The condition of the grain, root and crops in almost every district is reported as excellent; the prospects are bountiful, and the yield never more promising. THE renewal of the mission, given here last fall by the Redemptorist Fathers, was opened in the Cathedral on Sunday last, Solemn High Mass was celebrated, his Lordship the Bishop occupying his throne. The celebrant of the mass was Rev. J. J. Macdonald, and he was assisted by Rev's A. P. McLellan and D. B. Reid, as deacon and sub-deacon. Rev. P. A. McElmeel directed the ceremonies. The sermon was preached by Rev. Father Strubbe. He explained what is meant by the renewal of the mission, and indicated the order to be followed in the exercises. The mission is to continue for two weeks. To avoid over-crowding, and to afford everyone an opportunity of attending, the congregation has been divided. This week is devoted to the women, and next week will be given to the men. The exercises commence at five o'clock in the morning, when the first mass is said. This mass is followed by an instruction. The last mass, which is also followed by an instruction, is said at nine o'clock. Masses are said between these hours; but no instruction is given. The evening devotions commence at a quarter to eight, with the recitation of the rosary, followed by a sermon and Benediction of the Blessed Sacrament. The missionaries in attendance are Rev. Fathers Strubbe, Caron and Flynn.

NOTRE DAME CONVENT SOURIS.

The forenoon was devoted to the elementary subjects, while the high branches were examined in the afternoon, the examiners being Rev's D. F. Macdonald, P.P., Gregory Macdonald, Dr. Walker; Mr. R. F. Macdonald and Dr. McLellan. Judging from the answers elicited from the pupils in the many branches examined and the thoroughness with which the examination was conducted, we would naturally conclude that the school was in a flourishing condition. The most pleasing feature was the musical review and distribution of prizes, which took place in the evening in their large musical hall. LIEUT. GOVERNOR CARVELL, returned to the Island on Monday last.

REUBEN TUPLIN & Co., Kensington are about moving into new quarters. Before doing so however, they desire to afford purchasers an opportunity of securing some great bargains. See their ad. in this day's Herald.

EVERY one should have his property insured. He can have this done in the best companies extant, and at the lowest rates, by applying to John McEachern. Just read his advertisement, and see the number of first-class companies he represents.

A MAN named James Quinn, about 50 years of age, was found dead in a field behind a barn owned by a Mrs. McLean, at Southport, on Saturday evening. An inquest was held by Dr. Conroy and a verdict of "Deathfrom natural causes" was returned. Quinn had been in ill health for some time past, but on the evening of his death appeared better than usual, and lighting his pipe went out from McLean's for a stroll. Later on his lifeless body was found in a field by some children playing in the neighborhood.

SEVERAL newspapers commented adversely on the Government's proposal that the new steamship service should ply to a point on the south coast of England, calling at Cherbourg and Havre. It is officially announced that Messrs. Anderson & Co. expressly stipulated for this last route, as a condition of their tendering, believing that such a line would pay better than to Liverpool. The Government having made due enquiries, believed the advice good, and therefore adhere to it.

IN another column of this day's HERALD will be found the advertisement of a Tea Party to be held at Head St. Peter's Bay, on the 22nd inst. There is not in the Province a more attractive place than St. Peter's; no place where bounteous nature has bestowed her gifts with a more lavish hand. Then again the Church edifice, in aid of which the Tea Party is to be held, is unapproachable for beauty of location and unrivalled in the majesty of its architectural proportions. All desirous of spending an agreeable day in the country will be sure to go to St. Peter's on the 22nd inst.

SAMUEL WILMOT, superintendent of fish culture, returned to Ottawa from New Brunswick on Saturday last, where he was sent by the Minister of Fisheries to investigate the workings of the fish hatchery. Mr. Wilmot says that superintendent Wilson is doing a most effective work, and considers him the best man on codfisheries on the continent of America. The hatchery at Dildo Island is in full operation, and has a capacity of 200,000,000 codfish. The cost of maintenance, including supt's salary, is about $6,000. It is understood that Hon Mr. Tupper is most anxious to establish a hatchery in the Maritime Provinces. Mr. Wilmot's report will be timely.

Four valuable trotting horses were burned. Mr. Adams was severely injured and burned in trying to save the horses. Two inmates had a narrow escape from suffocation. Loss several thousand dollars insured.

POTTSVILLE, Pa., June 30.—Eight hundred men employed at the Pishbeck rolling mills of the Pottsville Iron and Steel Co. strick this morning because the president and general manager refused to the wages scale. This scale, signed by iron workers all over the country, is to the effect that the employers will continue the present rate of wages until the advance in the price of iron, when they will increase the wages.

DON'T forget the Tea Party, in aid of St. Teresa's, to be held at Peake's Station, on Wednesday next, the 9th inst. This part of the country possesses many attractions, and we feel sure there will be a very large attendance.

As George Peake, Esq., was returning to Southport yesterday afternoon from the country where he had been spending the day with his family, his horse dropped dead on the ferry wharf. He had only come about three miles and was driven slowly.

A MEETING of the chairmen of delegates for the Georgetown, Cardigan and Murray Harbor District, will be held in the Court House, Georgetown, on Monday, the 7th, at 2 p. m., to take into consideration matters pertaining to the fourth coming Legislative Council Election. Supporters of L. C. party are cordially invited to attend.

CYRUS SHAW, Secretary.

A MOST unfortunate shooting accident happened near Pownal, Lot 49, on yesterday, by which a girl eight or nine years of age, daughter of Samuel Gay, of the above named place, lost her life. Two young lads from this city drove out to that part of the country carrying firearms with them. It appears they were firing their guns at random from their carriage, and this girl was near her father's place hidden from them by some trees, when she was struck by a charge from the gun, dying in about half an hour afterwards. They did not know at the time that she was shot, neither did her parents; but it appears she was found by some one passing by just a few moments before she expired. This reckless use of firearms cannot be too severely condemned.
