ALLIES MAKE GAINS ON SOMME FRONT

Determined German Attempts Fail to Stem Great Offensive.

BRITISH PRESS ON

After Taking Trones Wood, They Advance Further Northward.

LONDON, July 10.—The Anglo-French armies pressed forward on both sides of the River Somme in severe fighting last night, despite determined German attempts to stem the great offensive.

The German War Office admitted this afternoon that British troops penetrated Trones Wood, north of the river. Berlin also admits that the French penetrated the Village of Biaches, less than a mile from the City of Peronne, the Village of Barleux and other German positions. In several encounters the Germans were forced to yield ground, but afterwards regained the lost positions by counter-attacks, the German War Office claimed.

A brief bulletin from General Haig, British commander-in-chief, announced that the British, after capturing the southern end of Trones Wood, have made further progress northward.

The French War Office announced slight advances north of the Somme and the capture of 500 yards of German trenches in a surprise attack in the Champagen region. The German War Office contradicted this statement with the announcement that all fresh attacks in the Champagne were repulsed.

ITALIANS CLEAR OUT FOE FROM TOFANE VALLEY

Capture Important Peaks and Defeat Austrians Near Gorizia.

Special Cable to The Toronto World.

LONDON, July 10.—The Italian war office announces today that Alpine detachments have cleared the Austrians out of a great part of the Tofane Valley on the upper Boite, between peaks No. 7 and No. 2, and they have captured a strong position on Tofane No. 1, commanding the valley. They surrounded the garrison of this last peak, taking 190 prisoners.

Between the Astico and the Brenta the artillery and air services on both sides were active. Austrian shells set fire to Pedescala and other places in the Astico Valley. An attempt of the enemy to attack Monte Seluglio was promptly checked.

On the heights northwest of Gorizia, on the Isonzo front, the Austrians launched an attack against the Italians, but they were checked by artillery fire.

PRICES FLUCTUATE

Sale of Half Million Bushels for Export Helps Prices.

CHICAGO, July 10.—Conflicting reports relative to the presence of black rust in the Dakotas kept the wheat market nervous today, tho the bullish tendency predominated, and the close was strong at the high point, with a net advance of ¾c to 1c to 1½c, with July leading at $1.09 and September at $1.10. Corn sold higher, with a gain at the close of from ⅛c to ⅝c to ¾c net, with July at 78½c and September at 74⅝c to 74¾c.

Oats finished from a shade to ⅝c and ¾c higher, and provisions varied from unchanged to 15c lower than Saturday's last quotations.

Weakness at the start in the wheat market on the absence of fresh evidence of black rust danger was followed by an advance on messages telling of further findings of the rust. Another break in prices resulted from a den
