, on the part of both teachers and pupils, in the teaching and study of that department.

In the appointment of Mr. B. M. Brisbin, B. A., as fourth master on the staff, the Board appears to have made a wise selection. Mr. Brisbin's, qualifications are good, his experience long and varied, and his character beyond reproach. To his pupils he is kind and attentive, to the regular preparation of his work he gives the necessary time, and to everything that touches the welfare of the school he looks with keen interest.

With a good supply of apparatus and the accommodation requisite, with a full staff of energetic and well qualified teachers, and with so large an attendance of pupils interested in their work, the prospects of the ensuing year are indeed bright.

I have the honor to be,
Your obedient servant,
L. A. Kennedy.

## COUNTY NEWS.

INTERESTING LETTERS FROM OUR STAFF OF CORRESPONDENTS.

A Budget of News and Gossip.—Personal Intelligence.—A Little of Everything well Mixed up.

DELTA.

Monday, Oct. 13.—About 4.30 this morning our village was thrown into excitement on learning that fire had broken out in Congress Hall. Bells rung, and very soon a large crowd had gathered round the burning building. Some pieces of furniture were saved, but the fire spread very rapidly, and house, sheds—in fact everything—was burned. The contents of the building were insured for $800. Mr. J. A. Bell's store was saved, but some large plate glass was broken. Alex. Stevens' carriage shop was at one time in great danger. Mr. Jas. Sexton had great fear for his dwelling. If there had been ever so slight a wind the whole of Main Street would have been laid in ashes. The cause of the fire is unknown. A report is being circulated that a stranger who was after Dr. Creeggan early this morning had left his horse under the sheds. Nothing further is as yet known.

WESTPORT.

Westport, Oct. 11.—While W. H. Fredenburgh was crossing a flume which was undergoing repairs, at the roller mill, the plank on which he was walking being unable to bear the strain separated in the centre and precipitated the worthy gentleman into the water beneath, which is somewhere about nine feet deep. Beyond a ducking, we are glad to learn, that Mr. F. came off safe.

The parlor social in aid of the Methodist Church, held at Mr James Gorrell's, on Friday evening last, was a grand success.

Rev. R. C. Horner was expected to patch his tent here this week, but has not as yet put in an appearance.

Some of our local nimrods are preparing for a deer hunt.

Lately Church Street has been turned into a race course by some of our admirers of speedy horses. If some one would train a dog to trot or bring out a speedy *cat* and put these flyers to shame regarding speed, it would at least stop a practice which is becoming a nuisance, and perhaps save some unwary passer-by his life.

The new foundry, judging from external appearance, regarding size, etc., bids fair to give employment to a goodly number of employees.

Mr. James McGuire, the pedagogue from the town of Fermoy, was in town to-day. We understand Jim intends attending Athens High School next year. Success, Jim.

When the tenor gets angry at the bass and the bass finds fault with the organist and the organist refuses to take the music out of the organ, then there is a row in the choir, and the singing loses its place; and when the members of the different churches are trying to see what fault they can find with each other, then singers have a good chance to scoff and the Lord's cause hat a poor chance to prosper. "Unity is strength."

MALLORYTOWN.

Miss Ella Demming, Athens, is visiting friends here.

Mr. Dave Herbison and his sister Florence, of Sand Bay, paid us a flying visit this week.

Mr. and Mrs. Amasa Kelly of Athens are spending a few days here the guests of Mr. Cherry White.

Mr. J. P. Mallory and Amasa have returned from their trip west.

There will be an entertainment under the auspices of the Ladies' Aid Society on Monday evening next in the Methodist church.

The band of young people organized by Mr. Service as the Working Band taking for their motto "For Jesus' Sake" will take charge of the service at Sherwood Springs on Sunday next at 2.30 p.m.

Miss Flora Fields is visiting friends in Fairfield.

CHANTRY.

Chantry, Oct. 12.—The editor of the Brockville *Recorder* gave us a call the other day, and what little time he did stay he, Stephen Seaman and J. F. Chapman made it very lively for the squirrels. Come again, Tom.

The steam thresher gave us a short call and threshed out one street in a short time. It is the boy.

Mr. James McFaden has commenced making some bob-sleighs for the winter. James is always on time.

Our Short merchant has left the shop and has gone into horse-trading again. Lookout, Ab., you will find someone just as sharp.

Mr. Jabe Chant is fattening sixteen hogs this year. Jabe is the boy for the corn.

A young doctor lost $20 and a Kingston dry goods man $100 by being caught by the wiles of a nutshell fakir at the Ogdensburg fair.

On Friday the limited train left Mansfield, Minn., north bound, 27 minutes late. Five miles this side of that station while running nearly sixty miles an hour, an immense herd of deer dashed across the track at the entrance to a cut. It was too late to stop and the train struck the herd and killed a great number. The train passed through the herd, throwing right and left but did not stop. When the train arrived at Duluth a magnicent specimen of a buck deer was found dead on the engine's pilot.

