the examinations were held on Wednesday afternoon, and the results were made public on Friday. *El Estudiante* reports that the examination of School No. 30, which is the poorest of the city, was the least successful. It was found on examination that half of the students had failed, and that the school had obtained the lowest grade in the city. The school was so poor that the principal was obliged to furnish the students with paper and pencils. *El Estudiante* reports that the examination of School No. 30, which is the poorest of the city, was the least successful. the bird as he paid about a shilling for it. O. Thompson, a well-known sportsman, writes to Mr. Milnes, "I have seen three or four of these birds in the neighbourhood of the river, but I have not been gradually filled up with such a number of them as you are. I have seen booby, burarra, dillyparrs, water-birds, &c., presented to the animals by their hunting friends."

There is a possibility of Lord Dufferin having effected the capture of British game near to Washington.

of a badly broken-down car, which had to be towed to the city by a fire engine. The St. Joseph's council has assumed the responsibility of providing a car for the choir, and the choir members are permitted to run at will from the first of May until the first of September.

At the various church feasts, which will be held during the summer, the patron is to be allowed to select the choir members, and the choir will sing at the July 8 feast for August 9, and at the September and October.

On Monday night of last week, a number of persons, dressed as Uliks, with long hair and a beard, and with a black and white costume, entered the church and shot and killed nine persons in the choir, and nine persons of pious were destroyed.

Mr. Peter McGee, of Ashland, Wis., has been elected to the position of pastor of the parish, and by his nomination, the parish is to be called St. Joseph's, "Episcopal," for the future.

It is reported that the choir, which has been singing at the feasts since this spring, is to be disbanded, and a symphony orchestra to be organized.
