What is a Backache?
IT IS NATURE'S WARNING TO WOMEN
Diseases of Woman's Organism Cured and Consequent Pain Stopped by Lydia E. Pinkham's Vegetable Compound

"It seems as though my back would break." Women utter these words over and over again but continue to drag along and suffer with aches in the small of the back, pain low down in the side, "bearing down" pains, nervousness and no ambition for any task.

Mrs. Albert Mann

They do not realize that the back is the mainspring of woman's organism, and quickly indicates by aching a diseased condition of the womb or kidneys, and that the aches and pains will continue until the cause is removed.

Lydia E. Pinkham's Vegetable Compound for twenty years has been the one and only effective remedy in such cases. It speedily cures all womb and kidney disorders and restores the female organs to a healthy condition.

Here is one cure among thousands:

Dear Mrs. Pinkham:—
"I suffered a long time with ovarian trouble, having intense pains in the back and abdomen and very sick headaches every month. I was tired and nervous all the time and life looked very dreary to me and I had no desire to live until I began to take Lydia E. Pinkham's Vegetable Compound and to get some relief. My recovery was slow but it was sure, and I have never regretted the money spent for the Compound as it brought me back to good health.
"It seems to be a medicine especially adapted to the ills of our sex and I am glad to say a good word for it.—Mrs. Albert Mann, 154 Gore Vale Ave., Toronto, Ont.

No other person can give such helpful advice to women who are sick as can Mrs. Pinkham. Her address is Lynn, Mass., and her advice free.

Creamery Interests to Meet.

Guelph, Dec. 4.—A meeting in the interests of the creamery butter industry in Western Ontario will be held in the lecture-room of the Dairy School of the O. A. C., Guelph, on Thursday, Dec. 13, at 1.30. An interesting program has been prepared.

Geo. Ham Is Home.

St. John, N.B., Dec. 4.—George Ham, head of the C.P.R. advertising department, arrived yesterday by C.P.R. steamer Lake Champlain in improved health, after two months spent in England and Scotland.

Teamsters' Strike Off.

New York, Dec. 4.—The strike of teamsters was declared off Saturday night. Thomas Orr, the team owner whose men initiated the strike, has signed an agreement for a "closed shop."

Smoke Quail on Toast Cigars, 5c. Clear Havana filled.

A debt of gratitude is generally the hardest kind to collect.

He Will Cure You First Then You Pay Him

The physician, who has not sufficient confidence in his own ability to cure his patient first and receive his pay afterwards, is not the man to inspire confidence in those, who are in search of honest treatment.

Dr. Goldberg's acceptance of a case for treatment is equivalent to a cure, because he never accepts incurable cases. He is satisfied to receive the money for the value he has given the patient, but he expects to prove his worth and show positive and satisfactory results before he asks for the fee. So, should he fail to cure the case, the patient loses nothing, while the doctor, when he cures the patient, has given him what is worth much more than money—he has given him his health back. Dr. Goldberg is the first specialist in the United States or Canada, who has had sufficient confidence in his ability to say to the afflicted that not a dollar need to be paid until cured.

There is no guesswork, no experiment about his method. He is a known expert in his chosen specialty, and offers you the best, and only the best treatment. When your life or your health is at stake, inferior treatment (which leaves after-effects worse than the disease itself) is dear at any price.

Dr. Goldberg has 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee as to his standing and ability. It makes no difference who has failed to cure you, it will be to your advantage to get the doctor's opinion of your case free of charge. He wants to hear from patients who have been unable to get cured, as he guarantees a positive cure for all chronic, nervous, blood and skin diseases, which he accepts for treatment. He not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc. All medicines for patients are prepared in his own laboratory to meet the requirements of each individual case. He will send a booklet on the subject, which contains the 14 diplomas and certificates, entirely free. All medicines for Canadian patients sent from Windsor, Ont., duty and transportation prepaid. Address, plainly, Dr. S. Goldberg, 208 Woodward Ave., Suite 511 Detroit, Michigan.

COAL MINE EXPLOSION

Eighteen English Miners Perished in the Catastrophe.

"Blow Out" Shot, 3,000 Feet From the Shaft's Mouth, Caused the Explosion — Buildings In Diamondville Were Rocked So Violently by the Concussion That Their Occupants Ran Out of Doors.

Diamondville, Wyo., Dec. 4.—Eighteen miners lost their lives in an explosion Friday night in the Diamond Coal and Coke Co.'s mine. Miners believe that a "blow out" shot caused the explosion which wrecked the mine. The shock of the explosion was felt all over the town, rocking buildings so violently that their occupants ran out of doors. Nearly the whole population of Diamondville flocked to the mine shaft. In an explosion in the same mine Oct. 26, 1901, 32 miners perished.

