Teachers' Institute.

A Teachers' Institute was held in Goderich on Thursday, Friday and Saturday last, at which there was a large attendance of the profession from all parts of the County. The Court Room being occupied by the sittings of the County Court, the meetings were held in the basement of Knox Church.

On Thursday the Institute assembled at 2 o'clock, but there was such a small attendance and there being no officers of the Teachers' Association present the meeting adjourned. The evening meeting was given up on account of a temperance lecture by Mr. Carswell, the temperance poet, agreeing to give up a lecture the following evening when Dr. Sangster was to lecture before the association.

On Friday there were about 100 teachers present during the day. Mr. Turnbull, B. A., of Clinton occupied the chair. Dr. Sangster took up the subject of natural History and expressed himself as having been opposed to the addition of the subject to the Public School programme, but since it had been put in he illustrated how to teach it. After a lesson and a reading, Dr. discussed the subject of Class Recitations, the object to be kept in view, the preparation required and the requisites of a good style of questioning and answering. In the afternoon the Institute took up the nomination of a Representative to the Council of Public Instruction. A Committee was appointed to interrogate Dr. Sangster, which reported questions and answers in writing. A ballot was taken, when Dr. Sangster was declared chosen by a vote of 51 to 8.

Dr. Sangster took up Object Lessons, pointing out their usefulness if properly taught. He said a teacher need be at no loss for topics. He illustrated by giving a lesson on an old shoe.

During the afternoon Miss Scott gave some music and Miss Dickson a reading.

In the evening Dr. Sangster delivered his lecture on "Heroes and Hero Worship," in Crabb's Hall, before a good audience. The Mayor occupied the chair and at the close the usual votes of thanks were tendered.

On Saturday the Institute re-assembled at 9 o'clock.

Dr. Sangster discussed Agricultural Chemistry briefly, gave an introductory lesson on Fractions, and then devoted considerable time to Grammar, its importance and how to start and carry on a class in it. He then answered a number of question from the Question Drawer.

Dr. Sangster's remarks all through were of a very practical character and calculated to lead to improved methods of teaching and managing classes. He dwelt very strongly on the evils resulting from a mere mechanical hearing of lessons from the text book.

Mr. Robert Ferguson was appointed delegate to the Provincial Association and Messrs. Baird and Hisk to a meeting of delegates to be held in Toronto on July 17th, to nominate a candidate for Council of Public Instruction. A Committee was appointed to consider the question of centralizing the Association to report at next meeting in Clinton in September.

The following are the questions and answers of Dr. Sangster with reference to his family affairs:—

Questions proposed to Dr. Sangster with his answers thereto:

1st. What were the grounds on which you separated from your first wife?

Ans. The causes leading to our original separation are of too private and too painful a character to be publicly discussed—suffice it to say that in January, 1865, we did separate as far as living separately in the same house could extend. In June, 1866, all social intercourse whatever ceased, and I felt that I could no longer regard her as my wife.

2nd. Did the alleged immoralities of your first wife take place prior or subsequent to the association of your name with the present Mrs. Sangster?

Ans. Both before and after. My name was not associated with that of my present wife until the association was made by my former wife some four years subsequently to our original separation and nearly three years after the complete and final separation above referred to.

3rd. What circumstances led you to insist that the private separation existing up to 1869 should then culminate in a public separation?

Ans. Anxiety for the moral well-being of my children and the conviction that my former wife was handed with the most unscrupulous of my enemies to work me all the injury and mischief possible.

4th. When and where were you married to your first wife?

Ans. I was married in Toronto, Dec., 1851.

5th. When was your divorce obtained? Does it absolutely annul the bonds of matrimony formerly existing between you and your former wife?

Ans. The divorce was obtained in July, 1870. It is a final decree of divorce absolutely freeing both parties from the bonds of matrimony so that "both parties shall be at liberty to marry again as if such marriage never existed."

6th. Do you hold a legal certificate of qualification as a public school teacher?

Ans. I hold a first class Provincial certificate of qualification as a public school teacher.