**Old Nursery Favorites.**

There was Tom, the Son of the Piper,
Jack Sprat, and Merry King Cole,
And the Three Wise Men of Gotham,
Who went to Sea in a bowl;
The woman who rode on a broomstick,
And Swept the cobwebbed sky,
And the boy who sat in the corner,
Eating his Christmas pie.

These were some of the old favorites, but they have been supplanted by the "Pansy" and "Chatterbox" stories, "Little Lord Fauntleroy," and "Five Little Peppers." The old fashioned pills and physics have been superseded, and wisley, too, by Pierce's Purgative Pellets, a mild, harmless and effective cathartic. They are pleasant to take—so gentle in their action that the most delicate child can take them, yet so effective that they will cure the most obstinate cases of constipation, stomach, liver and bowel troubles. They should be in every nursery. As a gentle laxative, only one for a dose.

## INCIDENTS OF THE DAY.

The Spice of This Week's Papers and the Very Latest Telegrams.

LaGrippe is again reported as taking hold in some districts.

The Smith farm, Elizabethtown, 173 acres was sold on Monday to Hudson Davis, New Dublin, for $5,600.

At the police court, Brockville, Fred Taro, for selling liquor on Sunday, was fined $43.65 or 15 days in gaol. He went to gaol.

Alex. McDougall, of Addison, was fined $50 and costs on Saturday for selling liquor without a license. A large number of witnesses were summoned.

J. Duckett, of Cascade Lake, in the Adirondacks, trapped and killed a bear that weighed over 250 pounds recently, and it took seven rifle bullets to dispatch the ferocious animal.

The new township hall at Lansdowne is approaching completion. It is a fine stone building, two stories high and at the contract price, $8,600, the people of the Front have good value.

Some people never lose their presence of mind. A Milwaukee man recently threw his mother-in-law out of a window in the fifth story of a burning building and carried a feather bed downstairs in his arms.

At the recent General Conference of the Methodist church in Montreal, it was stated that in the last four years the people had fallen short on their promises for ministers' salaries by $388,419. This large sum is owed to the ministers by the people.

The Smith's Falls *News* says that a bridal couple were so anxious to avoid the curious glances of the neighbors on leaving the house that they climbed over the back yard fence, and, passing through the adjoining yard, entered the carriage which was waiting on the next street.

On Saturday night last a laborer, known as French Joe, was drowned off the wharf at Seeley's Bay. The night being very dark it is supposed he walked over the edge of the wharf. The body was recovered in about twenty-five minutes and Dr. Bowen sent for but life was extinct. Deceased's proper name was Joseph DeLemond.

It is said that deer are more plentyful than last year, thanks to the stringent game laws which prevail in both provinces. Every hunter, in his own interest, should make it a point to see that the violators of the law are promptly punished, and by so doing he will assist materially in preserving the game, which otherwise may become totally extinct in a few years.

Minard's Liniment for Rheumatism.

The profits realized by men who run money-making games at the fairs are little understood by the general public. One man at the fair at Malone, with no outlay except for a barrel and a half dozen balls, cleared $107.40. He cut a hole in the top of the barrel, and sold the privilege of throwing the balls at the hole for five cents—offering prizes if the balls were thrown in.

A short courtship is reported from Mexico. Deacon Marvin, one of the early settlers of Buckfield, mounted his horse one day with only a sheepskin for a saddle, rode in front of the house of where Betty Lee lived, and, without dismounting requested Betty to come to him. On her coming he told her that the Lord had sent hum there to marry her. Betty, without hesitation, replied: "The Lord's will be done."

Mr. M. K. Evertts, of Easton's Corners, agent for one of the largest firms of sheep and lamb buyers in the United States, has been hustling lately in order to get as many shipped across the line as possible before the McKinley bill went into effect. His instructions from headquarters are that he must buy at reduced prices after the bill goes into effect, in order to meet the duties. The McKinley bill imposes a duty of 75 cents per head on lambs and $1.50 on sheep.

The dairy bulletin for October issued by the department of agriculture counsels the managers of cheese factories against certain evils which appear to menace the permanent success of the Canadian cheese industry. It is claimed that so much additional trouble, loss, worry and disappointment results from the putting of men without aptitude or experience in charge of large factories, that the proprietors are urged to exercise the utmost care and caution, and invariably to inform themselves as to the fitness of an applicant by enquiry from reliable experts or cheese buyers.

The Board of Health for the Township of Elizabethtown, composed of R. Barlow, Esq., chairman, N. E. Brown, secretary and sanitary inspector, Stafford McBratney and Fred L. Moore, met at New Dublin on Oct 10th. Seven applications from butchers for permission to keep slaughter houses within the limits of the municipality were received, viz:—John Stagg, Alfred Stagg, Ross and Brown, Albert McVeigh, Jas. A. Bell, Jas. Fitzpatrick and Patrick Hunter. The sanitary inspector reported as having examined all the premises of the above named, and recommended that permission to keep slaughter houses be granted only to John Stagg, Ross and Brown and Albert McVeigh. The Board also considered the application of the following persons to manufacture cheese and run creameries within the bounds of the municipality:—R. Barlow, C. Stowell, Thos. Smith, C. J. Gilroy, M. K. Everts, Thos. Horton and James White. On motion this application was granted.