On account of the after effects of the explosion Superintendent Snedder insisted that precautions against fire should be taken, and it was almost noon before the rescue party entered the mine.

The explosion occurred 110 feet under ground and 3,000 feet from the mouth of the shaft. It wrecked the brattices and blocked the entrances to the lower levels of the mine, compelling the removal of much debris before the miners could be reached. When the rescuers finally went into the mine none could remain long. The crowds around the portal eagerly watched as one after came came up from below, only to see rescuers who had been overcome by the after damp. It was several hours before the first body was brought up.

The 800 coal diggers of the Diamond mines were assisted in the rescue work by many miners who came from Kemmerer.

Every man in the mine at the time of the explosion perished. It is believed that most of the dead are Englishmen.

Electrocution At Hamilton.

Hamilton, Dec. 4.—George H. Harvey, 173 South Emerald street, foreman at the Cataract Power Company sub-station at Irondale, was electrocuted Saturday evening about 5 o'clock. Just how it happened does not appear to be known, but while working among the machinery he came in contact with a live wire and a current of tremendous voltage passed through his body, killing him instantly. He was a married man, about 35 years of age. An inquest will be held.

Accidentally Asphyxiated.

Buffalo, Dec. 4.—The bodies of Thos. Dancey and his wife, Bertha Dancey, who were found dead from gas poisoning in their home Friday, were taken from the morgue Saturday and removed by County Undertaker Hatch to his establishment. The man's body was shipped to Thorold, Ont., where a brother, L. E. Dancey, will take charge of the burial, while Mrs. Dancey's body was taken to Goderich, Ont., the home of her brother, Mr. Hughes. The cause was in the conversion of an ancient coal stove to burn natural gas, the damper being turned off caused the carbon dioxide to fill the room instead of passing through the chimney. Mary Dancey, daughter of the dead couple, who was overcome, is on a fair way to recovery.

PERILS OF SEA AND OCEAN.

More Reports of Lost Vessels and Drowning of Crews.

Halifax, Dec. 4.—The tug Douglas H. Thomas, Capt. Cann, arrived in port Saturday morning at 5 o'clock, and reported that the barge Rembrandt, one of the largest coal carriers of the Dominion Coal Co., coal laden, from Louisburg, C. B., for this port, which she was towing, had broken away in Wednesday night's gale. The hawser with which the tug was towing the barge was 13-inch, but snapped short off in the height of the gale, about ten miles off Liscomb. The barge has three sails and carries a crew of five. She is commanded by Capt. Acker, assisted by Capt. Budriot. Shipping men are of the opinion that the unfortunate craft foundered.

Ships Wrecked Off Newfoundland.

St. John's, Nfld., Dec. 4.—Three of the ten schooners driven seaward during the heavy gale of last Thursday have reached port safely, but no word has come from the others, and fears are felt as to their safety. Reports received from coastwise points tell of many fishing vessels having been driven ashore during the gale, and also indicate that much damage was done to fishing property.

Steamer Olga Ashore.

Goderich, Dec. 4.—The barge Olga was driven ashore about three miles above this port early yesterday morning during a heavy northwest gale. The barge had been abandoned by the crew, who were taken off by the steamer Winslow.

Steamer Sunk; Four Drown.

Dover, Eng., Dec. 4.—The Belgian steamer Phillipsville, from Antwerp for the Congo, reports the sinking of the steamer Harlow of London, southeast of Dungeness, early Saturday. The Phillipsville picked up seven of the crew of the sinking vessel and four others were drowned.

Many Vessels Go Ashore.

London, Dec. 4.—There was a dense fog in the English Channel and the North Sea Saturday and yesterday. It is reported that many vessels have gone ashore.

Welland County Held Liable.

Toronto, Dec. 4.—The County of Welland has been held liable for the sinking of the tug Michael Davis, which struck some submerged piles of an old bridge in the Welland River. The county warden had ordered Thomas Battle, the contractor, to cut off the piles four feet below the surface. Referees will be appointed by Justice Clute.

London Banker Dead.

London, Dec. 4.—Sir Clinton Edward Dawkins, a partner in the banking house of J. S. Morgan & Co., died in London at 4 o'clock Saturday afternoon after a short illness. Sir Clinton's heart had been weak for some time.

SUNLIGHT SOAP

$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.

is equally good with hard or soft water.

If you use Sunlight Soap in the Sunlight way (follow directions) you need not boil nor rub your clothes, and yet you will get better results than with boiling and hard rubbing in the old-fashioned way.

As Sunlight Soap contains no injurious chemicals and is perfectly pure, the most delicate fabrics and dainty silks and laces may be washed without the slightest injury.

5c. Buy it and follow directions 5c.

Your money refunded by the dealer from whom you buy Sunlight Soap if you find any cause for complaint.
