TANS! TANS! TANS!

Tan Shoes will be the great cry during the Summer season.

We always favored Tan Footwear—it's cooler and much easier to care for than black

Get Correct Colors

Some shades of Tans are not the proper thing and won't do at all.

We are ready to Tan Shoe every man, woman and child in town.

We have some handsome new styles in Oxfords and Ties on new lasts. Come see the new-comers.

AUGUST STANDARD DESIGNER 10c | **WILLIAM GORDON** | AUGUST STANDARD FASHION SHEETS

SAVED AFTER HOPE GONE.

Within One Inch of Death Down 1,000 Feet In a Mine.

Denver, Col., July 19.—To face death by drowning in the icy waters of a cavern 1,000 feet under ground, to feel a narrow strip of ground affording temporary safety crumbling away inch by inch into the black waters lapping at their feet, to see their only hope of rescue just an inch above their outstretched hands and, finally, to be saved after hope was gone, was the experience of Howard Wyndham and his companion, Sir George Berkeley, of London, in the Mohegan mine in Victor last Friday.

The visitors went to Victor to inspect the Mohegan mine and were being lowered in the shaft when they saw water below them. The jerked the bell rope to signal the engineer, and broke it. The cage continued downward and when the water was up to their chins they jumped for a ledge and reached it.

The engineer, puzzled by the one bell he had heard before the rope broke, began hoisting slowly, and the cage left them. Then they discovered that the clay ledge they were standing upon was breaking down. Barely in time to save them, the cage was lowered again and stopped where they could reach it, any they were hoisted to safety.

The shaft had filled to a depth of thirty feet or more from seepage.

Boy In Swimming Drowns.

St. Catharines, July 19.—A 15-year-old boy, Stanley McNulty, son of John McNulty, owner of the Mansion House at Merritton, was drowned in Lock 14, Old Canal, yesterday afternoon about 4.30. The boy was in swimming in the lake and suddenly disappeared from sight. All efforts to find the body up to 7 last evening have been unavailing.

Boy Falls From Raft.

Owen Sound, July 19.—Harry Christie, aged 15, son of Robert Christie, barrister, of Owen Sound, was accidentally drowned at Balmy Beach, where the family are summering. The young fellow was playing on a raft some distance from the shore, and presumably fell off. The body was recovered shortly afterwards.

Boy's Body Recovered.

Peterboro, July 19.—The body of Joseph Richea, the 14-year-old son of Michael Richea, was found about 7.30 last evening near the spot in the Otonabee where he was drowned Monday night. A discharge of dynamite was made in the water, and this brought the body to the surface.

Jumped From Canoe.

Montreal, July 19.—Langford Higgins, 19 years old, was drowned near Lake View, Que. He was canoeing with four other Montreal boys, when he jumped from the canoe, thinking it was about to sink, and before he had gone twenty rods he cried for help.

PULP WOOD EXPORTS STOPPED.

Quebec Traders Face an Added U. S. Duty of 20 Per Cent.

Quebec, July 19.—The pulpwood export trade to the United States has received a black eye in the district of Quebec where the trade has grown to be a big business.

The American Government has imposed another duty of twenty per cent. on all "ross" wood imported into the United States, which goes into effect immediately. It appears that pressure has been brought to bear on the American Government by certain interests in he United States against "rossed" or barked wood. They want the barking to be performed in the United States, and consequently have induced the Government to impose the 20 per cent. duty.

The pulpwood export trade is growing very fast in Quebec, and no less than $50,000 worth is shipped weekly from the port of Quebec, twenty thousand dollars worth going in barges via Lake Champlain.

When a woman only reflects a husband's opinions she can't conceal the fact.

No man has a narrower outlook than he who is on the lookout for himself alone.

SEWER TENDERS

Tenders will be received by the undersigned up to the hour of four o'clock p. m. on Monday, the 24th day of July, for the construction of the following sewers, viz.:

A glazed pipe sewer on Wellington street, from a point 350 feet east of Prince street to Princess street.

A glazed pipe sewer on King street, from Prince street to Duke street.

A glazed pipe sewer on Murray and Princess streets, from Lansdowne avenue to McGregor's Creek.

A glazed pipe sewer on Pine street and Park avenue, from Eugene street to St. George street.

According to plans and specifications to be seen at the City Engineer's office in said city.

The city furnishes all material except tools and shoring.

A marked check must accompany each tender for 10 per cent. of the sum tendered.

The lowest or any tender not necessarily accepted.

W. G. MERRITT,
Clerk of Chatham.

Dated July 12th, 1905.