7th. In what order did the separation and subsequent marriages of yourself and your former wife take place

Ans. The separation in 1866. The public separation in June, 1869. The divorce was obtained in July, 1870. My former wife re-married Feb. 1st, 1871. I resigned head-mastership of the Normal School July, 1871, removed to the United States and there married again 21st September, 1871.

8th. Have you any documentary evidence in support of your answers to the above questions?

Ans. I have the fullest documentary evidence.

9th. Have you any text book prepared or to be prepared by you which you intend to present to the Council of Public Instruction for authorization?

Ans. I have no text book in posse or in esse which I desire to be authorized by the Council of Public Instruction.

10th. Have you any evidence that the document which it is asserted is a forgery is valid?

Ans. I present you the letter of the Hon. John Hilyard Cameron saying that both the gentlemen who are witnesses to that document appeared before him and acknowledged their signatures, and stated that they were present and saw it signed by my former wife.

We the undersigned Committee appointed by the public school teachers of the County of Huron, hereby certify that the foregoing is a correct copy of the questions submitted to Dr. Sangster and his replies given in writing thereto in our presence.

Point Farm Summer Resort.

Mr. Joseph Wright has now in course of completion, at "Point Farm," a mammoth hotel for the accommodation of summer tourists and pleasure-seekers. Mr. Wright had a hotel at this point destroyed by fire a year ago last fall, and the present building is to replace the one then destroyed. Point Farm is situated in the township of Colborne, about four miles from the Town of Goderich. It has a beautiful situation on the shore of Lake Huron. The point upon which the new hotel is being erected is a high projection around which the lake forms a curve. The situation is most beautiful, commanding as it does a splendid and uninterrupted view of the lake, as well as of the distant town of Goderich. The hotel is a wooden structure, three stories high, and 400 feet in length, with a large dining room and kitchen adjoining in the rear. In the centre of the building is a tower 75 feet high, ascent to the top of which can be made by means of a stairway. There is also a verandah 360 feet in length and 14 feet deep. The grounds surrounding the hotel are beautifully laid out, there being lawns, croquet grounds and other facilities for recreation, pleasure and amusement. The grounds are also dotted with amusing arbours, which add to the picturesque beauty of the scene and offer a pleasant retreat to pedestrians or pleasure strollers. The bank leading to the brink of the lake is thickly covered with trees, and at least a mile of sandy beach extends along the water's edge on either side. In fact, a more charming spot could scarcely be selected. In the hotel building the rooms are large and conveniently arranged, and it will contain every facility for business, convenience, pleasure and comfort. There will be a telegraph office, reading room, library, barber shop, billiard room, &c. A steam yacht, now being fitted up, will be kept constantly running between Point Farm and the town, so that boarders will be in reality as near to every town convenience as if they lived within it. The building, together with the grounds and furnishing, is estimated to cost not less than $30,000. It is expected that the hotel will be opened for the reception of guests about the 1st of July, and we are glad to learn that Wright has already had many applications for rooms, and some from as far as St. Louis. If any of our readers wish to enjoy a few days or weeks' vacation with their families during the heated term, we would advise them by all means to give Point Farm, Goderich, a trial. If they will do this, we are sure they will desire to return again next summer. As a landlord Mr. Wright is hospitable and obliging, and, thoroughly understanding his business, will leave nothing undone which might add to the comfort and pleasure of his guests.—*Expositor.*

NEW BOOT AND SHOE STORE.

E. & J. DOWNING

BEG to announce to the citizens of Goderich and neighbourhood that they have commenced business in the above line (in Mr. Crabb's Block, at the Corner of Kingston St. and the Square, North of the Store at present occupied by Mr. Crabb), where they hope by strict attention to business, moderate charges and first-class goods, to merit a large share of patronage.

We have on hand a very large stock of ready made work selected by ourselves from the best manufacturers in the Dominion.

We shall also manufacture largely ourselves in the latest New York and European Styles. Having both been practical men for the last twenty years, it is with confidence we solicit the patronage of this Town and surrounding country.

Ordered work of every description a specialty. A perfect fit guaranteed.

A CALL IS RESPECTFULLY SOLICITED.
